PUNJAB AND ITS DEPENDENCIES.

Published by Authority.

LAHORE, THURSDAY, JANUARY 6, 1887.

PART III.

Notifications by Chief Court, Financial Commissioner, Accountant-General, &c.

FINANCIAL COMMISSIONER'S OFFICE.

CIRCULAR MEMO. No. 1.

FINANCIAL COMMISSIONER'S OFFICE,

(No. 16.)

Lahore, the 3rd January 1887.

To

ALL COMMISSIONERS AND DEPUTY COMMISSIONERS IN THE PUNJAB.

Government Servants.

Prescribes submission of a list of accepted candidates who have failed to pass at two successive examinations for Tahsildárs, &c.

IN the concluding sentence of clause 2, Appendix I, to Circular No. XV. of 1876, it is laid down that candidates for the post of Tahsíldár, Naib-Tahsíldár, or Munsiff, who fail to pass at two successive examinations for Tahsíldárs, &c., of which the first shall fall *not less* than six months after the date of their having been approved, shall be liable to have their names removed from the Register. Hitherto reports regarding candidates coming under the above rule have been called for on the half-yearly lists of accepted candidates for the post of Tahsíldár and Naib-Tahsíldár, but these lists have lately been abolished by Circular No. 28 of 16th April 1886, and an annual list substituted. In future, therefore, a list of such candidates will be furnished by this office *annually* to Commissioners soon after the results of the examination for Tahsíldárs, &c., have been notified, and it is requested that a report in regard to them in the annexed form may be submitted by the *1st February*, commencing from the year 1887.

2. It is particularly requested that the remarks in column 10 of the statement may be carefully entered so as to avoid as much as possible the necessity for a reference being made.

By order, &c.,

H. C. COOKSON,

Offg. Junior Secretary to the Financial Commissioner, Punjab.

List of accepted candidates for the post of $\frac{\text{Tahsildár.}}{\text{Naib-Tahsildár}}$ who are liable to have their names removed from the Register, having failed to pass at two successive examinations for Tahsildárs, &c., held not less than 6 months after their acceptance.

Division.	District.	Name, father's name, Age.	Date of Financial Commissioner's letter accepting candidate.	NUMBER OF MARKS OBTAINED AT THE LAST TWO EXAMINATIONS FOR TAHSILDAR, &C.					Remarks of Deputy Commissioner and Commissioner. (In recommending removal or further retention of a candidate previous correspondence, if any, should be quoted.)
				Year	Civil.	Revenue.	Criminal.	Total.	

NOTE.—After each entry a small space should be left so that each entry may be quite distinct.

NOTIFICATION.

The 3rd January 1887.

Erratum.—In this office Notification No. 209 of 21st December 1886, entry 35, column 3, for "*Sheo Rám*" read "*Pandit Sheo Nand.*"

By order, &c.,

H. C. COOKSON,

Offg. Junior Secretary to Financial Commissioner, Punjab.

Postage.

Whatever postage is marked on a letter, post-card, newspaper, packet or parcel, must be paid at once on delivery, after which any complaint of overcharge will be duly attended to.

Complaints.

In all complaints of overcharge or unnecessary delay in delivering letters, the covers bearing the Post Office stamps must be presented for inspection; and when any complaint is preferred against any postman, the number on his badge must be specified.

Registration

Makes the transmission of a letter more secure, but the Post Office is not responsible for loss unless the letter be also insured. Currency Notes or part of a Currency Note, Stamps, Cheques, and the like, must be registered. Registration fee, 2 annas in stamps.

Insurance.

Registered letters and parcels can be insured without limit of value. Coin, jewels, &c., must be insured. Rates of insurance are 2 annas up to Rs. 50 of value, 4 annas up to Rs. 100, and 4 annas for every additional Rs. 100. Insurance charge payable in stamps in the case of letters, and in cash in the case of parcels.

Value-Payable

Parcels, registered letters and book packets can be sent value payable, the value being realized from the addressee and paid to the sender by the Post Office. Limit of value is Rs. 1,000. Value payable can also be insured.

Inland Parcels

May be sent prepaid or unpaid at sender's option. Rates of postage are 4 annas for 20 tolas, 8 annas for 40 tolas, and 4 annas for every additional 40 tolas; postage payable in cash.

Savings Bank.

Floating Deposits are received from 4 annas up to Rs. 500, and interest allowed. Printed rules obtainable at the Post Office.

Inland and Foreign Money Orders.

Remitter of a money order has nothing to do with its transmission to payee; this work is done entirely by the Post Office. When the money order is delivered, the remitter will receive an acknowledgment of its delivery. Maximum limit for a money order is Rs. 150, and the same remitter cannot obtain in one day money orders for more than Rs. 600 in the aggregate drawn on the same office or payable to the same person. Forms of money order application supplied gratis.

RULES

FOR THE

Guidance of Judging Committees of District Horse Shows.

I.—Only *boná-fide* horse-breeders of the districts named will be allowed to compete for the above prizes. The Judging Committee will decide as to the eligibility of competitors.

II.—A branded mare of 4 years of age, in foal or with foal at foot, the result of having been covered before 4 years of age, will not be eligible to compete.

III.—Branded mares proved to be barren, *i. e.*, mares that have not held to Government stallions for the last two years, will not be eligible to compete.

IV.—No mares or stock will be allowed to compete as "served by Government stallions" or "got by Government stallions" unless a certificate to that effect is produced by the exhibitor. These certificates are obtainable from officers in charge of stallions.

V.—Branded fillies (Class II) if out of branded mares by Government stallions may also compete in "Class III, Fillies."

VI.—Geldings (Class VI) if out of branded mares by Government stallions may also compete in "Class V, Yearlings" (Colts) and in "Class IV, Remounts," if *purchased* at the show for Government, Army and Police purposes.

VII.—Intending exhibitors should, on arrival at the show, apply to the Secretary of the Judging Committee for a ticket or tickets, as the case may be, stating the class in which they propose to compete.

VIII.—Each ticket will be worn by the animal as a token of the right to compete.

IX.—When the tickets are given, the Secretary will name the date, hour and place at the show, when and where horses should be brought for examination. A shamiána, or large tent, or shed, to afford shade to the Committee, within a temporary rail enclosure, should be erected to allow of the members to carefully examine the stock. The public should not be permitted to enter the enclosure during the Committee's proceedings.

X.—Prizes will be awarded on the day appointed by the President of the Judging Committee.

XI.—A certificate (parwána) will be given to each winner, whether he takes his prizes in money, khillat, or medal, as he may think best.

XII.—One or more of the District Officers of each district represented, and the Assistant Superintendent, Horse-breeding Operations, will act as Judges of the Committee.

XIII.—Discretion is to be used by the Judging Committee in awarding only a portion of prizes to any class if the stock of that class be not considered worthy of all prizes noted, and the money not awarded may be devoted to the giving of extra prizes in other classes deemed by the Judging Committee as worthy of them, as it is the desire of Government to award the total sum granted, provided any of the classes of stock competing are in *any way* worthy of it.

XIV.—The system of marks will be adopted as follows :—

For Mares.		*All other stock.*	
Soundness ...	25	Soundness	25
Power	25	Power	25
Quality	25	Quality	25
Produce at foot	25	Action	25
Total	100	Total	100
If no produce, the total	75		

Marks for "action" have not been accorded to mares, as some competing may be too heavy in foal to allow of their action being shown. The Judging Committees are requested to be good enough to attach a return to their reports showing the number of the several marks allotted to winners of prizes.

NOTE 1.—To enable a horse to become eligible to compete in the "Gelding" class, both testicles must have been excised.

2. The prizes allotted to the "Gelding" class are to be invariably awarded to the best competing, irrespective of their worth in other respects. Prizes in this class are to be awarded only to stock that have been castrated when in possession of their present owners, *boná fide* horse-breeders, and provided the Judging Committee are satisfied the animals have been castrated with a view of competing for the prizes.

3. In the North-Western Provinces, approved mares and fillies were up to the year 1877 branded **V. R.**; since that time they have been branded V. I. In the Punjab, approved mares and fillies were up to the year 1885 branded B. M.; since that time they have also been branded V. I. The brand will be found either on the off or near shoulder, or on the saddle place.

1. The Reading-Room is open to the public free of charge.

2. Books may not be removed from the shelves by any one except the Librarian.

3. Catalogues and application forms are on the table. The Librarian will get any book for which a form is handed to him; and books must be returned to him before leaving.

4. The Committee will exclude from the building persons who disregard any rules or who damage the property of the Library.

5. CLOSED DAYS:—Queen's Birthday, also from 1st to 7th October, and from 1st to 7th April inclusive.

6. DAILY HOURS:—In the winter 8 A.M. to noon and 3 to 10 P.M., and in the hot weather 7 to 11 A.M. and 4 to 8 P.M., and on Sunday 2 to 5 P.M.

III.—RULES FOR LENDING OUT BOOKS.

Books will be issued on the following conditions:—

1. An applicant must deposit Rs. 10 with the Secretary. The deposit will be liable to forfeit for injury or loss of a book, or for breach of any of the rules.

2. An annual subscription of Rs. 5 must be paid in advance, which may be compounded for by a donation of Rs. 25.

3. Not more than six volumes may be kept out on one subscription.

4. Residents at Lahore or Meean Meer shall return within 20 days every book so taken out. To residents at other places ten days longer will be allowed. But all books lent out must be returned by the 30th September and 31st March each year.

5. The cost of forwarding books will be recovered by sending them by Value Payable Post. Any charges due under Rules 1 and 2 may be added.

6. Books may not be transferred from one person to another.

7. The Committee will reserve from issue, under these rules, new or valuable books, at their discretion.

8. Forms of application for books can be supplied, and their use is requested, but is not obligatory.

9. Deposits under Rule 1 (if free of claims) will be returned on request to persons who have no books of the Library in their possession.

RULES

FOR THE

Guidance of Judging Committees of District Horse Shows.

I.—Only *bonâ-fide* horse-breeders of the districts named will be allowed to compete for the above prizes. The Judging Committee will decide as to the eligibility of competitors.

II.—A branded mare of 4 years of age, in foal or with foal at foot, the result of having been covered before 4 years of age, will not be eligible to compete.

III.—Branded mares proved to be barren, *i. e.*, mares that have not held to Government stallions for the last two years, will not be eligible to compete.

IV.—No mares or stock will be allowed to compete as "served by Government stallions" or "got by Government stallions" unless a certificate to that effect is produced by the exhibitor. These certificates are obtainable from officers in charge of stallions.

V.—Branded fillies (Class II) if out of branded mares by Government stallions may also compete in "Class III, Fillies."

VI.—Geldings (Class VI) if out of branded mares by Government stallions may also compete in "Class V, Yearlings" (Colts) and in "Class IV, Remounts," if *purchased* at the show for Government, Army and Police purposes.

VII.—Intending exhibitors should, on arrival at the show, apply to the Secretary of the Judging Committee for a ticket or tickets, as the case may be, stating the class in which they propose to compete.

VIII.—Each ticket will be worn by the animal as a token of the right to compete.

IX.—When the tickets are given, the Secretary will name the date, hour and place at the show, when and where horses should be brought for examination. A shamiána, or large tent, or shed, to afford shade to the Committee, within a temporary rail enclosure, should be erected to allow of the members to carefully examine the stock. The public should not be permitted to enter the enclosure during the Committee's proceedings.

X.—Prizes will be awarded on the day appointed by the President of the Judging Committee.

XI.—A certificate (parwána) will be given to each winner, whether he takes his prizes in money, khillat, or medal, as he may think best.

XII.—One or more of the District Officers of each district represented, and the Assistant Superintendent, Horse-breeding Operations, will act as Judges of the Committee.

XIII.—Discretion is to be used by the Judging Committee in awarding only a portion of prizes to any class if the stock of that class be not considered worthy of all prizes noted, and the money not awarded may be devoted to the giving of extra prizes in other classes deemed by the Judging Committee as worthy of them, as it is the desire of Government to award the total sum granted, provided any of the classes of stock competing are in *any way* worthy of it.

XIV.—The system of marks will be adopted as follows :—

For Mares.		*All other stock.*	
Soundness ...	25	Soundness ...	25
Power ...	25	Power ...	25
Quality ...	25	Quality ...	25
Produce at foot ...	25	Action ...	25
Total ...	100	Total ...	100
If no produce, the total ...	75		

Marks for "action" have not been accorded to mares, as some competing may be too heavy in foal to allow of their action being shown. The Judging Committees are requested to be good enough to attach a return to their reports showing the number of the several marks allotted to winners of prizes.

NOTE 1.—To enable a horse to become eligible to compete in the "Gelding" class, both testicles must have been excised.

2. The prizes allotted to the "Gelding" class are to be invariably awarded to the best competing, irrespective of their worth in other respects. Prizes in this class are to be awarded only to stock that have been castrated when in possession of their present owners, *bonâ-fide* horse-breeders, and provided the Judging Committee are satisfied the animals have been castrated with a view of competing for the prizes.

3. In the North-Western Provinces, approved mares and fillies were up to the year 1877 branded V. R.; since that time they have been branded V. I. In the Punjab, approved mares and fillies were up to the year 1885 branded B. M.; since that time they have also been branded V. I. The brand will be found either on the off or near shoulder, or on the saddle place.

The course of study leads at present to the Entrance Standard of the Punjab University. Special provision is made for imparting a good colloquial knowledge of English, and the students have the benefit of being taught from the earliest stages by men of comparatively high attainments. Arrangements will be made when necessary for extending the course of instruction to the standard of the Intermediate Examination of the Punjab University.

Vacation.

There is a vacation of two months from the 15th August to the 15th October.

Fees.

Fee for lodging and education, books and stationery, lighting, medical attendance and College servants, Rs. 50 per mensem.

The ordinary fee may, with the sanction of the Committee, be reduced by the Governor, but not below Rs. 25 per mensem.

Fees for Wards of Court are fixed under the orders of the Punjab Government.

All fees and the sums necessary for the personal expenses of pupils must be paid quarterly in advance to the Governor.

Day Students.

A limited number of day students may be admitted on payment of ordinary fees, provided satisfactory arrangements are made for their board and lodging and supervision out of College.

Scholarships.

Arrangements are in progress for the foundation of scholarships tenable by intelligent youths of good family who cannot afford to pay the fees, and two such scholarships, each sufficient to cover the cost of fees, have been already founded.

Progress Report.

A full report of the progress of each student will be submitted half-yearly by the Governor to the Committee, and a copy will be furnished to the parent or guardian by the Committee.

Copies of the Statutes containing full information regarding the rules and regulations of the Aitchison College can be had on application to the Governor.

S. BLACK, MAJOR-GENERAL,

Governor of the Aitchison College.

To Contractors.

SEALED tenders will be received by the Commissary of Ordnance, Ferozepore, up to 11th February 1887, for the supply of petty and other stores (more or less) to the Ferozepore Arsenal from 1st April 1887 up to the 31st March 1888. The term "more" includes the supply of stores if required up to 25 per cent. in excess of the original tender.

2. Printed forms of "Lists or Schedules" of the stores (more or less) for the supply of which tenders are invited, and the form of contract deed which, in the event of a tender being accepted must be signed and sealed by the contractors, are obtainable at this office daily (Sundays and holidays excepted).

3. Tenders will only be received on these printed forms, which are procurable on application at this office at the rate of three rupees and eight annas a set.

4. These lists or schedules should be in duplicate and in English, and should specify in words as well as in figures the rate at which each description of article named in them will be delivered, and should be accompanied by a statement that the tenderers have inspected the authorised patterns of each article they tender for.

5. Tenders should be accompanied by a deposit of Rs. 3,000* as earnest-money, at the rate of 4 per cent. on the stores tendered, which deposit will be returned on exe ution of the contract deed or rejection of the tenders.

*In Treasury receipt or by Promissory or Stock Notes and *not in cash or Currency Notes.*

6. Tenders not complying with conditions will be rejected.

7. The lowest tender will not of necessity be accepted, and no reasons will be given for rejecting any tender.

8. The approval or rejection of tenders rests with the Inspector-General of Ordnance who reserves to himself the right of rejecting any tender without explanation, or any items in a tender the rates of which are not approved.

9. Tenders will be opened at this office at 12 o'clock on Saturday the 12th February 1887. Parties tendering are invited to attend.

10. In the event of the party whose tender is accepted failing to take it, his earnest-money will be forfeited.

11. On failure of the contract, it shall be competent for the Inspector-General of Ordnance to confiscate the whole or any part of the security deposit to Government at his own discretion.

12. Parties tendering are particularly requested to give their address in full.

13. Articles of local manufacture will receive the preference.

14. Tenderers will be exempted from octroi duty for the articles to be contracted for.

CIRCULAR No. 1 of 1887.

FINANCIAL COMMISSIONER'S OFFICE,

(No. 632.)

Dated Lahore, 31*st January* 1887.

To

ALL COMMISSIONERS AND DEPUTY COMMISSIONERS IN THE PUNJAB.

Treasuries.

Security-bond of Treasurers.

THE following revised instructions on the subject of security-bonds to be taken from Treasurers are issued in supersession of all previous orders on the subject, which are hereby cancelled.

2. All Treasurers' bonds executed before the issue of Circular No. 63 of 8th December 1885 must now be redrawn—

(*a*) if Government Promissory Notes exclusively are pledged as security, in Form I of the forms appended to this circular;

(*b*) if landed or immoveable property alone is pledged as security, in Form II of the forms appended to this circular;

(*c*) if the security taken consists partly of Government paper and partly of immoveable property, *in both the forms* appended to this circular.

In all such cases allowance for the value of the stamp on the old bonds, where this has been paid by the Treasurer, can be made under section 51 (*d*) (*b*) of Act I of 1879.

3. In every case the bonds will be signed by the Deputy Commissioner, and they must in all cases be stamped under Article 14 of Schedule I of Act I of 1879, and registered.

4. The security to be taken from Treasurers hereafter must, as a general rule, consist of Promissory or Stock Notes of the Government of India. But if in any case it should appear desirable to accept or prescribe a different form of security, application for the sanction of Government to the security proposed to be substituted must be made through this office.

These orders do not affect existing securities if *otherwise satisfactory*.

5. The "engagements" prescribed by Book Circular II of 1870 and Appendix No. XXV of Barkley's Directions to Revenue Officers need no longer be executed.

6. The present opportunity is taken to recall attention to the old rule which required that the security of Treasurers should be re-tested in January of each year and the result reported to the Commissioner.

This rule must be carefully observed.

7. This circular applies only to District or Divisional Treasurers and not to their agents or gomashtas.

8. The following circulars are hereby cancelled :—

THE SCHEDULE ABOVE REFERRED TO.

CIRCULAR MEMO. No. 2 OF 1886.

FINANCIAL COMMISSIONER'S OFFICE,

(No. 605.)

Dated Lahore, 28th January 1887.

To

ALL DEPUTY COMMISSIONERS IN THE PUNJAB.

Miscellaneous.

Selection of students proposed for admission to Veterinary School at Lahore.

THE Financial Commissioner, in compliance with the instructions of Government, invites the attention of Deputy Commissioners to the necessity of selecting with care students whom it is proposed to send to the Veterinary School at Lahore. The prospectus of the school and some correspondence which has recently passed on the subject are annexed.

1 Paragraphs 2 and 3 of last annual report by the Principal, Lahore Veterinary School
2 Paragraphs 3 to 5 of a letter No 1611, dated 2nd September 1886, from Director of Settlements, to the Junior Secretary to Government, Punjab
3 Prospectus, Lahore Veterinary School

2. With the approval of the Principal of the Veterinary School, the following course of action is suggested as likely to guard against the admission of unsuitable students to the Veterinary course.

3. Every student whom a District or Municipal Committee may desire to support at the school by a stipendiary allowance should be nominated through the Deputy Commissioner. It is the duty of that officer, before acting on the recommendation, to satisfy himself, by such inquiry as may be in his power, that the nominee has been accustomed to handle horses and cattle, is acquainted with their habits, and has an aptitude for dealing with them; and is of good character.

4. If the result of this inquiry is satisfactory, the Deputy Commissioner should then direct the candidate to present himself at the next Entrance Examination of the Veterinary School, informing the Principal by letter, and giving in this letter, besides the usual information as to character, particulars of the stipend which it is proposed to allow the candidate if admitted to the school. The Entrance Examination is usually held during the last week in April.

5. At the Entrance Examination the Principal of the school will, among other matters, personally satisfy himself in respect of the aptitude of the candidate for Veterinary work, and will reject those who show no special qualifications in this respect.

6. If a candidate successfully passes this Entrance Examination, the Deputy Commissioner should then inform the Board or Committee by whom the candidate was recommended, and invite them to bestow on the succesful candidate the scholarship or stipend provided for his support. The Principal lays great stress on this point; as if the stipend is granted to a candidate before he has passed into the school, the difficulty of the Principal's task in accepting or rejecting candidates at the Entrance Examination is much enhanced.

7. If in any case it is possible to send up to the Entrance Examination 2 or 3 candidates for each stipend allowed, the Principal advises that this course should be followed, as it will enable him to select the most promising one of those examined.

By order,

R. E. YOUNGHUSBAND,

Offg. Senior Secretary to Financial Commissioner, Punjab.

APPENDIX A.

Copy of paras. 2 and 3 of a letter No 216, dated 16th July 1886, from Inspecting Veterinary Surgeon G. Kettlewell, Principal, Lahore Veterinary School, to the Secretary to Government, Punjab, Military Department.

Decrease in attendance Causes

PARA. 2. These figures show a reduction of 15 students attending, as compared with last year, or a falling off of about 17·64 per cent., due chiefly to two causes—

(1) The Bengal Cavalry and Punjab Cavalry having already sent a number of men for instruction to the school since its first foundation, it is reasonable to suppose that a reduction in the number of Military students may be expected, as the wants of these regiments are supplied by the number of passed Veterinary Assistants returned to their corps.

(2) The same may be said of the District students, the falling off in number being attributed to the same cause.

A reference to last year's report shows the number of pupils who entered in the summer session of 1885, *viz.*, 41; whereas less than half this number only entered this year, *viz.*, 20. With regard to the third class, making up the bulk of our students under the heading of "Voluntary Candidates," there is a marked reduction in this number this year compared with last report. In the summer session of 1885, 13 voluntary students entered, whereas this year only 3 joined the class.

Scholarships

The falling off may be attributed to want of encouragement, there being no scholarships available for pupils entering on their own account. If students could see any chance of obtaining a scholarship during a portion even of their period of study, they would willingly stay on in the hopes of securing such awards.

If twelve scholarships were given each year for this class of students, I believe it would have a marked good effect in making the school popular amongst the zamíndár class, who would gladly send their sons in the hopes of securing scholarships, and by this means a better selection of candidates would be made from amongst a class accustomed from childhood to handle animals.

Civil students.

3. The District students sent by District Committees and Boards on monthly salaries varying from six to eight rupees are by no means well selected youths, the majority in fact being utterly ignorant of the wants or habits of domestic animals and altogether unaccustomed to handle either horses or cattle.

Copy of paras. 3 to 5 of a letter No. 1611, dated 7th September 1886, from Captain J. A. L. Montgomery, Director of Settlements and Revenue Records, Punjab, to the Junior Secretary to Government, Punjab.

PARA. 3. Lieutenant-Colonel Wace thinks it possible that a very few really suitable students could be obtained annually if a few scholarships are provided. But no useful purpose will be thereby secured unless great care is taken in the selection of the students.

4. I am to say that to send to the school any zamíndár's son or any educated lad who is willing to go is not a course of action likely to produce good results. Unless a youth has been brought up among animals, and has a strong turn for handling them, the school course will do little for him.

5. As a District Officer, Lieutenant-Colonel Wace did know a few families among whom he might have found one or two likely candidates; and he believes that District Officers, if their attention is drawn to the matter, will be able to send suitable youths to the school. But Deputy Commissioners, if addressed on the subject, should be particularly asked to choose the lads carefully; as unless the youths chosen bring to the school the necessary initial qualifications, no labour on the part of the Principal and his staff will convert them into useful Veterinary practitioners. The best candidates would probably be obtained from a class rather below what we usually indicate by the term zamíndárs, or at least from the rougher or lower castes of zamíndárs.

F. LARPENT,

Registrar, Punjab University.

RULES OF THE PUNJAB PUBLIC LIBRARY.

I.—CONSTITUTION AND COMMITTEE.

1. The Committee shall consist of not less than 14 members including the President and Secretary.

2. The Deputy Commissioner of Lahore and the Director of Public Instruction, Punjab, shall be *ex-officio* members.

3. The Municipality of Lahore, the Punjab University, the Bishop of Lahore, and the Committee of the Lahore and Meean Meer Institute shall each nominate a member.

4. The life members shall annually elect two members to be on the Committee for one year.

5. The remaining members will be nominated by Government, who will also appoint the President.

6. The Committee shall appoint its own Secretary.

7. Standing Sub-Committees shall be appointed by the Committee to carry on the management of the different departments of the Library.

8. The Secretary shall be a member of every Sub-Committee.

9. A meeting of the Committee shall be held on the 1st Monday in every month.

Five members shall form a quorum.

10. A special meeting of the Committee may be called by the President or a Sub-Committee at a week's notice.

11. A general meeting of the life members and Committee shall be held once a year in the month of December, and at the meeting the two annual members to represent the life members shall be elected. Absent life members may vote at the election by proxy.

12. The current business of the Committee to be brought up at each monthly meeting shall include the examination of the accounts, of the suggestion books, of orders to book-sellers, of breaches of the rules, &c.

13. The funds shall be kept in the name of the Punjab Public Library by the Bank of Bengal, or as the Committee may from time to time direct.

14. All cheques shall be signed by the Secretary and a member of the Committee appointed by it for the purpose.

15. Expenditure on fixed charges, for which sanction already exists, and on contingencies up to a limit of Rs. 50 a month, may be incurred on the joint authority of the persons empowered to sign cheques. All other expenditure requires the previous sanction of the Committee.

16. A donation of money of Rs. 100 or upwards, or of books accepted by the Committee and valued by them as worth not less than Rs. 100, shall entitle the donor to the privileges of a life member.

17. Any donor of books may make it a condition of the donation that any of the books he gives shall not be lent out except to himself.

18. Life members shall be exempt from payment of deposits, subscriptions and other fees required by the rules.

II.—THE READING-ROOM.

1. The Reading-Room is open to the public free of charge.

2. Books may not be removed from the shelves by any one except the Librarian.

3. Catalogues and application forms are on the table. The Librarian will get any book for which a form is handed to him; and books must be returned to him before leaving.

4. The Committee will exclude from the building persons who disregard any rules or who damage the property of the Library.

5. CLOSED DAYS :—Queen's Birthday, also from 1st to 7th October, and from 1st to 7th April inclusive.

6. DAILY HOURS :—In the winter 8 A.M. to noon and 3 to 10 P.M., and in the hot weather 7 to 11 A.M. and 4 to 8 P.M., and on Sunday 2 to 5 P.M.

III.—RULES FOR LENDING OUT BOOKS.

Books will be issued on the following conditions :—

1. An applicant must deposit Rs. 10 with the Secretary. The deposit will be liable to forfeit for injury or loss of a book, or for breach of any of the rules.

2. An annual subscription of Rs. 5 must be paid in advance, which may be compounded for by a donation of Rs. 25.

3. Not more than six volumes may be kept out on one subscription.

4. Residents at Lahore or Meean Meer shall return within 20 days every book so taken out. To residents at other places ten days longer will be allowed. But all books lent out must be returned by the 30th September and 31st March each year.

5. The cost of forwarding books will be recovered by sending them by Value Payable Post. Any charges due under Rules 1 and 2 may be added.

6. Books may not be transferred from one person to another.

7. The Committee will reserve from issue, under these rules, new or valuable books, at their discretion.

8. Forms of application for books can be supplied, and their use is requested, but is not obligatory.

9. Deposits under Rule 1 (if free of claims) will be returned on request to persons who have no books of the Library in their possession.

T. C. LEWIS,

Secretary, Punjab Public Library.

To Contractors.

SEALED tenders will be received by the Commissary of Ordnance, Ferozepore, up to 11th February 1887, for the supply of petty and other stores (more or less) to the Ferozepore Arsenal from 1st April 1887 up to the 31st March 1888. The term "more" includes the supply of stores if required up to 25 per cent. in excess of the original tender.

2. Printed forms of "Lists or Schedules" of the stores (more or less) for the supply of which tenders are invited, and the form of contract deed which, in the event of a tender being accepted, must be signed and sealed by the contractors, are obtainable at this office daily (Sundays and holidays excepted).

3. Tenders will only be received on these printed forms, which are procurable on application at this office at the rate of three rupees and eight annas a set.

4. These lists or schedules should be in duplicate and in English, and should specify in words as well as in figures the rate at which each description of article named in them will be delivered, and should be accompanied by a statement that the tenderers have inspected the authorised patterns of each article they tender for.

5. Tenders should be accompanied by a deposit of Rs. 3,000* as earnest-money, at the rate of 4 per cent. on the stores tendered, which deposit will be returned on execution of the contract deed or rejection of the tenders.

* In Treasury receipt or by Promissory or Stock Notes and *not in cash or Currency Notes.*

6. Tenders not complying with conditions will be rejected.

7. The lowest tender will not of necessity be accepted, and no reasons will be given for rejecting any tender.

8. The approval or rejection of tenders rests with the Inspector-General of Ordnance, who reserves to himself the right of rejecting any tender without explanation, or any items in a tender the rates of which are not approved.

9. Tenders will be opened at this office at 12 o'clock on Saturday, the 12th February 1887. Parties tendering are invited to attend.

10. In the event of the party whose tender is accepted failing to take it, his earnest-money will be forfeited.

11. On failure of the contract, it shall be competent for the Inspector-General of Ordnance to confiscate the whole or any part of the security deposit to Government at his own discretion.

12. Parties tendering are particularly requested to give their address in full.

13. Articles of local manufacture will receive the preference.

14. Tenderers will be exempted from octroi duty for the articles to be contracted for.

In the Insolvent Estates Court of Delhi

NOTICE TO CREDITORS.

Case No. 2 of 1887.

WHEREAS Lál Singh and Kishen Singh, Merchants of Delhi, have applied to be declared Insolvents by this Court, take notice that the 27th day of February 1887 has been appointed for the meeting of the creditors and the hearing of the case.

Creditors are invited, under Section 24, clause 2 of Act IV of 1872, to record their claims against the said debtor by applying (under Rule 19 framed under the said Act) in writing upon paper bearing the stamp required for petition to the Court for the registration thereof.

Creditors are informed that if they desire to oppose the said applicants' discharge under the said Act, they must, at least three days before the said date, give notice thereof (under Rule 25) by petition setting forth under concise heads the grounds of opposition, and containing an enumeration of any witnesses they may require to be summoned.

Given under my hand and seal of the Court the 25th day of January 1887.

Judge.

RULES

FOR THE

Guidance of Judging Committees of District Horse Shows.

I.—Only *bonâ-fide* horse-breeders of the districts named will be allowed to compete for the above prizes. The Judging Committee will decide as to the eligibility of competitors.

II.—A branded mare of 4 years of age, in foal or with foal at foot, the result of having been covered before 4 years of age, will not be eligible to compete.

III.—Branded mares proved to be barren, *i. e.*, mares that have not held to Government stallions for the last two years, will not be eligible to compete.

IV.—No mares or stock will be allowed to compete as "served by Government stallions" or "got by Government stallions" unless a certificate to that effect is produced by the exhibitor. These certificates are obtainable from officers in charge of stallions.

V.—Branded fillies (Class II) if out of branded mares by Government stallions may also compete in "Class III, Fillies."

VI.—Geldings (Class VI) if out of branded mares by Government stallions may also compete in "Class V, Yearlings" (Colts) and in "Class IV, Remounts," if *purchased* at the show for Government, Army and Police purposes.

VII.—Intending exhibitors should, on arrival at the show, apply to the Secretary of the Judging Committee for a ticket or tickets, as the case may be, stating the class in which they propose to compete.

VIII.—Each ticket will be worn by the animal as a token of the right to compete.

IX.—When the tickets are given, the Secretary will name the date, hour and place at the show, when and where horses should be brought for examination. A shamiána, or large tent, or shed, to afford shade to the Committee, within a temporary rail enclosure, should be erected to allow of the members to carefully examine the stock. The public should not be permitted to enter the enclosure during the Committee's proceedings.

X.—Prizes will be awarded on the day appointed by the President of the Judging Committee.

XI.—A certificate (parwána) will be given to each winner, whether he takes his prizes in money, khillat, or medal, as he may think best.

XII.—One or more of the District Officers of each district represented, and the Assistant Superintendent, Horse-breeding Operations, will act as Judges of the Committee.

XIII.—Discretion is to be used by the Judging Committee in awarding only a portion of prizes to any class if the stock of that class be not considered worthy of all prizes noted, and the money not awarded may be devoted to the giving of extra prizes in other classes deemed by the Judging Committee as worthy of them, as it is the desire of Government to award the total sum granted, provided any of the classes of stock competing are in *any way* worthy of it.

XIV.—The system of marks will be adopted as follows :—

For Mares.		*All other stock.*	
Soundness	25	Soundness	25
Power	25	Power	25
Quality	25	Quality	25
Produce at foot	25	Action	25
Total	100	Total	100
If no produce, the total ...	75		

Marks for "action" have not been accorded to mares, as some competing may be too heavy in foal to allow of their action being shown. The Judging Committees are requested to be good enough to attach a return to their reports showing the number of the several marks allotted to winners of prizes.

NOTE I.—To enable a horse to become eligible to compete in the "Gelding" class, both testicles must have been excised.

2. The prizes allotted to the "Gelding" class are to be invariably awarded to the best competing, irrespective of their worth in other respects. Prizes in this class are to be awarded only to stock that have been castrated when in possession of their present owners, *bonâ-fide* horse-breeders, and provided the Judging Committee are satisfied the animals have been castrated with a view of competing for the prizes.

3. In the North-Western Provinces, approved mares and fillies were up to the year 1877 branded V. R.; since that time they have been branded V. I. In the Punjab, approved mares and fillies were up to the year 1885, branded B. M.; since that time they have also been branded V. I. The brand will be found either on the off or near shoulder, or on the saddle place.

F.

RULES

FOR THE

Guidance of Judging Committees of Metropolitan Horse Fairs.

I.—Only *bonâ fide* horse-breeders and dealers will be allowed to compete for the above prizes. The stewards will decide as to the eligibility of competitors.

II.—Fillies, under 4 years of age, in foal, or with foal at foot, will not be eligible to compete.

III.—Mares proved to be barren, *i. e.*, mares that have not held to coverings for the last two years will not be eligible to compete.

IV.—Geldings may also compete "in Class IV Remounts," if purchased at the fair for Government, Army and Police purposes, and in "Class V Yearlings" (Colts).

V.—Government horses will not compete, nor will Government claim the right of purchasing any stock exhibited.

VI.—Intending exhibitors should, on arrival at the fair, apply to the Secretary of the Judging Committee for a ticket or tickets, as the case may be, stating the class in which they propose to compete.

VII.—Each ticket will be worn by the animal as a token of the right to compete, and of the seller's right to the prize, if sale is effected before the awards are made. By careful attention to this rule the owners will be secured against losing the chance of a prize.

VIII.—When the tickets are given, the Secretary will name the date, hour and place at the fair when and where horses should be brought for examination. A shamiana, or large tent, or shed, to afford shade to the Committee, within a temporary rail enclosure, should be erected to allow of the members to carefully examine the stock. The public should not be permitted to enter the enclosure during the Committee's proceedings.

IX.—Prizes will be awarded the day before the bathing day, where one is appointed.

X.—A certificate (parwana) will be given to each winner, whether he takes his prizes in money, khillat, or medal, as he may think best.

XI.—Honorary certificates will be awarded to exhibitors who are not *bonâ fide* horse-breeders, and dealers, and who may show superior animals. On the certificate may be noted the prize and money value that would have been awarded to the animal, had the owner been a *bonâ fide* horse-breeder or dealer.

XII.—A Committee of experienced officers, appointed by the Local Government, will act as Judges. The Assistant Superintendent, Horse-Breeding Operations will attend the Committee as member and Veterinary Adviser. In his unavoidable absence, the services of a Veterinary Officer will be provided under the orders of the Government of India.

XIII.—Discretion is to be used by the Judging Committee in awarding only a portion of prizes to any class, if the stock of that class be not considered worthy of all prizes noted; and the money not awarded may be devoted to the giving of extra prizes in other classes deemed, by the Judging Committee, as worthy of them; as it is the desire of Government to award the total sum granted, provided any of the classes of stock competing are in any way worthy of it.

XIV.—The system of marks will be adopted as follows:—

For Mares.		*All other stock.*	
Soundness	25	Soundness	25
Power	25	Power	25
Quality	25	Quality	25
Produce at foot	25	Action	25
Total	100	Total	100
If no produce, the total	75		

Marks for "action" have not been accorded to mares, as some competing may be too heavy in foal to allow of their action being shown. The Judging Cummittees are requested to be good enough to attach a return to their reports, showing the number of the several marks allotted to winners of prizes.

NOTE.—I. To enable a horse to become eligible to compete in the "Gelding" class both testicles must have been excised.

2.—The prizes allotted to the "Gelding" class are to be invariably awarded to the best competing, irrespective of their worth in other respects. Prizes in this class to be awarded only to stock that have been castrated when in possession of their present owners, *bonâ fide* horse-breeders, and provided the Judging Committee are satisfied the animals have been castrated with a view of competing for the prizes.

3.—In the North-Western Provinces, approved mares and fillies were, up to the year 1877 branded V. R.; since that time they have been branded V. I. In the Punjab approved mares and fillies were, up to the year 1885, branded B. M.; since that time they have also been branded V. I. The brand will be found either on the off or near shoulder, or on the saddle place.

To Contractors.

SEALED tenders will be received by the Commissary of Ordnance, Rawalpindi, up to 18th February 1887, for the supply of Petty and other stores (more or less) to the Rawalpindi Arsenal, from 1st April 1887 up to the 31st March 1888. The term "more" includes the supply of stores if required up to 25 per cent. in excess of the original tender.

2. Printed forms of "Lists or Schedules" of the stores (more or less) for the supply of which tenders are invited, and the form of contract deed which, in the event of a tender being accepted, must be signed and sealed by the contractors, are obtainable at this office daily (Sundays and holidays excepted).

3. Tenders will only be received on these printed forms, which are procurable on application at this office for two rupees and eight annas.

4. These lists or schedules should be in duplicate and in English, and should specify in words as well as in figures the rate at which each description of article named in them will be delivered, and should be accompanied by a statement that the tenderers have inspected the authorised patterns of each article they tender for.

5. Tenders should be accompanied by a deposit of 5 per cent. of the total value of the stores tendered for as earnest-money, which deposit will be returned on execution of the contract deed or rejection of the tenders.

6. Tenders not complying with conditions will be rejected.

7. The lowest tender will not of necessity be accepted, and no reason will be given for rejecting any tender.

8. The approval or rejection of tenders rests with the Inspector-General of Ordnance, who reserves to himself the right of rejecting any tender without explanation, or any items in a tender the rates of which are not approved.

9. Tenders will be opened at this office at 11 o'clock A.M. on Friday, the 18th February 1887. Parties tendering are invited to attend.

10. In the event of the party whose tender is accepted failing to take it up, his earnest-money will be forfeited.

11. On failure of the contract, it shall be competent for the Inspector-General of Ordnance to confiscate the whole or any part of the security deposit to Government, at his own discretion.

12. Parties tendering are particularly requested to give their address in full.

13. Preference will be given to local manufacture.

To Contractors.

SEALED tenders will be received by the Deputy Commissary of Ordnance, up to 14th February 1887 for the supply of petty stores and other stores (more or less) to the Dera Ismail Khan Ordnance Ammunition Depôt from 1st April 1887 up to the 31st March 1888. The term "more" includes the supply of stores if required up to 25 per cent. in excess of the original tender.

2. Printed forms of "Lists or Schedules" of the stores (more or less) for the supply of which tenders are invited, and the form of contract deed which, in the event of a tender being accepted, must be signed and sealed by the contractors, affixing on it a stamp of the value of one rupee, are obtainable at this office daily (Sundays and holidays excepted).

3. Tenders will only be received on these printed forms, which are procurable on application at this office at the rate of two annas for each form.

4. These lists or schedules should be in duplicate and in English, and should specify in words as well as in figures the rate at which each description of article named in them will be delivered, and should be accompanied by a statement that the tenderers have inspected the authorised patterns of each article they tender for.

5. Tenders should be accompanied by a deposit of Rs. 20 as earnest-money, at the rate of Rs. 5 per cent. on the stores tendered, which deposit will be returned on execution of the contract deed or rejection of the tenders.

6. Tenders not complying with these conditions will be rejected.

7. The lowest tender will not of necessity be accepted, and no reasons will be given for rejecting any tender.

8. The approval or rejection of tenders rests with the Inspector-General of Ordnance, who reserves to himself the right of rejecting any tender without explanation, or any items in a tender the rates of which are not approved.

9. Tenders will be opened at this office at 12 o'clock on the 15th February 1887. Parties tendering are invited to attend.

10. In the event of the party whose tender is accepted failing to take it, his earnest-money will be forfeited.

11. On failure of the contract, it shall be competent for the Inspector-General of Ordnance to confiscate the whole or any part of the security-deposit to Government at his own discretion.

12. Parties tendering are particularly requested to give their address in full.

To Contractors.

SEALED tenders will be received by the Commissary of Ordnance, Rawalpindi, up to 18th February 1887, for the supply of Petty and other stores (more or less) to the Rawalpindi Arsenal, from 1st April 1887 up to the 31st March 1888. The term "more" includes the supply of stores if required up to 25 per cent. in excess of the original tender.

2. Printed forms of "Lists or Schedules" of the stores (more or less) for the supply of which tenders are invited, and the form of contract deed which, in the event of a tender being accepted, must be signed and sealed by the contractors, are obtainable at this office daily (Sundays and holidays excepted).

3. Tenders will only be received on these printed forms, which are procurable on application at this office for two rupees and eight annas.

4. These lists or schedules should be in duplicate and in English, and should specify in words as well as in figures the rate at which each description of article named in them will be delivered, and should be accompanied by a statement that the tenderers have inspected the authorised patterns of each article they tender for.

5. Tenders should be accompanied by a deposit of 5 per cent. of the total value of the stores tendered for as earnest-money, which deposit will be returned on execution of the contract deed or rejection of the tenders.

6. Tenders not complying with conditions will be rejected.

7. The lowest tender will not of necessity be accepted, and no reason will be given for rejecting any tender.

8. The approval or rejection of tenders rests with the Inspector-General of Ordnance, who reserves to himself the right of rejecting any tender without explanation, or any items in a tender the rates of which are not approved.

9. Tenders will be opened at this office at 11 o'clock A.M. on Friday, the 18th February 1887. Parties tendering are invited to attend.

10. In the event of the party whose tender is accepted failing to take it up, his earnest-money will be forfeited.

11. On failure of the contract, it shall be competent for the Inspector-General of Ordnance to confiscate the whole or any part of the security deposit to Government, at his own discretion.

12. Parties tendering are particularly requested to give their address in full.

13. Preference will be given to local manufacture.

RULES

FOR THE

Guidance of Judging Committees of District Horse Shows.

I.—Only *bonâ-fide* horse-breeders of the districts named will be allowed to compete for the above prizes. The Judging Committee will decide as to the eligibility of competitors.

II.—A branded mare of 4 years of age, in foal or with foal at foot, the result of having been covered before 4 years of age, will not be eligible to compete.

III.—Branded mares proved to be barren, *i. e.*, mares that have not held to Government stallions for the last two years, will not be eligible to compete.

IV.—No mares or stock will be allowed to compete as "served by Government stallions" or "got by Government stallions" unless a certificate to that effect is produced by the exhibitor. These certificates are obtainable from officers in charge of stallions.

V.—Branded fillies (Class II) if out of branded mares by Government stallions may also compete in "Class III, Fillies."

VI.—Geldings (Class VI) if out of branded mares by Government stallions may also compete in "Class V, Yearlings" (Colts) and in "Class IV, Remounts," if *purchased* at the show for Government, Army and Police purposes.

VII.—Intending exhibitors should, on arrival at the show, apply to the Secretary of the Judging Committee for a ticket or tickets, as the case may be, stating the class in which they propose to compete.

VIII.—Each ticket will be worn by the animal as a token of the right to compete.

IX.—When the tickets are given, the Secretary will name the date, hour and place at the show, when and where horses should be brought for examination. A shamiána, or large tent, or shed, to afford shade to the Committee, within a temporary rail enclosure, should be erected to allow of the members to carefully examine the stock. The public should not be permitted to enter the enclosure during the Committee's proceedings.

X.—Prizes will be awarded on the day appointed by the President of the Judging Committee.

XI.—A certificate (parwána) will be given to each winner, whether he takes his prizes in money, khillat, or medal, as he may think best.

XII.—One or more of the District Officers of each district represented, and the Assistant Superintendent, Horse-breeding Operations, will act as Judges of the Committee.

XIII.—Discretion is to be used by the Judging Committee in awarding only a portion of prizes to any class if the stock of that class be not considered worthy of all prizes noted, and the money not awarded may be devoted to the giving of extra prizes in other classes deemed by the Judging Committee as worthy of them, as it is the desire of Government to award the total sum granted, provided any of the classes of stock competing are in *any way* worthy of it.

XIV.—The system of marks will be adopted as follows :—

For Mares.		*All other stock.*	
Soundness ...	25	Soundness ...	25
Power ...	25	Power ...	25
Quality ...	25	Quality ...	25
Produce at foot ...	25	Action ...	25
Total ...	100	Total ...	100
If no produce, the total ...	75		

Marks for "action" have not been accorded to mares, as some competing may be too heavy in foal to allow of their action being shown. The Judging Committees are requested to be good enough to attach a return to their reports showing the number of the several marks allotted to winners of prizes.

NOTE 1.—To enable a horse to become eligible to compete in the "Gelding" class, both testicles must have been excised.

2. The prizes allotted to the "Gelding" class are to be invariably awarded to the best competing, irrespective of their worth in other respects. Prizes in this class are to be awarded only to stock that have been castrated when in possession of their present owners, *bonâ-fide* horse-breeders, and provided the Judging Committee are satisfied the animals have been castrated with a view of competing for the prizes.

3. In the North-Western Provinces, approved mares and fillies were up to the year 1877 branded V. R.; since that time they have been branded V. I. In the Punjab, approved mares and fillies were up to the year 1885, branded B. M.; since that time they have also been branded V. I. The brand will be found either on the off or near shoulder, or on the saddle place.

RULES

FOR THE

Guidance of Judging Committees of Metropolitan Horse Fairs.

I.—Only *bonâ fide* horse-breeders and dealers will be allowed to compete for the above prizes. The stewards will decide as to the eligibility of competitors.

II.—Fillies, under 4 years of age, in foal, or with foal at foot, will not be eligible to compete.

III.—Mares proved to be barren, *i. e.*, mares that have not held to coverings for the last two years will not be eligible to compete.

IV.—Geldings may also compete "in Class IV Remounts," if purchased at the fair for Government, Army and Police purposes, and in "Class V Yearlings" (Colts).

V.—Government horses will not compete, nor will Government claim the right of purchasing any stock exhibited.

VI.—Intending exhibitors should, on arrival at the fair, apply to the Secretary of the Judging Committee for a ticket or tickets, as the case may be, stating the class in which they propose to compete.

VII.—Each ticket will be worn by the animal as a token of the right to compete, and of the seller's right to the prize, if sale is effected before the awards are made. By careful attention to this rule the owners will be secured against losing the chance of a prize.

VIII.—When the tickets are given, the Secretary will name the date, hour and place at the fair when and where horses should be brought for examination. A shamiana, or large tent, or shed, to afford shade to the Committee, within a temporary rail enclosure, should be erected to allow of the members to carefully examine the stock. The public should not be permitted to enter the enclosure during the Committee's proceedings.

IX.—Prizes will be awarded the day before the bathing day, where one is appointed.

X.—A certificate (parwana) will be given to each winner, whether he takes his prizes in money, khillat, or medal, as he may think best.

XI.—Honorary certificates will be awarded to exhibitors who are not *bonâ fide* horse-breeders, and dealers, and who may show superior animals. On the certificate may be noted the prize and money value that would have been awarded to the animal, had the owner been a *bonâ fide* horse-breeder or dealer.

XII.—A Committee of experienced officers, appointed by the Local Government, will act as Judges. The Assistant Superintendent, Horse-Breeding Operations will attend the Committee as member and Veterinary Adviser. In his unavoidable absence, the services of a Veterinary Officer will be provided under the orders of the Government of India.

XIII.—Discretion is to be used by the Judging Committee in awarding only a portion of prizes to any class, if the stock of that class be not considered worthy of all prizes noted; and the money not awarded may be devoted to the giving of extra prizes in other classes deemed, by the Judging Committee, as worthy of them; as it is the desire of Government to award the total sum granted, provided any of the classes of stock competing are in any way worthy of it.

XIV.—The system of marks will be adopted as follows:—

For Mares.		*All other stock.*	
Soundness ...	25	Soundness ...	25
Power ...	25	Power ...	25
Quality ...	25	Quality ...	25
Produce at foot ...	25	Action ...	25
Total ...	100	Total ...	100
If no produce, the total ...	75		

Marks for "action" have not been accorded to mares, as some competing may be too heavy in foal to allow of their action being shown. The Judging Cummittees are requested to be good enough to attach a return to their reports, showing the number of the several marks allotted to winners of prizes.

NOTE.—I. To enable a horse to become eligible to compete in the "Gelding" class both testicles must have been excised.

2.—The prizes allotted to the "Gelding" class are to be invariably awarded to the best competing, irrespective of their worth in other respects. Prizes in this class to be awarded only to stock that have been castrated when in possession of their present owners, *bonâ fide* horse-breeders, and provided the Judging Committee are satisfied the animals have been castrated with a view of competing for the prizes.

3.—In the North-Western Provinces, approved mares and fillies were, up to the year 1877 branded V. R.; since that time they have been branded V. I. In the Punjab approved mares and fillies were, up to the year 1885, branded B. M.; since that time they have also been branded V. I. The brand will be found either on the off or near shoulder, or on the saddle place.

FINANCIAL COMMISSIONER'S OFFICE.

CIRCULAR No. 2 OF 1887.

FINANCIAL COMMISSIONER'S OFFICE,

(No. 977.)

Dated Lahore, 12th February 1887.

To

ALL COMMISSIONERS AND DEPUTY COMMISSIONERS IN THE PUNJAB.

Taxes.

Rulings by Punjab Government under the Income Tax Act II of 1886.

THE Financial Commissioner having referred to Government the question of the liability of Mission salaries and Mission property to Income Tax, orders have been received in a letter from the Punjab Government, No. 3374 of 6th December 1886, of which a copy is hereto annexed, to the effect that such salaries are not taxable, and that house property belonging to a Mission is also exempt from the tax.

These orders may now be acted upon in all cases to which they are applicable.

2. It will be seen that the question of the liability of the private incomes drawn in India of Zenána Missionaries and others who have devoted themselves to religious work has been referred to the Government of India, with a recommendation in favor of the exemption of such income from the tax, so far as it is employed solely for religious purposes. The further orders of Government on this point must be awaited.

By order, &c.,
H. C. COOKSON,
Offg. Junior Secretary to Financial Commissioner, Punjab.

No. 3374, dated 6th December 1886.

From—The Officiating Junior Secretary to Government, Punjab,
To—The Junior Secretary to Financial Commissioner, Punjab.

I AM directed to acknowledge the receipt of your letters No. 769, dated 30th August, and No. 888, dated 14th October 1886, regarding the exemption from Income Tax of (*a*) salaries paid to Missionaries by Mission Societies and (*b*) private incomes of unpaid Zenána Mission ladies.

2. With reference to the first point, I am to say that the Lieutenant-Governor agrees with the Financial Commissioner in the opinion expressed in paragraph 2 of the former of the letters quoted above that the wording of Section 5 (*e*) of the present Act makes the ruling of the Government of India given in Financial Department letter No. 1397, dated 25th June 1869, inapplicable, and that the words "income derived from property solely employed for religious or public charitable purposes" cover the salaries of Missionaries derived from Mission funds. The Lieutenant-Governor is pleased to rule accordingly.

3. The question whether the houses occupied by Missionaries are taxable under Section 24 was raised in the enclosure to Commissioner Ráwalpindi's letter No. 365, dated 15th May 1886, which was received under cover of your letter No. 554, dated 14th June 1886, and returned with the reply to that letter (No. 1894, dated 8th July 1886). On this point I am to say that where the house is the property of the Mission it must be held to be property employed solely for religious purposes, and being under Section 24 "a source of income" within the meaning of the Act is exempt under Section 5 (*e*).

4. The question whether the private incomes of persons who have devoted themselves to religious work should be assessed will be referred to the Government of India, with a recommendation that exemption be permitted wherever it is established to the satisfaction of the Collector that the income in question is employed solely for purposes connected with religious work.

CIRCULAR No. 3.

FINANCIAL COMMISSIONER'S OFFICE,

(No. 978.)

Dated Lahore, 12th February 1887.

To

ALL COMMISSIONERS AND DEPUTY COMMISSIONERS IN THE PUNJAB.

Taxes.

Ruling of Government of India and opinion of Advocate-General, Bengal, as to the liability of income from land mortgages to payment of Income Tax.

ENQUIRIES having been made by several District Officers as to how far income from mortgages of agricultural land is liable to Income Tax, the question was referred to Government, and the opinion of the Government Advocate, Punjab, was taken. Eventually the papers were referred to the Government of India, who consulted the Advocate-General, Bengal. The opinion of the latter officer having been accepted by the Government

of India has been issued to all Governments for guidance. Copies of the letter of the Government of India and of the opinion in question are annexed for information and guidance.

It will be seen that a mortgagee not in possession of the land mortgaged is liable to pay Income Tax on the income he derives from the mortgage; whereas a mortgagee in possession is exempt, because he occupies the position of the proprietor for the time being, and the proprietor's income from agricultural land is exempt under Section 5, 1 (*a*) and (*b*) of Act II of 1886. The assessment lists for the ensuing year should be prepared with due regard to the present instructions.

By order, &c.,

H. C. COOKSON,

Offg. Junior Secretary to Financial Commissioner, Punjab.

No. 4219, dated Calcutta, the 23rd November 1886.

From—G. H. HART, Esquire, Offg. Assistant Secretary to the Government of India, Department of Finance and Commerce,

To—The Secretary to Government, Punjab.

I AM directed to acknowledge the receipt of your letter No. 406 S., dated the 10th September 1886, referring for orders the question as to the liability to the tax leviable under Act II of 1886 of incomes derived by mortgagees from the mortgage of agricultural lands.

2. In reply, I am to forward a copy of the opinion of the Advocate-General, Bengal, on the subject, and to say that it may be followed in dealing with the case referred to.

COPY of this letter, and of the Advocate-General's opinion, forwarded to all Local Governments and Administrations, and to the Legislative Department, for information.

OPINION.

THE first exception in Section 5 of Act II of 1886 (being sub-section (*a*)) shows that the rent for the land therein mentioned is exempted from Income Tax, and so far as the Government is concerned it is immaterial whether such rent is primarily received by one person or more persons than one. A mortgagee holding any one of the following mortgages, namely, a simple mortgage, a mortgage by conditional sale, or an English mortgage of such land as is mentioned in sub-section (*a*) of Section 5, the mortgagor being in possession of the same, does not clearly come within the exception provided by Section 5 (*a*) and is therefore not exempted from payment of Income Tax in respect of his income, which is the interest on money advanced by or due to him, because he does not primarily receive the rent of the mortgaged property. That rent is received by the mortgagor, and, although the mortgagee is probably paid his interest out of such rent, he need not be paid out of it, and may be paid his interest out of any other fund and, when he is paid his interest out of the rent collected by the mortgagor, the payment to him is, so to speak, second hand, that is, after the rent has been received by the mortgagor, and has been exempted in his hands from payment of Income Tax. The case of a usufructuary mortgagee or a mortgagee who has been put into possession of mortgaged lands and is entitled to receive the rent in the first instance and to appropriate it towards the payment of his interest stands on a different footing. The rent comes to him in the first instance, and the rent itself being exempted from Income Tax in his hands, the mortgagee is not liable to pay Income Tax on the rent merely because he appropriates it to the payment of interest due to him.

Mr. Rattigan thinks that no distinction exists between the two classes of cases, because he considers that the mortgagee in possession receives the rent as the agent of the mortgagor. This is a fallacy. The mortgagee in possession is not in the eye of the law the agent of the mortgagor; he has the position of an owner or proprietor for the time being, a mortgage being the transfer of the mortgagor's interest for a specific purpose—see Section 58 of the "Transfer of Property Act, 1882." Although the mortgagee in possession is liable to account, he is neither a trustee nor agent of the mortgagor. The statutes of Limitation apply between the mortgagor and mortgagee in possession, and such would not be the case if the possession of the mortgagee was in the character of an agent or trustee.

The opinion I have expressed applies equally to cases of mortgagees falling under Section 5 (*b*) (1) and 5 (*b*) (3), the distinction being observed between the cases in which the mortgagor and mortgagee respectively hold possession. The general question whether a mortgagee can claim exemption from Income Tax or not must depend, the subject of the mortgage being agricultural land, on the circumstances of each individual case. I have sufficiently indicated in this opinion the principles applicable to the solution of that question.

FINANCIAL COMMISSIONER'S OFFICE,

(No. 980.)

Dated Lahore, 12th February 1887.

To

ALL COMMISSIONERS, DEPUTY COMMISSIONERS AND SETTLEMENT OFFICERS IN THE PUNJAB.

Patwáris.

Scheme for the management and organization of Patwári Schools.

THE following instructions for the organization and management of Patwári Schools are issued by the Financial Commissioner for observance in all districts. Settlement Officers will also be guided by these instructions as far as possible.

2. The Patwári School of each district will open annually on the 15th April and will close on the 31st August. The teacher will be one of the Field or Office Kánungos of the district selected each year by the Deputy Commissioner for the purpose, and, when necessary, he may be assisted by a selected Patwári.

He will work under the immediate control of the District Kánúngo, who is responsible for the efficiency and good results of the school.

3. The school of each district will be supervised and directed by the following officers:—

(*i*) The Deputy Commissioner.

(*ii*) An Extra Assistant Commissioner to be selected each year by the Deputy Commissioner.

(*iii*) The Tahsíldár of the Sadr Tahsíl.

The school should be visited every fortnight by one of those officers in turn, special attention being paid to the instruction in surveying during these visits. The visitor should be careful not to stop the school routine, and should record very briefly in an inspection book the results of his visit.

Patwári Rules 6, 7 and 8.

4. Shortly after the first of January in each year the Deputy Commissioner will examine the register of Patwári candidates of each tahsíl, and decide—with reference (*i*) to the number of passed candidates not yet employed, and (*ii*) to the probable number of vacancies during the coming two years—the number of additional candidates who can conveniently be passed through the Patwári School. No fixed proportion is prescribed; but if the number of candidates on the register is too few, efforts should be made in January to add to their number; and if it is already sufficiently large, the work of the Patwári School should not be needlessly increased by adding to their number, unless the applicant is a Patwári's son or brother sufficiently qualified under Patwári Rule 7. Special attention is requested to Patwári Rule 7. Great care is necessary in the selection of candidates. In many districts it will be quite possible to select as candidates many young men who have passed the Middle School Examination.

5. Orders should be issued in January to every unpassed candidate whose name is retained on the register to report himself on or before the 24th February to the Tahsíldár of his tahsíl, and a list of such candidates should be sent to each Tahsíldár with instructions to attach them to selected Patwárís during the rabi girdáwari. They should be required to attend throughout the girdáwari and to present themselves at the school after its completion on the 15th April. No one should be admitted to the school who has not attended the girdáwari, but the Deputy Commissioner may admit to the final examination any accepted candidate who has already received a sufficient field training.

6. The curriculum of the school will be as laid down in Appendix A, hours of attendance and all details not mentioned therein being at the Deputy Commissioner's discretion.

7. In the last week of August an examination will be held of which the general conditions will be as stated in Appendix B, minor details being for the Deputy Commissioner's decision. The examiners will be appointed by the Deputy Commissioner, care being taken to select for the duty officials who are themselves thoroughly acquainted with the subjects. The results of the examination should be announced within a week of its close.

8. Candidates who pass successfully should then be required to attend the kharíf girdáwari of the Patwári to whom they were attached during the rabi girdáwari or some other

Patwári selected by the Deputy Commissioner. And the candidate will not receive his pass certificate unless the Tahsíldár reports that this order has been complied with.

9. The teacher and assistant teacher, while employed in the school, will draw the salaries of their substantive posts, and at the end of August will return to the duties of those posts. During their absence in the Patwári School their ordinary duties will be carried on by substitutes paid at officiating rates from the Patwári Fund. Contingent charges of the school (including therein stationery, implements, prizes and stipendiary allowances) will also be paid from the Patwári Fund; but the total contingent charges should not exceed Rs. 100 per district, except with the sanction of the Financial Commissioner.

10. Small rewards may be given to the most successful candidates in the examination, and, in districts in which the assets of the Patwári Fund are sufficient to meet such charges, the Financial Commissioner will be willing, on receipt of an application through the Director of Settlements and Revenue Records, to sanction the payment of small stipends of Rs. 2 or 3 per month to candidates while attending at the schools. But such allowances should be confined usually to Patwárís' sons and other candidates of whom it can be said with some certainty that they are likely to find places on the Patwári establishment at an early date.

11. Field Kánúngos will pay special attention to candidates sent for instruction in girdáwari work under paragraphs 5 and 10 of this Circular. And in districts where there is much di-alluvion work, or where fluctuating assessments are common, the candidates should be sent at the rabi and kharíf girdáwari to circles so circumstanced.

12. The results of the teaching given in these schools during the year should be noticed in the Agricultural Statistics Report.

Cancelled Circular No. III of 1876.

By order, &c.,

R. E. YOUNGHUSBAND,

Offg. Senior Secretary to Financial Commissioner, Punjab.

APPENDIX A.

Books.

Patwárís' three Manuals, *viz.*, Arithmetic, Mensuration, Patwári and Kánúngo Rules, first eight chapters.

Rules on opium cultivation.

Local Rules for alluvion and diluvion and fluctuating assessments, if any.

Practice.

1. Field survey on the square system.
2. Copying of settlement records and annual papers. Also partition, mutation, di-alluvion and fluctuating assessment papers.
3. Copying of maps.

Instructions.

Eight hours should usually be daily spent in tuition. The teaching of the books can be organised as in other schools, but at least half of each day should be given to practical work, and the practical work of two out of every three days should consist of field survey.

Every pupil should be required to copy, clearly and accurately, settlement records, jamabandís, mutation, partition and di-alluvion papers and other specimens of the current work of the Patwárís of the districts, being taught at the same time the chief rules applicable to the work and the meaning of the papers. It will be a good plan to make each pupil draw up milán rakbas and other statements from existing jamabandís, and jinswár abstract from girdáwari khasras. He can be taught to write up mutation entries from the remarks of changes in the girdáwari khasra and to make new entries in a jamabandi in accordance with the changes sanctioned in the mutation register.

To practice him in area calculations he should be given a field map without its khasra and be required to write up the areas in field-book form. For field surveying the school should work in squads of 4 or 5, one pupil directing the squad, and the others working the chain and flags. In the first two months of the course the duties of each member of the squad should be changed daily. After that each pupil should retain the direction of the squad and work at mapping for at least eight days continuously. All maps made during the latter period should be carefully preserved, and care should be taken that each map is really the handiwork of the pupil by whom it professes to be made. The maps so made will be produced at the examination. For the survey work land free of crops should be chosen, and no marks other than flag bamboos should be put into the ground. Both in survey and in copying work every effort should be made to make the instruction really practical, and to teach by practice as much as by book.

No pupil should, on any pretext, be allowed to remove from the school the papers prepared by him. Any pupil removing his papers or attempting to change them should be dismissed.

APPENDIX B.

Subject.	*Marks.*
1. Arithmetic and Mensuration	80
2. *Vivâ voce* examination in Mensuration	70
3. Patwári Rules (omitting Kánúngo Chapters) ...	80
4. *Vivâ voce* examination in Patwári Rules (omitting Kánúngo Chapters)	70
5. Copying of records	100
6. Survey work	100

There will be written papers in subjects 1 and 3, each paper containing ten questions.

The *vivâ voce* examinations (2 and 4) will also be of ten questions each

Under subject 5 the examinees will produce the whole work done by them during the term, and will be examined on the contents of the papers in order to ascertain whether they understand them. Marks will be given with reference to the excellence of the writing and to the intelligence shown by the replies.

Under subject 6 each examinee will produce a map copied by himself and a map of four squares surveyed by himself, both being certified by the teacher and District Kánúngo to be the pupil's work. Survey squads will then be taken out by the examiners and be required to work on new ground in their presence. Marks will be awarded according to the merits of each pupil's map—copy and original map—and according to the working of his squad in the examiner's presence.

The examination in surveying should be commenced at the beginning of August and be conducted leisurely This part of the examination should be completed before the last week of the month. If a candidate fails in surveying he should be excluded from the rest of the examination. To pass a candidate, half marks must be obtained in each subject. But the Deputy Commissioner may pass any candidate who only fails by two or three marks if he is in the Deputy Commissioner's opinion fit to be a Patwári.

It is suggested that the services of the District Inspector of Schools and of the Head Vernacular Teacher of the District School (or other suitable teacher) might be used in the examination for the Arithmetic and Mensuration papers.*

The Revenue Extra Assistant Commissioner and the Sadr Tahsíldár should also take some subject as examiners.

and the Registrar F. De H. Larpent, Esquire,

His Honor Sir Charles U. Aitchison, K.C.S.I., C.I.E., LL.D., the Chancellor of the University, arrived at the Lawrence Hall, Lahore, at 10-55 A.M., and was received at the entrance of the building by the Vice-Chancellor and the Fellows of the University. His Excellency the Patron of the University, accompanied by His Royal Highness the Duke of Connaught and Strathearn, arrived at 11 A.M., and was received at the entrance of the Lawrence Hall by the Chancellor, Vice-Chancellor and Fellows of the University, who conducted them to their seats under a dais especially constructed for the occasion in the Montgomery Hall.

When His Excellency the Patron had taken his seat, the Vice-Chancellor reported to the Chancellor the business that was to be transacted, *viz.*, the reading of the Syndicate's Report, the conferring of certain degrees, diplomas and certificates, the presentation of donors, authors and the holders of endowed readerships, and requested His Honor the Chancellor to declare the Convocation open.

His Honor the Chancellor accordingly declared the Convocation open.

After this declaration, Háji Ghulám Hassan, at the request of the Registrar, read in Urdu a summary of the Annual Report on the operations of the past year. Copies of the Report in English and in Urdu had previously been circulated.

When the Report had been read the Vice-Chancellor (Mr. G. R. Elsmie) read the following Resolution passed by the Senate at its meeting held on the 26th October 1886:—

> That His Excellency the Right Hon'ble Sir Frederick Temple Hamilton-Temple, Earl of Dufferin, K.P., G.C.B., G.M.S.I., G.C.M.G., G.M.I.E., D.C.L. (Oxon.), F.R.S., Viceroy and Governor-General of India, is, by reason of eminent position and attainments, a fit and proper person to receive the degree of Doctor of Oriental Learning, and that under the provisions of Section 16 of the Punjab University Act, 1882, the said degree be conferred upon him *honoris causâ*

and on behalf of the Senate prayed the Chancellor to confer upon His Excellency the Patron the Degree of Doctor of Oriental Learning *honoris causâ*.

The Chancellor then, with the assistance of the Vice-Chancellor, and the Registrar, conferred the Degree of Doctor of Oriental Learning upon his Excellency in the following words:—

Bar hasb qarárdád Senat ke hála khwánda shud ba ikhtiyáre ke mará ba hasíyat Chancellor University hásal ast man darjái Hakím Ulúm-i-Mashraqí (Degree of Doctor of Oriental Learning) pesh kash huzúr muallá me kunam, wa ín Sanad (Diploma) ke banazré wála meguzáram nisháne ost, wa ikhtyár me deham ke huzúr ín lebás rá ke alámat ín darja (degree) muqarrar ast zeb tan mobárik farmáind.

In accordance with the Resolution of the Senate just read, and by virtue of the authority vested in me as Chancellor of this University, I admit Your Excellency to the Degree of Doctor of Oriental Learning, and in token thereof I present to you this diploma, and authorize you to wear the robes ordained as the insignia of this degree.

The Vice-Chancellor, after this, read the following Resolution passed at the same meeting of Senate:—

> That His Royal Highness Arthur William Patrick Albert, Duke of Connaught and of Strathearn, Earl of Sussex, Duke of Saxony, Prince of Saxe-Coburg and Gotha, K.G., K.T., K.P., G.C.S.I., G.C.M.G., C.B., is, by reason of eminent position and attainments, a fit and proper person to receive the degree of Doctor of Literature, and that under the provisions of Section 16 of the Punjab University Act, 1882, the said degree be conferred upon him *honoris causâ*

and on behalf of the Senate requested the Chancellor to confer upon His Royal Highness the Degree of Doctor of Literature *honoris causâ*.

The Degree was accordingly conferred on His Royal Highness in the same manner as the Degree of Doctor of Oriental Learning had been conferred on His Excellency the Patron.

The Registrar then reported to the Chancellor the names of the persons who, having successfully passed the examinations prescribed by the several Regulations since the last Convocation of the University, had been recommended by the Senate for degrees under Section 14 of the Punjab University Act.

The names were as follows:—

IN THE ORIENTAL FACULTY.

The Vice-Chancellor next presented to His Excellency the Patron and to His Honor the Chancellor, Rája Moti Singh of Poonch, in the Kashmir State, who had, in addition to giving a donation of Rs. 500, promised to subscribe Rs. 200 annually to the University. The Vice-Chancellor regretted the absence of Seth Rám Ratan, Rái Bahádur, of Meean Meer, who had given a donation of Rs. 1,000 for scholarships.

The following authors who had published works since last convocation were then presented to the Chancellor by the Registrar :—

Rái Bahádur Kanhya Lál, M.I.C.E.
Sheikh Inám Ali, B.A.

When these presentations had been made His Excellency the Viceroy and Governor-General, Patron of the University, addressed the Convocation :—

His Excellency said :—

"Mr. Chancellor and Gentlemen,—I am sure it will not be thought unnatural if I should take the first opportunity open to me of expressing the deep sense of gratitude which I feel at the honor of a degree having been conferred upon me by the Senate of this University. It is a distinction of which any one might be proud. I can only regret that my progress in the path of Oriental literature should have begun so late, and should be so incomplete. But, however that may be, I am at least an earnest and assiduous student of those branches of learning which you more especially cultivate. For that reason alone I shall always regard this institution as an *alma mater* ; and I trust ere I leave the country that I may have proved myself not altogether unworthy of its tutelage. And now, Mr. Chancellor and Gentlemen, in accordance with precedent, and as Patron of this University, I suppose that I am expected to say some words in regard to the objects and scopes and the claim to public confidence of this most important portion of that great educational machinery which has been so happily established in the Indian Empire. But I confess there are few things which I more dislike than having to talk upon a subject with which I am only imperfectly acquainted, and of which everybody else must not unnaturally imagine that I know absolutely nothing. But at the same time there are one or two characteristics attaching to this seat of learning which are obvious to the eyes and to the observation even of outsiders. One of these is the wisdom and the good sense and the liberality of the great Chiefs and of the gentry of the province, and of all those who have associated themselves in the founding of this institution and in establishing a seat of learning so congenial to the tastes, to the idiosyncrasies, and to the intellectual capabilities of the population in the midst of which it is enthroned. In the second place, it is obvious that it is a matter of the utmost importance that a certain amount of diversity should prevail amongst such educational institutions, and right and proper it is that in this part of India, where Oriental literature has already been so firmly rooted and under such auspicious circumstances, an institution of this kind should be established still further to amplify and purify it. There is no greater danger attaching to the introduction of an educational system suddenly and universally from one end of the country to the other than that it should impress its products with a monotonous uniformity, and that it should destroy all local colour, all spontaneity, all originality of thought and literary effort and excursive ambition. There are two countries in Europe which fully exemplify my meaning. In France all the educational establishments are placed under the immediate and direct superintendence of the Government ; and as a consequence from one end to the other the system of education is uniform and the same. Whereas in England, Scotland and Ireland, Universities have been established, and from the earliest times have acquired separate and individual characteristics of their own, whose teachings have all led to the same admirable results, each different in its system, and which have vied with each other in contributing to the service of their country all the distinguished men who have come, whether from Oxford, Cambridge, Trinity, or the Edinburgh or Glasgow Universities. But while in other parts of India it is right and fitting that the various Universities should devote their more immediate attention to the cultivation of those methods of instruction which have been derived from Europe, it is right and fitting that here at least there should be a home of learning where the students will be able to work in those rich fields of poetical fancy and imagination which are to be found in the Persian, Arabic and Sanskrit works and the treasures of metaphysical research and high

morality which are displayed in the admirable literature of the East, and expatiated in those fields of learning which hitherto have lain entirely apart and distinct from those which are pursued in Europe. While, therefore, your fellow-workers in other parts of India are pursuing their methods and bringing them to as great perfection as possible, I need not assure you that you have my warmest sympathy in following that more especial career which you have marked out for yourselves. I regret, however, that it will always be a difficult problem to adapt the treasures of learning and the acquirements which are to be found along the path which you are especially treading with the things of that exacting and utilitarian age in the midst of which we have to live. But I have no doubt that under the wise direction of your Senate this problem you will be able from time to time to successfully solve. And now, turning aside from the general question on which I have briefly touched, I would ask permission to make two suggestions in a direction which, though perhaps it may be a little outside the beaten track you are pursuing, falls nevertheless essentially within the compass and functions of such a University as this. One is that you should undertake to collect and catalogue and to verify those large stores of Arabic and Persian literature which undoubtedly lie in the greatest abundance from one end to the other of your province. That, in fact, is to undertake a work something similar to that which is undertaken by the Sanskrit Society in Bengal. That Society has for some time been occupied in collecting and cataloguing all the treasures of Sanskrit literature upon which it has been able to lay its hand, or to verify the existence of men of the greatest learning, both European and Native, who have taken part in the honourable work. Their efforts have been crowned with the greatest success; and I cannot but think that a task of a similar kind might be very appropriately undertaken by those gentlemen I see around me. It must always be remembered that European scholars are perforce obliged to content themselves with pursuing their studies both in Persian and Arabic with the assistance of the very sparse collection of Persian and Arabic literature to be found in European libraries; but if only the literary treasures to which I have referred, together with the manuscripts which undoubtedly exist in this country, were catalogued and their localities known, you would have attracted into your midst many and many a European scholar of whose sympathy I am sure you would be glad, and who, in his turn, would be most grateful for your assistance. As a member of a philo-biblical society, I am quite certain those gentlemen who are present, and who in all probability possess large valuable libraries of the description I have mentioned, would be very glad to have their literary treasures known and appreciated. Again, there is another task which I think might very advantageously be undertaken by such a body as yours, and that is the examination of various local dialects of the Punjab, and a collection of their legends, songs and folk-lore. You must remember that within your province lie those mysterious regions where in ages long gone by the shadowy generations of mankind made a home; that amongst the folds of those hills where the snows of the Himalayas mingle with those of the Hindu Kush the primeval races of mankind crossed and re-crossed and descended, some upon this side and others upon that, impressing the world for ever with characteristics that are never likely to be effaced. Perhaps it will be in your hands to find the key to that mystery. But even if the primeval secret should escape you, there can be no doubt that by conducting research in the manner and direction I have indicated you will add to the means and opportunities of solving one of the most interesting and important problems that has ever engaged the attention of the learned.

In conclusion, I have only, Mr. Chancellor and Gentlemen, to thank you for the attention with which you have listened to the few imperfect observations I have ventured to address to you; but I shall take this opportunity of stating that as long as I remain in India I shall consider it a privilege if I may be able to place at the disposal of the authorities of this University, to be given under whatever condition the Senate itself may determine, an annual gold medal." (Applause.)

At the conclusion of the address the Chancellor declared the Convocation closed. His Excellency the Patron, Doctor of Oriental Learning, and His Royal Highness the Duke of Connaught and Strathearn, LL.D., then took their departure, being conducted to the entrance of the Lawrence Hall in the same order as was observed on their arrival by the Chancellor, Vice-Chancellor and Fellows of the University.

The proceedings then terminated by the Chancellor, Vice-Chancellor and Fellows of the University.

LAHORE: } SAZAVAR,
The 18th February 1887. } *Post Master.*

PUNJAB PUBLIC LIBRARY.

THE usual monthly meeting was held in the Library on Monday, February 7th 1887.

PRESENT:

BABU PRATUL CHANDRA CHATTERJI, M.A., B.L.

SHEIKH NANAK BAKHSH.

DR. BRIJ LAL GHOSE.

J. E. HILTON, Esquire.

T. C. LEWIS, Esquire, M.A., *Secretary.*

1. The monthly accounts were submitted and passed.

2. The shelves above the map almirahs were reported to be too high to admit of the north room being re-roofed at the same level as the other side rooms. It was ordered that the almirahs be altered by taking away the top shelf, so that the contractors' work may go on as quickly as possible.

3. *Resolved* that the Municipal Committee be asked to supply 2,000 chirághs and wicks and 3 maunds of oil to illuminate the Punjab Public Library on February 16th.

4. The following suggestions, forwarded by Sardár Attar Singh, C.I.E., Chief of Bhadaur, for the improvement of the Punjab Public Library were considered in detail:—

(1) The Library should be called "The Aitchison Punjab Library," and it should contain all useful books and periodicals in the English language and in the languages of India, especially those prevalent in the Punjab.

(2) In order to increase the scope of its usefulness subscriptions and donations should be collected so as to raise sufficient funds.

(3) A committee should be formed to report on the means of utilising the funds at the disposal of the Library to the best possible advantage, *i.e.*, to devise means for conducting its work with as little expenditure on establishment as possible, all available money being devoted to the purchase of books.

(4) The Officials, Nobles and Ráíses should be invited to take interest in the affairs of the Library and give material aid and support.

(5) This Library should always correspond with other Libraries in India and Europe and obtain from them their catalogues of Sanskrit, Arabic and Persian works and manuscripts, and efforts should be made to get copies of useful works that may be in them.

(6) The Ruling Chiefs should be asked to send lists of books available in their libraries or in those within their territories.

(7) Lambardárs, Zaildárs, Tahsíldárs, Members of Local and District Boards and Municipal Committees should be asked to give information as to the existence of old and useful books available within their respective localities.

(8) The work of collecting rare manuscripts be entrusted to this Library, together with the Government grants for the same.

(9) All libraries at present managed by the Municipalities of the Punjab should be considered as branches of this Library, and mutual exchange of duplicate copies of books or manuscripts should take place.

(10) Respectable Pandits, Bháís and Maulvies should be encouraged to avail themselves of the use of books of the Library, and their knowledge of the existence of rare books and manuscripts should be availed of in procuring them.

(11) Duplicates of books should be exchanged or sold for the benefit of the Library.

(12) The Municipality of Lahore may be requested to allot a fixed monthly allowance to this institution, as this Library is situate within its boundary.

(13) The members should be allowed to get copies of old and rare books which may be at this Library on payment of the cost of transcription.

(14) Anniversary meetings should be celebrated with great pomp, as these would tend to give an impetus to the cause of this institution. All members residing in the mofussil may be invited to attend.

Orders were passed for the adoption of the above suggestions where possible, and it was unanimously resolved that the Sardar should be thanked for the interest he has shown in the Library.

5. It was announced that Dr. Brown had been nominated a member of the Punjab Public Library Committee by the Committee of the Lahore and Meean Meer Institute.

6. *Resolved* that the thanks of the Committee be conveyed to Sir Charles and Lady Aitchison for presenting two large lamps to the Reading Room of the Library.

7. The following private donations were also announced :—

Babu Hari Chand	1 book.
Colonel E. G. Wace	2 books.
Lieutenant Norman, 2nd Punjab Cavalry ...	63 volumes.
T. O. Wilkinson, Esquire	1 book in two volumes.

8. New subscribers—

Mr. Bláze.

T. O. Wilkinson, Esquire.

T. C. LEWIS,

Secretary, Punjab Public Library.

RULES

FOR THE

Guidance of Judging Committees of District Horse Shows.

I.—Only *bonâ-fide* horse-breeders of the districts named will be allowed to compete for the above prizes. The Judging Committee will decide as to the eligibility of competitors.

II.—A branded mare of 4 years of age, in foal or with foal at foot, the result of having been covered before 4 years of age, will not be eligible to compete.

III.—Branded mares proved to be barren, *i. e.*, mares that have not held to Government stallions for the last two years, will not be eligible to compete.

IV.—No mares or stock will be allowed to compete as "served by Government stallions" or "got by Government stallions" unless a certificate to that effect is produced by the exhibitor. These certificates are obtainable from officers in charge of stallions.

V.—Branded fillies (Class II) if out of branded mares by Government stallions may also compete in "Class III, Fillies."

VI.—Geldings (Class VI) if out of branded mares by Government stallions may also compete in "Class V, Yearlings" (Colts) and in "Class IV, Remounts," if *purchased* at the show for Government, Army and Police purposes.

VII.—Intending exhibitors should, on arrival at the show, apply to the Secretary of the Judging Committee for a ticket or tickets, as the case may be, stating the class in which they propose to compete.

VIII.—Each ticket will be worn by the animal as a token of the right to compete.

IX.—When the tickets are given, the Secretary will name the date, hour and place at the show, when and where horses should be brought for examination. A shamiána, or large tent, or shed, to afford shade to the Committee, within a temporary rail enclosure, should be erected to allow of the members to carefully examine the stock. The public should not be permitted to enter the enclosure during the Committee's proceedings.

X.—Prizes will be awarded on the day appointed by the President of the Judging Committee.

XI.—A certificate (parwána) will be given to each winner, whether he takes his prizes in money, khillat, or medal, as he may think best.

XII.—One or more of the District Officers of each district represented, and the Assistant Superintendent, Horse-breeding Operations, will act as Judges of the Committee.

XIII.—Discretion is to be used by the Judging Committee in awarding only a portion of prizes to any class if the stock of that class be not considered worthy of all prizes noted, and the money not awarded may be devoted to the giving of extra prizes in other classes deemed by the Judging Committee as worthy of them, as it is the desire of Government to award the total sum granted, provided any of the classes of stock competing are in *any way* worthy of it.

XIV.—The system of marks will be adopted as follows :—

For Mares.		*All other stock.*	
Soundness ...	... 25	Soundness ...	... 25
Power ...	... 25	Power ...	... 25
Quality ...	... 25	Quality ...	... 25
Produce at foot ...	... 25	Action ...	... 25
Total ...	... 100	Total ...	... 100
If no produce, the total	... 75		

Marks for "action" have not been accorded to mares, as some competing may be too heavy in foal to allow of their action being shown. The Judging Committees are requested to be good enough to attach a return to their reports showing the number of the several marks allotted to winners of prizes.

NOTE 1.—To enable a horse to become eligible to compete in the "Gelding" class, both testicles must have been excised.

2. The prizes allotted to the "Gelding" class are to be invariably awarded to the best competing, irrespective of their worth in other respects. Prizes in this class are to be awarded only to stock that have been castrated when in possession of their present owners, *bonâ-fide* horse-breeders, and provided the Judging Committee are satisfied the animals have been castrated with a view of competing for the prizes.

3. In the North-Western Provinces, approved mares and fillies were up to the year 1877 branded V. R.; since that time they have been branded V. I. In the Punjab, approved mares and fillies were up to the year 1885, branded B. M.; since that time they have also been branded V. I. The brand will be found either on the off or near shoulder, or on the saddle place.

F.

RULES

FOR THE

Guidance of Judging Committees of Metropolitan Horse Fairs.

I.—Only *boná fide* horse-breeders and dealers will be allowed to compete for the above prizes. The stewards will decide as to the eligibility of competitors.

II.—Fillies, under 4 years of age, in foal, or with foal at foot, will not be eligible to compete.

III.—Mares proved to be barren, *i. e.*, mares that have not held to coverings for the last two years will not be eligible to compete.

IV.—Geldings may also compete "in Class IV Remounts," if purchased at the fair for Government, Army and Police purposes, and in "Class V Yearlings" (Colts).

V.—Government horses will not compete, nor will Government claim the right of purchasing any stock exhibited.

VI.—Intending exhibitors should, on arrival at the fair, apply to the Secretary of the Judging Committee for a ticket or tickets, as the case may be, stating the class in which they propose to compete.

VII.—Each ticket will be worn by the animal as a token of the right to compete, and of the seller's right to the prize, if sale is effected before the awards are made. By careful attention to this rule the owners will be secured against losing the chance of a prize.

VIII.—When the tickets are given, the Secretary will name the date, hour and place at the fair when and where horses should be brought for examination. A shamiana, or large tent, or shed, to afford shade to the Committee, within a temporary rail enclosure, should be erected to allow of the members to carefully examine the stock. The public should not be permitted to enter the enclosure during the Committee's proceedings.

IX.—Prizes will be awarded the day before the bathing day, where one is appointed.

X.—A certificate (parwana) will be given to each winner, whether he takes his prizes in money, khillat, or medal, as he may think best.

XI.—Honorary certificates will be awarded to exhibitors who are not *boná fide* horse-breeders, and dealers, and who may show superior animals. On the certificate may be noted the prize and money value that would have been awarded to the animal, had the owner been a *boná fide* horse-breeder or dealer.

XII.—A Committee of experienced officers, appointed by the Local Government, will act as Judges. The Assistant Superintendent, Horse-Breeding Operations will attend the Committee as member and Veterinary Adviser. In his unavoidable absence, the services of a Veterinary Officer will be provided under the orders of the Government of India.

XIII.—Discretion is to be used by the Judging Committee in awarding only a portion of prizes to any class, if the stock of that class be not considered worthy of all prizes noted; and the money not awarded may be devoted to the giving of extra prizes in other classes deemed, by the Judging Committee, as worthy of them; as it is the desire of Government to award the total sum granted, provided any of the classes of stock competing are in any way worthy of it.

XIV.—The system of marks will be adopted as follows :—

For Mares.		*All other stock.*	
Soundness	25	Soundness	25
Power	25	Power	25
Quality	25	Quality	25
Produce at foot	25	Action	25
Total	100	Total	100
If no produce, the total	75		

Marks for "action" have not been accorded to mares, as some competing may be too heavy in foal to allow of their action being shown. The Judging Committees are requested to be good enough to attach a return to their reports, showing the number of the several marks allotted to winners of prizes.

NOTE.—I. To enable a horse to become eligible to compete in the "Gelding" class both testicles must have been excised.

2.—The prizes allotted to the "Gelding" class are to be invariably awarded to the best competing, irrespective of their worth in other respects. Prizes in this class to be awarded only to stock that have been castrated when in possession of their present owners, *boná fide* horse-breeders, and provided the Judging Committee are satisfied the animals have been castrated with a view of competing for the prizes.

3.—In the North-Western Provinces, approved mares and fillies were, up to the year 1877 branded V. R.; since that time they have been branded V. I. In the Punjab approved mares and fillies were, up to the year 1885, branded B. M.; since that time they have also been branded V. I. The brand will be found either on the off or near shoulder, or on the saddle place.

3. Deliveries will be taken annually in three equal instalments, on 1st July, 1st October, and 1st January.

4. A sample of the cloth to be supplied can be inspected at, or had for inspection from, the Commissariat Office at Meean Meer, together with a form of tender. Tenders will be received only in the form obtainable from this office, and no additions or alterations must be made in it.

5. The cloth to be supplied is to be in every respect (weight, texture, &c.) equal to the Commissariat sample, and acceptance of supplies will be subject to approval of the Commissariat Officer, and, if necessary, of Committee. Deliveries must be made in pieces of 29⅓ yards in length, 39 inches wide, for Barracks, and 34⅔ yards in length, 43 inches wide, for Hospitals.

6. Each tender to be accompanied, as earnest-money, by a Government Promissory Note, duly endorsed to the Executive Commissariat Officer, Stock Note, or by a Treasury receipt* for an amount equal to 2½ per cent. of the value, at the tendered rate of one year's supply of the quantity tendered for; but the earnest-money of any one tender need not exceed Rs. 300. Earnest-money will be forfeited if the tenderer withdraws from his tender. Tender without earnest-money will not be attended to.

* Treasury receipt may be for currency notes or cash.

7. Security for the performance of the contract will be required at 20 per cent. on the aggregate value at the tendered rate of one year's supply of cloth tendered for, but not to exceed a maximum of Rs. 2,500. In lieu of cash or Government loan paper, a deposit receipt of a sound bank, or a bond for double the amount executed by a well-known and respectable firm, will, at the option of Government, be accepted as security for the contract.

8. Commissary-General-in-Chief to have the power to accept a tender in whole or in part, or to reject a tender without assigning cause for so doing.

Return of large industries for 1886.

IN continuation of this Office Circular Memo. No. 1739 of the 17th March 1886, requests that the return of large industries for the year 1886 may be submitted by a date not later than the 25th May, as the return is due to the Government of India on the 1st July 1887. Instructions for the preparation of the returns were given in paragraph 2 of this Office Circular Memo. No. 2504, dated 28th March 1884, and Circular Memo. on the same subject of last year. With regard to the number of hands which constitute a large industry, attention is invited to the following extract from a letter No. 285, dated 10th November 1886, from the Assistant Secretary to the Government of India, Department of Finance and Commerce, Statistical Branch, to Secretary to Government, Punjab.

By order, &c.,

H. C. COOKSON,

Offg. Junior Secretary to Financial Commissioner, Punjab.

Extract paragraph 2 from a letter No. 285, dated 10th November 1886, from the Assistant Secretary to the Government of India, Department of Finance and Commerce, Statistical Branch, to the Secretary to Government, Punjab.

In reply to the enquiry whether industries which do not employ more than 20 hands need be included in the return in future, I am to explain that petty manufactories worked at their houses by individual owners and industries employing only a few hands in any one locality need not be shown. What is wanted is accurate information respecting industries employing a number of hands in factories, or forming component parts of a considerable industry. I am to add that the two ice factories at Delhi would appear to come within this category.

Maintenance of Income Tax Registers.

IN continuation of Circular Memo. No. 7863 of 24th November 1886, it seems necessary to explain that the Financial Commissioner does not require any Income Tax Registers to be kept up in English which are at present more conveniently kept in vernacular, except in the case of the register of Income Tax on "Salaries and Pensions other than those paid by Government," No. I, for which forms have been issued. The other registers are prepared in English in exceptional cases only, such as Lahore and Simla, where the number of European and English-speaking tax-payers is large. Other Deputy Commissioners need only indent for English forms of these registers if they actually require them,—that is to say, if they are kept up in English at present, or if it is found more convenient to keep them in English than in vernacular, which in the case of most districts is not likely.

SUPERINTENDENCE OF INDIAN STUDENTS IN ENGLAND.

WITH a view of assisting parents in India desirous of giving their sons the benefit of an English education, the Committee of the National Indian Association are prepared to undertake the superintendence of Indian Students, during their stay in England, in the manner and on the conditions described in the following paragraphs :—

Object of the scheme.

1. The main object of their scheme is to afford counsel and assistance to the students, and provide for them a system of friendly supervision, under which, it is believed, many evils to which they are at present exposed may be avoided, and many advantages placed within their reach.

Age for coming to England.

2. With regard to age, the Committee are prepared to undertake the care and superintendence of Indian youths from—and in special cases below—the age of 14 years. It is not their wish to encourage parents to send their sons to England so young as to forget their home associations; but those who desire for their sons a thorough English education, or intend them to compete at examinations for the public service, should send them before they have completed their fifteenth year.

3. To ensure effective supervision, the Committee have appointed Mr. Algernon Brown, M.A. of the University of Oxford, Barrister-at-Law, who has lately visited India, and has had successful experience in the training of Indian youths, to be Superintendent of Students committed to their care. Mr. Brown will, unless it be otherwise specially provided, make the requisite arrangements for schooling, tutors, professional training, lodging, &c., under the general counsel and direction of the Committee, and with careful regard to the wishes of parents.

The Superintendent.

4. Tutors, Schools, Colleges, places of abode will be selected with reference to individual requirements and in view of the student's future. It is not proposed to establish a general Boarding-house.

Selection of Tutors and Schools, &c.

5. In advising as to the student's profession or calling for life, the Committee will be guided by the wishes of his parent or guardian; in the absence of any expressed desire, it is recommended that the student should follow the advice of the Committee in coming to this important determination.

Selection of Profession.

6. The Committee particularly desire their arrangements to include abundant opportunities for enabling each Student to obtain an intimate knowledge of the best side of English home-life and manners.

English Home Life.

7. In addition to providing facilities for general, professional, and technical education, they deem it important to promote some acquaintance with the manufactures of this country, especially such industries as are suitable to India.

Manufactures.

8. The Committee are prepared to arrange to give the students the benefit of English or European travel, if it is desired; but this will, of course, involve additional expenditure.

European travel.

9. With regard to expenses for an ordinary school education, including board and residence, dress, vacation expenses, and cost of superintendence, the required sum is estimated at £200 a year.

Cost of education and professional training.

For professional, University, and technical training, the amount will be settled in each case according to the course of study decided on.

10. Yearly or half-yearly prepayments of the annual sum agreed upon are strictly required.

Prepayments and Deposit.

Further, to meet unforeseen expenses, including medical attendance,* a deposit of £100 must be paid on or before the student's arrival in England; but this deposit, or any balance remaining, will be refunded on his return to India.

*and outfit, if required, on arrival in England.

11. All payments to be made to the Honorary Secretary or the Honorary Treasurer of the National Indian Association. The Committee earnestly recommend parents and guardians to abstain from sending the student any money except through this channel.

Payments to the Secretary or Treasurer.

12. Periodical statements of accounts and frequent reports will be sent to the parent or guardian of each student.

Statements of accounts and reports.

13. Students are advised to bring only such clothes with them as are necessary for the voyage, which should include a thick overcoat and warm underclothing.

Outfit.

English clothing is procured better and at less cost in England. Indian costume, being unsuited to the climate, is not ordinarily worn by Indian Students, but it is desirable that the student should provide himself with such dress for use on special occasions.

14. For the voyage to England, the P. & O. Steam Navigation Company, which carry the Government Mails, are recommended, owing to the punctuality of their service; but the British India, the Star, and other Lines, are in many other respects equally good, and somewhat less expensive.

Passage.

By the P. & O. the cost of a 1st class passage from Calcutta or Bombay is Rs. 680; 2nd class passage from Calcutta or Bombay is Rs. 370. Travelling expenses over and above this need not in either case exceed £5.

15. Due notice being given, students will be met on their arrival and provided with a suitable home pending arrangements of a more permanent kind.

Arrival.

16. *A paper of Information for Indian Gentlemen proposing to study in England*, which contains information respecting legal, medical, engineering, and technical training, and examinations, &c., has been issued by the Committee; price one rupee. This pamphlet can be obtained from the Honorary Agents of the Association in India and from leading booksellers.

Educational information.

17. The name and address of the Association are registered in the Government Telegraph Code, the word being "Omnes." A message sent from any telegraph office to "Omnes," London, will be delivered to the Honorary Secretary of the Association.

Telegraph Code word.

18. Honorary Agents of the Association have been appointed as follows:—

Summer Session.—Same as fourth year; Charge of in-patients of Hospital as Clinical Clerks; Occasional major operations under superintendence of Professors.

Winter Session.—Same as Summer Session of fifth year.

EXAMINATIONS.

1. Examinations are of three kinds,—*Weekly Examinations, Sessional Examinations* and *University Examinations.*

2. *Weekly Examinations* are held after every five lectures by each Professor on the subjects of the five preceding lectures. They are oral, and marks are given at each examination from 0 to 4.

3. *Sessional Examinations* are held at the end of each summer and winter session in the first, second and fourth years, in the subjects lectured on during the preceding session.

These examinations are written, and each Professor examines in his own subject.

Marks are awarded so as, with the Weekly Examinations, to make in—

(*a*) Botany, Pathology, Hygiene and Comparative Anatomy, 150 marks each;

(*b*) each other subject, 300 marks.

4. *University Examinations* are two in number,—(*a*) the first examination, and (*b*) the final examination.

These examinations are both written and oral, and are conducted by examiners unconnected with the College, and appointed by the Senate of the Punjab University.

For particulars as to these examinations the Registrar of the Punjab University should be consulted.

5. *The First University Examination* is held at the end of the winter session of the third year.

Students who fail in two or more subjects are not allowed to begin the fourth year's course of studies till they pass in those subjects.

Students who fail in only one subject are allowed to begin the fourth year's course, but must pass in that subject before beginning the fifth year's course.

6. *The final University Examination* is held at the end of the winter session of the fifth year.

ADMISSION TO THE COLLEGE.

1. Candidates are not ordinarily admitted below the age of 16 and above the age of 20; but—

(*a*) students who have passed the Intermediate Examination in Arts in the Punjab University or the First Arts in one of the other Indian Universities are admitted up to the age of 23.

(*b*) Female students are admitted up to the age of 30.

2. Applications for admission must be made to the Principal on or before the 26th April, and must be accompanied by the following certificates:—

(*a*) Certificate of having passed the Entrance Examination of the Punjab University, taking English and Urdu as two of the subjects, or the Entrance Examination of one of the other Indian Universities, taking Urdu or Persian as one of the subjects.

This certificate is not obligatory in the case of female candidates.

(*b*) Certificate of respectability signed by an officer of Government not below the rank of Tahsíldár serving in the district in which the candidate ordinarily resides, or by some other authority satisfactory to the Principal.

3. Female candidates who are unable to produce the certificate mentioned in Rule 2 (*a*) must pass an examination conducted under the direction of the Principal in English, reading and writing from dictation, and in colloquial Urdu.

4. From the commencement of the summer session of 1887 fees will be levied from each student at the rate of Rs. 2 per mensem, but the Principal may admit students at half rates on the score of poverty up to a limit of five per cent. on the total number on the rolls of the College, and may excuse all fees on the same grounds up to a limit of another five per cent. on the same total.

COLLEGE SCHOLARSHIPS.

1. College Scholarships are classed as—

(*a*) *Entrance Scholarships*, or those tenable during the first year.

(*b*) *Junior Scholarships*, or those tenable during the second, third and fourth years.

(*c*) *Senior Scholarships*, or those tenable during the fifth year.

2. *Entrance Scholarships* are 6 in number, and of the value of Rs. 12 per month each. They are awarded on the results of the Arts Examinations of the Punjab and Calcutta Universities as shown in the class lists, that is to say, students who have passed a higher

examination in Arts are preferred to those who have passed a lower examination, and among students who have passed the same examination in Arts preference is given to those who stand highest on the list.

3. *Junior Scholarships* are 18 in number, and of the value of Rs. 14 per month each. They are tenable by students of the second, third and fourth years, and are awarded according to the aggregate marks obtained in all the examinations of the year immediately preceding.

4. *Senior Scholarships* are 6 in number, and of the value of Rs. 18 per month each They are awarded according to the aggregate marks obtained in all the examinations of the fourth year.

5. A deduction of Rs. 2 a month will be made from each of the above scholarships when held by a student who in the University Entrance Examination was classed lower than the 1st division, and who has not subsequently passed a higher examination in Arts. In case of such students the value of the scholarships after the deduction above referred to will be Rs. 1C, Rs. 12 and Rs. 16 respectively.

6. An addition will be made to each of the above scholarships on the following scale when held by a student who in the University Arts Examination was classed in the 1st division of the Intermediate or First Arts Examination or who has passed higher examinations :—

Arts Examination Passed.		Addition to Scholarships.
		Rs.
Bachelor Degree	First Division	14
	Lower Division	8
Intermediate or First Arts	First Division	4
	Lower Division	*Nil.*

7. According, therefore, to the University Arts Examinations passed by students the scale of scholarships will be the following :—

SCHOLARSHIPS OBTAINABLE.	IF STUDENT HAS PASSED UNIVERSITY ARTS.					
	Entrance Examination.		*Intermediate or First Arts Examination.*		*Bachelor Degree.*	
	Lower Division.	1st Division.	Lower Division.	1st Division.	Lower Division.	1st Division.
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
Entrance Scholarships ...	10	12	12	16	20	26
Junior	12	14	14	18	22	28
Senior	16	18	18	22	26	32

8. College Scholarships are held subject to the rules contained in Chapter VII of the Education Code relating to public scholarships so far as such rules are applicable. For the purposes of these rules the Principal of the College shall exercise the powers of the Director of Public Instruction.

9. Students not ordinarily resident in the Punjab are not eligible for College Scholarships.

10. Applications for Entrance Scholarships must be made to the Principal on or before the 26th April.

11. The Punjab Government gives annually five appointments of Assistant Surgeon to the five best students of the year who pass the Final Examination, provided they are pronounced physically fit for the service.

GREY-BAHAWALPUR SCHOLARSHIPS.

1. In the year 1879 a sum of Rs. 10.000 was presented to the College by His Highness the Nawáb of Baháwalpur in honor of Colonel L. J. H. Grey, C.S.I. The interest of this fund, as far as it will go, is devoted annually to scholarships awarded in the same way and held under the same conditions as College Scholarships.

2. These scholarships are tenable primarily in the College; but if not taken up in the College, the Principal may allot them to the school.

3. They are open, in the first instance, to students in the College or pupils in the school, as the case may be, who are residents of the Baháwalpur State. But if there are no fit students or pupils from the Baháwalpur State, residents of the Punjab may receive the scholarships.

4. Holders of these scholarships must sign an agreement, a copy of which can be obtained from the Principal.

SCHOLARSHIPS FOR FEMALE STUDENTS.

1. In addition to the College Scholarships, six scholarships of the same value and under the same conditions will be given to female students who pass the Entrance or Higher Examination in Arts in any Indian University.

2. Female students who have not passed the Entrance Examination of an Indian University will receive *stipends* of the same value and under the same conditions as female pupils in the school.

NORTH-WESTERN PROVINCES STIPENDS.

1. Two stipends, each of the value of Rs. 15 a month, tenable in the College, are given by the Government of the North-Western Provinces to students belonging to the North-Western Provinces and Oudh.

2. Candidates for these stipends must send in their names, on or before the 1st of April, to the Inspector-General of Civil Hospitals, North-Western Provinces and Oudh, at Lucknow; and their applications must be accompanied by the following papers :—

(*a*) Certificate of having passed the Entrance Examination, or First Arts Examination, of the Calcutta University, taking Urdu or Persian as one of the subjects; or the Entrance Examination, or First Arts Examination, of the Punjab University, taking English and Urdu as two of the subjects.

(*b*) The usual certificate of fitness for the service.

(*c*) A certificate of character from the Principal of the College in which the candidate was educated.

(*d*) A descriptive roll in the accompanying form :—

Descriptive Roll of a candidate desirous of being admitted into the Lahore Medical College.

NAME.	AGE.			Caste.	Father's name and occupation.	Residence.	Where educated.	Place of birth.	Passed University examination in English in Division.	Second language.	REMARKS.

Postage.

Whatever postage is marked on a letter, post-card, newspaper, packet or parcel, must be paid at once on delivery, after which any complaint of overcharge will be duly attended to.

Complaints.

In all complaints of overcharge or unnecessary delay in delivering letters, the covers bearing the Post Office stamps must be presented for inspection; and when any complaint is preferred against any postman, the number on his badge must be specified.

Registration

Makes the transmission of a letter more secure, but the Post Office is not responsible for loss unless the letter be also insured. Currency Notes or part of a Currency Note, Stamps, Cheques, and the like, must be registered. Registration fee, 2 annas in stamps.

Insurance.

Registered letters and parcels can be insured without limit of value. Coin, jewels, &c., must be insured. Rates of insurance are 2 annas up to Rs. 50 of value, 4 annas up to Rs. 100, and 4 annas for every additional Rs. 100. Insurance charge payable in stamps in the case of letters, and in cash in the case of parcels.

Value Payable

Parcels, registered letters and book packets can be sent value payable, the value being realized from the addressee and paid to the sender by the Post Office. Limit of value is Rs. 1,000. Value payable can also be insured.

Inland Parcels

May be sent prepaid or unpaid at sender's option. Rates of postage are 4 annas for 20 tolas, 8 annas for 40 tolas, and 4 annas for every additional 40 tolas; postage payable in cash.

Savings Bank.

Floating Deposits are received from 4 annas up to Rs. 500, and interest allowed. Printed rules obtainable at the Post Office.

Inland and Foreign Money Orders.

Remitter of a money order has nothing to do with its transmission to payee; this work is done entirely by the Post Office. When the money order is delivered, the remitter will receive an acknowledgment of its delivery. Maximum limit for a money order is Rs. 150, and the same remitter cannot obtain in one day money orders for more than Rs. 600 in the aggregate drawn on the same office or payable to the same person. Forms of money order application supplied gratis.

RULES

FOR THE

Guidance of Judging Committees of District Horse Shows.

I.—Only *bonâ-fide* horse-breeders of the districts named will be allowed to compete for the above prizes. The Judging Committee will decide as to the eligibility of competitors.

II.—A branded mare of 4 years of age, in foal or with foal at foot, the result of having been covered before 4 years of age, will not be eligible to compete.

III.—Branded mares proved to be barren, *i. e.*, mares that have not held to Government stallions for the last two years, will not be eligible to compete.

IV.—No mares or stock will be allowed to compete as "served by Government stallions" or "got by Government stallions" unless a certificate to that effect is produced by the exhibitor. These certificates are obtainable from officers in charge of stallions.

V.—Branded fillies (Class II) if out of branded mares by Government stallions may also compete in "Class III, Fillies."

VI.—Geldings (Class VI) if out of branded mares by Government stallions may also compete in "Class V, Yearlings" (Colts) and in "Class IV, Remounts," if *purchased* at the show for Government, Army and Police purposes.

VII.—Intending exhibitors should, on arrival at the show, apply to the Secretary of the Judging Committee for a ticket or tickets, as the case may be, stating the class in which they propose to compete.

VIII.—Each ticket will be worn by the animal as a token of the right to compete.

IX.—When the tickets are given, the Secretary will name the date, hour and place at the show, when and where horses should be brought for examination. A shamiána, or large tent, or shed, to afford shade to the Committee, within a temporary rail enclosure, should be erected to allow of the members to carefully examine the stock. The public should not be permitted to enter the enclosure during the Committee's proceedings.

X.—Prizes will be awarded on the day appointed by the President of the Judging Committee.

XI.—A certificate (parwána) will be given to each winner, whether he takes his prizes in money, khillat, or medal, as he may think best.

XII.—One or more of the District Officers of each district represented, and the Assistant Superintendent, Horse-breeding Operations, will act as Judges of the Committee.

XIII.—Discretion is to be used by the Judging Committee in awarding only a portion of prizes to any class if the stock of that class be not considered worthy of all prizes noted, and the money not awarded may be devoted to the giving of extra prizes in other classes deemed by the Judging Committee as worthy of them, as it is the desire of Government to award the total sum granted, provided any of the classes of stock competing are in *any way* worthy of it.

XIV.—The system of marks will be adopted as follows :—

For Mares.		*All other stock.*	
Soundness ...	... 25	Soundness ...	... 25
Power ...	... 25	Power ...	... 25
Quality ...	... 25	Quality ...	... 25
Produce at foot ...	... 25	Action ...	... 25
Total ...	... 100	Total ...	... 100
If no produce, the total	... 75		

Marks for "action" have not been accorded to mares, as some competing may be too heavy in foal to allow of their action being shown. The Judging Committees are requested to be good enough to attach a return to their reports showing the number of the several marks allotted to winners of prizes.

NOTE 1.—To enable a horse to become eligible to compete in the "Gelding" class, both testicles must have been excised.

2. The prizes allotted to the "Gelding" class are to be invariably awarded to the best competing, irrespective of their worth in other respects. Prizes in this class are to be awarded only to stock that have been castrated when in possession of their present owners, *bonâ-fide* horse-breeders, and provided the Judging Committee are satisfied the animals have been castrated with a view of competing for the prizes.

3. In the North-Western Provinces, approved mares and fillies were up to the year 1877 branded V. R.; since that time they have been branded V. I. In the Punjab, approved mares and fillies were up to the year 1885, branded B. M.; since that time they have also been branded V. I. The brand will be found either on the off or near shoulder, or on the saddle place.

F.

RULES

FOR THE

Guidance of Judging Committees of Metropolitan Horse Fairs.

I.—Only *bonâ fide* horse-breeders and dealers will be allowed to compete for the above prizes. The stewards will decide as to the eligibility of competitors.

II.—Fillies, under 4 years of age, in foal, or with foal at foot, will not be eligible to compete.

III.—Mares proved to be barren, *i. e.*, mares that have not held to coverings for the last two years will not be eligible to compete.

IV.—Geldings may also compete "in Class IV Remounts," if purchased at the fair for Government, Army and Police purposes, and in "Class V Yearlings" (Colts).

V.—Government horses will not compete, nor will Government claim the right of purchasing any stock exhibited.

VI.—Intending exhibitors should, on arrival at the fair, apply to the Secretary of the Judging Committee for a ticket or tickets, as the case may be, stating the class in which they propose to compete.

VII.—Each ticket will be worn by the animal as a token of the right to compete, and of the seller's right to the prize, if sale is effected before the awards are made. By careful attention to this rule the owners will be secured against losing the chance of a prize.

VIII.—When the tickets are given, the Secretary will name the date, hour and place at the fair when and where horses should be brought for examination. A shamiana, or large tent, or shed, to afford shade to the Committee, within a temporary rail enclosure, should be erected to allow of the members to carefully examine the stock. The public should not be permitted to enter the enclosure during the Committee's proceedings.

IX.—Prizes will be awarded the day before the bathing day, where one is appointed.

X.—A certificate (parwana) will be given to each winner, whether he takes his prizes in money, khillat, or medal, as he may think best.

XI.—Honorary certificates will be awarded to exhibitors who are not *bonâ fide* horse-breeders, and dealers, and who may show superior animals. On the certificate may be noted the prize and money value that would have been awarded to the animal, had the owner been a *bonâ fide* horse-breeder or dealer.

XII.—A Committee of experienced officers, appointed by the Local Government, will act as Judges. The Assistant Superintendent, Horse-Breeding Operations will attend the Committee as member and Veterinary Adviser. In his unavoidable absence, the services of a Veterinary Officer will be provided under the orders of the Government of India.

XIII.—Discretion is to be used by the Judging Committee in awarding only a portion of prizes to any class, if the stock of that class be not considered worthy of all prizes noted; and the money not awarded may be devoted to the giving of extra prizes in other classes deemed, by the Judging Committee, as worthy of them; as it is the desire of Government to award the total sum granted, provided any of the classes of stock competing are in any way worthy of it.

XIV.—The system of marks will be adopted as follows:—

For Mares.		*All other stock.*	
Soundness	25	Soundness	25
Power	25	Power	25
Quality	25	Quality	25
Produce at foot	25	Action	25
Total	100	Total	100
If no produce, the total	75		

Marks for "action" have not been accorded to mares, as some competing may be too heavy in foal to allow of their action being shown. The Judging Cummittees are requested to be good enough to attach a return to their reports, showing the number of the several marks allotted to winners of prizes.

NOTE.—I. To enable a horse to become eligible to compete in the "Gelding" class both testicles must have been excised.

2.—The prizes allotted to the "Gelding" class are to be invariably awarded to the best competing, irrespective of their worth in other respects. Prizes in this class to be awarded only to stock that have been castrated when in possession of their present owners, *bonâ fide* horse-breeders, and provided the Judging Committee are satisfied the animals have been castrated with a view of competing for the prizes.

3.—In the North-Western Provinces, approved mares and fillies were, up to the year 1877 branded V. R.; since that time they have been branded V. I. In the Punjab approved mares and fillies were, up to the year 1885, branded B. M.; since that time they have also been branded V. I. The brand will be found either on the off or near shoulder, or on the saddle place.

Commissariat Notice—No. 37.

SEALED tenders will be received by the Executive Commissariat Officer, Meean Meer, up to noon of 10th March 1887, and then and there opened, for the supply to the Western Circle, Bengal Commissariat, of Country-manufactured Cotton Cloth for Barrack and Hospital Mattresses and Pillow-cases for—

(1) one year, from 1st April 1887 to 31st March 1888, or for

(2) five years, from 1st April 1887 to 31st March 1892.

The station of supply and estimated quantities to be delivered are as noted below.

2. Covers to be superscribed "Tender for the supply of Country-manufactured Cotton Cloth."

3. Deliveries will be taken annually in three equal instalments, on 1st July, 1st October, and 1st January.

4. A sample of the cloth to be supplied can be inspected at, or had for inspection from, the Commissariat Office at Meean Meer, together with a form of tender. Tenders will be received only in the form obtainable from this office, and no additions or alterations must be made in it.

5. The cloth to be supplied is to be in every respect (weight, texture, &c.) equal to the Commissariat sample, and acceptance of supplies will be subject to approval of the Commissariat Officer, and, if necessary, of Committee. Deliveries must be made in pieces of 29½ yards in length, 39 inches wide, for Barracks, and 34⅔ yards in length, 43 inches wide, for Hospitals.

6. Each tender to be accompanied, as earnest-money, by a Government Promissory Note, duly endorsed to the Executive Commissariat Officer, Stock Note, or by a Treasury receipt* for an amount equal to 2½ per cent. of the value, at the tendered rate of one year's supply of the quantity tendered for; but the earnest-money of any one tender need not exceed Rs. 300. Earnest-money will be forfeited if the tenderer withdraws from his tender. Tender without earnest-money will not be attended to.

* Treasury receipt may be for currency notes or cash.

7. Security for the performance of the contract will be required at 20 per cent. on the aggregate value at the tendered rate of one year's supply of cloth tendered for, but not to exceed a maximum of Rs. 2,500. In lieu of cash or Government loan paper, a deposit receipt of a sound bank, or a bond for double the amount executed by a well-known and respectable firm, will, at the option of Government, be accepted as security for the contract.

8. Commissary-General-in-Chief to have the power to accept a tender in whole or in part, or to reject a tender without assigning cause for so doing.

Commissariat Notice—No. 36.

SEALED tenders for the supply of the undermentioned articles for the Western Circle, from 1st April 1887 to 31st December 1889, will be received by the Executive Commissariat Officer at Meean Meer up to noon on the 1st March 1887, and opened by him then and there in the presence of all parties who may choose to attend.

2. No tenders will be received except on forms obtainable from the Commissariat Office, Meean Meer, which, as well as any information required regarding the contract, will be given on application to the Executive Commissariat Officer, Meean Meer, up to 4 o'clock P.M. on the 31st February 1887.

3. Seals of tenderers (unable to write) will not be accepted; they should have their marks verified by witnesses.

4. Covers to be superscribed—"Tender for Country-manufactured Cotton Wicks and Hospital Games."

5. The tender may be in part or for the whole requirement, and the Executive Commissariat Officer reserves to himself the right to accept the tender in whole or in part; but in the event of his accepting in part only and the tenderer failing to take up the contract, the whole earnest deposit will be confiscated.

6. Tender for each article and description of article will be separately accepted or rejected, and separate Treasury Receipt for earnest-money will be required for each. Tenders without earnest-money will not be attended to.

7. Samples of the articles required to be supplied are to be seen at the Commissariat Godown, Meean Meer, and every facility will be afforded to tenderers to see them before they tender.

FINANCIAL COMMISSIONER'S OFFICE.

CIRCULAR No. 5 OF 1887.

FINANCIAL COMMISSIONER'S OFFICE,

(No. 1166.)

Dated Lahore, 25th February 1887.

To

ALL COMMISSIONERS, DEPUTY COMMISSIONERS AND SETTLEMENT OFFICERS IN THE PUNJAB.

Correspondence.

Distribution of monthly pamphlets of Financial Commissioner's Circulars.

THE unequal character of the present distribution of the monthly pamphlets of circulars issued by this office has been brought to the notice of the Financial Commissioner, who has directed that for the future they shall be distributed as follows.

2. Separate copies will be distributed by name to all officers exercising revenue powers as heretofore, and also to Superintendents of Commissioners' Vernacular Offices and Deputy Superintendents of Settlement.

3. Two copies of the English edition of the monthly pamphlet will be supplied to each Commissioner's office, five to each Deputy Commissioner's office, and one for the office of each Assistant Commissioner or Extra Assistant Commissioner in charge of an outpost. One copy will also be sent for the office of each Settlement Officer and Extra Assistant Settlement Officer.

4. Of the Vernacular edition of the monthly pamphlet two copies will be supplied to each Commissioner's office, six to each Deputy Commissioner's office, one to each outpost, and five to the office of each Settlement Officer. The six copies supplied to district offices should be distributed as follows: one to the Superintendent, one to the Sadr Wásil Bákí Navís, two to the Sadr Kánúngo, one to the Record-keeper, and one to the Reader of the Revenue Extra Assistant Commissioner. The Director of Settlements will also send direct to each Tahsíl as many copies as will allow one for each Field Kánúngo, one for each office Kánúngo, and one for the Wásil Bákí Navís.

5. Copies of the monthly pamphlet will also be sent by this office to Cantonment Magistrates and other officers, as has been done hitherto.

6. These orders do not affect the supply of loose copies (in English and Vernacular) of each Circular, which will be sent as soon as issued,—three to each Commissioner and five to each Deputy Commissioner.

7. Circular Memo. No. 4537, dated the 28th June 1886, is hereby superseded.

Summer Session.—Same as fourth year; Charge of in-patients of Hospital as Clinical Clerks; Occasional major operations under superintendence of Professors.

Winter Session.—Same as Summer Session of fifth year.

EXAMINATIONS.

1. Examinations are of three kinds,—*Weekly Examinations, Sessional Examinations* and *University Examinations.*

2. *Weekly Examinations* are held after every five lectures by each Professor on the subjects of the five preceding lectures. They are oral, and marks are given at each examination from 0 to 4.

3. *Sessional Examinations* are held at the end of each summer and winter session in the first, second and fourth years, in the subjects lectured on during the preceding session.

These examinations are written, and each Professor examines in his own subject.

Marks are awarded so as, with the Weekly Examinations, to make in—

(*a*) Botany, Pathology, Hygiene and Comparative Anatomy, 150 marks each;

(*b*) each other subject, 300 marks.

4. *University Examinations* are two in number,—(*a*) the first examination, and (*b*) the final examination.

These examinations are both written and oral, and are conducted by examiners unconnected with the College, and appointed by the Senate of the Punjab University.

For particulars as to these examinations the Registrar of the Punjab University should be consulted.

5. *The First University Examination* is held at the end of the winter session of the third year.

Students who fail in two or more subjects are not allowed to begin the fourth year's course of studies till they pass in those subjects.

Students who fail in only one subject are allowed to begin the fourth year's course, but must pass in that subject before beginning the fifth year's course.

6. *The final University Examination* is held at the end of the winter session of the fifth year.

ADMISSION TO THE COLLEGE.

1. Candidates are not ordinarily admitted below the age of 16 and above the age of 20; but—

(*a*) students who have passed the Intermediate Examination in Arts in the Punjab University or the First Arts in one of the other Indian Universities are admitted up to the age of 23.

(*b*) Female students are admitted up to the age of 30.

2. Applications for admission must be made to the Principal on or before the 26th April, and must be accompanied by the following certificates:—

(*a*) Certificate of having passed the Entrance Examination of the Punjab University, taking English and Urdu as two of the subjects, or the Entrance Examination of one of the other Indian Universities, taking Urdu or Persian as one of the subjects.

This certificate is not obligatory in the case of female candidates.

(*b*) Certificate of respectability signed by an officer of Government not below the rank of Tahsíldár serving in the district in which the candidate ordinarily resides, or by some other authority satisfactory to the Principal.

3. Female candidates who are unable to produce the certificate mentioned in Rule 2 (*a*) must pass an eoamination conducted under the direction of the Principal in English, reading and writing from dictation, and in colloquial Urdu.

4. From the commencement of the summer session of 1887 fees will be levied from each student at the rate of Rs. 2 per mensem, but the Principal may admit students at half rates on the score of poverty up to a limit of five per cent. on the total number on the rolls of the College, and may excuse all fees on the same grounds up to a limit of another five per cent. on the same total.

COLLEGE SCHOLARSHIPS.

1. College Scholarships are classed as—

(*a*) *Entrance Scholarships,* or those tenable during the first year.

(*b*) *Junior Scholarships,* or those tenable during the second, third and fourth years.

(*c*) *Senior Scholarships,* or those tenable during the fifth year.

2. *Entrance Scholarships* are 6 in number, and of the value of Rs. 12 per month each. They are awarded on the results of the Arts Examinations of the Punjab and Calcutta Universities as shown in the class lists, that is to say, students who have passed a higher examination in Arts are preferred to those who have passed a lower examination, and among students who have passed the same examination in Arts preference is given to those who stand highest on the list.

3. *Junior Scholarships* are 18 in number, and of the value of Rs. 14 per month each. They are tenable by students of the second, third and fourth years, and are awarded according to the aggregate marks obtained in all the examinations of the year immediately preceding.

4. *Senior Scholarships* are 6 in number, and of the value of Rs. 18 per month each. They are awarded according to the aggregate marks obtained in all the examinations of the fourth year.

5. A deduction of Rs. 2 a month will be made from each of the above scholarships when held by a student who in the University Entrance Examination was classed lower than the 1st division, and who has not subsequently passed a higher examination in Arts. In case of such students the value of the scholarships after the deduction above referred to will be Rs. 10, Rs. 12 and Rs. 16 respectively.

6. An addition will be made to each of the above scholarships on the following scale when held by a student who in the University Arts Examination was classed in the 1st division of the Intermediate or First Arts Examination or who has passed higher examinations:—

Arts Examination Passed.		Addition to Scholarships.
		Rs.
Bachelor Degree	First Division	14
	Lower Division	8
Intermediate or First Arts	First Division	4
	Lower Division	*Nil.*

7. According, therefore, to the University Arts Examinations passed by students the scale of scholarships will be the following :—

SCHOLARSHIPS OBTAINABLE.	IF STUDENT HAS PASSED UNIVERSITY ARTS.					
	Entrance Examination.		*Intermediate or First Arts Examination.*		*Bachelor Degree.*	
	Lower Division.	1st Division.	Lower Division.	1st Division.	Lower Division.	1st Division.
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
Entrance Scholarships ...	10	12	12	16	20	26
Junior	12	14	14	18	22	28
Senior	16	18	18	22	26	32

8. College Scholarships are held subject to the rules contained in Chapter VII of the Education Code relating to public scholarships so far as such rules are applicable. For the purposes of these rules the Principal of the College shall exercise the powers of the Director of Public Instruction.

9. Students not ordinarily resident in the Punjab are not eligible for College Scholarships.

10. Applications for Entrance Scholarships must be made to the Principal on or before the 26th April.

11. The Punjab Government gives annually five appointments of Assistant Surgeon to the five best students of the year who pass the Final Examination, provided they are pronounced physically fit for the service.

GREY-BAHAWALPUR SCHOLARSHIPS.

1. *In the year 1879 a sum of Rs. 10,000 was presented to the College by His Highness the Nawáb of Baháwalpur in honor of Colonel L. J. H. Grey, C.S.I.* The interest of this fund, as far as it will go, is devoted annually to scholarships awarded in the same way and held under the same conditions as College Scholarships.

2. These scholarships are tenable primarily in the College; but if not taken up in the College, the Principal may allot them to the school.

3. They are open, in the first instance, to students in the College or pupils in the school, as the case may be, who are residents of the Baháwalpur State. But if there are no fit students or pupils from the Baháwalpur State, residents of the Punjab may receive the scholarships.

4. Holders of these scholarships must sign an agreement, a copy of which can be obtained from the Principal.

SCHOLARSHIPS FOR FEMALE STUDENTS.

1. In addition to the College Scholarships, six scholarships of the same value and under the same conditions will be given to female students who pass the Entrance or Higher Examination in Arts in any Indian University.

2. Female students who have not passed the Entrance Examination of an Indian University will receive *stipends* of the same value and under the same conditions as female pupils in the school.

NORTH-WESTERN PROVINCES STIPENDS.

1. Two stipends, each of the value of Rs. 15 a month, tenable in the College, are given by the Government of the North-Western Provinces to students belonging to the North-Western Provinces and Oudh.

2. Candidates for these stipends must send in their names, on or before the 1st of April, to the Inspector-General of Civil Hospitals, North-Western Provinces and Oudh, at Lucknow; and their applications must be accompanied by the following papers :—

(*a*) Certificate of having passed the Entrance Examination, or First Arts Examination, of the Calcutta University, taking Urdu or Persian as one of the subjects; or the Entrance Examination, or First Arts Examination, of the Punjab University, taking English and Urdu as two of the subjects.

(*b*) The usual certificate of fitness for the service.

(*c*) A certificate of character from the Principal of the College in which the candidate was educated.

(*d*) A descriptive roll in the accompanying form :—

Descriptive Roll of a candidate desirous of being admitted into the Lahore Medical College.

NAME.	AGE.			Caste.	Father's name and occupation.	Residence.	Where educated.	Place of birth.	Passed University examination in English in Division.	Second language.	REMARKS.

10. Lahore station ...	9 A.M. and 6 P.M.

Certificates of Posting

Are granted for unregistered articles. Fee half an anna, payable by the means of a postage stamp.

Postal Acknowledgments

For the delivery of a registered letter, packet or parcel, can be obtained on payment of 1 anna in stamps in the case of registered letters and packets; and in cash in the case of parcels.

Late Letters

Will be received at the window until 15 minutes before the despatch of the mails, and must be fully prepaid by stamps, so as to include ordinary postage and late-letter fee of 4 annas.

Foreign Post.

The latest safe day and hour for the posting of overland letters, post-cards, newspapers, printed and commercial papers, and sample and mixed packets, is every Tuesday up to 9 A.M.

For foreign parcels every Saturday up to 8 A.M.

Delivery of Letter and Parcel Mail.

The hours of delivery are dependent on the hours of arrival of the several trains. If they arrive punctually at the advertised hours, the first delivery will take place at 10-30 A.M., and the second at 6-40 P.M. On Sundays and holidays only one delivery is made of prepaid letters at 10-30 A.M.

Parcels are delivered at 10-30 A.M. only.

Insured articles exceeding Rs. 1,000 in value will be delivered only at the Post Office window.

Postage.

Whatever postage is marked on a letter, post-card, newspaper, packet or parcel, must be paid at once on delivery, after which any complaint of overcharge will be duly attended to.

Complaints.

In all complaints of overcharge or unnecessary delay in delivering letters, the covers bearing the Post Office stamps must be presented for inspection; and when any complaint is preferred against any postman, the number on his badge must be specified.

Registration

Makes the transmission of a letter more secure, but the Post Office is not responsible for loss unless the letter be also insured. Currency Notes or part of a Currency Note, Stamps, Cheques, and the like, must be registered. Registration fee, 2 annas in stamps.

Insurance.

Registered letters and parcels can be insured without limit of value. Coin, jewels, &c., must be insured. Rates of insurance are 2 annas up to Rs. 50 of value, 4 annas up to Rs. 100, and 4 annas for every additional Rs. 100. Insurance charge payable in stamps in the case of letters, and in cash in the case of parcels.

Value Payable

Parcels, registered letters and book packets can be sent value payable, the value being realized from the addressee and paid to the sender by the Post Office. Limit of value is Rs. 1,000. Value payable can also be insured.

Inland Parcels

May be sent prepaid or unpaid at sender's option. Rates of postage are 4 annas for 20 tolas, 8 annas for 40 tolas, and 4 annas for every additional 40 tolas; postage payable in cash.

Savings Bank.

Floating Deposits are received from 4 annas up to Rs. 500, and interest allowed. Printed rules obtainable at the Post Office.

Inland and Foreign Money Orders.

Remitter of a money order has nothing to do with its transmission to payee; this work is done entirely by the Post Office. When the money order is delivered, the remitter will receive an acknowledgment of its delivery. Maximum limit for a money order is Rs. 150, and the same remitter cannot obtain in one day money orders for more than Rs. 600 in the aggregate drawn on the same office or payable to the same person. Forms of money order application supplied gratis.

British Postal Orders.

RULES

FOR THE

Guidance of Judging Committees of District Horse Shows.

I.—Only *boná-fide* horse-breeders of the districts named will be allowed to compete for the above prizes. The Judging Committee will decide as to the eligibility of competitors.

II.—A branded mare of 4 years of age, in foal or with foal at foot, the result of having been covered before 4 years of age, will not be eligible to compete.

III.—Branded mares proved to be barren, *i. e.*, mares that have not held to Government stallions for the last two years, will not be eligible to compete.

IV.—No mares or stock will be allowed to compete as "served by Government stallions" or "got by Government stallions" unless a certificate to that effect is produced by the exhibitor. These certificates are obtainable from officers in charge of stallions.

V.—Branded fillies (Class II) if out of branded mares by Government stallions may also compete in "Class III, Fillies."

VI.—Geldings (Class VI) if out of branded mares by Government stallions may also compete in "Class V, Yearlings" (Colts) and in "Class IV, Remounts," if *purchased* at the show for Government, Army and Police purposes.

VII.—Intending exhibitors should, on arrival at the show, apply to the Secretary of the Judging Committee for a ticket or tickets, as the case may be, stating the class in which they propose to compete.

VIII.—Each ticket will be worn by the animal as a token of the right to compete.

IX.—When the tickets are given, the Secretary will name the date, hour and place at the show, when and where horses should be brought for examination. A shamiána, or large tent, or shed, to afford shade to the Committee, within a temporary rail enclosure, should be erected to allow of the members to carefully examine the stock. The public should not be permitted to enter the enclosure during the Committee's proceedings.

X.—Prizes will be awarded on the day appointed by the President of the Judging Committee.

XI.—A certificate (parwána) will be given to each winner, whether he takes his prizes in money, khillat, or medal, as he may think best.

XII.—One or more of the District Officers of each district represented, and the Assistant Superintendent, Horse-breeding Operations, will act as Judges of the Committee.

XIII.—Discretion is to be used by the Judging Committee in awarding only a portion of prizes to any class if the stock of that class be not considered worthy of all prizes noted, and the money not awarded may be devoted to the giving of extra prizes in other classes deemed by the Judging Committee as worthy of them, as it is the desire of Government to award the total sum granted, provided any of the classes of stock competing are in *any way* worthy of it.

XIV.—The system of marks will be adopted as follows :—

For Mares.		*All other stock.*	
Soundness ...	25	Soundness ...	25
Power ...	25	Power ...	25
Quality ...	25	Quality ...	25
Produce at foot ...	25	Action ...	25
Total ...	100	Total ...	100
If no produce, the total ...	75		

Marks for "action" have not been accorded to mares, as some competing may be too heavy in foal to allow of their action being shown. The Judging Committees are requested to be good enough to attach a return to their reports showing the number of the several marks allotted to winners of prizes.

NOTE 1.—To enable a horse to become eligible to compete in the "Gelding" class, both testicles must have been excised.

2. The prizes allotted to the "Gelding" class are to be invariably awarded to the best competing, irrespective of their worth in other respects. Prizes in this class are to be awarded only to stock that have been castrated when in possession of their present owners, *boná-fide* horse-breeders, and provided the Judging Committee are satisfied the animals have been castrated with a view of competing for the prizes.

3. In the North-Western Provinces, approved mares and fillies were up to the year 1877 branded V. R.; since that time they have been branded V. I. In the Punjab, approved mares and fillies were up to the year 1885, branded B. M.; since that time they have also been branded V. I. The brand will be found either on the off or near shoulder, or on the saddle place.

RULES

FOR THE

Guidance of Judging Committees of Metropolitan Horse Fairs.

I.—Only *bonâ fide* horse-breeders and dealers will be allowed to compete for the above prizes. The stewards will decide as to the eligibility of competitors.

II.—Fillies, under 4 years of age, in foal, or with foal at foot, will not be eligible to compete.

III.—Mares proved to be barren, *i. e.*, mares that have not held to coverings for the last two years will not be eligible to compete.

IV.—Geldings may also compete "in Class IV Remounts," if purchased at the fair for Government, Army and Police purposes, and in "Class V Yearlings" (Colts).

V.—Government horses will not compete, nor will Government claim the right of purchasing any stock exhibited.

VI.—Intending exhibitors should, on arrival at the fair, apply to the Secretary of the Judging Committee for a ticket or tickets, as the case may be, stating the class in which they propose to compete.

VII.—Each ticket will be worn by the animal as a token of the right to compete, and of the seller's right to the prize, if sale is effected before the awards are made. By careful attention to this rule the owners will be secured against losing the chance of a prize.

VIII.—When the tickets are given, the Secretary will name the date, hour and place at the fair when and where horses should be brought for examination. A shamiana, or large tent, or shed, to afford shade to the Committee, within a temporary rail enclosure, should be erected to allow o the members to carefully examine the stock. The public should not be permitted to enter the enclosure during the Committee's proceedings.

IX.—Prizes will be awarded the day before the bathing day, where one is appointed.

X.—A certificate (parwana) will be given to each winner, whether he takes his prizes in money, khillat, or medal, as he may think best.

XI.—Honorary certificates will be awarded to exhibitors who are not *bonâ fide* horse-breeders, and dealers, and who may show superior animals. On the certificate may be noted the prize and money value that would have been awarded to the animal, had the owner been a *bonâ fide* horse-breeder or dealer.

XII.—A Committee of experienced officers, appointed by the Local Government, will act as Judges. The Assistant Superintendent, Horse-Breeding Operations will attend the Committee as member and Veterinary Adviser. In his unavoidable absence, the services of a Veterinary Officer will be provided under the orders of the Government of India.

XIII.—Discretion is to be used by the Judging Committee in awarding only a portion of prizes to any class, if the stock of that class be not considered worthy of all prizes noted; and the money not awarded may be devoted to the giving of extra prizes in other classes deemed, by the Judging Committee, as worthy of them; as it is the desire of Government to award the total sum granted, provided any of the classes of stock competing are in any way worthy of it.

XIV.—The system of marks will be adopted as follows:—

Power	25	Power	25
Quality	25	Quality	25
Produce at foot	25	Action	25
Total	100	Total	100
If no produce, the total	75		

Marks for "action" have not been accorded to mares, as some competing may be too heavy in foal to allow of their action being shown. The Judging Cummittees are requested to be good enough to attach a return to their reports, showing the number of the several marks allotted to winners of prizes.

NOTE.—1. To enable a horse to become eligible to compete in the "Gelding" class both testicles must have been excised.

2.—The prizes allotted to the "Gelding" class are to be invariably awarded to the best competing, irrespective of their worth in other respects. Prizes in this class to be awarded only to stock that have been castrated when in possession of their present owners, *bonâ fide* horse-breeders, and provided the Judging Committee are satisfied the animals have been castrated with a view of competing for the prizes.

3.—In the North-Western Provinces, approved mares and fillies were, up to the year 1877 branded V. R.; since that time they have been branded V. I. In the Punjab approved mares and fillies were, up to the year 1885, branded B. M.; since that time they have also been branded V. I. The brand will be found either on the off or near shoulder, or on the saddle place.

7. Standing Sub-Committees shall be appointed by the Committee to carry on the management of the different departments of the Library.

8. The Secretary shall be a member of every Sub-Committee.

9. A meeting of the Committee shall be held on the 1st Monday in every month.

Five members shall form a quorum.

10. A special meeting of the Committee may be called by the President or a Sub-Committee at a week's notice.

11. A general meeting of the life members and Committee shall be held once a year in the month of December, and at the meeting the two annual members to represent the life members shall be elected. Absent life members may vote at the election by proxy.

12. The current business of the Committee to be brought up at each monthly meeting shall include the examination of the accounts, of the suggestion books, of orders to book-sellers, of breaches of the rules, &c.

13. The funds shall be kept in the name of the Punjab Public Library by the Bank of Bengal, or as the Committee may from time to time direct.

14. All cheques shall be signed by the Secretary and a member of the Committee appointed by it for the purpose.

15. Expenditure on fixed charges, for which sanction already exists, and on contingencies up to a limit of Rs. 50 a month, may be incurred on the joint authority of the persons empowered to sign cheques. All other expenditure requires the previous sanction of the Committee.

16. A donation of money of Rs. 100 or upwards, or of books accepted by the Committee and valued by them as worth not less than Rs. 100, shall entitle the donor to the privileges of a life member.

17. Any donor of books may make it a condition of the donation that any of the books he gives shall not be lent out except to himself.

18. Life members shall be exempt from payment of deposits, subscriptions and other fees required by the rules.

II.—THE READING-ROOM.

1. The Reading-Room is open to the public free of charge.

2. Books may not be removed from the shelves by any one except the Librarian.

3. Catalogues and application forms are on the table. The Librarian will get any book for which a form is handed to him; and books must be returned to him before leaving.

4. The Committee will exclude from the building persons who disregard any rules or who damage the property of the Library.

5. CLOSED DAYS:—Queen's Birthday, also from 1st to 7th October, and from 1st to 7th April inclusive.

6. DAILY HOURS:—In the winter 8 A.M. to noon and 3 to 10 P.M., and in the hot weather 7 to 11 A.M. and 4 to 8 P.M., and on Sunday 2 to 5 P.M.

III.—RULES FOR LENDING OUT BOOKS.

Books will be issued on the following conditions:—

1. An applicant must deposit Rs. 10 with the Secretary. The deposit will be liable to forfeit for injury or loss of a book, or for breach of any of the rules.

2. An annual subscription of Rs. 5 must be paid in advance, which may be compounded for by a donation of Rs. 25.

3. Not more than six volumes may be kept out on one subscription.

4. Residents at Lahore or Meean Meer shall return within 20 days every book so taken out. To residents at other places ten days longer will be allowed. But all books lent out must be returned by the 30th September and 31st March each year.

5. The cost of forwarding books will be recovered by sending them by Value Payable Post. Any charges due under Rules 1 and 2 may be added.

6. Books may not be transferred from one person to another.

7. The Committee will reserve from issue, under these rules, new or valuable books, at their discretion.

8. Forms of application for books can be supplied, and their use is requested, but is not obligatory.

9. Deposits under Rule 1 (if free of claims) will be returned on request to persons who have no books of the Library in their possession.

T. C. LEWIS,

Secretary, Punjab Public Library.

The Indian Law Reports.

PUBLISHED UNDER AUTHORITY.

THE "Indian Law Reports," published under the authority of the Governor-General in Council, appear in monthly parts, published as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, and comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat: the copies for subscribers registered by Messrs. Thacker, Spink & Co. are distributed by that firm; and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

In supersession of previous advertisements, on and from the 1st January 1885, the terms of subscription and sale will be as follows:—

Terms of subscription, payable annually in advance.

Commissariat Notice—No. 37.

SEALED tenders will be received by the Executive Commissariat Officer, Meean Meer, up to noon of 10th March 1887, and then and there opened, for the supply to the Western Circle, Bengal Commissariat, of Country-manufactured Cotton Cloth for Barrack and Hospital Mattresses and Pillow-cases for—

(1) one year, from 1st April 1887 to 31st March 1888, or for

(2) five years, from 1st April 1887 to 31st March 1892.

The station of supply and estimated quantities to be delivered are as noted below.

2. Covers to be superscribed "Tender for the supply of Country-manufactured Cotton Cloth."

3. Deliveries will be taken annually in three equal instalments, on 1st July, 1st October, and 1st January.

4. A sample of the cloth to be supplied can be inspected at, or had for inspection from, the Commissariat Office at Meean Meer, together with a form of tender. Tenders will be received only in the form obtainable from this office, and no additions or alterations must be made in it.

5. The cloth to be supplied is to be in every respect (weight, texture, &c.) equal to the Commissariat sample, and acceptance of supplies will be subject to approval of the Commissariat Officer, and, if necessary, of Committee. Deliveries must be made in pieces of 29⅓ yards in length, 39 inches wide, for Barracks, and 34⅔ yards in length, 43 inches wide, for Hospitals.

6. Each tender to be accompanied, as earnest-money, by a Government Promissory Note, duly endorsed to the Executive Commissariat Officer, Stock Note, or by a Treasury receipt* for an amount equal to 2½ per cent. of the value, at the tendered rate of one year's supply of the quantity tendered for; but the earnest-money of any one tender need not exceed Rs. 300. Earnest-money will be forfeited if the tenderer withdraws from his tender. Tender without earnest-money will not be attended to.

* Treasury receipt may be for currency notes or cash.

7. Security for the performance of the contract will be required at 20 per cent. on the aggregate value at the tendered rate of one year's supply of cloth tendered for, but not to exceed a maximum of Rs. 2,500. In lieu of cash or Government loan paper, a deposit receipt of a sound bank, or a bond for double the amount executed by a well-known and respectable firm, will, at the option of Government, be accepted as security for the contract.

8. Commissary-General-in-Chief to have the power to accept a tender in whole or in part, or to reject a tender without assigning cause for so doing.

EXAMINATIONS.

1. Examinations are of three kinds,—*Weekly Examinations*, *Sessional Examinations* and *University Examinations*.

2. *Weekly Examinations* are held after every five lectures by each Professor on the subjects of the five preceding lectures. They are oral, and marks are given at each examination from 0 to 4.

3. *Sessional Examinations* are held at the end of each summer, and winter session in the first, second and fourth years, in the subjects lectured on during the preceding session.

These examinations are written, and each Professor examines in his own subject.

Marks are awarded so as, with the Weekly Examinations, to make in—

(*a*) Botany, Pathology, Hygiene and Comparative Anatomy, 150 marks each;

(*b*) each other subject, 300 marks.

4. *University Examinations* are two in number,—(*a*) the first examination and (*b*) the final examination.

These examinations are both written and oral, and are conducted by examiners unconnected with the College, and appointed by the Senate of the Punjab University.

For particulars as to these examinations the Registrar of the Punjab University should be consulted.

5. *The First University Examination* is held at the end of the winter session of the third year.

Students who fail in two or more subjects are not allowed to begin the fourth year's course of studies till they pass in those subjects.

Students who fail in only one subject are allowed to begin the fourth year's course, but must pass in that subject before beginning the fifth year's course.

6. *The Final University Examination* is held at the end of the winter session of the fifth year.

ADMISSION TO THE COLLEGE.

1. Candidates are not ordinarily admitted below the age of 16 and above the age of 20; but—

(*a*) students who have passed the Intermediate Examination in Arts in the Punjab University or the First Arts in one of the other Indian Universities are admitted up to the age of 23.

(*b*) Female students are admitted up to the age of 30.

2. Applications for admission must be made to the Principal on or before the 26th April, and must be accompanied by the following certificates :—

(*a*) Certificate of having passed the Entrance Examination of the Punjab University, taking English and Urdu as two of the subjects, or the Entrance Examination of one of the other Indian Universities, taking Urdu or Persian as one of the subjects.

This certificate is not obligatory in the case of female candidates.

(*b*) Certificate of respectability signed by an officer of Government not below the rank of Tahsíldár serving in the district in which the candidate ordinarily resides, or by some other authority satisfactory to the Principal.

3. Female candidates who are unable to produce the certificate mentioned in Rule 2 (*a*) must pass an examination conducted under the direction of the Principal in English reading and writing from dictation, and in colloquial Urdu.

4. From the commencement of the summer session of 1887 fees will be levied from each student at the rate of Rs. 2 per mensem, but the Principal may admit students at half rates on the score of poverty up to a limit of five per cent. on the total number on the rolls of the College, and may excuse all fees on the same grounds up to a limit of another five per cent. on the same total.

COLLEGE SCHOLARSHIPS.

1. College Scholarships are classed as—

(*a*) *Entrance Scholarships*, or those tenable during the first year.

(*b*) *Junior Scholarships*, or those tenable during the second, third and fourth years.

(*c*) *Senior Scholarships*, or those tenable during the fifth year.

2. *Entrance Scholarships* are 6 in number, and of the value of Rs. 12 per month each. They are awarded on the results of the Arts Examinations of the Punjab and Calcutta Universities as shown in the class lists, that is to say, students who have passed a higher examination in Arts are preferred to those who have passed a lower examination, and among students who have passed the same examination in Arts preference is given to those who stand highest on the list.

3. *Junior Scholarships* are 18 in number, and of the value of Rs. 14 per month each. They are tenable by students of the second, third and fourth years, and are awarded according to the aggregate marks obtained in all the examinations of the year immediately preceding.

4. *Senior Scholarships* are 6 in number, and of the value of Rs. 18 per month each. They are awarded according to the aggregate marks obtained in all the examinations of the fourth year.

5. A deduction of Rs. 2 a month will be made from each of the above scholarships when held by a student who in the University Entrance Examination was classed lower than the 1st division, and who has not subsequently passed a higher examination in Arts. In case of such students the value of the scholarships after the deduction above referred to will be Rs. 10, Rs. 12 and Rs. 16 respectively.

6. An addition will be made to each of the above scholarships on the following scale when held by a student who in the University Arts Examination was classed in the 1st division of the Intermediate or First Arts Examination or who has passed higher examinations:—

Arts Examination Passed.		Addition to Scholarships.
		Rs.
Bachelor Degree	First Division	14
	Lower Division	8
Intermediate or First Arts	First Division	4
	Lower Division	*Nil.*

7. According, therefore, to the University Arts Examinations passed by students the scale of scholarships will be the following:—

Scholarships obtainable.	If student has passed University Arts.					
	Entrance Examination.		*Intermediate or First Arts Examination.*		*Bachelor Degree.*	
	Lower Division.	1st Division.	Lower Division.	1st Division.	Lower Division.	1st Division.
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
Entrance Scholarships ...	10	12	12	16	20	26
Junior	12	14	14	18	22	28
Senior	16	18	18	22	26	32

8. College Scholarships are held subject to the rules contained in Chapter VII of the Education Code relating to public scholarships so far as such rules are applicable. For the purposes of these rules the Principal of the College shall exercise the powers of the Director of Public Instruction.

9. Students not ordinarily resident in the Punjab are not eligible for College Scholarships.

10. Applications for Entrance Scholarships must be made to the Principal on or before the 26th April.

11. The Punjab Government gives annually five appointments of Assistant Surgeon to the five best students of the year who pass the Final Examination, provided they are pronounced physically fit for the service.

Grey-Bahawalpur Scholarships.

1. In the year 1879 a sum of Rs. 10.000 was presented to the College by His Highness the Nawáb of Baháwalpur in honor of Colonel L. J. H. Grey, C.S.I. The interest of this fund, as far as it will go, is devoted annually to scholarships awarded in the same way and held under the same conditions as College Scholarships.

2. These scholarships are tenable primarily in the College; but if not taken up in the College, the Principal may allot them to the school.

3. They are open, in the first instance, to students in the College or pupils in the School, as the case may be, who are residents of the Baháwalpur State. But if there are no fit students or pupils from the Baháwalpur State, residents of the Punjab may receive the scholarships.

4. Holders of these scholarships must sign an agreement, a copy of which can be obtained from the Principal.

SCHOLARSHIPS FOR FEMALE STUDENTS.

1. In addition to the College Scholarships, six scholarships of the same value and under the same conditions will be given to female students who pass the Entrance or Higher Examination in Arts in any Indian University.

2. Female students who have not passed the Entrance Examination of an Indian University will receive *stipends* of the same value and under the same conditions as female pupils in the school.

NORTH-WESTERN PROVINCES STIPENDS.

1. Two stipends, each of the value of Rs. 15 a month, tenable in the College, are given by the Government of the North-Western Provinces to students belonging to the North-Western Provinces and Oudh.

2. Candidates for these stipends must send in their names, on or before the 1st of April, to the Inspector-General of Civil Hospitals, North-Western Provinces and Oudh, at Lucknow; and their applications must be accompanied by the following papers :—

(*a*) Certificate of having passed the Entrance Examination, or First Arts Examination, of the Calcutta University, taking Urdu or Persian as one of the subjects; or the Entrance Examination, or First Arts Examination, of the Punjab University, taking English and Urdu as two of the subjects.

(*b*) The usual certificate of fitness for the service.

(*c*) A certificate of character from the Principal of the College in which the candidate was educated.

(*d*) A descriptive roll in the accompanying form :—

Descriptive Roll of a candidate desirous of being admitted into the Lahore Medical College.

NAME.	AGE.			Caste.	Father's name and occupation.	Residence.	Where educated.	Place of birth.	Passed University examination in English in Division.	Second language.	REMARKS.
	Years.	Months.	Days.								

To be signed by a person of well-known respectability.

3. The Government of the North-Western Provinces gives annually one appointment of Assistant Surgeon to the best student of the year from the North-Western Provinces and Oudh who passes the Final Examination, provided he is pronounced to be physically fit for service.

4. Candidates who have passed the First Arts Examination of the Calcutta University, or of the Punjab University, will have preference over those who have only passed the Entrance Examination; and the former will be admitted into the Lahore College up to the age of 23 years, instead of the limit of 20 years fixed for the latter.

LOCAL STIPENDS.

1. Local stipends of varying value, tenable in the College, are paid through the Principal from the District Funds of the districts noted in the margin.

Will be received at the window until 15 minutes before the despatch of the mails, and must be fully prepaid by stamps, so as to include ordinary postage and late-letter fee of 2 annas.

Foreign Post.

The latest safe day and hour for the posting of overland letters, post-cards, newspapers, printed and commercial papers, and sample and mixed packets, is every Tuesday up to 9 A.M.

For foreign parcels every Saturday up to 8 A.M.

Delivery of Letter and Parcel Mail.

The hours of delivery are dependent on the hours of arrival of the several trains. If they arrive punctually at the advertised hours, the first delivery will take place at 10-30 A.M., and the second at 6-40 P.M. On Sundays and holidays only one delivery is made of prepaid letters at 10-30 A.M.

Parcels are delivered at 10-30 A.M. only.

Insured articles exceeding Rs. 1,000 in value will be delivered only at the Post Office window.

Postage.

Whatever postage is marked on a letter, post-card, newspaper, packet or parcel, must be paid at once on delivery, after which any complaint of overcharge will be duly attended to.

Complaints.

In all complaints of overcharge or unnecessary delay in delivering letters, the covers bearing the Post Office stamps must be presented for inspection; and when any complaint is preferred against any postman, the number on his badge must be specified.

Registration

Makes the transmission of a letter more secure, but the Post Office is not responsible for loss unless the letter be also insured. Currency Notes or part of a Currency Note, Stamps, Cheques, and the like, must be registered. Registration fee 2 annas in stamps.

Insurance.

Registered letters and parcels can be insured without limit of value. Coin, jewels, &c., must be insured. Rates of insurance are 2 annas up to Rs. 50 of value, 4 annas up to Rs. 100, and 4 annas for every additional Rs. 100. Insurance charge payable in stamps in the case of letters, and in cash in the case of parcels.

Value Payable

Parcels, registered letters and book packets can be sent value payable, the value being realized from the addressee and paid to the sender by the Post Office. Limit of value is Rs. 1,000. Value payable can also be insured.

Inland Parcels

May be sent prepaid or unpaid at sender's option. Rates of postage are 4 annas for 20 tolas, 8 annas for 40 tolas, and 4 annas for every additional 40 tolas; postage payable in cash.

Savings Bank.

Floating Deposits are received from 4 annas up to Rs. 500, and interest allowed. Printed rules obtainable at the Post Office.

Inland and Foreign Money Orders

Remitter of a money order has nothing to do with its transmission to payee; this work is done entirely by the Post Office. When the money order is delivered, the remitter will receive an acknowledgment of its delivery. Maximum limit for a money order is Rs. 150, and the same remitter cannot obtain in one day money orders for more than Rs. 600 in the aggregate drawn on the same office or payable to the same person. Forms of money order application supplied gratis.

British Postal Orders.

British Postal Orders for fixed sums from 1*s.* to £1 available for sale to the public.

Full particulars obtainable at the Post Office.

Stock Notes.

LAHORE:
The 8th March 1887.

THE following rules made under Section 24 of Act XIII of 1884 (The Punjab Municipal Act) at special meetings by the Municipal Committees of Núrpur, Jawálamukhi, Kángra, Sujánpur and Harípur in the Kángra District, and approved where necessary by the Local Government, are published for general information. They will come into force six weeks from the date of the publication of this notification :—

1. The Commissioners shall meet at such places and time as shall from time to time be determined on, but not less than once a month.

2. Notice of an ordinary meeting shall be given at least 24 hours, and of special meeting at least 48 hours, before the time fixed for the meeting, and shall be delivered to the member in person or left at his ordinary place of residence. Notice of an adjourned meeting shall be given at the time of adjournment.

3. The quorum necessary for the transaction of business at ordinary meeting shall be not less than one-third.

4. At all meetings of the Municipal Committee, except with the sanction of the Chairman, only such subjects shall be brought forward for consideration and decision as shall have been duly notified in the notice for the meeting. If the Chairman authorizes a subject to be taken up which has not been notified it shall not be considered until all other business on the list has been disposed of.

Items of business for presentation in any meeting of the Committee shall be signed before hand, either by the Chairman, Secretary or by any three members.

5. The subjects shall be discussed in the order in which they stand in the notice except when by a majority vote it is decided otherwise. A motion for reconsideration shall require a two-thirds majority.

6. If more than one member wishes to address the meeting at one time the Chairman shall determine the order in which they shall speak.

7. Unless the Secretary is also a member of the Committee, he shall not be allowed to address the meeting, but with the sanction of the Chairman he may explain any matter to the meeting.

8. In any question of order which may arise the decision of the Chairman shall be final, unless an appeal be made from the chair, when the question will be decided by a majority vote.

9. All notices for meetings shall be issued under the signature of the President, or in his absence by a Vice-President, and shall be circulated by the Secretary.

10. If a Sub-Committee has been appointed for any particular branch of the executive work, it shall be responsible for carrying out all orders of the General Committee in that branch.

11. An individual member may be entrusted by the Committee to carry out any particular order, and shall then be primarily responsible for its execution.

12. The Secretary shall prepare all bills for payment of sanctioned establishment, and the pay shall be drawn on those bills by cheques signed, as required by the rules laid down by Government in the name of the Secretary, who shall disburse it. The ordinary acquittance rolls shall be kept up, and no pay shall be drawn until the acquittance rolls for the preceding month have been duly filled up and filed.

13. All the receipts for money shall be granted by the Secretary, except receipts for payment of octroi dues, which shall be given by the Octroi Muharrir.

14. All appointments up to Rs. 5 a month may be filled by the General Committee.

All appointments carrying higher pay than Rs. 5 a month shall be filled by the General Committee subject to confirmation by the Deputy Commissioner.

(*a*). The duties of the different officers and servants shall be decided by the General Committee.

(*b*). The President may grant a week's leave to any officer or servant on his own authority; any leave of more than a week granted by him shall require the sanction of the General Committee.

(*c*). The President may suspend any officer or servant for misconduct or neglect of duty, but he shall bring the fact of his having done so to the notice of the General Committee at the next meeting, where a decision shall be arrived at as to whether the offender be reinstated or dismissed.

(*d*). No officer or servant shall be dismissed except by an order of the General Committee, and in the case of any such officer or servant drawing higher pay than Rs. 5 per mensem, the order of dismissal shall require confirmation by the Deputy Commissioner.

15. A Vice-President shall ordinarily hold office for three years.

THE following rules framed under Section 24 of Act XIII of 1884 (The Punjab Municipal Act) at special meetings by the Municipal Committees of the places detailed in the schedule hereto annexed, and approved where necessary by the Local Government, are published for general information. They will come into force six weeks from the date of the publication of this notification.

RULES

FOR THE

Guidance of Judging Committees of District Horse Shows.

I.—Only *bonâ-fide* horse-breeders of the districts named will be allowed to compete for the above prizes. The Judging Committee will decide as to the eligibility of competitors.

II.—A branded mare of 4 years of age, in foal or with foal at foot, the result of having been covered before 4 years of age, will not be eligible to compete.

III.—Branded mares proved to be barren, *i. e.*, mares that have not held to Government stallions for the last two years, will not be eligible to compete.

IV.—No mares or stock will be allowed to compete as "served by Government stallions" or "got by Government stallions" unless a certificate to that effect is produced by the exhibitor. These certificates are obtainable from officers in charge of stallions.

V.—Branded fillies (Class II) if out of branded mares by Government stallions may also compete in "Class III, Fillies."

VI.—Geldings (Class VI) if out of branded mares by Government stallions may also compete in "Class V, Yearlings" (Colts) and in "Class IV, Remounts," if *purchased* at the show for Government, Army and Police purposes.

VII.—Intending exhibitors should, on arrival at the show, apply to the Secretary of the Judging Committee for a ticket or tickets, as the case may be, stating the class in which they propose to compete.

VIII.—Each ticket will be worn by the animal as a token of the right to compete.

IX.—When the tickets are given, the Secretary will name the date, hour and place at the show, when and where horses should be brought for examination. A shamiána, or large tent, or shed, to afford shade to the Committee, within a temporary rail enclosure, should be erected to allow of the members to carefully examine the stock. The public should not be permitted to enter the enclosure during the Committee's proceedings.

X.—Prizes will be awarded on the day appointed by the President of the Judging Committee.

XI.—A certificate (parwána) will be given to each winner, whether he takes his prizes in money, khillat, or medal, as he may think best.

XII.—One or more of the District Officers of each district represented, and the Assistant Superintendent, Horse-breeding Operations, will act as Judges of the Committee.

XIII.—Discretion is to be used by the Judging Committee in awarding only a portion of prizes to any class if the stock of that class be not considered worthy of all prizes noted, and the money not awarded may be devoted to the giving of extra prizes in other classes deemed by the Judging Committee as worthy of them, as it is the desire of Government to award the total sum granted, provided any of the classes of stock competing are in *any way* worthy of it.

XIV.—The system of marks will be adopted as follows :—

For Mares.		*All other stock.*	
Soundness ...	... 25	Soundness ...	... 25
Power ...	... 25	Power ...	... 25
Quality ...	... 25	Quality ...	... 25
Produce at foot ...	... 25	Action ...	... 25
Total ...	... 100	Total ...	... 100
If no produce, the total	... 75		

Marks for "action" have not been accorded to mares, as some competing may be too heavy in foal to allow of their action being shown. The Judging Committees are requested to be good enough to attach a return to their reports showing the number of the several marks allotted to winners of prizes.

NOTE 1.—To enable a horse to become eligible to compete in the "Gelding" class, both testicles must have been excised.

2. The prizes allotted to the "Gelding" class are to be invariably awarded to the best competing, irrespective of their worth in other respects. Prizes in this class are to be awarded only to stock that have been castrated when in possession of their present owners, *bonâ-fide* horse-breeders, and provided the Judging Committee are satisfied the animals have been castrated with a view of competing for the prizes.

3. In the North-Western Provinces, approved mares and fillies were up to the year 1877 branded V. R.; since that time they have been branded V. I. In the Punjab, approved mares and fillies were up to the year 1885, branded B. M.; since that time they have also been branded V. I. The brand will be found either on the off or near shoulder, or on the saddle place.

F.

RULES

FOR THE

Guidance of Judging Committees of Metropolitan Horse Fairs.

I.—Only *bonâ fide* horse-breeders and dealers will be allowed to compete for the above prizes. The stewards will decide as to the eligibility of competitors.

II.—Fillies, under 4 years of age, in foal, or with foal at foot, will not be eligible to compete.

III.—Mares proved to be barren, *i. e.*, mares that have not held to coverings for the last two years will not be eligible to compete.

IV.—Geldings may also compete "in Class IV Remounts," if purchased at the fair for Government, Army and Police purposes, and in "Class V Yearlings" (Colts).

V.—Government horses will not compete, nor will Government claim the right of purchasing any stock exhibited.

VI.—Intending exhibitors should, on arrival at the fair, apply to the Secretary of the Judging Committee for a ticket or tickets, as the case may be, stating the class in which they propose to compete.

VII.—Each ticket will be worn by the animal as a token of the right to compete, and of the seller's right to the prize, if sale is effected before the awards are made. By careful attention to this rule the owners will be secured against losing the chance of a prize.

VIII.—When the tickets are given, the Secretary will name the date, hour and place at the fair when and where horses should be brought for examination. A shaminna, or large tent, or shed, to afford shade to the Committee, within a temporary rail enclosure, should be erected to allow of the members to carefully examine the stock. The public should not be permitted to enter the enclosure during the Committee's proceedings.

IX.—Prizes will be awarded the day before the bathing day, where one is appointed.

X.—A certificate (parwana) will be given to each winner, whether he takes his prizes in money, khillat, or medal, as he may think best.

XI.—Honorary certificates will be awarded to exhibitors who are not *bonâ fide* horse-breeders, and dealers and who may show superior animals. On the certificate may be noted the prize and money value that would have been awarded to the animal, had the owner been a *bonâ fide* horse-breeder or dealer.

XII.—A Committee of experienced officers, appointed by the Local Government, will act as Judges. The Assistant Superintendent, Horse-Breeding Operations will attend the Committee as member and Veterinary Adviser. In his unavoidable absence, the services of a Veterinary Officer will be provided under the orders of the Government of India.

XIII.—Discretion is to be used by the Judging Committee in awarding only a portion of prizes to any class, if the stock of that class be not considered worthy of all prizes noted ; and the money not awarded may be devoted to the giving of extra prizes in other classes deemed, by the Judging Committee, as worthy of them ; as it is the desire of Government to award the total sum granted, provided any of the classes of stock competing are in any way worthy of it.

XIV.—The system of marks will be adopted as follows :—

Commissariat Notice—No. 37.

SEALED tenders will be received by the Executive Commissariat Officer, Meean Meer, up to noon of 10th March 1887, and then and there opened for the supply to the Western Circle, Bengal Commissariat, of Country-manufactured Cotton Cloth for Barrack and Hospital Mattresses and Pillow-cases for—

(1) one year, from 1st April 1887 to 31st March 1888, or for

(2) five years, from 1st April 1887 to 31st March 1892.

The station of supply and estimated quantities to be delivered are as noted below.

2. Covers to be superscribed "Tender for the supply of Country-manufactured Cotton Cloth."

3. Deliveries will be taken annually in three equal instalments, on 1st July, 1st October, and 1st January.

4. A sample of the cloth to be supplied can be inspected at, or had for inspection from, the Commissariat Office at Meean Meer, together with a form of tender. Tenders will be received only in the form obtainable from this office, and no additions or alterations must be made in it.

5. The cloth to be supplied is to be in every respect (weight, texture, &c.) equal to the Commissariat sample, and acceptance of supplies will be subject to approval of the Commissariat Officer, and, if necessary, of Committee. Deliveries must be made in pieces of 29¾ yards in length, 39 inches wide, for Barracks, and 34⅝ yards in length, 43 inches wide, for Hospitals.

6. Each tender to be accompanied, as earnest-money, by a Government Promissory Note, duly endorsed to the Executive Commissariat Officer, Stock, Note or by a Treasury receipt* for an amount equal to 2½ per cent of the value at the tendered rate of one year's supply of the quantity tendered for; but the earnest-money of any one tender need not exceed Rs. 300. Earnest-money will be forfeited if the tenderer withdraws from his tender. Tender without earnest-money will not be attended to.

* Treasury receipt may be for currency notes or cash.

7. Security for the performance of the contract will be required at 20 per cent. on the aggregate value at the tendered rate of one year's supply of cloth tendered for, but not to exceed a maximum of Rs. 2,500. In lieu of cash or Government loan paper, a deposit receipt of a sound bank, or a bond for double the amount executed by a well-known and respectable firm, will, at the option of Government, be accepted as security for the contract.

8. Commissary-General-in-Chief to have the power to accept a tender in whole or in part, or to reject a tender without assigning cause for so doing.

Commissariat Notice—No. 44.

SEALED tenders for the supply of the undermentioned articles for the Umballa Commissariat Division, which comprises the stations noted in the margin, from date of commencement to 30th June 1887, will be received by the Executive Commissariat Officer at Umballa up to noon on the 12th March 1887, and opened by him then and there in the presence of all parties who may choose to attend.

Umballa,
Jullundur.
Bhagsoo.

2. No tenders will be received except on forms obtainable from the Commissariat Office, Umballa, which, as well as any information required regarding the contract, will be given on application to the Executive Commissariat Officer, Umballa, up to 1 o'clock P.M. on the 9th March 1887.

3. Seals of tenderers (unable to write) will not be accepted; they should have their marks verified by witnesses.

4. Covers to be superscribed—"Tender for Gram, 2nd sort, &c."

5. The tender may be in part or for the whole requirement, and the Executive Commissariat Officer reserves to himself the right to accept the tender in whole or in part; but in the event of his accepting in part only and the tenderer failing to take up the contract, the whole earnest deposit will be confiscated.

6. Tender for each article and description of article will be separately accepted or rejected, and separate Treasury Receipt for earnest-money will be required for each. Tenders without earnest-money will not be attended to.

7. Any octroi duty paid on the supplies will be refunded to the contractors.

8. Samples of the articles required to be supplied are to be seen at Umballa and Jullundur Godowns, and every facility will be afforded to tenderers to see them before they tender.

9. Only one rate for the Division is to be tendered, and not a separate rate for each station.

10. Men suspected of having no intention of tendering may be required to produce Treasury Receipts, Government Promissory or Stock Notes for earnest-money before tender forms are issued to them.

FINANCIAL COMMISSIONER'S OFFICE.

CIRCULAR MEMO. No. 11 OF 1887.

(No. 1483.)

FINANCIAL COMMISSIONER'S OFFICE,

Dated Lahore, the 14th March 1887.

To

ALL COMMISSIONERS AND DEPUTY COMMISSIONERS IN THE PUNJAB.

Returns and Forms.

Instructions for preparation of Excise Report for 1886-87.

THE Financial Commissioner will not require detailed Excise Reports for the year 1886-87. Deputy Commissioners are requested to furnish short reports noticing very briefly the causes of fluctuation of the excise revenue, and the points noticed in Circular No. 20 of 1885. Some mention should also be made of the following points :—

(1). The effect of the prohibition to import Malwa opium.

(2). The prices realised by the sale of the opium supplied from the Government Factory, Gházipur, and whether it is appreciated by the people or otherwise.

(3). Whether the orders prohibiting the importation of Malwa opium have resulted in an extension of poppy cultivation or not.

(4). The extent to which the smuggling of opium from Native States is believed to exist.

(5). The district reports of Delhi and Lahore should contain some notice of the effect of the prohibition to license shops for the smoking of Madak and Chandu.

2. The Financial Commissioner hopes that the reports and statements accompanying them will all be submitted by the prescribed date.

By order, &c.,

H. C. COOKSON,

Offg. Junior Secretary to Financial Commissioner, Punjab.

NOTIFICATIONS.

The 10th March 1887.

No. 33.—*Leave.*—Arjan Lál, Tahsíldár of the Sámpla Tahsíl, Rohtak District, is granted 12 days' privilege leave, with effect from 18th April 1887, or such subsequent date as he may avail himself of the same.

No. 34.—*Appointment.*—Piári Lál, Náib-Tahsíldár of the Sámpla Tahsíl, in the Rohtak District, is appointed to officiate as Tahsíldár of the same place, *vice* Arjan Lál, Tahsíldár, granted 12 days' privilege leave.

RULES

FOR THE

Guidance of Judging Committees of District Horse Shows.

I.—Only *bonâ-fide* horse-breeders of the districts named will be allowed to compete for the above prizes. The Judging Committee will decide as to the eligibility of competitors.

II.—A branded mare of 4 years of age, in foal or with foal at foot, the result of having been covered before 4 years of age, will not be eligible to compete.

III.—Branded mares proved to be barren, *i. e.*, mares that have not held to Government stallions for the last two years, will not be eligible to compete.

IV.—No mares or stock will be allowed to compete as "served by Government stallions" or "got by Government stallions" unless a certificate to that effect is produced by the exhibitor. These certificates are obtainable from officers in charge of stallions.

V.—Branded fillies (Class II) if out of branded mares by Government stallions may also compete in "Class III, Fillies."

VI.—Geldings (Class VI) if out of branded mares by Government stallions may also compete in "Class V, Yearlings" (Colts) and in "Class IV, Remounts," if *purchased* at the show for Government, Army and Police purposes.

VII.—Intending exhibitors should, on arrival at the show, apply to the Secretary of the Judging Committee for a ticket or tickets, as the case may be, stating the class in which they propose to compete.

VIII.—Each ticket will be worn by the animal as a token of the right to compete.

IX.—When the tickets are given, the Secretary will name the date, hour and place at the show, when and where horses should be brought for examination. A shamiána, or large tent, or shed, to afford shade to the Committee, within a temporary rail enclosure, should be erected to allow of the members to carefully examine the stock. The public should not be permitted to enter the enclosure during the Committee's proceedings.

X.—Prizes will be awarded on the day appointed by the President of the Judging Committee.

XI.—A certificate (parwána) will be given to each winner, whether he takes his prizes in money, khillat, or medal, as he may think best.

XII.—One or more of the District Officers of each district represented, and the Assistant Superintendent, Horse-breeding Operations, will act as Judges of the Committee.

XIII.—Discretion is to be used by the Judging Committee in awarding only a portion of prizes to any class if the stock of that class be not considered worthy of all prizes noted, and the money not awarded may be devoted to the giving of extra prizes in other classes deemed by the Judging Committee as worthy of them, as it is the desire of Government to award the total sum granted, provided any of the classes of stock competing are in *any way* worthy of it.

XIV.—The system of marks will be adopted as follows :—

For Mares.		*All other stock.*	
Soundness ...	... 25	Soundness ...	... 25
Power ...	... 25	Power ...	... 25
Quality ...	... 25	Quality ...	... 25
Produce at foot ...	... 25	Action ...	... 25
Total ...	... 100	Total	... 100
If no produce, the total	... 75		

Marks for "action" have not been accorded to mares, as some competing may be too heavy in foal to allow of their action being shown. The Judging Committees are requested to be good enough to attach a return to their reports showing the number of the several marks allotted to winners of prizes.

NOTE 1.—To enable a horse to become eligible to compete in the "Gelding" class, both testicles must have been excised.

2. The prizes allotted to the "Gelding" class are to be invariably awarded to the best competing, irrespective of their worth in other respects. Prizes in this class are to be awarded only to stock that have been castrated when in possession of their present owners, *bonâ-fide* horse-breeders, and provided the Judging Committee are satisfied the animals have been castrated with a view of competing for the prizes.

3. In the North-Western Provinces, approved mares and fillies were up to the year 1877 branded V. R.; since that time they have been branded V. I. In the Punjab, approved mares and fillies were up to the year 1885, branded B. M.; since that time they have also been branded V. I. The brand will be found either on the off or near shoulder, or on the saddle place.

F.

RULES

FOR THE

Guidance of Judging Committees of Metropolitan Horse Fairs.

I.—Only *bonâ fide* horse-breeders and dealers will be allowed to compete for the above prizes. The stewards will decide as to the eligibility of competitors.

II.—Fillies, under 4 years of age, in foal, or with foal at foot, will not be eligible to compete.

III.—Mares proved to be barren, *i. e.*, mares that have not held to coverings for the last two years will not be eligible to compete.

IV.—Geldings may also compete "in Class IV Remounts," if purchased at the fair for Government, Army and Police purposes, and in "Class V Yearlings" (Colts).

V.—Government horses will not compete, nor will Government claim the right of purchasing any stock exhibited.

VI.—Intending exhibitors should, on arrival at the fair, apply to the Secretary of the Judging Committee for a ticket or tickets, as the case may be, stating the class in which they propose to compete.

VII.—Each ticket will be worn by the animal as a token of the right to compete, and of the seller's right to the prize, if sale is effected before the awards are made. By careful attention to this rule the owners will be secured against losing the chance of a prize.

VIII.—When the tickets are given, the Secretary will name the date, hour and place at the fair when and where horses should be brought for examination. A shamiana, or large tent, or shed, to afford shade to the Committee, within a temporary rail enclosure, should be erected to allow of the members to carefully examine the stock. The public should not be permitted to enter the enclosure during the Committee's proceedings.

IX.—Prizes will be awarded the day before the bathing day, where one is appointed.

X.—A certificate (parwana) will be given to each winner, whether he takes his prizes in money, khillat, or medal, as he may think best.

XI.—Honorary certificates will be awarded to exhibitors who are not *bonâ fide* horse-breeders, and dealers and who may show superior animals. On the certificate may be noted the prize and money value that would have been awarded to the animal, had the owner been a *bonâ fide* horse-breeder or dealer.

XII.—A Committee of experienced officers, appointed by the Local Government, will act as Judges. The Assistant Superintendent, Horse-Breeding Operations will attend the Committee as member and Veterinary Adviser. In his unavoidable absence, the services of a Veterinary Officer will be provided under the orders of the Government of India.

XIII.—Discretion is to be used by the Judging Committee in awarding only a portion of prizes to any class, if the stock of that class be not considered worthy of all prizes noted ; and the money not awarded may be devoted to the giving of extra prizes in other classes deemed, by the Judging Committee, as worthy of them ; as it is the desire of Government to award the total sum granted, provided any of the classes of stock competing are in any way worthy of it.

XIV.—The system of marks will be adopted as follows :—

CHIEF COURT.

BOOK CIRCULAR No. II—1199.

FROM

LOUIS W. DANE, ESQUIRE,

Offg. Registrar, Chief Court, Punjab,

To

ALL CIVIL COURTS IN THE PUNJAB.

Dated Lahore, 23rd March 1887.

A CASE has recently come to the notice of the Judges in which a Civil Court, on the application of a decree-holder for execution of a decree, whereby the defendant was ordered to remove a building, itself ordered and caused the removal of the building by its own officers.

2. As proceedings of this kind may cause irremediable injury, the Judges think it desirable to point out that Section 260 of the Civil Procedure Code provides for the execution of decrees enjoining a party to a suit to perform a particular act.

3. That section does not authorize the Civil Courts under any circumstances whatever to cause the act to be performed, not even upon the wilful failure of the party to obey the injunction.

4. Such a decree can be legally enforced only in the manner prescribed in that section, namely, by imprisonment of the disobedient party or by attachment of his property, or by both, and can be so enforced only after he has had an opportunity of obeying the injunction and has wilfully failed to obey it.

By order, &c.,

LOUIS W. DANE,

(Translated.) *Offg. Registrar, Chief Court, Punjab.*

BOOK CIRCULAR No. III—1217.

FROM

LOUIS W. DANE, ESQUIRE,
Offg. Registrar, Chief Court, Punjab,

To

ALL DIVISIONAL AND SESSIONS JUDGES, DISTRICT MAGISTRATES AND DISTRICT JUDGES IN THE PUNJAB.

Dated Lahore, 24th March 1887.

Two instances have recently been brought to the notice of the Court in which the disposal of Civil business has been impeded by the action of District Magistrates in transferring several Criminal cases of an urgent character to the District Judge in his capacity of Magistrate.

2. As considerable mischief may result before the Court or Government can intervene if similar action should be taken by other District Magistrates, the Judges avail themselves of this opportunity to point out that, as a District Judge is in the first instance, and especially in the larger districts, a Civil Judicial Officer, the District Magistrate should be careful not to paralyse his action as a Civil Judge by the sudden imposition of an undue burden of Criminal work.

3. The annexed extract from a recent letter of the Government of India clearly explains the manner in which, and the extent to which, the services of a District Judge can be utilized for duties other than the disposal of Civil Judicial work, and is herewith circulated for information.

4. The foregoing instructions are issued with the approval of the Local Government.

By order, &c.,
LOUIS W. DANE,
Offg. Registrar.

Extract para. 4 of a letter No. 807, dated Simla, 17th June 1886.

From—The Officiating Secretary to the Government of India, Home Department,
To—The Secretary to Government, Punjab.

The Governor-General in Council also concurs with Sir Charles Aitchison in the view expressed in paragraph 2 of your letter, that a fair proportion of Criminal work should be allotted to District and Subordinate Judges; and His Excellency in Council trusts that full effect will be given to the instructions embodied in the Circular issued by the Punjab Government in July 1885, which require that District Judges should take a due share in the ordinary work of administration whenever their strictly judicial duties are insufficient to fully occupy their time. In a Province situated as is the Punjab, and in which complete separation of judicial from executive functions cannot be carried out for financial and other reasons, the services of Judicial Officers in the position of District Judges may, in the opinion of the Government of India, unobjectionably be utilized in administrative work, provided that the proper performance of their judicial duties is not prejudicially affected thereby.

NOTIFICATIONS.

FINANCIAL COMMISSIONER'S OFFICE.

CIRCULAR No. 11 OF 1887.

FINANCIAL COMMISSIONER'S OFFICE,

(No. 1915.)

Dated Lahore, 4th April 1887.

Advances.

Rules for the grant of loans under the Land Improvement Loans Act, XIX of 1883.

UNDER the provisions of Punjab Government Notification No. 166 S. of the 2nd June 1885, Act XIX of 1883 (The Land Improvement Loans Act) has come into force in the Punjab with effect from the 1st June 1885. In accordance with Section 2 of this Act the former Acts, XXVI of 1871 and XXI of 1876, are repealed from the same date, except as regards the recovery of advances previously made, and of costs incurred by Government in respect of such advances.

2. The rules framed by the Punjab Government to regulate the grant of loans under Act XIX of 1883 were issued along with Notification No. 167 S. of 2nd June 1885, and are republished for convenience of reference as Appendix I of this Circular. The new rules do not vary essentially from the old ones, but they contain a good many alterations in matters of form and detail which will require careful attention. A few of the points which appear to the Financial Commissioner to be most important are noticed below.

Distribution of allotment for loans.

3. The Financial Commissioner will inform Commissioners what amount will be placed at their disposal for loans under the Act before the commencement of each financial year. Each Commissioner will distribute the sum allotted between the districts of his division at his discretion, and he will have the power of transferring the sums assigned to the various districts from one to another, but expenditure in the division must be kept within the amount assigned. If an additional grant is required for the division it should be at once applied for. The Financial Commissioner will, if necessary, transfer allotments from one division to another.

Date of payment of first instalment.

4. Under rule 6 the date of the first instalment in repayment of a loan may be fixed for any day within five years from the date of the loan. This is a great relaxation of the former rule, which required the first instalment of repayment to be made within six months after the loan was taken up. The new rule on this subject must, however, be worked with discretion. It is not desirable that borrowers should be exempted from repayment longer than is necessary to enable them to use the borrowed money to create resources from which the repayments may be met. It will therefore be necessary, in fixing the date of the first instalment of repayment, to have regard to the time when a return may be reasonably expected from the capital expended. In the case of masonry wells, which are the most common form of improvement, the Financial Commissioner considers that the first instalment in repayment of the loan should not ordinarily be made payable before two years after the loan has been completely taken up. In regard to other forms of improvement it is impossible to lay down any general or definite rule. Officers will, of course, use their discretion according to the circumstances of the case. But the general principles subject to which this discretion should be exercised are those which have been indicated above.

Period within which repayment should be made.

5. In rule 7 the ordinary maximum period within which a loan must be repaid is fixed at 20 years, but in special cases this period may, with the sanction of the Financial Commissioner, be extended to the full limit of thirty-five years allowed by Section 6 of the Act. The actual period for repayment, however, in each particular case is, subject to this maximum, left to the discretion of the local officer. In deciding upon questions of this nature, the first thing to be considered is the reasonable wishes of the borrower. If the security is good there is no paramount reason for increasing or curtailing the period of repayment against an expressed desire of the borrower for which he can give good reasons. In ordinary cases the matters to be weighed in fixing the period over which repayment will extend are the cost and durability of the improvement made, the necessary expense of maintenance, the amount and rate of the probable profits on the venture, and the period from which these profits will commence to accrue. In all cases the debtor should have the power to repay the whole amount due from him *whenever he may desire to do so*, and thus put an end to the whole transaction. In view of these remarks Commissioners should now proceed to consider the circumstances of each district in their divisions, and should report to the Financial Commissioner the maximum period which in their opinion should be fixed for the repayment of loans made to carry out improvements of each of the main classes, such as canals, water-cuts, wells, tanks, "bands," and the like. The Financial Commissioner will then fix for each district a maximum term of repayment for loans made for each class of improvement; subject to the maxima thus fixed, the period of repayment in each case will be left absolutely to the discretion of the Deputy Commissioner to determine.

6. Some further instructions on the matters dealt with in paragraphs 4 and 5 of this Circular will be found in the Circular No. 12 now issuing on the subject of the accounts of these loans. Paragraphs 2 and 3 of that Circular explain how interest will be calculated, and draw attention to the manner in which unnecessarily long periods of repayment will burden the borrower with interest.

7. It has been decided that interest will in all cases run from the date of the loan.

Inspection of works for which loans are granted.

8. The attention of all District Officers is drawn to the necessity for the systematic inspection of all works in progress. Rule 30 of the old rules, which is reprinted below, will serve as a useful guide to Deputy Commissioners :—

"All works for which advances are made in a lump sum shall be inspected and reported on as soon as possible after the date on which their completion was directed in the certificate. All works for which advances are made by instalments shall be inspected and reported on before each instalment subsequent to the first is paid. In the case of all such works no instalment subsequent to the first shall be paid unless the Collector is satisfied that the loan is being properly applied."

Officers going into camp should take with them a list of all uncompleted works for which a loan has been granted in the part of the district which they intend to visit, and should on the completion of their tours make a brief report of the state of progress of each work for the information of the Deputy Commissioner.

Suspension and remission.

9. By rule 14 payment of instalments may be suspended, when necessary, by the Deputy Commissioner, subject to a report to the Commissioner. Remission will only be granted in very exceptional cases. When it is proposed to remit the repayment of any portion of a loan, a full report should be submitted by the Deputy Commissioner through the Commissioner to this office. A form of report for use either in cases of suspension or remission is appended to the Circular now issuing on the subject of the accounts of these loans.

Exemption of applications for loans from stamp duty.

10. Under the provisions of the Notification of the Government of India, No. 1138, dated the 29th May 1885 (Appendix II), applications for loans under Act XIX of 1883 are exempt from stamp duty.

Registration of orders granting loans and instruments of collateral security.

11. By Section 17, clause (*l*), of the Indian Registration Act, 1877, certificates and instruments of collateral security under the Land Improvement Act are exempted from ordinary registration, but by Section 89 every officer granting a certificate is required to send a copy of it to be filed in the Registration Office. By article 12 of Schedule II annexed to Act I of 1879, instruments executed by persons taking advances under the Land Improvement Act, 1871, or by their sureties, as security for the repayment of such advances, are exempted from stamp duty. By Section 2 of Act XIX of 1883, these provisions of the Registration Act and of the Stamp Act are extended to orders granting loans and to instruments executed under Act XIX of 1883.

Exemption from stamp duty of instruments executed under the Act.

Persons to whom loans should not be made.

12. Loans should not ordinarily be made—

(1) to a land-owner who is in arrears for land revenue, or for any loan under this Act or Act XXVI of 1871; or

(2) to a tenant who is in arrears for rent or for any loan under either of the above-mentioned Acts.

Accounts and returns.

13. With reference to rule 16, the Financial Commissioner to-day issues a separate Circular prescribing the accounts, registers and returns which will be kept in connection with these loans.

14. The following Circulars are hereby superseded:—

APPENDIX I.

Notification of the Government of the Punjab, in the Department of Revenue and Agriculture, No. 167 S., dated the 2nd June 1885.

In exercise of the powers conferred upon him by Section 10 of the Land Improvement Loans Act (Act XIX of 1883), the Hon'ble the Lieutenant-Governor, with the previous sanction of the Governor-General in Council, is pleased to make the following rules providing for the grant of loans under the said Act:—

1. Subject to the provisions of these rules, and within the limits of the funds allotted to them for the purpose, Deputy Commissioners may grant loans not exceeding Rs. 1,000 for any one improvement as defined in Section 4 of the Act. Loans exceeding Rs. 1,000 for any one work require the sanction of the Commissioner, and exceeding Rs. 5,000, the sanction of the Financial Commissioner. In such cases the Commissioner or Financial Commissioner may call for such detailed plans and estimates, or for such professional opinion on the project, as may seem necessary.

2. Applications for loans may be presented to any Revenue Officer of, or above, the rank of a Tahsíldár.

3. The application shall, if in writing, be made as nearly as possible in Form A. hereto annexed. If an oral application be made, the officer to whom it is made shall cause it to be recorded in the prescribed form.

4. The officer entertaining the application shall either make an enquiry himself, or shall cause one to be made by a Revenue Officer not below the rank of a Náib-Tahsíldár, for the purpose of ascertaining the particulars mentioned on the reverse of Form A.

5. (*a*). When the applicant's interest in the land to be improved is sufficient to cover the loan, no collateral security need be required.

(*b*). When a loan is made to the members of a village community who bind themselves jointly and severally as provided in Section 9 of the Act, the personal security of the applicants may be accepted.

(*c*). In all cases not covered by clause (*a*) or clause (*b*) of this rule, collateral security shall be required, but moveable property shall rarely be accepted as such security.

6. The date for payment of the first instalment shall not exceed five years from the date of the actual advance of the loan, or, when the loan is advanced in instalments, from the actual advance of the last instalment, and shall be fixed with reference to the time when the improvement will begin to yield a return.

7. The date of payment of the last instalment shall not ordinarily exceed twenty years from the date of the loan, the amount of the instalments being fixed with reference to the annual profit expected to accrue from the improvement. In special cases the period for repayment may be extended with the sanction of the Financial Commissioner to 35 years.

8. If the Local Government has prescribed tables consolidating principal and interest in instalments, the repayment of the loan may be arranged in accordance with these tables. If instalments of principal alone are fixed, they may be so arranged as to increase approximately in proportion as the charge for interest decreases, provided that the borrower shall be at liberty at any time to pay off the balance of the loan with interest up to date of payment.

9. No loan shall be made unless the enquiry made under rule 4 has shown that the conditions of clause (1), Section 4, of the Act are fulfilled, and that the security offered is good and sufficient.

10. An order granting a loan shall be in Form B. hereto annexed, and shall be signed by the applicant in token that he understands and agrees to the conditions contained therein. When the sureties (if any) whom the applicant is required to furnish give personal security only, the bond to be executed by them shall be in Form C. hereto annexed. When immoveable property is required to be given as collateral security, the security bond shall be in Form D. hereto annexed.

11. A copy of the order shall be given to the applicant, and payment of the loan, or, where the loan is advanced in instalments, of each instalment of the loan, shall be made at the tahsíl on its presentation.

12. (*a*). The rate of interest shall be one anna in the rupee, or 6¼ per cent. per annum.

(*b*). But the Local Government may, for special reasons, and on special application through the Financial Commissioner, sanction a loan at a lower rate of interest, or without interest.

(*c*). If an instalment of principal, or of interest, *or of consolidated principal and interest* is not paid when it falls due, the Deputy Commissioner may, if he thinks fit, charge interest on it at any rate not exceeding 6¼ per cent. per annum from the date of its falling due to the date of payment.

13. The dates for payment of instalments shall usually be the dates fixed for payment of the land revenue.

14. Instalments may be suspended by order, and at the discretion of the Deputy Commissioner, on proof of failure of crops or other exceptional calamity. The Deputy Commissioner shall report the suspension to the Commissioner, who shall pass such orders on the case as shall seem proper.

15. When any portion of a loan made under these rules is found to be irrecoverable, or *when from any special cause it appears that the loan ought not to be recovered*, special report shall be made to the Financial Commissioner, who shall have power to direct the remission of the same.

16. The Financial Commissioner shall regulate the forms of all returns, registers and accounts relating to loans under the Act.

CIRCULAR No. 12.

FINANCIAL COMMISSIONER'S OFFICE,

(No. 1916.)

Dated Lahore, 4th April 1887.

To

ALL DEPUTY COMMISSIONERS IN THE PUNJAB.

Advances.

Instructions concerning Registers, Accounts and Returns to be kept and submitted in connection with loans under Act XIX of 1883 and Act XII of 1884.

RULES and instructions for the grant of advances under—

(i) the Land Improvement Loans Act, XIX of 1883, and

(ii) the Agriculturists' Loans Act, XII of 1884,

have been issued by the Punjab Government, and in the Circulars of this office, No. 45 of 1886 and No. 11 of 1887. In accordance with the last paragraph of the Government's rules on each of these subjects the Financial Commissioner now issues the following instructions concerning the registers, accounts and returns to be kept and submitted by Revenue Officers in connection with these advances.

2. The new rules allow a wider discretion than has hitherto been customary in respect both of the interval after which repayment of a loan will commence, and of the term allowed for repayment.

These changes necessarily make the correct calculation of the interest due on these loans a less simple matter than it was before. But the Financial Commissioner thinks that some trouble will be saved, and no real inconvenience be caused to borrowers, if the following rules and restrictions are usually kept in view :—

(I). All loans, not being loans for seed or cattle, if of a smaller amount than Rs. 100, should be fixed at some sum which is a multiple of 5, and all loans exceeding Rs. 100 should be fixed at some sum which is a multiple of Rs. 20.

(II). No interest need be charged on a small loan which is repaid within a year.

(III). In all other cases interest should be reckoned as if the loan commenced from the sowing of the harvest next succeeding the date of the order of grant, each harvest being counted as half a year.

---

* To be used when the borrower alone gives collateral security.

† To be used when the borrower alone and his sureties all give collateral security.

‡ To be used when the collateral security is given by sureties only.

(IV). The rule quoted in the margin directs that loans for seed shall ordinarily be repaid from the crop produced by the seed, and loans for purchase of plough cattle within two years. In all other cases repayment of loans should usually commence at the 5th, 7th, or 9th harvest next succeeding the date of the order of grant, as its circumstances may require. Before deciding to defer to a later date the commencement of repayments in any case, the Deputy Commissioner should consider carefully, in consultation with the borrower, the effect of accumulations of interest, if repayment is long delayed.

Rule 6 of Rules issued by the Local Government under Act XII of 1884.

Rule 6 of Rules issued by the Local Government under Act XIX of 1883.

(V). Similarly, excepting loans for seed and cattle, the instalments for repayment should ordinarily be fixed at about one-eighth, one-twelfth, or one-sixteenth of the original loan, as the circumstances of the case may require. If a borrower desires to repay the loan in smaller instalments, the Deputy Commissioner should consider the matter carefully before acceding to the request. It should be his object in each case to give the borrower liberal terms; but the terms allowed should be such as a prudent borrower would desire in his own interest, and the longest term allowed by the rules should not be granted as a matter of course.

Rule 7 of Rules issued by the Local Government under Act XIX of 1883 and Rule 6 under Act XII of 1884.

(VI). The instalment due at each harvest should be made payable on the date fixed for the payment of the first land revenue instalment of that harvest.

3. The great discretion allowed by the new rules to which reference is made in the last foregoing paragraph makes the preparation of interest and instalment tables a matter of difficulty. A complete set of tables, if prepared, would be very numerous, and many of them would never be used. The Financial Commissioner has therefore judged it best to append to this circular an exemplar, showing how interest and instalments should be calculated on a loan of Rs. 100. Before a Deputy Commissioner issues an order granting a loan, a table of interest and instalments should be drawn out in this form and be checked by the Sadr Wásil Báki Navís or by the Superintendent of the Vernacular Office. Particular attention is requested to the rules stated at the head of the table. The entries of dates and instalments to be made in paragraph 2 (*a*) of the order of grant will be copied from columns 1 and 5 of the list thus prepared. An examination of the exemplar table will lend weight to the remarks made in paragraph 2 (V) above. The table shows that if a loan is cleared in eight years from date of grant the borrower will have paid a total sum in interest equal to one-third of the loan; if the loan is not repaid in twelve years the interest charges rise to nearly two-thirds of the loan; and if the borrower avails himself of the full term of 20 years he will pay in interest a sum nearly equal to the loan itself. The Financial Commissioner feels sure that Deputy Commissioners will share his wish that, whenever possible, the repayment of a loan shall be so arranged that the interest shall not much exceed half the sum borrowed.

Appendix No. I.

Form B of rules under Act XIX of 1883.

4. The Deputy Commissioner will keep the accounts and registers, and submit the returns hereinafter described.

(*a*) *Register of applications*, in Form 2 appended. There will only be one register for applications under both Acts.

Appendix 2. Register of applications.

(*b*) *Ledger of Loans*. When a loan has been granted, the Deputy Commissioner will inform the Tahsíldár, sending to him a copy of the list of interest and instalments prepared pursuant to paragraph 3 of this circular. The Tahsíldár will thereon open a ledger (khatauni) in the form given in Appendix 3. The volume which contains these ledgers should be divided into two parts (A and B). Part A should contain all the loans for improvement of land (Act XIX of 1883), and Part B the loans to agriculturists (Act XII of 1884). The ledgers in each part should be numbered in a separate series.

Appendix 3. Ledger of each loan (khatauni).

(*c*) The Tahsíldár will at the same time enter in another register (Appendix 4) each instalment under the date on which it will fall due.

Appendix 4. Record of dates of instalments (kistbandi).

(*d*) On the last working day of each month the Deputy Commissioner will forward to the Commissioner a list (Appendix 5) of all advances ordered by him during the month. These lists will be forwarded by the Commissioner promptly to this office, being required to keep the Financial Commissioner informed of the extent to which the grant of each year is being utilized.

Appendix 5. Check on utilization of each year's grant.

(*e*) The Tahsíldár will submit to the Deputy Commissioner a monthly list of collections (Appendix 6). This list (like Appendix 3) will be in two parts; (A) the collections on account of (A) Land Improvement Loans will be entered first, and then those (B) on account of loans to agriculturists.

Tahsíldár's monthly collection returns (Appendix 6).

(*f*) The Deputy Commissioner will submit to this office through the Commissioner at the end of each quarter and at the end of the year a return of disbursements, collections and outstandings in the form given in Appendix 7.

Deputy Commissioner's Quarterly and Annual Abstract Returns (Appendix 7).

5. A copy of books 3 and 4 will be kept by the District Revenue Accountant (Sadr Wásil Báki Navís) at district head-quarters. His copies will be written up in the last month (March) of each year. To this end, during the month of March, each Tahsíldár will send to district head-quarters his books 3 and 4. The District Revenue Accountant, when completing his copies, will ascertain that all collections have been duly credited to the ledger concerned. In March no advances should be made except under urgent necessity. The Tahsíl books should be kept at district head-quarters as short a time as possible, and should all have been returned by the 1st of April.

6. It will be observed that the accounts thus far described show all payments in lump sums without distinguishing between principal and interest. And it remains to explain how those portions of the instalments which consist of interest will be brought under their proper head in the treasury accounts. As soon as possible after the close of each financial year, the Accountant-General will forward to the Deputy Commissioner of each district in which any repayments of loans have occurred during the year a return in the form of Appendix 8 appended hereto. The Accountant-General will fill up only column 2 of this return (total repayments). And it will be for the Deputy Commissioner to enter in column 3 the portion of the repayments which consists of interest, and to send back the return so completed to the Accountant-General. That officer will then credit to Revenue the sums paid during the past year on account of interest, and direct the Treasury Officer to make an equivalent correction in the balance of the Loan Accounts. The correction will be made by adding to the balance due a sum equal to that credited to Revenue on account of interest. The Treasury Officer's plus and minus memorandum will not in future distinguish between Land Improvement Loans and other Loans.

Appendix 8.

7. The fact that it will be necessary to state in column 3 of Appendix 8 the interest collected during the year should be borne in mind by the District Revenue Accountant when he is copying and checking the ledger accounts, as prescribed in paragraph 5. It will be necessary for him to make out a list of all instalments paid during the year, and by reference to the instalment tables to ascertain how much of each instalment was on account of interest.

8. A form (Appendix 9) for use when reporting suspensions or when proposing remissions to the Commissioner will also be found among the returns appended.

Suspensions and remissions.

Rules 14 and 15 appended to Circular No. 11 of 1887, and Rule 9 appended to Circular 45 of 1886.

9. Returns and accounts due up to the 31st March 1887 will be submitted according to the orders previously in force. This circular will have effect from the 1st April 1887, and Deputy Commissioners are requested to bring the Loan Accounts of their districts into conformity with the requirements of this circular with effect from that date. In particular they should see that ledgers and kistbandis (Appendices 3 and 4) are duly prepared for all loans outstanding on the 1st April 1887. No attempt should be made to revise interest calculations made or instalments fixed for loans already granted, but in all other respects the provisions of this circular apply equally to loans hereafter to be made and to those now outstanding.

By order,

H. C. COOKSON,

Offg. Junior Secretary to Financial Commissioner, Punjab.

E.—Explanation of differences between the results shown in Part A and those shown in Parts B, C, and D.

[There should usually be no differences except the one below mentioned. But if any others are discovered the cause should be explained. The interest items will always cause some disagreement between the last entry in Part A and the last entry in Part D; *e.g.*, if in the year ending 31st March 1888 the sum collected as interest is Rs. 1,200, under paragraph 6 of the circular this will not be transferred to Revenue until after the end of the year. Consequently on the 31st March 1888 the total outstandings shown in Part D will exceed the last entry in Part A by Rs. 1,200.]

CIRCULAR No. 13 OF 1887.

FINANCIAL COMMISSIONER'S OFFICE,

(No. 1917.)

Dated Lahore, the 4th April 1887.

To

ALL COMMISSIONERS AND DEPUTY COMMISSIONERS IN THE PUNJAB.

Returns and Forms.

Quarterly Reports of cases in which opium has been smuggled.

THE Financial Commissioner, under the instructions of Government, invites the attention of Commissioners and Deputy Commissioners to the more punctual submission of the quarterly reports of cases in which opium has been smuggled into the Punjab from adjacent British Provinces or from Native States.

Finance Department No. 409, dated 19th April 1884.

2. The Resolution of the Government of India containing the latest orders on the subject is appended to this Circular. The reports hitherto submitted in compliance with these orders have not been forwarded with punctuality, and have often not stated all the particulars required.

3. Attention is also drawn to the necessity of reporting important cases at once, separately and in advance of the quarterly statement, together with the papers specified in paragraph 3 of the Government of India's Resolution.

4. The Punjab Government desire that, both for the quarterly statements and for important cases separately reported, the form of report appended to this Circular shall in future be used, and that these statements be in future submitted in duplicate. A few printed forms will be furnished at once to Deputy Commissioners, and further supplies should be indented for in the usual way.

RESOLUTION.

Dated Simla, the 19t April 1884.

READ AGAIN—

Letter from the Department of Finance and Commerce, No. 196, dated 13th April 1882.

Resolution, Department of Finance and Commerce, No. 3119, dated 12th August 1882.

RESOLUTION.—In supersession of that portion of the orders contained in the papers cited above, which require the submission to this Department of reports on cases of opium-smuggling from British territory and from Native States, the following procedure is prescribed for observance in future.

2. Petty cases of opium-smuggling in which convictions have been recorded should be reported to this Department in the form of a statement, to be submitted quarterly, showing the name of the accused, the place from which, and the manner in which, the opium was smuggled, as stated by the accused and by the informers (this information should be given briefly), the weight of the drug seized, and the amount of punishment awarded, with the name of the convicting Magistrate, and any remarks which the local authorities may desire to offer. Copies of the statements of the accused and of the witnesses need not be submitted in such cases.

3. In important cases it will be sufficient to forward, with a tabular statement in the same form as the quarterly statement of petty cases, a copy of the judgment or finding, with any special report which it may be deemed suitable to submit with reference to any facts of interest.

ORDER.—Ordered, that this Resolution be communicated to the several Local Governments and Administrations for information and guidance.

Ordered also, that copy of the Resolution be forwarded to the Foreign Department for information.

FINANCIAL COMMISSIONER'S OFFICE,

Dated Lahore, 4th April 1887.

Pay of Mission School teachers drawn from Mission Funds exempt from Income Tax.

IN continuation of Circular No. 2 of 12th February 1887, regarding the exemption of Mission salaries and Mission house property from Income Tax, a copy of Government letter No. 470 of 3rd March 1887, regarding the salaries of teachers in Mission Schools is herewith circulated for information and guidance, together with a copy of the letter from this office to which it replies.

By order, &c.,

H. C. COOKSON,

Offg. Junior Secretary to Financial Commissioner, Punjab.

No. 109, dated 4th February 1887.

From—H. C. COOKSON, Esquire, Offg. Junior Secretary to Financial Commissioner, Punjab,

To—The Secretary to Government, Punjab.

WITH reference to your letter No. 3374 of 6th December 1886, containing orders of the Hon'ble the Lieutenant-Governor on the question of Mission salaries and property, I am directed to forward for orders a reference from the Commissioner of Ráwalpindi, No. 24 of 18th January, regarding the liability to Income Tax of the salaries of teachers in Mission Schools, and to convey the following remarks of the Financial Commissioner on the subject.

2. The point now raised, though not exactly so stated by the Deputy Commissioner of Ráwalpindi, is whether salaries of teachers in Mission Schools (exceeding Rs. 41-10-8 a month) are liable to Income Tax, or whether they are on the same footing as the salaries of Missionaries.

Colonel Davies thinks that, as Mission Schools are not purely secular as Government Schools are, but form part of the religious machinery of the Mission maintained for the primary purpose of indirectly promulgating the Christian religion, they cannot be treated as purely educational institutions.

The teaching in Mission Schools is a religious object, and, as the principal workers, the Missionaries, are under the above orders exempt, the subordinate helpers, *i.e.*, the teachers, should be exempt too.

It is of course a great anomaly that Missions employ Hindu and Muhammadan teachers in their schools, but in so far as they are paid by the Mission they are Mission agents.

These schools are partly supported by Government grants-in-aid, and so much of the teachers' salaries as is paid from this source is, in the Financial Commissioner's opinion, liable to the tax.

The Government pays its grants-in-aid, as it were, for the secular, and not for the religious part of the teaching.

No. 470, dated 3rd March 1887.

From—A. MEREDITH, Esquire, Under-Secretary to Government, Punjab,
To—The Junior Secretary to Financial Commissioner, Punjab.

IN reply to your letter No. 109, dated the 4th February 1887, I am directed to say that the Lieutenant-Governor agrees with the Financial Commissioner on both the points referred, *viz*., that that part of the salary of teachers in Mission Schools which is drawn from Mission funds is exempt from liability to income tax, but that part which is paid from the Government grant-in-aid is liable to the tax; and I am to request that orders may be issued accordingly.

2. The enclosures of your letter are returned herewith.

Income of Missionary ladies not exempt from Income Tax.

WITH reference to paragraph 2 of the Financial Commissioner's Circular, No. 2 of 12th February 1887, the annexed order of the Government of India, ruling that the income of Missionary ladies is *not* exempt from income tax, is circulated for information and guidance.

By order, &c.,

H. C. COOKSON,

Offg. Junior Secretary to Financial Commissioner, Punjab.

(*Translated.*)

No. 3375, dated 6th December 1886.

From—The Offg. Junior Secretary to Government, Punjab,
To—The Secretary to the Government of India, Department of Finance and Commerce.

I AM directed to forward, for the favorable consideration of the Government of India, the annexed extract from a letter addressed by the Secretary, Church Missionary Society, to the Deputy Commissioner, Amritsar, regarding the exemption from income tax, under Act II of 1886, of the private incomes accruing in England, and remitted to India, of persons who have devoted themselves to religious work in India. These incomes pay income tax in England, but are not thereby exempted from income tax in India, as the terms of Section 3 (5) are very comprehensive, and the exemption prescribed in Section 5 (1) (*e*) does not apply.

2. It appears to the Lieutenant-Governor that, if such incomes are applied entirely to the necessities of the Missionaries and to Mission work, this would be a very sufficient reason for specially exempting them. This point could be distinctly accertained and certified in each case. His Honor would accordingly recommend that exemption should be permitted whenever it is established to the satisfaction of the Collector that the income in question is employed solely for the purposes above described.

No. 400, dated 27th January 1887.

From—The Secretary to the Government of India, Department of Finance and Commerce,
To—The Secretary to Government, Punjab.

I AM directed to acknowledge the receipt of your letter No. 3375, dated the 6th December 1886, in which you recommend that the private incomes accruing in England of Missionary ladies who have devoted themselves to religious work in India, and remitted to them in India, may be exempted from income tax, when it is established to the satisfaction of the Collector that the incomes are applied entirely to the necessities of the Missionary ladies and to Mission work.

2. In reply, I am to state that all income which the Missionary ladies receive in British India is liable to the tax under Act II of 1886, without reference to the manner in which it is expended. The Governor-General in Council therefore regrets that he is unable to make the exemption recommended.

Returns and Forms.

Instructions for the preparation of the Income Tax Report and Returns for 1886-87.

IN accordance with the instructions contained in paragraphs 19 and 20 of Government of India Resolution No. 593, dated 5th February 1886 (page 30 of the Income Tax Manual), returns in the Forms Nos. I to VI therein prescribed will have to be prepared for submission to the Government of India.

2. Return No. I showing Income Tax deduction from salaries, &c., paid by Government will be prepared by the Accountant-General for the Civil Department and by the Examiners of Accounts in the Public Works and Railway Departments, and will be incorporated in the Financial Commissioner's returns in totals for the Province, classified in the fifteen grades shown in the form. Deputy Commissioners will have no concern with this return.

3. Return No. II showing Income Tax on interest on securities will also be prepared, except as to columns 7 and 8, by the Accountant-General, without detail of districts; but in the few cases in which entries under columns 7 and 8 may be necessary in the district return to show the tax on municipal debenture interest, or on the interest on debentures of private companies received under Section 13 of the Act and credited in the Treasury Accounts, these columns should be filled up. Where such items have already been included in the Treasury Accounts under "General collections" this should be explained. Columns 3, 5, 7 and 9 of this return are evidently intended to show not only the amount of the securities but the amount of *interest* on which the tax is levied.

4. In return No. III Deputy Commissioners will fill up columns 5 to 12, 14, 15, 18, 19 and 21 from their registers, and also the columns for totals, as far as the above columns go. The figures for columns 3 and 4 will be taken by the Financial Commissioner from the Accountant-General's return No. I without detail of districts. The figures for column 13 will be supplied partly by Accountant-General's return No. II and partly by Deputy Commissioner's in columns 7 and 8 of that return as explained above.

The district entries in columns 14 and 15 ought to agree with the entry in return No. IV, column 20, in the last line, that is to say, it will show collections under Part IV.

5. Similarly return No. IV will be filled up in district detail by Deputy Commissioners, and in total for the Province by the Accountant-General, as regards the first line (salary deductions) and the third line (securities). The second line (companies) and the fourth line (part IV, other sources) will be filled up by Deputy Commissioners.

6. In return No. V showing detailed classification of incomes Nos. 1, 2 and 3 will be filled up by the Accountant-General; Nos. 4, 5 and 6 should be filled up from district register No. I and compared with the Treasury accounts. Nos. 32, 33 and 34, interest on securities, will be filled up from the Accountant-General's return No. II supplemented by the Deputy Commissioner's entries in columns 7 and 8 of that return. The rest of return No. V will be filled up by Deputy Commissioners and totals will be given in columns 15, 16, 35 to 38 as far as the figures go.

7. Return No. VI showing expenditure presents no difficulties. It should include deputation allowance for officers on special duty.

8. As these returns prescribed by the Government of India will contain a great deal of information and will take some time and trouble to prepare, the Financial Commissioner does not think it advisable to add any local returns to the series, such as the town return, Form B, and the village return, Form C, of the License Tax Report, nor to add any columns showing percentages and other details. But a percentage statement will be worked out in the Financial Commissioner's Office as far as is necessary for the general report. Deputy Commissioners are requested in reviewing the figures and reporting the results of this the first year of the new Income Tax to pay special attention to the following points:—

1. Previous fluctuation in the License Tax, causes of increase and decrease.
2. Comparison between Income Tax assessment and final demand of License Tax, 1885-86, causes of increase (or decrease, if any) in number of assessees and in assessment.
3. Extent and character of objection petitions.
4. Amount of reduction and remission in objection cases, and appeals.
5. Comparison of net results with figures of License Tax and between the different tahsils.
6. Prospects of assessment list for 1887-88.
7. Agency employed in assessment and "modus operandi."
8. Agency employed in disposal of objection cases.
9. Statistics of large towns.
10. Particulars as to European and other tax payers in large Civil Stations and Military Cantonments.
11. Balances.
12. Penalties.
13. Village Note Books.

DRAFT.

RULES FRAMED BY THE DISTRICT BOARDS OF DELHI, GURGAON, KARNAL, UMBALLA AND ROHTAK UNDER SECTION 26 OF ACT XX OF 1883.

Clause (a).—Time and place of the meetings of the Board, and the manner in which notice of meetings shall be given.

1. Subject to the provisions of Rule XV of the Rules (hereinafter called General Rules) published in Punjab Government Notification No. 528½, dated 26th February 1884, meetings of the District Board shall be held at places to be appointed by the Chairman on fixed dates, and also at such other times as may be directed by him.

2. The Chairman, or in his absence a Vice-Chairman, may, whenever he thinks fit, and shall on a requisition made in writing by not less than one-fifth of the members of the District Board, convene a special meeting at any other time.

3. A written notice shall be issued not less than fifteen clear days previous to the date fixed for the meeting of the Board, and a copy shall be served on each member of the Board. Such notice shall specify the time and place

of meeting, and shall inform each member that if he desires to bring forward any proposal, intimation thereof must reach the office of the Secretary to the Board in writing not less than four days previous to the date of the meeting of the Board.

Before the meeting takes place, as far as possible, members shall be informed of the matters coming on for discussion.

4. Such notice shall be signed by the Secretary to the Board, or the Chairman or a Vice-Chairman, and may be circulated through the Tahsíldárs.

Clause (b).—The conduct of proceedings at meetings and the adjournment of meetings.

5. Subject to the provisions of General Rule XIV, the quorum necessary for the transaction of business shall be (*a*) for ordinary meetings one-third, and (*b*) for special meetings one-half the number of members.

6. At every meeting of a District Board the Chairman shall preside.

If when any meeting is held the office of Chairman is vacant, or the Chairman is absent from the meeting and a Vice-Chairman is present, the Vice-Chairman shall preside as Chairman. In any case not provided for in the foregoing portion of this rule, the members present shall elect one of their number to be Chairman of the meeting.

7. An abstract of the business to be disposed of at the meeting shall be prepared by the Secretary to the Board, and its contents shall be read out to the members present, previous to the commencement of discussion.

8. The Chairman presiding at a meeting at which a quorum is present, may, with the consent of the majority of the meeting present, adjourn the meeting if he considers this course necessary.

9. Proposals other than those referred to in Rule 7 shall not be discussed except with the permission of the Chairman presiding at the meeting.

10. No subject on which the Board has recorded a resolution shall be re-opened within three months from the date of the same, except—

(1) upon the written request of at least three members ; and

(2) with the permission of the Chairman.

Clause (c).—The custody of the common seal and the purposes for which it shall be used.

11. The Secretary to the District Board shall have the custody of the common seal, or, when there is more than one Secretary, the Secretary of longest standing shall keep the seal. If the office of Secretary be vacant, the seal shall be kept by the Chairman.

The common seal shall be affixed to the following documents :—

(*a*)—All deeds of sale or purchase executed by or on behalf of the District Board, and whether relating to moveable or immoveable property ;

PUNJAB PUBLIC LIBRARY.

THE annual public meeting of the Committee and life members of the Punjab Public Library was held on Monday, March 28th, at 5-30 P.M.

There was a large attendance of life members, members of Committee, and visitors.

Mr. T. C. Lewis, Secretary to the Library, read the following Report of the Punjab Public Library.

Fifteen months have elapsed since the PUNJAB PUBLIC LIBRARY was opened to the public by HIS HONOR SIR CHARLES AITCHISON, K.C.S.I., C.I.E., LL.D., on December 31st, 1885.

On the occasion of the opening of the Library it was stated that large collections of books had been transferred from several Departments of Government, and to these many additions had been made by the liberality of European and Native gentlemen. The resources of the Library consisted at that time of a Government grant of Rs. 300 per mensem, and a grant from the Lahore Municipality of Rs. 50 per mensem. The importance of cataloguing and of suitably binding the books belonging to the Library was referred to, and it was stated that the work had been already taken in hand. A hope was expressed that the Punjab Public Library might, by suitable arrangements, become a permanent store-house of books which had passed out of immediate demand in the circulating Library of the Lahore and Mían Mír Institute. Finally, the importance of spending large sums of money on the purchase of European and Oriental books was recognised, and the Committee ventured on a prospective allotment of funds for this purpose.

The progress of the Library since December 1885 and its present condition will be understood from the following statement:—

The number of volumes is about 34,000, of which 20,000 are English and 14,000 Oriental. The additions made during this period have been as follows:—

(1) by purchase, 1,000 volumes at a cost of Rs. 2,528-2-10,

(2) by gift, 8,000 volumes,

of which about 8,000 are English and 1,000 Oriental. An alphabetical catalogue of the English section of the Library has been published. There have also been published a Persian alphabetical catalogue and a Sanskrit catalogue. By this means the usefulness of the Library has been augmented.

The furnishing and lighting of the Library has involved an expenditure of Rs. 2,890 since the date of the opening. In connection with this portion of the work the Committee is indebted to Sir Charles and Lady Aitchison for the gift of two large hanging lamps.

Early in 1886 a report of the Executive Engineer showed the imperative necessity of taking immediate steps to carry out a thorough repair of the Library building, the upper floors being not strong enough to carry books. Accordingly the four side-rooms have been suitably re-roofed at a cost of about Rs. 2,300.

From January 1886, when the daily registers were opened, until March 1887, the number of readers who have attended the Library is 22,584, giving an average daily attendance of 51. The daily attendance is now higher than it was a year ago.

The number of subscribers during the year was 26. The number of life members has risen from 33 to 44. The Committee has sustained a loss in the death of Pandit Rám Naráyan, who with his accustomed public spirit was a regular attendant at all meetings, and whose advice was much valued. Among the new life members are the Rája of Farídkot, who contributed Rs. 1,000; the Rája of Poonch, who contributed Rs. 500; Mr. D. P. Masson, who contributed Rs. 100; and Munshi Gyán Chand, who, in addition to a contribution of Rs. 100, has presented a complete set of the publications of the Victoria Press, Siálkot. Bábu Protap Chandra Roy, who is engaged in the translation of the Mahábháráta, having promised to supply the Library with two copies of that important work, has been elected a life member.

Sardár Attar Singh, C.I.E., Chief of Badhaur, has promised to bequeath to the Library, on certain conditions which have been accepted by the Committee, his collection of English and Oriental books, and has further shown his interest in the Library by submitting a paper of suggestions with regard to its management and its operations.

The regular income of the Library has consisted of the Government grant of Rs. 300 per mensem and the contribution from the Lahore Municipality of Rs. 50 per mensem. In this there is no change to report. With the permission of Government, letters were recently

addressed to the Municipal and District Committees in the Punjab, asking for a small annual grant to the Punjab Public Library on the grounds (1) that the Library is open to readers in all parts of the Province, and (2) that the majority of the free readers who resort to the Library are students who are gathered together from all parts of the Province to pursue their studies in connection with the Punjab University.

The following Municipal and District Committees have promised grants :—

		Rs.
Ludhiána District Board	...	50 per annum.
Hoshiárpur Municipality	...	25 „
Rohtak District Board	...	100
Gurgaon ditto	...	100

Apart from the purchase of books there is still much to be done. The completion of the catalogues, the furnishing, and the repairs of the building continue to demand the attention of the Committee.

It is hoped that when it becomes more generally known that the most valuable collection of books in the Province is available for an annual subscription of Rs. 5, with all the conveniences of a circulating Library, there will be a large accession to the number of subscribers. And the Committee believe that the Library only has to be better known to receive increased contributions from public bodies.

It has been proposed to establish Branch Libraries in some of the larger towns of the Punjab, and the Committee will turn its attention as soon as possible to the framing of rules suitable for the purpose.

The Committee desires to call attention to the existing condition of the Library finances, and to the conditions under which the work of the institution is carried on.

During the past year, when provision had to be made for indefinite expenditure for repairs and furnishing, the Committee has felt the necessity of carefully husbanding the resources of the Library; and for many months past no expenditure has been incurred for the purchase of books, because it was not known whether the funds in hand would be sufficient to meet charges of a more pressing nature. The experience thus gained shows what can be done with the income at present at the disposal of the Committee. The ordinary monthly expenditure, exclusive of the purchase of books, *i.e.*, the cost of establishment for maintaining the Library and carrying on its work, of bookbinding, lighting, ordinary repairs and contingencies, is covered by the Government grant of Rs. 300 per mensem. When the present balance in hand of Rs. 2,864 is expended in the purchase of books, or for any extraordinary item (such as the completion of the furnishing of the upper rooms with almirahs), the Committee may expect to have from Rs. 500 to Rs. 1,000 per annum available for the purchase of books. It must be admitted that this is a very small sum for the purpose, and that, unless larger sums can be obtained for the purchase of books, the development of the Library must be extremely slow. In short, while the present income is enough to keep the Library alive, it is not enough to enable it to grow : and it must be admitted that the Library is too young yet to have attained full growth.

In presenting this Report of progress the Committee considers that it affords substantial proof of the usefulness and popularity of a Public Library, and the Committee reads in it some encouragement, regarding it as the first chapter in the history of an institution whose progress will be closely associated with the progressive enlightenment of the Province. In a land where so much still remains to be done, none need be at a loss to find some work worth doing; the work which has fallen to the lot of the Committee of the Punjab Public Library is to fulfil the intentions of the Founder by making this institution contribute to the intellectual advancement of the country. To lend a helping hand to those who have the aspirations of a student or a scholar by placing within their reach those literary and scientific treasures which they might find it difficult or impossible to acquire for themselves ; to render accessible in one place valuable information that may be required for local historical research, or for any other inquiry that depends upon records rather than experience ; to assist those who are engaged in any effort for the good of the people, by enabling them to consult the story of similar efforts in countries more advanced than the Punjab, from whose experience the Punjab may well lay to heart valuable lessons; these are some of the aims in which the Committee of the Punjab Public Library is proud to have a part.

His Honor then said :—

"COMMITTEE OF THE PUNJAB PUBLIC LIBRARY, AND GENTLEMEN,—When I opened this Library, fifteen months ago, I explained the objects its promoters had in view; and I expressed a hope that, year by year, the scope of its influence might be enlarged. I am glad

to hear now that the short period the Library has been in existence has been usefully spent. The large number of readers who have attended the Library—no fewer than 22,584—shows that it has supplied a distinct want. I have myself of late made considerable use of it. You will all agree with me that the Committee have done their work well, and the public owe them no small thanks for their labours, and especially to Mr. Lewis. But the Committee can really do very little unless they are helped by those in the Punjab, and there must be many such, who take more than a superficial interest in literature and literary subjects. Gatherings of this kind are generally the occasion of mutual compliments and congratulations. It is natural this should be so. But while we may legitimately congratulate ourselves on the progress made, it must be admitted that the success attained is as nothing compared with the work that remains to be done, in which the Library Committee have a right to expect great assistance from the educated classes, now that we have in our provincial capital a complete establishment of educational institutions, of which this Library is a fitting complement. Every year the Universities of Calcutta, Madras, Bombay, and Lahore are turning out graduates in Arts and Literature. The question is often asked what becomes of them all ? I am afraid that many a young man who has left our Universities, ready and willing to take his place in the working world, is eating his heart out in despair of finding an outlet for his powers. To such, and more especially to those among them who are in easy circumstances, I would point out what a splendid field for activity there is in the literature of this country. In connection with the inquiries of the Public Service Commission, I have lately heard a great deal about the literary and educational value of Arabic and Sanskrit. Much that was said has my fullest sympathy. But I sometimes could not help reflecting, as I heard it, how very little has been done in this country to open up the treasures of those languages, and put them within reach. In England, the poorest of our reading men can obtain, with the minimum of trouble and expense, copies of the classical and standard works of every age and country in Europe. You know too well how differently we are placed here. Where can a student of Arabic or Sanskrit obtain access to works in those languages, unless they happen to be text-books prescribed for examination ?

"This is, I venture to say, a standing reproach to the country. Hitherto, those who have done most for the elucidation and preservation of the products of Eastern thought and learning have been foreign servants, the missionaries of various Christian denominations, and Government officials. Of original and sustained labour on the part of natives of India, among the vast stores of their own unedited and unpublished literature, the conspicuous instances are sadly rare. In the Convocation address, last November, the Viceroy impressed upon the members of the University the necessity of classifying and editing the native literature of the country, if they would rise to their position as a school of Oriental learning. I am afraid there are as yet few signs of this admirable suggestion being taken up as it ought to be. Considering the advantages we have in Lahore, to say nothing of the possibilities of communication with other centres of thought and learning throughout India, the apathy displayed in Oriental research is to me unintelligible. Our system of education, which is perhaps too deeply impregnated with the utilitarian spirit of the age, may have something to answer for. But surely very little at all of the spirit of true scholarship has been caught, if the student does not leave the walls of our Universities imbued at least with a love of study, and a steady desire for independent research. That accomplished very Orientalist, Professor Darmstetter, in the recent address to the Parsi community in Bombay, deplored the inaccessibility of Indian classics, and invited co-operation in opening up the treasures they contain. We have in our Library a fair collection of the standard works of England, but if the Punjab Public Library is to be really worthy of its name, you will not rest satisfied until it is impossible to look on our shelves in vain for any Oriental book which is intrinsically valuable, or which throws light on the history, the languages, the customs and the life of the races that people this vast Continent. Such is the work incumbent on our literary men. It is a work involving great toil; but in no other paths of literary research are the hopes of reward so great. Its results will be of lasting advantage to the races of India, and to thousands of her sons ; while the student who follows this path of research will find it—

'Not harsh and rugged, as dull fools suppose,
But musical as is Apollo's lute,
And a perpetual feast of nectared sweets
Where no crude surfeit reigns.' "

His Honor and Lady Aitchison then inspected the Library, after which the proceedings terminated.

Punjab Public Library.

RULES OF THE PUNJAB PUBLIC LIBRARY.

I.—CONSTITUTION AND COMMITTEE.

1. The Committee shall consist of not less than 14 members including the President and Secretary.

2. The Deputy Commissioner of Lahore and the Director of Public Instruction, Punjab, shall be *ex-officio* members.

3. The Municipality of Lahore, the Punjab University, the Bishop of Lahore, and the Committee of the Lahore and Meean Meer Institute shall each nominate a member.

4. The life members shall annually elect two members to be on the Committee for one year.

5. The remaining members will be nominated by Government, who will also appoint the President.

6. The Committee shall appoint its own Secretary.

7. Standing Sub-Committees shall be appointed by the Committee to carry on the management of the different departments of the Library.

8. The Secretary shall be a member of every Sub-Committee.

9. A meeting of the Committee shall be held on the 1st Monday in every month.

Five members shall form a quorum.

10. A special meeting of the Committee may be called by the President or a Sub-Committee at a week's notice.

11. A general meeting of the life members and Committee shall be held once a year in the month of December, and at the meeting the two annual members to represent the life members shall be elected. Absent life members may vote at the election by proxy.

12. The current business of the Committee to be brought up at each monthly meeting shall include the examination of the accounts, of the suggestion books, of orders to book-sellers, of breaches of the rules, &c.

13. The funds shall be kept in the name of the Punjab Public Library by the Bank of Bengal, or as the Committee may from time to time direct.

14. All cheques shall be signed by the Secretary and a member of the Committee appointed by it for the purpose.

15. Expenditure on fixed charges, for which sanction already exists, and on contingencies up to a limit of Rs. 50 a month, may be incurred on the joint authority of the persons empowered to sign cheques. All other expenditure requires the previous sanction of the Committee.

16. A donation of money of Rs. 100 or upwards, or of books accepted by the Committee and valued by them as worth not less than Rs. 100, shall entitle the donor to the privileges of a life member.

17. Any donor of books may make it a condition of the donation that any of the books he gives shall not be lent out except to himself.

18. Life members shall be exempt from payment of deposits, subscriptions and other fees required by the rules.

II.—THE READING-ROOM.

1. The Reading-Room is open to the public free of charge.

2. Books may not be removed from the shelves by any one except the Librarian.

3. Catalogues and application forms are on the table. The Librarian will get any book for which a form is handed to him ; and books must be returned to him before leaving.

4. The Committee will exclude from the building persons who disregard any rules or who damage the property of the Library.

5. CLOSED DAYS :—Queen's Birthday, also from 1st to 7th October, and from 1st to 7th April inclusive.

6. DAILY HOURS :—In the winter 8 A.M. to noon and 3 to 8 P.M., and in the hot weather 7 to 11 A.M. and 4 to 8 P.M., and on Sunday 2 to 5 P.M.

III.—RULES FOR LENDING OUT BOOKS.

Books will be issued on the following conditions :—

1. An applicant must deposit Rs. 10 with the Secretary. The deposit will be liable to forfeit for injury or loss of a book, or for breach of any of the rules.

2. An annual subscription of Rs. 5 must be paid in advance, which may be compounded for by a donation of Rs. 25.

3. Not more than six volumes may be kept out on one subscription.

4. Residents at Lahore or Meean Meer shall return within 20 days every book so taken out. To residents at other places ten days longer will be allowed. But all books lent out must be returned by the 30th September and 31st March each year.

5. The cost of forwarding books will be recovered by sending them by Value Payable Post. Any charges due under Rules 1 and 2 may be added.

6. Books may not be transferred from one person to another.

7. The Committee will reserve from issue, under these rules, new or valuable books, at their discretion.

8. Forms of application for books can be supplied, and their use is requested, but is not obligatory.

9. Deposits under Rule 1 (if free of claims) will be returned on request to persons who have no books of the Library in their possession.

RULES

FOR THE

Guidance of Judging Committees of District Horse Shows.

I.—Only *bonâ fide* horse-breeders of the districts named will be allowed to compete for the above prizes. The Judging Committee will decide as to the eligibility of competitors.

II.—A branded mare of 4 years of age, in foal or with foal at foot, the result of having been covered before 4 years of age, will not be eligible to compete.

III.—Branded mares proved to be barren, *i.e.*, mares that have not held to Government stallions for the last two years, will not be eligible to compete.

IV.—No mares or stock will be allowed to compete as "served by Government stallions" or "got by Government stallions" unless a certificate to that effect is produced by the exhibitor. These certificates are obtainable from officers in charge of stallions.

V.—Branded fillies (Class II) if out of branded mares by Government stallions may also compete in "Class III, Fillies."

VI.—Geldings (Class VI) if out of branded mares by Government stallions may also compete in "Class V Yearlings" (Colts) and in "Class IV, Remounts," if *purchased* at the show for Government, Army and Police purposes.

VII.—Intending exhibitors should, on arrival at the show, apply to the Secretary of the Judging Committee for a ticket or tickets, as the case may be, stating the class in which they propose to compete.

VIII.—Each ticket will be worn by the animal as a token of the right to compete.

IX.—When the tickets are given, the Secretary will name the date, hour and place at the show, when and where horses should be brought for examination. A shamiána, or large tent, or shed, to afford shade to the Committee, within a temporary rail enclosure, should be erected to allow of the members to carefully examine the stock. The public should not be permitted to enter the enclosure during the Committee's proceedings.

X.—Prizes will be awarded on the day appointed by the President of the Judging Committee.

XI.—A certificate (parwána) will be given to each winner, whether he takes his prizes in money, khillat, or medal, as he may think best.

XII.—One or more of the District Officers of each district represented, and the Assistant Superintendent, Horse-breeding Operations, will act as Judges of the Committee.

XIII.—Discretion is to be used by the Judging Committee in awarding only a portion of prizes to any class if the stock of that class be not considered worthy of all prizes noted, and the money not awarded may be devoted to the giving of extra prizes in other classes deemed by the Judging Committee as worthy of them, as it is the desire of Government to award the total sum granted, provided any of the classes of stock competing are in *any way* worthy of it.

XIV.—The system of marks will be adopted as follows :—

For Mares.		*All other stock.*	
Soundness	... 25	Soundness	... 25
Power	... 25	Power	... 25
Quality	... 25	Quality	... 25
Produce at foot ...	... 25	Action	... 25
Total ...	... 100	Total ...	... 100
If no produce, the total	... 75		

Marks for "action" have not been accorded to mares, as some competing may be too heavy in foal to allow of their action being shown. The Judging Committee are requested to be good enough to attach a return to their reports showing the number of the several marks allotted to winners of prizes.

NOTE 1.—To enable a horse to become eligible to compete in the "Gelding" class, both testicles must have been excised.

2. The prizes allotted to the "Gelding" class are to be invariably awarded to the best competing, irrespective of their worth in other respects. Prizes in this class are to be awarded only to stock that have been castrated when in possession of their present owners, *bonâ fide* horse-breeders, and provided the Judging Committee are satisfied the animals have been castrated with a view of competing for the prizes.

3. In the North-Western Provinces, approved mares and fillies were up to the year 1877 branded V. R.; since that time they have been branded V. I. In the Punjab, approved mares and fillies were up to the year 1885 branded B. M.; since that time they have also been branded V. I. The brand will be found either on the off or near shoulder, or on the saddle place.

Commissariat Notice—No. 2.

SEALED tenders for the supply of the under-mentioned articles for the Umballa Commissariat Division, which comprises the stations noted in the margin, from 1st July 1887 to 30th June 1888, will be received by the Executive Commissariat Officer at Umballa up to noon on the 2nd May 1887, and opened by him then and there in the presence of all parties who may choose to attend.

Umballa.
Jullundur.
Bhagsoo.

2. No tenders will be received except on forms obtainable from the Commissariat Office, Umballa, which, as well as any information required regarding the contract, will be given on application to the Executive Commissariat Officer, Umballa, up to 12-30 o'clock P.M. on the 26th April 1887.

3. Seals of tenderers (unable to write) will not be accepted; they should have their marks verified by witnesses.

4. Covers to be superscribed—"Tender for Gram, 1st quality, &c."

5. The tender may be in part or for the whole requirement, and the Executive Commissariat Officer reserves to himself the right to accept the tender in whole or in part; but in the event of his accepting in part only, and the tenderer failing to take up the contract, the whole earnest deposit will be confiscated.

6. Tender for each article and description of article will be separately accepted or rejected, and separate Treasury Receipt for earnest-money will be required for each. Tenders without earnest-money will not be attended to.

7. Any octroi duty paid on the supplies will be refunded to the contractors.

8. Samples of the articles required to be supplied are to be seen at Umballa and Jullundur Godowns, and every facility will be afforded to tenderers to see them before they tender.

9. Only one rate for the Division is to be tendered, and not a separate rate for each station.

10. Men suspected of having no intention of tendering may be required to produce Treasury Receipts, Government Promissory or Stock Notes for earnest-money before tender forms are issued to them.

FINANCIAL COMMISSIONER'S OFFICE.

CIRCULAR No. 16 OF 1887.

(No. 2401).

FINANCIAL COMMISSIONER'S OFFICE,

Dated Lahore, the 21st April 1887.

To

ALL COMMISSIONERS AND DEPUTY COMMISSIONERS IN THE PUNJAB.

Returns and Forms.

Prescribes amended form of Hal Tauzih.

ADVERTING to the last sentence of paragraph 5 of Circular 44 of 1886, the Financial Commissioner directs the adoption of the appended form of Monthly Collection Return, with effect from the 1st instant. The new form differs from the existing form mainly in this respect, that the collection statement on account of fixed land revenue has been modified so as to show in every month the total demand of the year. The Memorandum of instalments added in statement XII (3) will enable Commissioners to see how far the collections are keeping pace with the instalments which have fallen due.

2. A supply of forms is being sent to each district.

By order, &c.,

R. E. YOUNGHUSBAND,

Offg. Senior Secretary to Financial Commissioner, Punjab.

(*Translated*).

PUNJAB PUBLIC LIBRARY.

THE annual public meeting of the Committee and life members of the Punjab Public Library was held on Monday, March 28th, at 5-30 P.M.

There was a large attendance of life members, members of Committee, and visitors.

Sir Charles Aitchison, Lieutenant-Governor of the Punjab, and Founder of the Institution, presided.

Mr. T. C. Lewis, Secretary to the Library, read the following Report of the Punjab Public Library.

Fifteen months have elapsed since the PUNJAB PUBLIC LIBRARY was opened to the public by HIS HONOR SIR CHARLES AITCHISON, K.C.S.I., C.I.E., LL.D., on December 31st, 1885.

On the occasion of the opening of the Library it was stated that large collections of books had been transferred from several Departments of Government, and to these many additions had been made by the liberality of European and Native gentlemen. The resources of the Library consisted at that time of a Government grant of Rs. 300 per mensem, and a grant from the Lahore Municipality of Rs. 50 per mensem. The importance of cataloguing and of suitably binding the books belonging to the Library was referred to, and it was stated that the work had been already taken in hand. A hope was expressed that the Punjab Public Library might, by suitable arrangements, become ape rmanent store-house of

books which had passed out of immediate demand in the circulating Library of the Lahore and Meean Meer Institute. Finally, the importance of spending large sums of money on the purchase of European and Oriental books was recognised, and the Committee ventured on a prospective allotment of funds for this purpose.

The progress of the Library since December 1885 and its present condition will be understood from the following statement :—

The number of volumes is about 34,000, of which 20,000 are English and 14,000 Oriental. The additions made during this period have been as follows :—

(1) by purchase, 1,000 volumes at a cost of Rs. 2,528-2-10 ;

(2) by gift, 8,000 volumes,

of which about 8,000 are English and 1,000 Oriental. An alphabetical catalogue of the English section of the Library has been published. There have also been published a Persian alphabetical catalogue and a Sanskrit catalogue. By this means the usefulness of the Library has been augmented.

The furnishing and lighting of the Library has involved an expenditure of Rs. 2,890 since the date of the opening. In connection with this portion of the work the Committee is indebted to Sir Charles and Lady Aitchison for the gift of two large hanging lamps.

Early in 1886 a report of the Executive Engineer showed the imperative necessity of taking immediate steps to carry out a thorough repair of the Library building, the upper floors not being strong enough to carry books. Accordingly the four side-rooms have been suitably re-roofed at a cost of about Rs. 2,300.

From January 1886, when the daily registers were opened, until March 1887, the number of readers who have attended the Library is 22,584, giving an average daily attendance of 51. The daily attendance is now higher than it was a year age.

The number of subscribers during the year was 26. The number of life members has risen from 33 to 44. The Committee has sustained a loss in the death of Pandit Rám Naráyan, who with his accustomed public spirit was a regular attendant at all meetings, and whose advice was much valued. Among the new life members are the Rája of Farídkot, who contributed Rs. 1,000 ; the Rája of Púnch, who contributed Rs. 500 ; Mr. D. P. Masson, who contributed Rs. 100 ; and Munshi Gyán Chand, who, in addition to a contribution of Rs. 100, has presented a complete set of the publications of the Victoria Press, Siálkot. Bábu Protáp Chandra Roy, who is engaged in the translation of the Mahábhárata, having promised to supply the Library with two copies of that important work, has been elected a life member.

Sardár Attar Singh, C.I.E., Chief of Badhaur, has promised to bequeath to the Library, on certain conditions which have been accepted by the Committee, his collection of English and Oriental books, and has further shown his interest in the Library by submitting a paper of suggestions with regard to its management and its operations.

The regular income of the Library has consisted of the Government grant of Rs. 300 per mensem and the contribution from the Lahore Municipality of Rs. 50 per mensem. In this there is no change to report. With the permission of Government, letters were recently addressed to the Municipal and District Committees in the Punjab, asking for a small annual grant to the Punjab Public Library on the grounds (1) that the Library is open to readers in all parts of the Province, and (2) that the majority of the free readers who resort to the Library are students who are gathered together from all parts of the Province to pursue their studies in connection with the Punjab University.

The following Municipal and District Committees have promised grants :—

		Rs.
Ludhiána District Board	...	50 per annum.
Hoshiárpur Municipality	...	25 ,,
Rohtak District Board	...	100
Gurgaon ditto	...	100

Apart from the purchase of books there is still much to be done. The completion of the catalogues, the furnishing and the repairs of the building continue to demand the attention of the Committee.

It is hoped that when it becomes more generally known that the most valuable collection of books in the Province is available for an annual subscription of Rs. 5, with all the conveniences of a circulating Library, there will be a large accession to the number of subscribers. And the Committee believes that the Library only has to be better known to receive increased contributions from public bodies

It has been proposed to establish Branch Libraries in some of the larger towns of the Punjab, and the Committee will turn its attention as soon as possible to the framing of rules suitable for the purpose.

The Committee desires to call attention to the existing condition of the Library finances, and to the conditions under which the work of the institution is carried on.

During the past year, when provision had to be made for indefinite expenditure for repairs and furnishing, the Committee has felt the necessity of carefully husbanding the resources of the Library; and for many months past no expenditure has been incurred for the purchase of books, because it was not known whether the funds in hand would be sufficient to meet charges of a more pressing nature. The experience thus gained shows what can be done with the income at present at the disposal of the Committee. The ordinary monthly expenditure, exclusive of the purchase of books, *i.e.*, the cost of establishment for maintaining the Library and carrying on its work, of book-binding, lighting, ordinary repairs and contingencies, is covered by the Government grant of Rs. 300 per mensem. When the present balance in hand of Rs. 2,864 is expended in the purchase of books, or for any extraordinary item (such as the completion of the furnishing of the upper rooms with almirahs), the Committee may expect to have from Rs. 500 to Rs. 1,000 per annum available for the purchase of books. It must be admitted that this is a very small sum for the purpose, and that, unless larger sums can be obtained for the purchase of books, the development of the Library must be extremely slow. In short, while the present income is enough to keep the Library alive, it is not enough to enable it to grow: and it must be admitted that the Library is too young yet to have attained full growth.

In presenting this Report of progress the Committee considers that it affords substantial proof of the usefulness and popularity of a Public Library, and the Committee reads in it some encouragement, regarding it as the first chapter in the history of an institution whose progress will be closely associated with the progressive enlightenment of the Province. In a land where so much still remains to be done, none need be at a loss to find some work worth doing; the work which has fallen to the lot of the Committee of the Punjab Public Library is to fulfil the intentions of the Founder by making this institution contribute to the intellectual advancement of the country. To lend a helping hand to those who have the aspirations of a student or a scholar by placing within their reach those literary and scientific treasures which they might find it difficult or impossible to acquire for themselves; to render accessible in one place valuable information that may be required for local historical research, or for any other inquiry that depends upon records rather than experience; to assist those who are engaged in any effort for the good of the people, by enabling them to consult the story of similar efforts in countries more advanced than the Punjab, from whose experience the Punjab may well lay to heart valuable lessons: these are some of the aims in which the Committee of the Punjab Public Library is proud to have a part.

His Honor then said:—

"COMMITTEE OF THE PUNJAB PUBLIC LIBRARY AND GENTLEMEN,—When I opened this Library, fifteen months ago, I explained the objects its promoters had in view; and I expressed a hope that, year by year, the scope of its influence might be enlarged. I am glad to hear now that the short period the Library has been in existence has been usefully spent. The large number of readers who have attended the Library—no fewer than 22,584—shows that it has supplied a distinct want. I have myself of late made considerable use of it. You will all agree with me that the Committee have done their work well, and the public owe them no small thanks for their labours, and especially to Mr. Lewis. But the Committee can really do very little unless they are helped by those in the Punjab, and there must be many such who take more than a superficial interest in literature and literary subjects. Gatherings of this kind are generally the occasion of mutual compliments and congratulations. It is natural this should be so. But while we may legitimately congratulate ourselves on the progress made, it must be admitted that the success attained is as nothing compared with the work that remains to be done, in which the Library Committee have a right to expect great assistance from the educated classes, now that we have in our provincial capital a complete establishment of educational institutions, of which this Library is a fitting complement. Every year the Universities of Calcutta, Madras, Bombay, and Lahore are turning out graduates in Arts and Literature. The question is often asked, what becomes of them all? I am afraid that many a young man who has left our Universities, ready and willing to take his place in the working world, is eating his heart out in despair of finding an outlet for his powers. To such, and more especially to those among them who are in easy circum-

stances, I would point out what a splendid field for activity there is in the literature of this country. In connection with the inquiries of the Public Service Commission, I have lately heard a great deal about the library and educational value of Arabic and Sanskrit. Much that was said has my fullest sympathy. But I sometimes could not help reflecting, as I heard it, how very little has b en done in this country to open up the treasures of those languages, and put them within reach. In England, the poorest of our reading men can obtain, with the minimum of trouble and expense, copies of the classical and standard works of every age and country in Europe. You know too well how differently we are placed here. Where can a student of Arabic or Sanskrit obtain access to works in those languages, unless they happen to be text-books prescribed for examination ?

"This is, I venture to say, a standing reproach to the country Hitherto, those who have done most for the elucidation and preservation of the products of Eastern thought and learning have been foreign servants, the missionaries of various Christian denominations, and Government officials. Of original and sustained labour on the part of natives of India, among the vast stores of their own unedited and unpublished literature, the conspicuous instances are sadly rare. In the Convocation address, last November, the Viceroy impressed upon the members of the University the necessity of classifying and editing the native literature of the country, if they would rise to their position as a school of Oriental learning. I am afraid there are as yet few signs of this admirable suggestion being taken up as it ought to be. Considering the advantages we have in Lahore, to say nothing of the possibilities of communication with other centres of thought and learning throughout India, the apathy displayed in Oriental research is to me unintelligible. Our system of education, which is perhaps too deeply impregnated with the utilitarian spirit of the age, may have something to answer for. But surely very little at all of the spirit of true scholarship has been caught, if the student does not leave the walls of our Universities imbued at least with a love of study, and a steady desire for independent research. That accomplished very Orientalist, Professor Darmstetter, in the recent address to the Parsi community in Bombay, deplored the inaccessibility of Indian classics, and invited co-operation in opening up the treasures they contain. We have in our Library a fair collection of the standard works of England, but if the Punjab Public Library is to be really worthy of its name, you will not rest satisfied until it is impossible to look on our shelves in vain for any Oriental book which is intrinsically valuable, or which throws light on the history, the languages, the customs and the life of the races that people this vast Continent. Such is the work incumbent on our literary men. It is a work involving great toil; but in no other paths of literary research are the hopes of reward so great. Its results will be of lasting advantage to the races of India, and to thousands of her sons; while the student who follows this path of research will find it—

'Not harsh and rugged as dull fools suppose,
But musical as is Apollo's lute,
And a perpetual feast of nectared sweets
Where no crude surfeit reigns.' "

His Honor and Lady Aitchison then inspected the Library, after which the proceedings terminated.

NOTIFICATION.

The 2nd May 1887.

FINANCIAL COMMISSIONER'S OFFICE.

CIRCULAR No. 17 OF 1887.

FINANCIAL COMMISSIONER'S OFFICE,

(No. 2,700.)

Dated Lahore, 2nd May 1887.

To

ALL COMMISSIONERS AND DEPUTY COMMISSIONERS IN THE PUNJAB.

Records.

Reduction of the work required of District Record-keepers.

THE Financial Commissioner draws the attention of Deputy Commissioners to the necessity of reducing *in every possible way* the work at present required of the District Record-keeper and his assistants.

2. The practice of calling on the Record-keeper for reports stating particulars and results of previous cases should be put a stop to as far as

is possible. If a Judicial or Revenue Officer wishes that the former records of any village should be examined or any particulars of their contents be furnished, he should depute some member of his ministerial establishment for the purpose; and the official so deputed should be allowed to examine the files in the anteroom of the record office in the manner prescribed by the rules relating to the inspection of records.

3. The Record-keeper should not be allowed to spend a considerable part of his time in writing reports (kaifiyats); but should be required to direct and supervise actively all the current business of receiving and issuing records, and he should himself take a considerable share in this work.

4. The Financial Commissioner attaches importance to the frequent detailed inspection of all the record office registers by the Deputy Commissioner or one of his Assistants. In districts in which it is practicable to make one Extra Assistant Commissioner specially responsible for this work, this arrangement should be adopted. At these inspections all the principal registers should be examined; the inspecting officer should ascertain that all newly received records have been duly entered in the registers and placed in the village bundles to which they properly belong; that a proper vigilance is exercised in respect of (1) the issue of files called for by courts and (2) their return to the office; that proper discipline is maintained in the copying Department; and generally that there is a fair and suitable division of duties between all the officials employed in the office.

5. It will further assist the Deputy Commissioner in exercising a proper control over the record office, if he requires the Superintendent of his vernacular establishment to lay before him, or before the Extra Assistant Commissioner who supervises the record office, a weekly or bi-monthly abstract of the receipts and issues, in each branch of the record office. These abstracts should not be written up from fortnight to fortnight on separate slips of paper, but should be entered up consecutively in register form, so that the Deputy Commissioner and the Superintendent of his establishment may easily see, by comparison with the previous entries, the increase or decrease in the work of the office.

6. The Financial Commissioner is especially anxious that vigilance of this nature should be exercised, because, however willing he may be to apply to the Government for additional help, he knows that it is not in the power of the Government to sanction applications of this kind except to a very limited extent and under well established necessity.

By order,

H. C. COOKSON,

Offg. Junior Secretary to the Financial Commissioner, Punjab.

FINANCIAL COMMISSIONER'S OFFICE.

CIRCULAR No. 18 OF 1887.

FINANCIAL COMMISSIONER'S OFFICE,

(No. 2798.)

Dated Lahore, 6th May 1887.

To

ALL COMMISSIONERS AND DEPUTY COMMISSIONERS IN THE PUNJAB.

Carriage of Troops, &c.

Supplies to troops on the line of march.

THE Financial Commissioner invites attention to the appended extracts from the Inland Transport Regulations issued by His Excellency the Commander-in-Chief in India, laying down the rules which are to be observed by troops on the line of march in their relations with the Civil authorities.

2. The attention of Deputy Commissioners is specially invited to the paragraphs in these extracts numbered 156 and 170. Indents for supplies should be confined to the articles therein laid down; and of these articles, firewood, earthen pots, forage and straw should be made over wholesale to the Regimental chowdri or other person entrusted by the Commanding Officer with the duty of retailing them to the Officers and men.

3. Some cases have lately come under the Financial Commissioner's notice in which the furnishing of supplies to troops has caused loss to the villages adjacent to the encamping grounds. But the Financial Commissioner believes that these losses will not usually occur, if attention is paid to the orders appended to this circular.

Paragraph 165 of appended extracts.

4. The Civil Officer detailed to accompany troops on the line of march should always be furnished with a copy of this circular and its appendix.

By order,

H. C. COOKSON,

Offg. Junior Secretary to Financial Commissioner, Punjab.

(Translated.)

Duties in connection with Civil Authorities.

Cleaning of wells.

14. General officers commanding divisions and districts will, on receipt of the annual relief circular from the quarter-master general, or of any order for movement of troops by route march, inform the civil authorities of the routes by which troops will march, in order that all wells at the encamping-grounds on the roads to be traversed may be thoroughly cleaned out before the movements commence.

Cleanliness of encamping-grounds.

15. The established encamping-grounds when not occupied are kept clean and free from jungle growth, and generally in order by the local subordinate civil officer, under the orders of the civil officer of the district. The latter should be addressed without delay when there is a subject of complaint.

Reports to be made to the civil and political authorities.

16. On the receipt of an order to march and of the route by which the corps is to proceed, the commanding officer is to report to the civil or political authorities of the districts through which he is to pass the probable date of arrival within their respective jurisdictions (giving the strength of the corps, proposed halting places, and intended date of arrival at each), in order that they may issue the necessary instructions to the police to afford every assistance in their power to facilitate the march of the troops. The commanding officer will at the same time notify to the civil officers concerned the probable periods of arrival at rivers or nullahs intersecting the march, where boats or temporary bridges may be required for crossing the troops and the baggage attached to them.

Duties of commanding officers not affected by presence of civil officers.

17. Whenever a civil officer, whether British or native, is deputed to accompany corps or detachments through the several districts along the line of march, commanding officers are required to bear in mind that, though attached to the troops in a magisterial capacity, his presence does not relieve them of their responsibility for the discipline of their men and the protection of the people from exaction and outrage, which still remains single and absolute; and that they are bound to take all military precautions for the maintenance of order and the prevention of irregularities.

18. The civil officer is appointed for the purpose of adjudicating on the spot on disputes occurring between the soldiery and the people, and on the claims of cart-men or others, temporarily attached to the troops by civil authority, for discharge from their engagements and due satisfaction of their wages. The commanding officer should daily see the civil officer, and ascertain the complaints made and the claims or disputes remaining unadjusted.

Duties of deputed civil authority.

19. Commanding officers will report direct to the district civil authorities any instances of neglect or inattention on the part of the police or other local subordinates of the civil powers; but they are not to interfere with them in the exercise of their duty, or to use any authority whatever over them. All reports of this kind are to be noted in the next movement report.

Faults of subordinates to be reported to the civil authorities.

20. To prevent misunderstanding as to the extent to which the watch and ward of regimental camps devolves on the local police deputed to accompany troops on the march, the police officer in charge is required, under the police regulations, to present the officer in command of the troops with a printed copy of the rules in force in the province, defining the duties of the police on such occasions.

Police.

21. Civil and police authorities of districts through which troops may pass are requested to report to the next military station on their line of march any irregularities committed by the troops, such as maltreatment of villagers, assaulting the police, and other acts of misconduct which may call for punishment, in view to prompt inquiry being instituted on the troops arriving at the station, unless the case can be definitely settled on the spot, which is to be done in all cases, when it is possible, by the officer commanding the party.

Reports to be made by civil authorities of irregularities committed by troops.

22. Commanding officers will concert with the civil officers of the district and the civil officers on the spot for the closing by them, according to the regulations of the province, of all places of sale of spirituous liquors on, or adjacent to, the line of march whilst British troops are passing by, or are encamped in the vicinity; they will also make any other arrangements at or near the camp ground for the prevention of the unauthorised sale of liquor to their men as may be considered necessary, posting a guard when deemed advisable. District civil officers will, on receiving intimation of the march of British troops, give due notice to the local native civil authorities.

Prevention of sale of spirituous liquors.

Duties on the line of march.

25. Whenever an officer is proceeding through any part of the British territory or within the limits of a foreign State, either on the public service or on his private affairs, and may be in need of assistance to enable him or any detachment under his command to prosecute the journey, he should apply to the proper authorities; the seizure of articles of supply, or the impressment of men or carriage, by officers, soldiers, or their retainers being under all circumstances most strictly prohibited. He should consider it his paramount duty not only to refrain himself, but also to restrain those under his command from committing any irregularities, as the payment of hire or compensation will not justify the use of violence or other unauthorised measures, nor save him from the consequences of the breach of the regulations on this subject.

Seizure of supplies or carriage strictly prohibited.

31. Officers commanding are required to adopt every means in their power to prevent injury being done to telegraph wires or posts by the soldiers and camp-followers under their command. They are also required to take measures for the prevention of injury to trees on road-sides or at encamping-grounds and of trespass on Government forest preserves or of damage to them.

Care of telegraph posts and forests.

34. Cultivated lands must not be occupied for the encampment of troops without absolute necessity. When crops are injured or destroyed from an unavoidable encroachment of a camp or by the march of troops, compensation is to be paid on the spot to the owner by an officer of the quartermaster-general's department attached to the force, or, on occasions of the movement of single corps, by the quartermaster of the regiment. The compensation is to be paid in concert with the civil officer (British or Native) attached to the camp or in its vicinity. Such advances as may be required to meet the above object will be made by the commissariat officer or agent attached to the troops in camp, under the written authority of the commanding officer. A statement of all such payments, prepared according to the form given in Appendix I, and accompanied by the requisite receipts and vouchers and by a duly attested contingent bill, is to be sent to the quartermaster-general, who will countersign and return it for transmission to the department by which the money was advanced.

Compensation to be paid for injured crops.

42. Officers commanding corps or detachments or in charge of convoys or stores, who may experience delay or difficulties from the state of the roads, or the want of supplies, or of boats or ferries, should report the circumstance as directed in paragraph 19.

Reports to be made of the state of roads, ferries, &c.

44. When village guides may be required, application is to be made for them to the headman of the place. The number demanded is to be restricted as much as possible, and the men are not to be required to carry any burthens. Whenever guides are employed with troops, they are to be paid at the rate of one pice or three pies per mile, should there be no local rate of a different amount.

Employment and pay of guides.

51. Detachments of native troops proceeding along routes where tahsíldárs are stationed, are to be warned that these have instructions, as deputy magistrates, to investigate all complaints which may be preferred against travellers; and that they must be particular in abstaining from the commission of any irregularities against the villagers or others.

Tahsíldárs have powers of deputy magistrates.

52. They must also be instructed that they are not entitled to the gratuitous services of *bhattiaras* in the serais, but must pay the same as other travellers for any accommodation they may require.

Soldiers stopping at serais.

Conservancy and sanitation.

59. The latrines and trenches are to be thoroughly filled in by the regimental sweepers and bildárs before the rear-guard leaves the ground. The officer on duty with the rear-guard will report to the commanding officer that this duty has been done.

Filling in of latrines.

Cleaning of camping grounds when evacuated.

61. On the breaking up of a camp, the commanding officer will place himself in direct communication with the tahsíldár or responsible local functionary, to arrange for effectual measures being adopted by the native local authorities for thoroughly sweeping and cleaning the whole of the ground occupied, and for burning or removing to a distance all collections of stable litter or refuse which may not have been previously burned or buried, so as to make the ground perfectly fit for re-occupation by any troops marching by the same route.

Precautions to avoid cholera.

63. Officers are strictly enjoined never, under any circumstances, to encamp upon ground where cholera has shown itself in a preceding corps or detachment.

Carriage.

Supply of carriage by civil authorities.

97. As a rule, the officers of the Commissariat Department are to supply all carriage needed by troops on the march, making their own arrangements if possible, but applying to the civil authorities for such assistance as they need. The following regulations are to be strictly adhered to whenever it may be necessary to apply to the civil authorities for carriage :—

(*a*) Commanding officers are required to comply with any special regulations for the supply and relief of carriage of the several provinces or districts in which the troops are about to move, and cause them to be strictly acted up to by all under their authority. These special regulations are detailed in Appendix V.

(*b*) All requisitions on the civil authorities for carriage must be forwarded in writing. District officers are forbidden to supply carriage on verbal orders : in cases of emergency, when the applicant may not have the means at hand for preparing requisitions, they will furnish printed forms and the necessary writing materials.

(*c*) Not less than fifteen days' notice (in districts where carriage is scarce a much longer notice is necessary) is to be given to the district officer or political agent of the quantity and description of carriage required, and whenever it is known that carts are obtainable with great difficulty or not procurable, the requisitions should shew the number of camels that will be required in lieu. The requisitions should be accompanied by a copy of the route enumerating the halting-places ; and an intimation of the *precise* date on which carriage will be required should also be forwarded with them.

(*d*) The requisition for the carriage required for that portion of the men's baggage for the conveyance of which Government is responsible, must be invariably distinct from the requisition for the carriage required for the rest of the men's baggage and for that of the officers. Each requisition must state distinctly whether the charges for the carriage demanded will be paid by the State or by the troops themselves, so that there may be no question as to the quarter from which payment is to be claimed.

(*e*) The district officer shall make arrangements for the supply of carriage with chowdries or contractors who shall be responsible for its proper quality, and for the good conduct of the parties in charge of it. The chowdries should not be allowed to use badges or other signs of office, or to seize carriage : they should be, as much as possible, the representative men of the classes who nominate them, and interference in their nomination or deposition should be avoided as much as possible.

(*f*) The district officer shall also arrange for the relief of the carriage at the stages ordered in the carriage rules of the province, or at stations determined on at the time of engagement ; and he will forward the requisition or a copy of it to the civil officer of the district at the next station, to enable him to make such timely preparations as will prevent delay or impediment to the public service. He will also inform the officer making the demand that such has been done ; but failing the receipt of such intimation, the latter should satisfy himself on the point, by application to the civil officer previous to marching. Except in cases of emergency, such as the breaking down of carriage, the death of cattle, &c., carriage is not to be exchanged except at the regular stations ; but this rule is not intended to prohibit the discharge of carriage at any intermediate point with the consent of the owner.

(*g*) Carriage is to be hired to a convenient stage in the adjoining district, beyond which it is not to be taken without the written consent of the owners, unless the civil officer of that district shall certify that a relief cannot be furnished.

(*h*) The Local Governments will fix the rates of hire, back hire, demurrage, chowdries' fees, &c., to be allowed in each district for the different kinds of carriage procurable there ; and a district officer, when making over carriage to the commanding officer, is to be careful to deliver to him in writing a full statement of the above particulars, and of the weight to be carried by each cart, boat, or beast. Should this information not be received, commanding officers must apply for it, in order that no misunderstanding may exist on these very important points.

(*i*) When necessary, the district officer is to advance half the hire on engaging the carriage. The commanding officer of the troops is responsible that this is repaid to the civil officer, and that the full balance is discharged in due course.

Advances by commissariat.

98. The commissariat will make any advance required by the owners or drivers of carriage procured by that department for the public and private use of officers and troops, will repay any advances made by civil officers, and settle all claims on account of public carriage supplied for the use of regiments of British cavalry and infantry, and batteries of royal artillery.

Care of cartmen and cattle.

99. Commanding officers are responsible that the carriage is not overladen, that the beasts are not over-driven, that the cartmen and parties in charge are properly treated ; and are further enjoined to take measures which will prevent the ill-treatment of baggage animals, when such are made over for the carriage of regiments, as in cases of deaths resulting from injuries inflicted by soldiers or regimental followers, Government will not bear the cost of compensation to the owners.

Redress of complaints regarding carriage.

106. If the commanding officer has any complaint to make regarding the carriage, or the behaviour of the men in charge, he should address the district officer of the first station that he reaches, who will afford every legal redress in his power : on the other hand, district officers are responsible to Government that the local carriage rules are fairly adhered to, and, if they fail in inducing adherence to them, they should at once report the matter for the orders of superior authority.

Rules to be observed on paying up and discharging carriage.

107. On the occasion of the discharge or exchange of carriage, the commanding officer should require the certificate of the quartermaster that every cart and camel man and coolie has been duly paid up in full. This certificate should then at once be communicated to the civil authority, British or native, accompanying the troops, who should be requested to verify its correctness by appeal to the parties paid, and then to append his countersignature as a voucher : such certificates should be in duplicate, one copy being retained by the regiment, and the other sent to the civil officer of the district concerned.

Discharge certificate to be given to cartmen, &c.

109. A passport (*purwannah*) in English and the vernacular, signed and sealed by the district officer is to be given to each person in charge of carriage. The carriage protected by this document shall not be liable to seizure on the way home for the use of troops unless they are marching in the direction of the owner's house.

Extra carriage to be obtained from civil authorities.

111. Officers or soldiers who may require additional carriage at the period of a general relief for the transport of their baggage or families are invariably to make their own arrangements, in which they will be aided by cantonment magistrates, whose duty it is to facilitate the movements of troops and of individuals by furnishing carriage at as low a rate as may be consistent with justice to the owners.

Impressment of carriage (P. W. Code.)

113. Carriage of any description employed for purposes connected with the public works is as liable to be pressed for the use of troops as carriage employed by private individuals.

APPENDIX V.

[Referred to in Section 1, paragraph 97, clause *a*.]

Special rules for the supply of carriage to troops marching.

E.—THROUGH THE PUNJAB.

I.—If possible, not less than 15 days' notice is to be given to the district officer of the quantity and description of carriage required. As in the Peshawar, Rawalpindi, Mooltan and Derajat Divisions carts are either not procurable at all, or obtained with difficulty, requisitions for carriage submitted to any district officer in these divisions should invariably specify the number of camels that are required in case carts are not procurable.

II.—Requisitions for carriage should be in duplicate and in the subjoined form :—

Date.	Name of applicant.	Description of carriage.	Quantity.	From and to what place.	Probable date of arrival at the station at which carriage will be relieved.	Estimated amount of hire due for journey.	Amount paid in advance.	REMARKS.
								NOTE.—Whether payable by the State or by individuals.

Form of certificate at foot.

I hereby promise to apply to the Deputy Commissioner of ______________ (mentioning next relieving station) for exchange carriage, and in case of dispute to pay any sum which the Deputy Commissioner of the relieving district may declare to be due on account of carriage hire.

(Sd.) A. B.

III.—Unless in cases of emergency, such as the breaking-down of carriage, death of cattle, &c., carriage or camels are not to be exchanged, except at the principal stations along the road. Carriage will be relieved at Delhi, Karnal, Umballa, Hissar, Jullundur, Ferozepore, Umritsar, Lahore, Jhelum and Rawalpindi. Regiments and detachments taking carriage at Jullundur and Ferozepore and proceeding north of Lahore, but which do not go west of the Chenab, may take the carriage obtained at the stations named to their destinations ; if proceeding towards Mooltan, the carriage must be exchanged at Lahore. Regiments and detachments proceeding from Umballa to Ferozepore should have their carriage relieved at Ludhiana. In like manner, for troops going up-country from Umballa to Amritsar, a relief should be effected at Ludhiana, but in this case it will be unnecessary to change the carriage again at Jullundur. For troops going down-country from Umritsar to Umballa, carriage will be relieved at Jullundur, and not at Ludhiana. Unless upon a certificate from the officer of the district where carriage ought to be changed, that he cannot furnish a relief, carriage is not without the written consent of the owners, to be taken beyond such station. The district officer should report to the Commissioner each case in which he has declined to furnish a relief, assigning reasons for the same. The Commissioner will notice any cases in which the reasons are not satisfactory ; for much of the hardship entailed under existing arrangements upon owners of cattle is owing to the rules regarding relief not being attended to.

IV.—Whenever carriage is engaged to any place, half the hire must be paid in advance. The civil officer furnishing the carriage is bound to see that this advance is made before the carriage is made over to the applicant. The commanding officer of a regiment or detachment, or the individual taking carriage, shall be held responsible for the full payment of the carriage being made on its reaching the destination agreed upon, as well as for securing to each owner payment of hire for halts and any demurrage that may be incurred. If, under any circumstances, a subordinate civil officer furnishes carriage without providing that the advance be paid, he is immediately to report the circumstance to his superior, on pain of being held personally responsible for the amount. The civil officer will report the circumstance direct to the commanding officer of the regiment, and provide that full payment be made to the person engaged.

V.—The authorised loads are as follows :—

Bullock-train carts	four-wheeled	30 maunds
	two-wheeled	15 "
Four-bullock carts or hackeries		30 "
Three-bullock carts		24 "
Two-bullock carts		16 "
Camels		6 "
Bullocks		3 "
Mules		3½ "
Asses		2 "
Coolies		¾ "

VI.—The system heretofore in force under which halts, back hire and demurrage have been charged at half the fixed rates is to be abolished, and in future all carriage will be paid for at the rates hereinafter specified, from the date on which it is taken up to the date of its discharge, both inclusive. If carriage is taken double marches, double rates must be paid for every such double march. For carriage employed in any part of the Punjab during the rainy season, or between the 1st June and 1st of October, an additional charge will be made equivalent to 25 per cent. on the hire that would be leviable according to the subjoined rates.

VII.—An ordinary rate of 7 annas a day for each bullock drawing a cart shall be charged in all the eastern divisions of the Punjab ; but for all stages west and north of Lahore, and also between Mooltan and the Derajat division, a special rate shall be levied of 8 annas a day for each bullock. When, however, carts are engaged for a month or upwards, rates of hire are to be determined by mutual agreement.

VIII.—For carts employed on hill roads between Rawalpindi and Murree, Pathankote and Dalhousie or Noorpore, Hoshiarpore and Dhurmsala, Kalka and Simla, and on all roads of the same character, where the wear and tear is unusually great for carts and cattle, a special rate will be charged of 12 annas a day for each bullock.

IX.—The rates prescribed for other descriptions of carriage are as follows :—

If engaged daily ...	For 3 camels or more—6 annas each per day.	
	" 2 " " 7 " "	
	" 1 camel only— 8 " per day.	
If engaged and employed for a month or upwards.	For 3 camels or more—Rs. 8 each per mensem.	
	" 2 " " 9 " "	
	" 1 camel only— 12 " "	
If engaged daily ...	Mules and ponies—6 annas each per day.	
	Donkeys 3½ " "	
	Ekkas 12 " "	
	Coolies 3 " "	
	Bearers 5 " "	

When engaged for a month and upwards, rates to be determined by mutual agreement.

X.—Chowdries' fees are to be paid by the owners of carriage, and not by the employers of carriage ; ordinary chowdries will arrange with the owners of carriage as to the scale of fees to be paid, but in the absence of any special engagement, they will be entitled to six pie or half an anna per rupee on the total hire due for carriage from the station at which it is engaged to the station at which it ought to be relieved. In the case of coolies and bearers, the chowdries' fees will be six pie or half an anna per man.

XI.—District officers are responsible that extracts from these rules showing the rates of hire and chowdries' fees, with the proper weight of loads and the conditions regarding halting, demurrage and the like are made over to the commanding officer at the first station in the Punjab at which the carriage is supplied. The rules and tables of rates should also be hung up in dâk bungalows, sarais, tahsils, thanas, and other public places.

XII.—The owners of carriage should be supplied with a copy of the requisition filled up in the English and Urdu characters. If any portion of the hire due is withheld, the presentation of this requisition to a Deputy Commissioner will enable him at once to enter upon the case, and adjudicate any dispute between the owners and employers of cattle. Not unfrequently, from carriage breaking down on the line of march, it has to be relieved at other than the fixed relieving stations. The official who supplies fresh carriage, or in whose jurisdiction fresh carriage is obtained, is responsible for adjudicating the claim of hire on account of the relieved carriage. In some cases it will be necessary to recover some portion of the half-hire advanced, and to make it over to the owners of the relieving carriage ; in other cases to arrange for the payment of the balance of hire due up to the date of discharge.

XIII.—Although these rules have been laid down for carriage supplied to troops, the rate prescribed, and the arrangements regarding written requisitions, relief, payment of half-hire in advance, &c., will be held applicable to all cases in which carriage is supplied by the civil authorities on the requisition of officers and others travelling on the public service.

Supplies—Bengal and Bombay.

Notice to be given to the civil authorities.

152. On receiving the route by which a corps or detachment is to move, the commanding officer will, without unnecessary delay, communicate to the civil or political authorities of the districts to be traversed the date on which the corps or detachment will arrive at each of the stages on the road, noticing the places at which it will halt for one or more days: *at least a fortnight's notice should, if possible, be given in each case.*

All changes to be notified to local authorities.

153. Should any unexpected difficulties or subsequent orders cause a change in the date fixed for the arrival of the corps or detachment at any of the stages, early notice of the same is to be communicated to the civil authorities concerned, in order that the necessary instructions may be given to the native civil officers respecting the provision of supplies at the proper time.

Route not to be deviated from.

154. If supplies have been collected agreeably to the route furnished by the commanding officer of a corps or detachment to the civil authorities, and any loss arises owing to a deviation from the route, the commanding officer will be made responsible for such loss, unless the urgency of the deviation is proved to the satisfaction of Government.

Form of requisition for supplies.

155. The communication (paragraph 152) to the civil authority concerned is to be accompanied by a requisition (Appendix XI); but requisitions for supplies for British troops on a march are not to be made without its being first ascertained by commanding officers from the executive commissariat officer equipping the troops, or from the victualling gomashta with them, that none of the articles demanded are to be supplied by contract.

Extra supplies to be obtained by commanding officers.

156. The supplies enumerated in the requisition are the *only* articles which civil officers will be expected to provide. It will therefore be the duty of commanding officers to make such arrangements as may appear necessary to enable the regimental bazaars to furnish all other articles, such as tobacco, gur, &c., that may be required for the comfort of the men, and of which a sufficient stock can always be laid in at the larger cities or stations on the route. Whenever the quantity of firewood demanded cannot be supplied, '*opla*' will be provided as a substitute.

Scale laid down is the maximum allowed.

157. The scale laid down is to be considered as the maximum, and not a fixed scale, and must never therefore be exceeded: *and the supplies to be demanded are to be strictly limited to the quantity and articles actually required and which are certain to be taken by the troops:* should more be demanded than is necessary, the officer preferring the requisition will be held responsible for any loss that may accrue to the suppliers. In preparing the requisition the number of men and cattle of each description actually present is to be correctly enumerated, and the quantity of grain required for the daily consumption of private cattle should also be ascertained.

Commissariat agent not to demand more than necessary.

158. The commissariat agent proceeding with the public cattle attached to a corps or detachment should be prohibited from demanding a larger supply of grain than is actually required, and should be warned against exacting any *dustooric*, or receiving any description of perquisite. The price-current furnished to him should state at foot the description and quantity of grain he may have purchased.

Revised requisitions to be submitted when necessary.

159. If the quantity of supplies furnished is found to exceed what is required for daily consumption, revised requisitions are to be sent to the civil authorities concerned. This rule is to be most particularly attended to by commanding officers in order to protect the contractors from loss.

Advance allowed for fuel.

163. An advance of Rs. 200 may be made by paymasters to commanding officers on the commencement of a march, to enable them to furnish funds for the wholesale purchase of the firewood, &c., to be recovered by the retail sale, the advance being readjusted at the close of the march in the usual manner.

Supplies by country people to be encouraged.

164. Every encouragement is to be given to the people of the country to supply the camp bazaar, and any soldier using them ill or attempting to defraud them is to be instantly confined and punished.

Civil authorities to depute a functionary to accompany each corps.

165. The civil authorities will invariably depute a functionary of respectability to meet a regiment or detachment the day before it enters the districts under their charge. This individual, who is always to be treated with proper consideration, will wait upon the commanding officer, receive his instructions, and precede the corps daily, to ensure the supplies being in readiness, and to satisfy himself that they are of good quality.

All accounts to be ready by the evening of each day.

166. To ensure the prompt adjustment of demands connected with supplies furnished to corps and detachments on the march, the civil functionary in attendance is to have all the accounts ready for adjustment by 4 o'clock in the afternoon of each day, and submitted to the quartermaster in time to enable him to report such adjustment to the commanding officer by sunset, so that sufficient time may be afforded for the investigation of all disputed claims.

Acknowledgment to be given when demands are settled.

167. When all the demands have been satisfied, the civil functionary in attendance must give an acknowledgment to the commanding officer that all the demands of the day have been settled; and when, from any particular circumstance, the demands have not been adjusted, a statement to that effect specifying the amount and the nature of the demand, must be given by the commanding officer, on which is to be distinctly stated the proper officer to whom the document should be forwarded for adjustment.

Soldiers not to be employed to collect supplies.

168. Officers and others who may require sheep, fowls, kids, milk, eggs, or other articles not specified in the form of the requisition are not to employ soldiers or lascars in procuring them, but must send their servants into the neighbouring villages with money for their purchase. The civil functionary who attends the corps or detachment will be able to give information where such articles are likely to be obtained, but is in no case to interfere by his authority in procuring them. This rule applies with equal force to officers of the Commissariat Department collecting supplies, and also to officers travelling with escorts; the latter should apply to the nearest local police officers, by whom every assistance consistent with the regulations of Government will be afforded.

Russud guard to be commanded by a native officer.

169. The *russud* guard of native troops is to be commanded by a native officer, who should be selected for the duty with reference to his temper, discretion, and other obviously necessary qualifications; and, in addition to receiving full instructions for his conduct, should be warned that if any of the party under his command misconduct themselves by taking without payment firewood, grain, &c., he will be held responsible for their behaviour.

Duty of native officer commanding russud guard.

170. It will be this native officer's duty to prevent any disturbances taking place in the villages in which the supplies are collected, and to afford every protection in his power to the people bringing them. In the Bengal Presidency he will receive the fire wood, earthen-pots, forage and straw, duly paying for the articles on delivery. The carriage for them to the camp will be furnished by the civil functionary, when they will be made over to the chowdry of the bazaar, or other persons who may be entrusted with the duty of retailing them to the officers and men: any portion of these articles which may remain unsold at the time of closing the bazaar being returned to the parties from whom they were received in the morning at the price then fixed for them.

Where russud guards are not required.

171. In the case of detachments, or where bardashtkhanas or extemporized bazaars or store-houses (which are only provided for encamping-grounds on much used lines of road, where there is no large town or sudder bazaar close at hand) have been established along a line of road, russud guards are not to be employed, but in lieu thereof an intelligent non-commissioned officer is to be sent on in advance daily, to give notice of the approach of the troops, and to see that the requisite supplies are diness for the troops when they arrive.

Bazaars to be visited daily.

172. On the march of a corps or detachment, the quartermaster as well as the British (or native) officer of the day is to be directed to visit the bazaar daily to see that no just cause of complaint exists on the part of the contractors or others attending with supplies.

Course to be adopted when supplies are bad.

173. In the event of an unfavourable report being made of the supplies furnished, it will be the duty of commanding officers not to be solely guided by the report of the chowdry or russud guard, but to order a thorough investigation by a committee of officers in British corps, or of native officers, superintended by an experienced British officer, in native corps, a copy of whose report should be forwarded for the information of the civil officer of the district. The examination of the supplies should not be confined to a sample, but extended to the whole quantity furnished.

Authorities to have access to camp.

174. To prevent the necessity of future complaint or reference to the civil or military authorities of the district, the revenue and police officers, and even the villager residing in the vicinity of the camp, should have ready access, in order that commanding officers may have early information of any occurrence deserving their attention. The officer on duty should be held responsible for the enforcement of this order, and should be instructed to bring any individual into camp who may wish to prefer a complaint.

Guard for protection of bardashtkhanas.

175. When marching along lines of roads where bardashtkhanas have been established, it will be the duty of commanding officers to give a guard for the support and protection of the different contractors appointed by Government, who will supply all regimental bazaars wholesale in the usual manner; small detachments, however, or individuals proceeding on duty or leave, will be supplied direct from the bardashtkhanas themselves.

Price-current to be furnished to officers.

176. In order to prevent as far as possible any imposition being practised on the troops, the commanding officer should apply to the civil officer of the district for a price-current, in the vernacular and English, of all articles of fixed value; of those of fluctuating price duplicate copies of the price-current will be furnished, one of which is to be signed by the commanding officer and to be sent by him by post to the civil officer of the district, with an intimation of any disposition, when such appears, to impose inferior articles or improper prices on the men.

Supplies in cantonments to be furnished by cantonment magistrates.

177. The civil authorities are relieved from all responsibility connected with supplies of troops encamped in military cantonments where sudder or station bazaars exist, and the duty of providing such supplies devolves on the officers in charge of such bazaars, to whom commanding officers of corps and detachments will submit their requisitions.

Customs and tolls.

Repayment of tolls by contingent bills.

189. Officials not exempted from payment of tolls either under the Act or the special authority of the local Government when travelling on duty will, notwithstanding, be expected to pay all the usual tolls in cash; and such payments may be adjusted in their personal or departmental contingent bills, when sufficient authority exists for the charge being debited to Government.

Payment of dâk bungalow fees by soldiers.

190. All persons making use of dâk bungalows, including soldiers on duty, are required to pay the usual dâk bungalow fees. The amount so paid may, however, be recovered in a contingent bill and be repaid to the soldier.

The Indian Law Reports.

PUBLISHED UNDER AUTHORITY.

THE "Indian Law Reports," published under the authority of the Governor-General in Council, appear in monthly parts, published as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, and comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat: the copies for subscribers registered by Messrs. Thacker, Spink & Co. are distributed by that firm; and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

In supersession of previous advertisements, on and from the 1st January 1885, the terms of subscription and sale will be as follows :—

Terms of subscription, payable annually in advance.

SEALED tenders for the supply of the under-mentioned articles for the Umballa Commissariat Division, which comprises the stations noted in the margin (Umballa. Jullundur.), from date of commencement to 31st December 1887, will be received by the Executive Commissariat Officer at Umballa up to noon on the 16th May 1887, and opened by him then and there in the presence of all parties who may choose to attend.

2. No tenders will be received except on forms obtainable from the Commissariat Office, Umballa, which, as well as any information required regarding the contract, will be given on application to the Executive Commissariat Officer, Umballa, up to 1 o'clock P. M. on the 13th May 1887.

3. Seals of tenderers (unable to write) will not be accepted; they should have their marks verified by witnesses.

4. Covers to be superscribed—"Tender for Straw, Wheat or Barley."

5. The tender may be in part or for the whole requirement, and the Executive Commissariat Officer reserves to himself the right to accept the tender in whole or in part; but in the event of his accepting in part only and the tenderer failing to take up the contract, the whole earnest deposit will be confiscated.

6. Tender for each article and description of article will be separately accepted or rejected, and separate Treasury Receipt for earnest-money will be required for each. Tenders without earnest-money will not be attended to.

7. Any octroi duty paid on the supplies will be refunded to the contractors.

8. Only one rate for the Division is to be tendered, and not a separate rate for each station.

9. Men suspected of having no intention of tendering may be required to produce Treasury Receipts, Government Promissory or Stock Notes for earnest-money before tender forms are issued to them.

CHIEF COURT.

BOOK CIRCULAR No. IV—1759.

FROM

T. GORDON WALKER, ESQUIRE,
Registrar, Chief Court, Punjab,

To

ALL CIVIL COURTS IN THE PUNJAB.

Dated Lahore, 2nd May 1887.

IN several cases of appeals from orders refusing to re-admit appeals dismissed in default the Judges have observed that the appellant was present on the day fixed, but after his appeal had been dismissed. In one case the appellant alleged that he was ignorant of the change of Court hours, and this was deemed an insufficient excuse.

2. It is therefore considered necessary to draw the attention of all Civil Courts to Form No. 180 in Schedule IV of the Civil Procedure Code; and it is directed that all Civil Courts, whether of original or appellate jurisdiction, should give the directions necessary to secure that at the foot of every summons, notice or other process requiring attendance of any person at Court, a memorandum be added stating the hours at which the Court opens and closes. These should also be entered on the *parcha* or slip issued from the offices of Civil Courts. The memorandum referred to has been omitted from the printed forms in use, but steps will now be taken for adding it in the English forms supplied on indent to the Civil Courts. Divisional Judges should see that the necessary addition is made in the vernacular forms printed for the use of subordinate Courts.

3. The Judges are further pleased to direct that in all cases where a party, whose non-attendance is cause for dismissal of the proceeding for default, is not present when the proceeding is called on for hearing the final order should be deferred until the Court rises for the day, and should not be made unless he is not then present when called. If an adjournment is necessary by reason of his not having appeared when first called, he may properly be ordered to pay all the costs caused by the adjournment.

By order, &c.,

T. GORDON WALKER,

(Translated). *Registrar.*

CIRCULAR No. 19.

FINANCIAL COMMISSIONER'S OFFICE,

(No. 2957)

Dated Lahore, 12th May 1887.

To

ALL COMMISSIONERS AND DEPUTY COMMISSIONERS IN THE PUNJAB.

Agriculture.

Serious outbreaks of disease among horses, horned cattle, &c., to be noticed in Agricultural Prospect Report.

IN continuation of Circular No. 53 of 1886 the Financial Commissioner invites the attention of Commissioners and Deputy Commissioners to the importance of noticing adequately in Column 10 of the Monthly Agricultural Prospect Report all serious outbreaks of disease among horses, horned-cattle, sheep and goats.

2. In cases of sufficient urgency and gravity a separate report should be addressed to the Veterinary Surgeon employed under the Punjab Government.

3. The instructions on the subject, which have been issued to that officer, are appended for information.

4. The principal diseases, the course of which it is desirable to observe, are—

Glanders and farcy.
Rinderpest.
Anthrax.
Pleuro-Pneumonia.
Small-pox (among cattle and sheep).
Foot-and-mouth disease.

It is presumed that with the aid of Mr. Hallen's Manual on Cattle Disease it will not be difficult for each District Officer to ascertain and place on record, for the guidance of his office in framing reports, the names by which these diseases are locally known. In reports the local name of the disease should invariably be given, as well as the assumed English equivalent.

By order, &c.,

R. G. THOMSON,

(*Translated.*) *Senior Secretary to Financial Commissioner, Punjab.*

No. 897, dated 23rd April 1887.

From—The Director of Settlements and Agriculture,

To—The Veterinary Surgeon to the Punjab Government.

I AM directed to inform you that the Financial Commissioner has recently had under consideration the procedure at present followed for the purpose of recording and bringing to notice serious outbreaks of cattle disease in the Punjab.

Punjab Government, Military Department, Circular No. 14, dated 21st August 1882, to Commissioners and Deputy Commissioners.

Punjab Government, Revenue Department, No. 174, dated 7th September 1882, to Inspector-General of Police.

2. The orders previously issued on the subject are appended to this letter. They direct Deputy Commissioners to report at once to you all serious outbreaks of cattle disease; and also require the Inspector-General of Police to furnish to you copies of entries in the Police diaries relating to the same subject. It has been usual for you to forward copies of the reports thus received both to this office, for the information of the Financial Commissioner, and also to the Principal Veterinary Surgeon at the Head-Quarters of the Army in India.

3. The Police reports are derived from the weekly reports of village chaukidars at Police stations. The Deputy Commissioners' reports are derived partly from the same source and partly from special reports made by Patwaris The Patwaris are not required to report every case of cattle disease, but only serious outbreaks An examination of the reports furnished to you in past years shows that the subject has received very uneven attention in different districts and at different times. And though the Financial Commissioner will now again invite the attention of Deputy Commissioners to its importance, he thinks that it would not at present be practicable to institute any strict system for the reporting of all cases of the worst forms of cattle disease. It will be sufficient for the present, if all the more serious outbreaks are reported; and an attempt be made with the aid of these reports to bring to record the local distribution of the worst forms of disease.

Patwari Rule No 19.

4 To this end, while the existing system of reports to your office should be continued, I am to request that you will in future utilise them in the following manner. At the close of each month a very brief abstract of the reports received should be drawn up by you and be furnished to this office. In this abstract details of seizures and recoveries can be neglected as probably unreliable. The abstract will merely give the districts from which cattle disease is reported, the nature of the outbreak, its local extent and the deaths, if known; *for example*—

HISSAR.—Foot-and-mouth disease among horned cattle reported in villages of Tahsil , deaths , outbreak increasing. A virulent disease also reported to be spreading in villages of Tahsil , under the name of , probably anthrax: deaths reported, horned cattle . Monthly Agricultural Report also mentions much mortality among sheep and goats in Tahsil owing to a disease locally called , which is perhaps a form of (give the scientific name).

5. To enable you to complete this monthly report promptly a transcript of all entries relating to cattle which occur in the Monthly Agricultural Prospect Reports will be furnished to you from this office, under the signature of the clerk of statistics, immediately on receipt of the reports.

6. I am to say that the Financial Commissioner attaches importance to this monthly report being prepared in a very brief and condensed style. The object to be kept in view in its preparation will be, not the compilation of statistics, but the furnishing of a general view of the prevalence and distribution of disease. The districts should be arranged in the order prescribed for the Revenue Reports of the Province, those from which there is no report being omitted. Cases of glanders and farcy should always be noticed.

7. The monthly report thus prepared will be printed in the Gazette as an appendix to the monthly report on agricultural prospects; and as this report usually appears in the Gazette about the 15th of the month following that to which it relates, I am to request that you will forward the monthly report on cattle disease to the clerk of statistics of this office in sufficient time to admit of its appearance along with the Agricultural Prospect Report.

8. Arrangements will be made under which 6 spare printed copies of your monthly reports on cattle disease will be furnished to this office as soon as the Gazette issues. Of these, 2 copies will be transmitted by the clerk of statistics of this office to the Principal Veterinary Surgeon in India, and 2 copies will be at the same time furnished to you for record. As regards all ordinary and monthly reports, you are by these arrangements relieved of all responsibility for transmitting them to the Principal Veterinary Surgeon.

9. In any case, in which the reports received by you under paragraph 2 of this letter indicate the prevalence of any dangerous form of disease in the vicinity of a cantonment or on lines of road where troops are marching, it is your duty to bring the circumstances at once to the notice of the Officer Commanding Cantonment, or of the Principal Veterinary Surgeon in India. The office copies of all such reports should be forwarded to me for information and return.

10. I am further to request that with the aid of the monthly reports above described you will draw up in the month of September of each year a brief précis showing the extent to which cattle disease is known to have prevailed in a serious form during the previous 12 months (1st September to 31st August) and its local distribution. If, in any case, it is desired to illustrate this précis by a map, skeleton maps suitable for the purpose are available in this office and can be furnished to you on application free of charge. The précis will be added to the Agricultural Statistics Report of the same period, which is submitted to Government.

11. In conclusion, I am to express the hope of the Financial Commissioner that the instructions conveyed in this letter will result in the gradual compilation of valuable information concerning the prevalence and distribution of the more serious forms of the diseases of horses and agricultural stock.

Six copies of the new circular to which reference is made in paragraph 3 will shortly be supplied to you.

Extract from Circular No. 14-2733, dated Lahore, 21st August 1882.

From—Colonel S. BLACK, C.S.I., Secretary to Government, Punjab, Military Department,

To—All Commissioners and Deputy Commissioners in the Punjab.

ON the occurrence of any epidemic disease among the cattle in your $\frac{\text{Division}}{\text{District}}$, I am to request you will at once communicate the fact to Veterinary Surgeon J. A. Nunn, the officer on special duty at Lahore, who will, if necessary, visit the district, and advise you and the owners of the cattle as to preventive and remedial treatment.

No. 174, dated 7th September 1882.

From—The Under-Secretary to Government, Punjab, Revenue Department,

To—The Inspector General of Police, Punjab.

WITH reference to your letter No. 421 of the 31st August, to the Military Secretary to the Government, Punjab, which has been transferred to this department for disposal, I am directed to state that, as Mr. Nunn is the officer directly concerned with the prevalence of cattle disease in the Province, the Lieutenant-Governor considers that copies of the reports regarding the outbreak of such disease should be sent to him direct, and to request that this may be done in future. If Mr. Oliphant requires the information as well, copies should continue to be sent to him also; but enquiry should be made whether it would not be sufficient for his purposes to receive the copies of the reports after they have passed through Mr. Nunn's hands in the first instance.

Admission to the College:

Relatives of Ruling Chiefs and youths of good family between the ages of eight and eighteen are eligible for admission to the College.

Course of Study.

The Institution contains a High, Middle, Upper Primary and Lower Primary Department with two classes in each Department. The course of study leads at present to the Entrance Standard of the Punjab University. Special provision is made for imparting a good colloquial knowledge of English, and the students have the benefit of being taught from the earliest stages by men of comparatively high attainments. Arrangements will be made when necessary for extending the course of instruction to the standard of the Intermediate Examination of the Punjab University.

Vacation.

There is a vacation of two months from the 15th August to the 15th October.

Fees.

Fee for lodging and education, books and stationery, lighting, medical attendance and College servants, Rs. 50 per mensem.

The ordinary fee may, with the sanction of the Committee, be reduced by the Governor, but not below Rs. 25 per mensem.

Fees for Wards of Court are fixed under the orders of the Punjab Government.

All fees and the sums necessary for the personal expenses of pupils must be paid quarterly in advance to the Governor.

Day Students.

A limited number of day students may be admitted on payment of ordinary fees, provided satisfactory arrangements are made for their board and lodging and supervision out of College.

Scholarships.

Arrangements are in progress for the foundation of scholarships tenable by intelligent youths of good family who cannot afford to pay the fees, and two such scholarships, each sufficient to cover the cost of fees, have been already founded.

Progress Report.

A full report of the progress of each student will be submitted half-yearly by the Governor to the Committee, and a copy will be furnished to the parent or guardian by the Committee.

Copies of the Statutes containing full information regarding the rules and regulations of the Aitchison College can be had on application to the Governor.

The proxies received from absent Fellows regarding the agenda of business at the present meeting of the Senate were laid on the table.

The proceedings noted below, which had already been circulated, were also laid on the table :—

Meeting of Syndicate, November 26th, 1886.
" " December 4th, 1886.
" " December 23rd, 1886.
" " January 8th, 1887.

1. The first proposal of the Syndicate was carried without opposition, *viz.*,—

That the Oriental College Report for 1885-86 be recorded. (Appendix I.)

2. The Registrar explained, with reference to the second proposal, that the rules for the award of the Government scholarships for natives of India referred to in this proposal were framed by a special Sub-Committee of the Syndicate, consisting of Colonel Holroyd, Mr. T. C. Lewis, M.A. and Mr. E. W. Parker, and had been accepted after a full consideration by the Syndicate.

Colonel Holroyd read the following extracts from the proposed rules :—

Rule 8.—When there are two or more candidates who are, in the opinion of the Sub-Committee, exactly equal with reference to the provisions of Rules 4 and 7, the Sub-Committee shall direct an examination to be held in English and in History or Mathematics.

Rule 10.—Candidates competing at the examination shall be at liberty to choose any two instead of all three of the foregoing subjects.

These rules, Colonel Holroyd considered, were not quite clear. He said that if Rule 10 were left out, he was doubtful of the expediency of putting History and Mathematics upon an equality. He would be inclined to hold the examination in all three subjects, not requiring any candidate to obtain qualifying or pass marks in Mathematics, but giving the preference to the candidate who obtained the highest aggregate of marks.

The Vice-Chancellor remarked that what was really wanted was to make it optional for a candidate to take up either Mathematics or History, and to make English a constant subject. If to Rule 10 were added the words "*of which English must be one,*" all ambiguity and doubt would be removed.

Mr. Lewis observed that if one candidate took up Mathematics and another History, no comparison could be made between them by merely taking the number of marks obtained in each subject, and contended that the History learned in the University curriculum in the Punjab was absolutely of no use whatever to a student who went to England to an English University; whereas if he took up Mathematics he would find that subject very useful, and might, in consequence of his acquirements in Mathematics, do very well at any English University.

Bábu Protul Chandra Chatterji objected to the exclusion of History.

Dr. Center urged the addition of Science.

Colonel Holroyd thereupon moved an amendment (1) that *in Rule 8 the words* "History, Mathematics, and Natural Science" *be substituted for the words* "History and Mathematics;" and (2) that *the proposed Rule* 10 *should be struck out and the following substituted:* "Candidates competing at the examination shall take up two and not more than three of the above subjects, provided that English must be one."

This amendment, seconded by Sheikh Nának Bakhsh, having been carried, the original proposal as amended was put to the Senate, and carried—

That the rules as now amended for the award of the scholarships for natives of India proceeding to England for further study offered by the Government of India in Home Department Circular No. 145-57, dated 12th February 1886, amended by Home Department Circular dated August 1886, be approved, and that they be sealed with the Common Seal of the University and submitted to the Government for the approval of the Government of India. (Appendix II.)

N. B.—*The amended rules finally adopted are shown in Appendix II.*

3. The third proposal of the Syndicate was then read—

That the report and supplementary report of the Sub-Committee appointed in accordance with the Resolution of the Senate at the meeting held on the 21st January 1886, by the Syndicate at Meeting No. IX, held on the 22nd March 1886, *regarding the transfer of Government College scholarships to the University, be approved. (Appendix III.)*

(1) Mr. Lewis called attention to Rule 3, and thought that at some future time the restriction created by the first proviso might prove inconvenient, and therefore, in order to afford the Senate an opportunity of allowing special scholarships to encourage special studies even to students holding these ordinary Arts Scholarships, he proposed an amendment *that in Rule 3 the words* "*in no case*" *be left out, and that the words* "unless allowed by some express rule" *be inserted after the words* "by the same student."

This ammendment having been seconded by Colonel Holroyd, was carried.

(2) Dr. Burton Brown considered that in Rule 4 the words "Medical College" should be added.

Dr. Center supported this proposition on the ground that it was the practice for a student to earn an Arts Scholarship by passing an Arts Examination, and to qualify for holding it by nominally studying at the Government College, but in reality using the scholarship for his support while studying Law. If no provision was made in these proposed rules to prevent that practice, the Medical College students should be entitled to the same privileges.

Colonel Holroyd and Mr. Lewis explained that scholarships to which these rules related were granted for attendance at the Arts College and for nothing else, and that if it is considered desirable that the students who hold them should be allowed to attend any other institution in addition, the Senate might add additional rules, but the proposed rules merely laid down the conditions on which an Arts Scholarship should be held by students who had gained them, and who were at liberty, so far as the rules were concerned, to attend the Law School, the Medical College, or any other institution available to them.

The Registrar pointed out that, as the teaching at the Medical College was carried on during the same hours as the teaching at the Government College, a scholarship-holder could not practically attend both institutions. Special arrangements had been made by the Law Lecturer to fix the teaching in the Law School at hours different from those of the Government College.

Dr. Center then proposed an addition to Rule 4 that any student holding an Arts scholarship shall not be allowed to attend the Law School or any other special institution without the express sanction of the Syndicate.

This amendment having been seconded by Dr. Rahim Khan—

Dr. Burton Brown remarked that the Government had lately been circulating papers recommending that the Art students should be afforded some means of earning their living, and the means by which they could most certainly get their living is the study of Law or Medicine. If such a resolution is passed, the best Art students will be excluded from studying Law or Medicine, unless they have special permission to do so, and consequently only the inferior students will be permitted to resort to technical studies. Those only who fail to get scholarships will take up these subjects, and he did not think this quite in accordance with what the Government and the general public desire regarding technical education.

Colonel Holroyd contended that all students, when they had finished their general education, should receive every encouragement to resort to the study of Law and Medicine and to other technical studies, and during the time their education is in progress they can add technical to general education if they find time and opportunity to do so. There could be no objection to this as an extra thing altogether, but it should rest with the Principal of the College to determine whether they ought to do so or not. The object of these Arts scholarships is to enable students to prosecute their general education to a high standard.

Colonel Wace enquired if Colonel Holroyd would kindly inform the Senate what means at present existed for enabling the Principal of one of these colleges to take away a scholarship when he finds a person who is enjoying a scholarship neglecting the Arts course.

Colonel Holroyd explained that all scholarships were given on the understanding that a student must prosecute his studies diligently, and that if he did not do so, the scholarship could be taken away.

The Registrar stated that, so far as he was aware and could ascertain from the scholarship bills presented every month, it was not the practice to take away scholarships. The rule on the subject was practically a dead letter.

Colonel Wace agreed with Dr. Brown that we should be careful how we place restrictions on these scholarships. If it is in the power of a scholar to attend the Medical College or the Law Classes, we should not discourage him from doing so, and we should leave it to the Principal to interfere if necessary under the rule which Colonel Holroyd had just read.

Mr. Lewis stated that, as a matter of fact, there were no scholarships in connection with the Law School. It has been found unnecessary because the study of Law is a most remunerative study, and leads to a lucrative career afterwards, and it is unnecessary to encourage it by means of scholarships. But a great many students in the Law School are, like other students in all the schools of the Punjab, extremely poor, and, in order to get something to go on with and attend the Law Classes, they go up to the Arts Examination, get a scholarship, neglect their Art studies, and study Law. Mr. Lewis did not think this condition of affairs should be encouraged. With regard to the Medical College, it would be advantageous to encourage the studies that are pursued there more largely than is done at present; but, as explained by the Registrar, the arrangements are such that students cannot possibly attend lectures in the Government College and the Medical College at the same time. If any student asked to be allowed to attend the Medical College, and it appeared that he could not do so without neglecting his Art studies, it would clearly be the Principal's duty to say he could not do so, and consequently he was in favour of Dr. Center's proposal.

Bábu Protul Chandra said he did not think the proposal of Dr. Center should be accepted. The evil ought to be remedied by the Medical and Law Faculties, who ought to provide a higher standard for those who attended the Law Classes and the Medical College. He understood that at present the rules of the Law Faculty provided that no person should compete at any examination unless he had passed the First Examination in Arts. This standard could be raised. If they made the restriction Dr. Center proposed, students would be unable to prosecute their general education if they wished to take up Law. He thought the remedy ought to be provided by the Law Faculty itself, and as long as the present rule existed, no restriction ought to be made in granting scholarships.

Mr. Rattigan thought that before a rule of this kind was discussed, they ought to have more details. This was a proposal which absolutely forbade any student of the Law School to be at the same time a holder of an Arts scholarship. At present they did not even know how many Law students were scholarship-holders, and a great deal depended on the information furnished on this point; but, unless the evil was a very great one, he did not think any cause had been shown for making the proposed restriction. He thought there was a great deal in the remark of Babu Protul Chandra Chatterji that it was very desirable that Law students and Medical students should have some encouragement to prosecute their studies in Arts as well as in the particular branch of study to which they intended eventually to devote themselves; and if they were excluded from participation in these scholarships he thought both

the Law School and the Medical College might suffer. He should therefore object to any amendment until they had further details than they had at present.

The Registrar stated that during the last week or ten days there had been a large influx of students for the Law School. He was unable to state the exact numbers, but out of thirty who had joined from the Government College twenty were scholarship-holders. Four or five scholarship-holders had joined from the Oriental College.

Sheikh Nának Bakhsh objected to the proposed amendment on the ground that, although a scholarship was given to enable a student to attend the Government College and make progress in his general education, as long as he made progress they could not prevent him from attending any other school after school hours. If he made progress in Arts, that was all that was required, and it would be a hardship if he was not allowed to attend any other school.

The Vice-Chancellor expressed his general concurrence with what had been expressed by Mr. Rattigan. He was of opinion that the amendment which had been brought forward by Dr. Center and seconded by Dr. Rahím Khan involved a very important departure from the present practice, and it would be a very serious matter for the Senate, merely on an amendment brought forward now without any previous notice, to depart from its present practice. He declined to vote himself, but left the question to the decision of the Senate.

The amendment having been put from the Chair was rejected by 11 votes to 6.

The original proposal of the Syndicate was then put and carried.

N. B.—The rules, Rule 3 being amended according to the amendment carried, are printed in Appendix III.

4. The fourth proposal of the Syndicate was read—

> That the action of the Syndicate in accepting the donation of Rs. 500 presented to the University by Rája Moti Singh of Poonch, in transmitting to the Rája the thanks of the Senate for his liberality and in directing that the donation be credited to the Current Account of the University, be approved—

and carried without discussion.

5. The fifth proposal of the Syndicate having been read—

> That the report (already circulated) of the Sub-Committee appointed at meeting of the Syndicate No. VII held on the 5th March 1886, to enquire into the conduct of the Middle School Examination for 1886, and the alleged disclosure of the question papers to the candidates previous to the examination be recorded—

Sheikh Nának Bakhsh proposed the omission of paragraph 47 of the report. He considered that the evidence on which the Sub-Committee's report was based should have been submitted to the Senate, and as he understood that neither the Registrar nor any member of his office establishment had been examined by the Sub-Committee, he considered the report to be very one-sided.

Mr. Lewis said that the omission of the 47th paragraph would amount to a rejection of the report in which there were various matters that could not be denied.

The Registrar objected to the vague statements, unsupported by facts or evidence, which were contained in the report regarding his office establishment; not one single member of which, as the Sub-Committee were well aware, had taken any share whatsoever either in despatching or printing the question papers, and was proceeding to discuss the report when the Vice-Chancellor ruled that he was not entitled to address the Senate.

After some desultory conversation, the Vice-Chancellor called attention to the proposal before the Senate, which was simply that the report should be recorded. The Senate had not been asked, and it was at the present stage very undesirable for the Senate either to deal with the merits of the report or to pass any opinion either upon the facts and opinions recorded in the report or the conclusion arrived at. The Syndicate had merely decided that the report should be laid before the Senate and recorded, and all the Senate could now do would be either to record it or to return it to the Syndicate for an expression of opinion.

Sheikh Nának Bakhsh then withdrew his amendment, and the original proposal was agreed to.

6. The next proposal of the Syndicate was—

> That the recommendations of the Oriental Faculty (as contained in Appendix IV, herewith circulated) with regard to the limitation of the courses of reading in Persian and Arabic for the examinations for 1887 and for the changes in the Persian Course of 1888 be approved.

The Registrar said that he had received a communication from the Reverend S. S. Allnutt, Principal of St. Stephen's College, Delhi, protesting against any alterations in the course for 1887 or 1888, on the general ground that no changes in courses of reading once settled and being acted upon should be introduced. Mr. Allnutt suggested 1889 as the date from which alterations in these courses might be made without inflicting injury upon the students, and contended that the students who had read the whole course for 1887, and who had begun to read the course for 1888, would be placed at a disadvantage by the proposed reduction of the course.

Colonel Holroyd thought it undesirable to alter a course already commenced, and as the course in this case extends over two years, he deprecated any change in the course of instruction for the examinations of either 1887 or 1888, and suggested a reference to the Syndicate with a view to the consideration of the question of fixing a fresh course for 1889 and subsequent years.

A long discussion ensued, chiefly amongst the Native Fellows who appeared to insist on the adoption of the abridged courses, which had been recommended by the Oriental Faculty on a complaint preferred by the Reverend S. S. Allnutt himself. It was urged that the students at Lahore had already taken it for granted that the Syndicate's proposal would be accepted, as it had been suggested by the head of the Delhi College, and as no opposition had developed to it from the Lahore College.

An amendment was then proposed by Colonel Holroyd, and seconded by Sheikh Nának Bakhsh, *that with reference to the late date on which the proposals for shortening the courses for the examination in* 1887 *have been brought forward, the proposals be disallowed, and that with regard to the proposed changes in the Persian Course for* 1888 *the Syndicate, in view of the undesirability of making any change in a course which has been actively begun, be requested to reconsider their recommendations, as well as to make early proposals for the course leading up to the examination of* 1889 *and subsequent years.*

This amendment having been put from the Chair was rejected by a majority of 12 votes to 8.

The Vice-Chancellor having remarked that the real objection to the limitation of the course for 1887 appeared to be that the students who had studied the original and larger course would be placed at a disadvantage in comparison with those who had read the amended and shorter course, Colonel Holroyd proposed, and Sheikh Nának Bakhsh seconded, an amendment *that the words* "with regard to the limitation of the courses of reading in Persian and Arabic for the examinations for 1887 and" *be left out.*

This amendment having been carried by a majority of 8 votes to 6, the original motion as amended was put to the Senate and carried by a majority.

The original proposal as amended and adopted stood as follows:—

That the recommendations of the Oriental Faculty (as contained in Appendix IV, now circulated) for the changes in the Persian Course for 1888 be approved.

7. The seventh proposal of the Syndicate, *viz.*,—

That Mr. Philip Morton, Barrister-at-Law, be appointed Law Lecturer for the term of one year, and that the action of the Syndicate in requesting Mr. Morton to take up the duties of Law Lecturer from 8th January 1887 be approved,

having been read was, after a short discussion, passed unanimously.

8. Having read the next proposal—

That the list of Examiners for the Arts Examinations in 1887, proposed by the Arts Faculty and amended and confirmed by the Syndicate, be approved (Appendix V)—

the Registrar stated that, though the Syndicate had been distinctly informed that Mr. Allnutt did not teach the students of the Delhi College in English, he had received a letter from that gentleman explaining that he did so, and was consequently disqualified by the Statutes from accepting the appointment of Examiner at the Intermediate Examination in English. The Registrar suggested the name of Mr. G. A. Stack, Professor of English at the Presidency College, Calcutta, as the substitute for Mr. Allnutt. This proposal, on the motion of the Vice-Chancellor, seconded by Colonel Holroyd, was carried.

The Registrar further explained that the Syndicate had nominated another gentleman connected with the teaching staff of the Colleges as Examiner in the Intermediate Examination, but had expressed no very definite opinion upon the apparent infringement of the Statute III, v, which provided that "the written examinations and, as far as practicable, the oral examinations shall be conducted by persons other than those who have been engaged in teaching the candidates." It had been hitherto held desirable, for other reasons besides what was clearly the intention of this Statute, to exclude from the examining staff

of the Intermediate and Degree Examinations all persons engaged on the professorial and teaching staff of the Colleges. The Registrar, had been informed by one of the Fellows by whom the statutes had been drawn up, and he held his communication in his hands, that the design of the statute was to exclude any teacher belonging to the institution from which the boys came up.

The original motion was then put to the Senate and carried.

9. The next proposal having been read—

That the list of Examiners for the Middle School Examination, 1887, proposed by the special Sub-Committee appointed to manage that examination, and passed by the Syndicate, be approved (Appendix VI)—

the Registrar explained that this proposal was merely a formal matter. The Middle School Examination this year had been managed by a Sub-Committee consisting of the Principal of the Central Training College, Bábu Chandra Náth Mittra and himself, and the Examiners had been appointed on the responsibility of this Sub-Committee, and had to some extent completed their work. The rules, however, required that the Examiners should be appointed by the Senate, and hence the formal sanction of the Senate was requested.

Colonel Holroyd pointed out that some teachers had been employed as Examiners, in some cases Head Masters of Board Schools had been appointed, and in other cases subordinate Masters had been employed. This practice was not allowed when the examination was conducted by the officers of his Department, and it was, he considered, very doubtful if the practice ought now to be permitted. As the examination was now over, it was only necessary to mention the fact.

The Registrar explained that the rules did not prevent the employment of Head Masters and subordinate Masters of Board Schools as Examiners. The regulations for the Middle School Examination were silent regarding the qualification of Examiners, and so falling back upon Statute III, v, quoted recently, so long as those Masters who were engaged in teaching the candidates were excluded, that is to say, so long as Masters of schools were prevented from examining the boys of their own school, the rules were not infringed. Some of the very best Middle School Examiners (Mr. Carne, Mr. Staines, &c.) were Masters of schools, and if these gentlemen were not appointed, it would be exceedingly difficult to get qualified Examiners. The Examiners who looked over and marked the answer papers did not, according to present arrangements, set the question papers,—a work which was otherwise provided for.

10. The last proposal of the Syndicate having been read, the Registrar explained that the Auditor's report was actually for the three quarters ending September 30th, 1886, and suggested that the wording of the resolution should be amended accordingly.

This suggestion having been adopted, the proposal as amended was agreed to unanimously—

" That the Auditor's report on the Punjab University Accounts for the three quarters ending September 30th, 1886, be recorded."

APPENDIX II.

RULES FOR THE AWARD OF THE SCHOLARSHIPS FOR NATIVES OF INDIA PROCEEDING TO ENGLAND FOR FURTHER STUDY OFFERED BY THE GOVERNMENT OF INDIA.

1. Candidates for the scholarship must be natives of India within the meaning of Section 6 of the Statute 33, Victoria, Cap. 3.

2. The selection of the scholar shall take place not later than the 15th of the month of June, in the year in which a scholarship is placed at the disposal of the University, and the selection shall be made by the Vice-Chancellor in the manner stated below.

3. The persons eligible for the scholarship shall be only such graduates of the University as have obtained the degree of M.A. or the degree of B.A., and must in all cases be under 22 years of age on the 30th of June or the year in which the selection is made.

4. Every candidate for the scholarship must send his application to the Registrar not later than the 31st May of the year in which the selection is to be made. Such application shall be accompanied by the following papers :—

(*a*) A declaration by the candidate that he has the consent of his family to go to England if he obtains the scholarship.

(*b*) A certificate of good conduct from persons of known respectability and position who are well acquainted with the candidate.

(*c*) A certificate of competent knowledge of the English language from one of the Professors of the College in which he has been educated, or, if the candidate is a private student, from a person of well-known literary ability.

(*d*) A certificate of his physical capacity to undergo the course of life and study which he will have to follow in England signed or countersigned by the Civil Surgeon or one of the Professors of the Medical College, Lahore.

(*e*) A declaration of his intention to pursue his studies in the University of Oxford or Cambridge.

5. Students competing at the M.A. and B.A. Examinations of the year in which the selection is made may submit separate applications for the scholarship containing all the particulars given in rule 5 along with their application for the Degree Examinations.

6. The names of all the candidates who have complied with the preceding rules shall be placed before a committee of the Syndicate consisting of four members, two Europeans and two Natives, and the Registrar, who after examining the papers relating to each candidate, and after making such inquiry as they think proper from the Principals and Professors of the Colleges in which the students were educated, or such other persons as they (the Sub-Committee) consider well able to give opinions on the character and qualifications of the candidates shall recommend the candidate whom they think the fittest to the Vice-Chancellor.

7. Among candidates who are otherwise on an equal footing in regard to the qualifications required under rule 4, M.A.'s shall be preferred to B.A.'s, and as between candidates holding the same degree, preference shall be given to him who has stood highest in order of merit, or has obtained the highest number of marks in the Degree Examination.

8. When there are two or more candidates who are in the opinion of the Sub-Committee exactly equal with reference to the provisions of rules 4 and 7, the Sub-Committee shall direct an examination to be held in English and in History, Mathematics, and Natural Science.

9. Such examination shall be conducted on a standard not lower than that of the examination for the B.A. Degree, and the candidate who obtains the highest number of marks in the aggregate shall be eligible for the scholarship, provided that he has obtained a minimum of 50 per cent. marks in English.

10. Candidates competing at the examination shall take up two and not more than three of the above subjects provided that English must be one.

11. The examination shall be held for three days (one day for each subject) in the last week of June, and the result laid before the Sub-Committee of the Syndicate not later than the first week of July, who shall forthwith submit their report to the Vice-Chancellor.

APPENDIX III.

REGULATIONS FOR THE AWARD OF COLLEGE SCHOLARSHIPS FRAMED BY THE SENATE UNDER SECTION 18 (1) *h* OF ACT XIX OF 1882.

(To remain in force so long as the Government Scholarships are awarded according to the Notifications of the Director of Public Instruction for 1885 and 1886.)

I. The following scholarships shall be awarded annually at the Entrance, Intermediate and Degree Examinations :—

ENTRANCE—Oriental Faculty	... 4	Arts Faculty	... 4
INTERMEDIATE— " "	... 2	" "	... 4
BACHELOR— " "	... 1	" "	... 3

NOTE—Thus the total number of scholarships, given by Government and University, will be as follows :—

ENTRANCE—Oriental Faculty ..	... 7	Arts Faculty	... 24
INTERMEDIATE—" " ..	... 3	" "	... 7
BACHELOR— " " ...	... 2	" "	... 4

II. The value of the scholarships shall be as follows :—

ENTRANCE—Oriental Faculty,	1st Divn. Rs. 10 p.m.	Arts Faculty,	1st Divn. 12 p.m.
" "	2nd Divn. " 8 p.m.	" "	2nd Divn. 10 p m
INTERMEDIATE — " "	1st Divn. " 14 p.m.	" "	1st Divn. 16 p.m.
" "	2nd Divn. " 10 p.m.	" "	2nd Divn. 12 p m.
BACHELOR— " "	1st Divn. " 20 p.m.	" "	1st Divn. 25 p.m.
" "	2nd Divn. " 16 p.m.	" "	2nd Divn. 20 p.m.

III. The scholarships shall be awarded, at the various examinations, in the order of the class lists published by the University, to candidates who do not obtain Government or endowed scholarships of equal or greater value; provided that in no case shall two unendowed University Scholarships be held by the same student unless allowed by some express rule; provided also that a scholarship shall not be awarded to a student on account of his passing any of these examinations in the Third Division.

(A student who holds another unendowed University Scholarship, and becomes entitled to a College Scholarship under these rules, may hold either the one or the other, at his own choice, subject to the conditions on which the scholarships are awarded.)

IV. Every such scholarship shall be tenable from the 1st of June following the examination for two years, in the Oriental College, the Government College, St. Stephen's Mission College, or any other institution in the Punjab, recognized by the Syndicate, and preparing students for the examination of the same Faculty next higher to that at which the scholarship is awarded. But if students who hold B. O. L. or B. A. Scholarships pass their M. O.L. or M. A. Examination at the end of one year, no further condition will be required from them during the second year of tenure.

Provided that if it be found from the results of the Annual College House-Examination that any scholar has failed to make satisfactory progress during the first year of his tenure of a scholarship, his scholarship may be forfeited on a report from the College authorities.

V. Students, entitled to scholarships, are required to join their College on the date from which their scholarships are tenable.

Remarks of the Sub-Committee consisting of Colonel Holroyd, Mr. T. C. Lewis, and Mr. E. W. Parker, in proposing the above regulations before they were amended.

1. The accompanying scheme for the award of College Scholarships by the University is supplementary to the Government scheme. Where the Government has given a large number of scholarships, it is only necessary for the University to provide a few; on the other hand, where the Government provision is manifestly inadequate, the University must, as far as possible, make up the deficiency. At the Entrance Examination of the Arts Faculty Government promises 20 scholarships, and it is considered enough for the University to provide the comparatively small number of four additional scholarships. But at the B. A. examination the single scholarship, awarded by Government, is clearly insufficient, and it is, therefore, proposed that the University should give three.

2. The cost of the scheme now proposed cannot be estimated as accurately as that of the scheme passed by the Senate on 9th June 1884, which could be calculated within a fraction of a scholarship. The extent of possible fluctuation in the annual expenditure is from a maximum of Rs. 6,600 to a minimum of less than Rs. 5,184. It seems fair to estimate the average cost per mensem, of the scholarships awarded in any one year, as follows :—

ENTRANCE EXAMINATION—Oriental Faculty	Rs. 36	Arts Faculty	Rs. 48 = Rs. 84
INTERMEDIATE— " "	" 24	" "	" 56 = " 80
BACHELOR— " "	" 18	" "	" 67/8 = " 85/8
Total ...	.. 78		" 171/8 = " 249/8

That is the mean between the highest and lowest value at all the examinations except the Entrance, Arts Faculty, where, from the large numbers who pass in the First Division, the maximum amount is not unlikely to be expended.

This is the monthly cost of scholarships awarded in one year. Since the scholarships of two successive years are running together, the total annual cost to the University, if all the scholarships are taken up, may be reckoned to be on an average Rs. 250 × 24 = Rs. 6,000.

The amount sanctioned in the University Budget is Rs. 5,400; and, if in accordance with the Government rule no provision is made for the re-award of lapsed scholarships, it is probable that the average cost will be reduced approximately to the budget provision.

3. The scheme for the award of scholarships recommended by the Sub-Committee is framed on the same general lines as the present Government scheme, to which it is in fact supplementary. The present Government scheme is not, however, identical with the Government proposals that were considered by the Senate on the 30th June 1885, having been modified to meet the requirements of the case. The same remark may be made with regard to the supplementary scheme submitted by the Sub-Committee.

4. If the rules recommended by this Sub-Committee are accepted by the Senate, the whole of the scholarships will practically be awarded according to one consistent scheme, part of which will be administered by the Government and part by the University. There would, therefore, in the opinion of the Sub-Committee, be no difficulty in the University undertaking the administration of the whole, if desired to do so by Government.

5. It should be added that in Government Resolution No. 27, dated 15th March 1886, regarding the financial position of the University, an opinion is recorded that the provision made at present for the encouragement of English education by the award of scholarships on the Arts side is inadequate. The proposals of the Sub-Committee deal, however, with the distribution of funds now available for this purpose.

F. LARPENT,

Registrar, Punjab University.

RULES OF THE PUNJAB PUBLIC LIBRARY.

I.—CONSTITUTION AND COMMITTEE.

1. The Committee shall consist of not less than 14 members including the President and Secretary.

2. The Deputy Commissioner of Lahore and the Director of Public Instruction, Punjab, shall be *ex-officio* members.

3. The Municipality of Lahore, the Punjab University, the Bishop of Lahore, and the Committee of the Lahore and Meean Meer Institute shall each nominate a member.

4. The life members shall annually elect two members to be on the Committee for one year.

5. The remaining members will be nominated by Government, who will also appoint the President.

6. The Committee shall appoint its own Secretary.

7. Standing Sub-Committees shall be appointed by the Committee to carry on the management of the different departments of the Library.

8. The Secretary shall be a member of every Sub-Committee.

9. A meeting of the Committee shall be held on the 1st Monday in every month.

Five members shall form a quorum.

10. A special meeting of the Committee may be called by the President or a Sub-Committee at a week's notice.

11. A general meeting of the life members and Committee shall be held once a year in the month of December, and at the meeting the two annual members to represent the life members shall be elected. Absent life members may vote at the election by proxy.

12. The current business of the Committee to be brought up at each monthly meeting shall include the examination of the accounts, of the suggestion books, of orders to book-sellers, of breaches of the rules, &c.

13. The funds shall be kept in the name of the Punjab Public Library by the Bank of Bengal, or as the Committee may from time to time direct.

14. All cheques shall be signed by the Secretary and a member of the Committee appointed by it for the purpose.

15. Expenditure on fixed charges, for which sanction already exists, and on contingencies up to a limit of Rs. 50 a month, may be incurred on the joint authority of the persons empowered to sign cheques. All other expenditure requires the previous sanction of the Committee.

16. A donation of money of Rs. 100 or upwards, or of books accepted by the Committee and valued by them as worth not less than Rs. 100, shall entitle the donor to the privileges of a life member.

17. Any donor of books may make it a condition of the donation that any of the books he gives shall not be lent out except to himself.

18. Life members shall be exempt from payment of deposits, subscriptions and other fees required by the rules.

II.—THE READING-ROOM.

1. The Reading-Room is open to the public free of charge.

2. Books may not be removed from the shelves by any one except the Librarian.

3. Catalogues and application forms are on the table. The Librarian will get any book for which a form is handed to him; and books must be returned to him before leaving.

4. The Committee will exclude from the building persons who disregard any rules or who damage the property of the Library.

5. CLOSED DAYS:—Queen's Birthday, also from 1st to 7th October, and from 1st to 7th April inclusive.

6. DAILY HOURS:—In the winter 8 A.M. to noon and 3 to 8 P.M., and in the hot weather 7 to 11 A.M. and 4 to 8 P.M., and on Sunday 2 to 5 P.M.

III.—RULES FOR LENDING OUT BOOKS.

Books will be issued on the following conditions:—

1. An applicant must deposit Rs. 10 with the Secretary. The deposit will be liable to forfeit for injury or loss of a book, or for breach of any of the rules.

2. An annual subscription of Rs. 5 must be paid in advance, which may be compounded for by a donation of Rs. 25.

3. Not more than six volumes may be kept out on one subscription.

4. Residents at Lahore or Meean Meer shall return within 20 days every book so taken out. To residents at other places ten days longer will be allowed. But all books lent out must be returned by the 30th September and 31st March each year.

5. The cost of forwarding books will be recovered by sending them by Value Payable Post. Any charges due under Rules 1 and 2 may be added.

6. Books may not be transferred from one person to another.

7. The Committee will reserve from issue, under these rules, new or valuable books, at their discretion.

8. Forms of application for books can be supplied, and their use is requested, but is not obligatory.

9. Deposits under Rule 1 (if free of claims) will be returned on request to persons who have no books of the Library in their possession.

FINANCIAL COMMISSIONER'S OFFICE.

CIRCULAR MEMO. No. 17.

FINANCIAL COMMISSIONER'S OFFICE,

(No. 3306.)

Dated Lahore, the 1st June 1887.

To

ALL COMMISSIONERS AND DEPUTY COMMISSIONERS, IN THE PUNJAB.

THE Financial Commissioner invites the attention of Deputy Commissioners and other officers engaged in the acquisition of land for public purposes to the annexed correspondence* on the subject, and he hopes that care will in future be taken to avoid the irregularities therein discussed, and to comply strictly with the provisions of the Land Acquisition Act, and of the rules framed under the Act.

Acquisition.

Instructions for guidance of Collectors in regard to acquisition of land for public purposes.

* A.

Secretary, Financial Commissioner, to Joint Secretary to Government, Punjab, Public Works Department, Irrigation Branch. No. 1835, dated 31st March 1887.
Reply No. 1753 I., dated 16th April 1887.

B.

Paragraphs 1, 8 and 9 of a letter No. 1839, dated the 31st March 1887, from the Senior Secretary to Financial Commissioner to the Commissioner of ——

2. In cases in which it is proposed to transfer land, already in the possesion of Government, from one Department to another, proceedings under Act X of 1870 are inappropriate. The Department for which the land is newly required should apply to Government for the necessary transfer orders.

By order, &c.,

R. G. THOMSON,

Senior Secretary to Financial Commissioner, Punjab.

(*Translated.*)

No. 1835, dated 31st March 1887.

From—The Secretary to the Financial Commissioner, Punjab,

To—The Joint Secretary to Govt. Punjab, Public Works Dept., Irrigation Branch.

IN continuation of my letter No. 208, dated the 11th January last, I am now desired to forward in original for information the correspondence noted in the margin on the subject of the acquisition of land for the canal in the district, and to convey the following remarks.

2. The general laxity of procedure brought to light in this correspondence is such as to give rise to no little anxiety in the mind of the Financial Commissioner. Colonel Wace does not now desire to go back on past occurrences. If Canal and Railway Officers have under pressure of important work entered on and taken up land without first acquiring it in the manner prescribed by the rules, and have acted in these matters independently and without reference to the Revenue Officers, the Financial Commissioner is willing to assume that both the Chief Engineer and Superintending Engineers will hereafter effectively prevent the repetition of such irregularities. The Financial Commissioner considers that too much importance cannot be attached to the rule that Departmental officers shall not themselves assume possession of land which is required for public purposes. By Sections 16 and 17 of the Act this function is expressly reserved to the Collector, that is to say, to the Deputy Commissioner.

3. Similarly, it will now avail little to take notice of the delays which, in the District, under previous Deputy Commissioners have occurred in awarding compensation after issue of the notification of intended acquisition, for it was the new Deputy Commissioner's determination to settle these cases promptly that gave rise to the present correspondence.

4. But I am to say that the Financial Commissioner thinks it evidently necessary to ask the Chief Engineer to point out to his officers that the issue of the notification under Section 6 of the Act furnishes no authority to any public officer to take possession of the land ; even the Deputy Commissioner himself has no authority to take possession until (see Section 16 of the Act) he has determined the compensation. If earlier possession is desired, proceedings with the special sanction of the Government must be taken by the Collector under Section 17. As the Chief Controlling Revenue authority responsible to the Government for the due administration of Act X of 1870, the Financial Commissioner considers that it is his duty to insist that those provisions of the law shall not in future be overlooked ; and I am to ask that orders may be issued to the officers under your control directing them in future to co-operate with Deputy Commissioners in their strict observance.

5. It remains to notice the complaint that the Deputy Commissioner did not give to the Executive Engineer the notice of his intended award, which is required by Rule 20 of Circular 27 of 1882.

On this point I am to say that in the Financial Commissioner's opinion, the notice given (allowing as it did only four days between the date of receipt and the date fixed for the award) was too short. And, further, the notice was insufficient in this respect, that it gave no details of the rates of compensation in contemplation. But the Financial Commissioner believes that on a careful perusal of the correspondence you will agree with him that in this part of the case also there are indications of previous laxity of procedure which are of more importance than the details of the present case : laxities not confined to either the one or the other of the two Departments concerned. And it was the attempt of the Deputy Commissioner to avoid such laxities, and to act with the strictness appropriate to judicial proceedings, that appears in part to have prompted the complaints of the local irrigation officers.

This will perhaps be better understood if the Financial Commissioner expresses generally his opinion on the position of a Deputy Commissioner who is called on to make an award under Part II of the Act, and on the intention of Rule 20 of the Circular.

6. The Deputy Commissioner's function in making these awards is essentially a judicial one. There are two parties before him ;—the person who is to be evicted and the Government which demands the eviction. It is the Deputy Commissioner's duty to refrain from entering into any correspondence which can be understood as prejudging the case before it is heard. Section 20 of the Circular merely directs that one of the two parties to the award, *viz.*, the Departmental Officer, shall have due notice before the award is made "in order that he may have an opportunity of making any representation regarding its value which he thinks necessary." The rule does not say that the Deputy Commissioner is to tell the Departmental officer what the award is likely to be, much less that he should enter into correspondence with that officer on the subject. In the Financial Commissioner's opinion, any Deputy Commissioner who did this would be acting in derogation of his position as a judicial officer, and would be adopting a course likely to lead to serious delays, and which could be justly objected to by the persons to whom the award is due.

7. At the same time it is important that the notice required by Rule 20 of the circular should be sufficient both in respect of the time allowed and in respect of its contents. And the Financial Commissioner therefore proposes to instruct Deputy Commissioners that the notice shall be so timed as probably to reach the Departmental officer not less than 15 days before the date fixed for the hearing of the case, and that it shall be accompanied by a copy (English or Vernacular, as the case may be) of any preliminary report on the value of the land which may have been prepared by the Tahsíldár or other subordinate of the Deputy Commissioner, or, in cases in which the file is too bulky for copies to be conveniently prepared, that the notice shall inform the Departmental officer that this is the case, and that the file is open to inspection by himself or by any other officer to be named by him on any day not later than two days before the award.

8. Notice of this nature being given, it is, as stated in Rule 20, for the Departmental officer to decide what representation, if any, he will make on or before the date fixed for the hearing of the case. The representation may be made in person or by letter, and in either case will be duly placed on the record. But it is not for the Deputy Commissioner to enter into any correspondence on the subject; and, on the hearing of the case, main features of judicial procedure must be adhered to. Both parties, equally the person to be evicted and the Departmental officer, must appear (so far as they desire to urge their own interests) in open Court ; the hearing must be on the date first fixed, or on any other date to which the proceedings are duly adjourned ; and, if either party chooses not to appear, it is the Deputy Commissioner's duty to proceed with the case and to pass whatever decision is appropriate to its circumstances. Nor can that decision be subsequently altered or suspended otherwise than in the manner provided by the law which governs the Deputy Commissioner's proceedings.

9. The details of the awards objected to have been examined by the Financial Commissioner. I am to say that on the facts established they are of a moderate character, that they are well supported by the evidence of current private transactions, and that they are in agreement with the provisions of the Land Acquisition Act.

No. 1753 I., dated Lahore, 16th April 1887.

From—The Joint Secretary to Government Punjab, Public Works Department, Irrigation Branch,

To—The Senior Secretary to Financial Commissioner, Punjab.

I AM directed to return the file of original papers received with your letter No. 1835, dated 31st March 1887, and am to say that the necessary instructions will be issued to the officers in this Department to adhere strictly to the rules issued under the Land Acquisition Act in your Circular No. 27 of 1882, and also to work in concert with the District Officers in all matters connected with the taking up of land.

Extract paragraphs 1, 8 *and* 9 *of a letter No.* 1839, *dated* 31*st March* 1887, *from the Senior Secretary to the Financial Commissioner, Punjab, to the Commissioner and Superintendent, Division.*

PARA. 1. In returning the vernacular files received with your No. 434, dated the 21st December last, I am directed to draw your attention to the very high prices shown by these files to have been paid in the district for land acquired for public purposes. In the following paragraphs the several cases are examined in detail.

8. The circumstance that in nearly all these cases the price appears ultimately to have been settled by private agreement, and not by award under Part II of Act X of 1870, does not affect the merits of the question, as judged from the point of view to which the Financial Commissioner desires to draw the attention of yourself and the Deputy Commissioner. The Government has never undertaken to pay for land occupied for public purposes a higher price than is commonly paid by private purchasers. The principles on which the price or compensation is to be fixed are stated very clearly in Sections 13, 24 and 25 of the Act, and of these the chief one is that only the market value of the land shall be paid. The Government of India's rules for the guidance of officers in acquiring land for public purposes throw on to Revenue Officers the responsibility of correctly advising Departmental officers as to the value of land which they propose to acquire, equally when the first estimates are prepared and when negotiations for purchase by private agreement are in progress. And if, on either of these two occasions, the Revenue Officer advises the Departmental officer to pay a higher price for the land than its market value, without expressly stating that the price is more than could be awarded under the Act, such advice is distinctly misleading. And in giving it the Revenue Officer incurs the same responsibility as he would incur if he were to make an award under the Act of 1870, which is at variance with the directions contained in Sections 24 and 25 of the Act.

Financial Commissioner's Circular No. 27 of 1882, Rules V, IX and XIII.

9. The Financial Commissioner is willing to take no further notice of these cases. But I am to request that you will instruct the Deputy Commissioner of that the high prices erroneously paid on previous occasions are not to be quoted as a guide in the valuation of land hereafter acquired, and that in future cases of this kind lists showing the prices actually realized by land-owners in private transactions shall be put up with each file, and that the price estimated by the Deputy Commissioner in preliminary negotiations, or awarded by him under Sections 13 and 14 of the Act, shall be based on a careful examination of those transactions, and be adjusted strictly by the considerations set out in its Sections 24 and 25. Moreover, the tendency shown in these files to decide these matters on the opinions of Kánungos and Patwárís needs to be placed under control.

These agents can properly be employed in preparing lists of the transactions, but to call on them for their opinion as to the price claimable is to delegate to them a duty which, both by the Act and by the rules, is reserved to the officers to whom they are subordinate.

The Indian Law Reports.

PUBLISHED UNDER AUTHORITY.

THE "Indian Law Reports," published under the authority of the Governor-General in Council, appear in monthly parts, published as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, and comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat; the copies for subscribers registered by Messrs. Thacker, Spink & Co. are distributed by that firm; and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

In supersession of previous advertisements, on and from the 1st January 1885, the terms of subscription and sale will be as follows :—

Commissariat Notice—No. 1.

SEALED tenders for the supply of the undermentioned articles for the Western Circle, deliverable at the Commissariat Godown, Rawalpindi, from date of commencement of contract to 31st December 1889, will be received by the Executive Commissariat Officer at Rawalpindi up to noon on the 20th June 1887, and opened by him then and there in the presence of all parties who may choose to attend.

2. No tenders will be received except on forms obtainable from the Commissariat Office, Rawalpindi, which, as well as any information required regarding the contract, will be given on application to the Executive Commissariat Officer, Rawalpindi, up to 3 o'clock P.M. on the 10th June 1887.

3. Seals of tenderers (unable to write) will not be accepted; they should have their marks verified by witnesses.

4. Covers to be superscribed—"Tender for Country Manufactured Hospital Games."

CHIEF COURT.

BOOK CIRCULAR No. V—1848.

FROM

T. GORDON WALKER, ESQUIRE,

Registrar, Chief Court, Punjab,

To

ALL JUDICIAL OFFICERS IN THE PUNJAB.

Dated Lahore, 9th May 1887.

CXXXII.—PROCESS FEES AND PROCESS-SERVING ESTABLISHMENTS (COURT FEES ACT, 1870).

THE annexed rules regarding process fees and process-serving establishments are published, with the sanction of Government, for the guidance of the Courts of the Punjab, in supersession of all previous rules on the subject.

Under what authority rules framed.

The rules in Parts I, II and III are framed under Sections 20, 22 and 23 of the Court Fees Act; and those in Part III have been made with the concurrence of the Financial Commissioner.

Fees and peons.

2. The rules (I to XIV) regarding fees in civil processes and the number of peons to be entertained call for no explanation. Attention is invited to Section 21 of the Act, which requires that a table of the fees chargeable on processes in each Court should be hung up in some conspicuous place, and to the fact that under Rule IV an additional fee is now leviable on multiple processes.

Fees only leviable in non-cognizable criminal cases.

3. The Court Fees Act, Section 20, clause (ii), restricts the levy of a fee on criminal processes to non-cognizable cases. The levy of a fee in such cases is now authorized by Rule V, whether the process is served through the Police or the process-serving establishment, and the fee for such processes has been fixed at a uniform rate of 4 annas.

When costs of process to be repaid to complainant.

4. Courts are reminded that, under Section 31 of the Court Fees Act, in cases of conviction of an accused of the offence of wrongful confinement, wrongful restraint, or of any non-cognizable offence, the Court must by its order direct that the accused pay to the complainant any sum that he may have expended in issue of processes, and such sum may be recovered in the manner provided for recovery of fines.

Control of all arrangements connected with process-serving establishments remains with the Chief Court.

5. Notwithstanding the separation of the Revenue from the Civil Courts effected by Act XVIII of 1884, the control over the income derived from process fees in all Courts and Revenue offices, and the expenditure on establishments, &c., from this source, is still, at the desire of the Financial Commissioner, retained by the Chief Court, to which all references on the subject should be made as heretofore. It will be necessary for Commissioners and Divisional Courts to maintain the registers and accounts prescribed by this Circular, and to submit the annual returns in the prescribed form referred to in Rule XXVI.

Instructions as to the control of District process-serving establishments.

6. As doubts existed regarding the relative positions under the new arrangements of the Deputy Commissioner and of the District Judge with respect to the process-serving establishment, and it became necessary to define the authority of these officers in the matter of the appointment and dismissal of District Názirs, Náib-Názirs and process-servers, the Judges of the Chief Court have issued the following instructions on this subject for general guidance.

District Názir to be under the control of Deputy Commissioner, and the rest of the establishment under the control of the District Judge.

7. In districts where the appointment of District Judge is held by a separate officer, the Názir at head-quarters will be under the orders of the Deputy Commissioner alone, and will be appointed and dismissed by him. The duties of the Názir are such that it would be in many ways inconvenient to place him under the control of the District Judge and to deprive the Deputy Commissioner of any voice in his appointment. This is not intended to prevent the District Judge from addressing orders to the Názir direct as a matter of convenience; but when fault has to be found with the Názir in respect of the discharge of his duties as a ministerial officer of the Civil Courts, the District Judge should communicate with the Deputy Commissioner on the subject, with a view to the latter taking suitable notice of the matter. But with the Náib-Názirs and process-servers the case stands on a different footing; their work is mainly connected with the issue and service of civil processes, and they will act under the orders of the District Judge, but will still continue to be available for the service of revenue or of criminal processes, where the latter are not served through the Police.

District Judge alone has power with regard to the ministerial officers of the Civil Courts.

8. With reference to the above instructions, the Judges desire to explain that the civil work has now been entirely transferred to the District Judge, and he alone has powers, under the Punjab Courts Act, 1884, with regard to ministerial officers of the Civil Courts, the Deputy Commissioner having no such powers. The District Názir is retained under the power of the Deputy Commissioner because he has other than civil duties. At the same time the District Judge should remember that the establishment has also to serve criminal and revenue processes, and he should see that as much attention is paid to these as to civil processes.

Position of the District Názir.

9. The District Názir will continue to be the head of the process-serving establishment as before, but will submit any reports relating to the members or the duties of the establishment to the District Judge instead of to the Deputy Commissioner.

Statements showing the scale of process-serving establishment sanctioned.

10. Statements showing the scale of process-serving establishments sanctioned by the Chief Court will be published from time to time. The details for the Courts of Commissioners and for Divisional Courts call for no remarks.

Number of Náib-Názirs allowed for each district.

11. One Názir is allowed for each district, and the number of Náib-Názirs is fixed with regard to the number of Sadr and outlying Courts. Generally one Náib-Názir is allowed for the Court of each District or Subordinate Judge, and one for every two of the other Judicial officers of the head-quarter staff.

Náib-Názir attached to Munsiffs' Courts.

12. A Náib-Názir has been sanctioned for each Munsiff's Court. This Náib-Názir will be under the orders of the Munsiff, and will, where the Munsiff is posted at the head-quarters of a tahsíl, have the control and supervision of the whole process-serving establishment attached to the tahsíl, arranging for the service of the processes of the Tahsíldár's as well as of the Munsiff's Court. At tahsíls where there is no Munsiff's Court the judicial clerk will be *ex-officio* Náib-Názir; and where there is no judicial clerk, the duty must be entrusted to one of the establishment.

13. The Názir is required to file security of not less than Rs. 500; and European Bailiffs to find security of the same amount. Náib-Názirs and such judicial clerks at tahsíls as are *ex-officio* Náib-Názirs are required to file security of not less than Rs. 200. Instructions regarding the nature of the security to be taken and the form of the bond will be found in Judicial Circular No. CII (of the new edition), and the orders circulated therewith.

Security to be filed by Názir, European Bailiffs and Náib-Názirs.

14. The numbers entered in the statements referred to in paragraph 10 will represent the maximum establishment allowed for each District or Court. The District Judge may distribute the peons sanctioned for the District Courts in such manner as he thinks fit, with reference to the amount of business coming before the different Courts, and the distances to be traversed in serving processes; but it must be understood that the full number of peons should not be entertained unless they are actually required. Civil Register No. XXV (new edition) is intended to show how the work is distributed amongst the different peons; and the Chief Court requests that controlling authorities will frequently inspect this register for the purpose of satisfying themselves that no unnecessary peons are entertained. Every marked diminution in work or income should be followed by a reduction of establishment.

Maximum establishment shown in the statements.

15. No peon should be retained for the service of process who is not capable of fully and intelligently carrying out the rules relating to actual service.

Qualifications requisite for peons.

16. There is now no distinction made between Court-fee labels used as process fees and Court-fee labels used for other purposes. The importance, however, of retaining a correct record of judicial stamps used for process fees, as separate from such stamps used for other purposes, remains undiminished. The Judges believe that Civil Register No. XIX and Criminal Register No. XVI sufficiently secure this object; but they would impress upon all officers concerned, especially Deputy Commissioners, the necessity that exists for the careful maintenance of these registers, as also for the punctual submission of the annual statement prescribed in Rule XXVI and subsidiary instructions.

Correct record of stamps used as process fees necessary.

RULES.

RULES AND SUBSIDIARY INSTRUCTIONS REGARDING PROCESS FEES AND PROCESS-SERVING ESTABLISHMENTS FRAMED UNDER THE COURT FEES ACT, 1870, SECTIONS 20, 22 AND 23.

Part I.—Rules under Section 20, *Clauses* (*i*) *and* (*ii*).

In exercise of the powers conferred by Section 20, clauses (*i*) and (*ii*), of the Court Fees Act, 1870, the Chief Court of the Punjab is pleased to make the following rules, which have been confirmed by the Lieutenant-Governor and sanctioned by the Governor-General of India in Council, regarding the fees chargeable for serving and executing processes issued by such Court in its appellate jurisdiction and by the Civil, Revenue and Criminal Courts established within the local limits of such jurisdiction :—

I.—The Civil and Revenue Courts of the Punjab shall, for the purpose of levying process fees, be divided into four grades as shown in the annexed table :—

Grades of Civil and Revenue Courts.

Grade.	Civil Courts.	Revenue Courts.
First ...	The Chief Court ...	The Court of the Financial Commissioner.
Second ...	Divisional Courts ..	Courts of Commissioners.
Third ...	Courts of District and Subordinate Judges and of special Judges invested with the powers of a Sub Judge, or of a First Class Munsiff.	Courts of Deputy Commissioners and of Assistant and Extra Assistant Commissioners.
Fourth ...	Courts of Small Causes and Munsiffs' Courts, Courts of special Judges invested with the powers of a Munsiff of the second or third class.	Courts of Tahsildárs and of officers invested with the powers of a Tahsildár.

XIV.—The peons entertained under these rules shall be employed exclusively in the work of serving and executing processes.

Peons to be employed exclusively on proper work.

Part IV.—Subsidiary instructions regarding process fees and process-serving establishments for the guidance of the Courts and process-servers in the Punjab.

XV.—The appointment and promotion of peons in the several Courts shall rest with the Judge of the Court, but the District Judge may cancel any appointment in the Courts subordinate to him.

Appointment of peons.

XVI.—Every such appointment shall be registered in the Court, with the following particulars: the name of the peon, his age, his place of abode, his father's name, and date of appointment. The names of the peons should be entered according to the date of their appointment in a register containing the above particulars, and a column of remarks should be added for the entry of such notice respecting the conduct of each peon as the presiding Judge may from time to time deem it necessary to record.

Registration of peons.

XVII.—There shall be one such register for the Commissioner's Court, one for the Court of the Divisional Judge, one for the District Judge's Court and the subordinate Courts at the Sadr, one for each Small Cause Court, and one at the Sadr for all outlying Courts.

Courts in which registers to be kept.

XVIII.—No person who is not a registered peon shall be employed in the service or execution of any civil or criminal process without the special leave of the Court, and such leave shall only be given in cases of necessity, and the reasons for granting it shall be recorded.

Processes not to be served by other than registered peons.

XIX.—Every registered peon shall be supplied with a belt and badge showing in English and Vernacular the Court to which he belongs. The cost of these shall be defrayed from Judicial contingencies.

Peons to be supplied with belt and badge.

XX.—The total amount of contingencies expended on process-serving establishment shall not exceed ten per cent. of the cost of such establishment for the year.

Contingencies.

XXI.—Peons shall be of the two grades, as far as possible in equal proportions. Persons who can read and write should be preferred.

Peons to be of two grades.

XXII.—The first grade of peons will be selected with reference to conduct and qualification; and in future promotions due consideration should also be given to claims founded on seniority.

First grade how to be selected.

XXIII.—No process shall be prepared or issued until the proper stamp has been filed. When the stamps have been put in, the process shall be prepared, and the stamp affixed to the diary of process fees and immediately punched, leaving the party to issue the process or not as he thinks fit. This will obviate the necessity for any refund of the value of Court-fee stamps filed on account of processes which are not eventually issued.

Process not to be prepared or issued till stamps filed.

XXIV.—On every process issued from any Court there shall be recorded the name of the peon deputed to serve or execute the same, the period within which the peon is required to certify service or execution, the amount of fee paid and the date of payment; and the date of return after service or execution shall be subsequently endorsed. Such endorsements shall be signed by the Názir or Náib-Názir or Bailiff.

Particulars to be recorded on each process.

XXV.—An account of process fee stamps filed, of processes issued (civil, revenue and criminal), of the number of peons employed, of the cost of establishment and of contingencies shall be kept for each Court where a separate establishment is entertained. The account of the Courts at the Sadr must be shown in two grades (see Rules I and II).

Accounts to be kept.

Annual statement.

XXVI.—A statement giving information on the above points will be submitted with the annual Civil Reports.

XXVII.—With the record of each civil and revenue case, and of each criminal case in which process fees are levied, should be kept a separate sheet of paper, which should be devoted to the sole purpose of maintaining a record of process fees, to be termed the "Diary of Process Fees." This diary should be in the prescribed form,* and should form a portion of File A. In it entries should be made in chronological order of every process ordered to be issued in the case, and the stamps should be affixed opposite each order, and cancelled immediately upon being affixed.

Diary of process fees.

CIRCULAR MEMO. No. 22 OF 1887.

(No. 3741.)

FINANCIAL COMMISSIONER'S OFFICE,

Dated Lahore, 24th June 1887.

To

ALL COMMISSIONERS AND DEPUTY COMMISSIONERS AND TO THE CONSERVATOR OF FORESTS IN THE PUNJAB.

Submission of weekly reports by District Forest Officers.

ATTENTION is drawn to paragraph 12 of this Office Circular No. 42 of 1885. Forest Officers are thereby required to submit weekly diaries to Deputy Commissioners; and in their turn Deputy Commissioners forward these diaries to the Conservator without delay.

2. It is absolutely necessary to comply regularly and punctually with these instructions so as to enable the Conservator to acquire a full knowledge of and to exercise due control over all current forest work.

3. It has been ascertained that in many cases these reports are not submitted at all, and that in other cases they are submitted in batches at irregular times and often after great delay.

4. The Financial Commissioner desires all Deputy Commissioners who receive these reports to insist upon their punctual submission; and thereafter to send them on to the Conservator as quickly and regularly as possible.

5. The reports themselves need not be lengthy. Under ordinary circumstances half a sheet of foolscap would suffice for a weekly diary.

By order, &c.,
R. G. THOMSON,
Senior Secretary to Financial Commissioner, Punjab.

No. 54, dated 12th February 1887.

From—The Offg. Junior Secretary to Government, Punjab,

To—The Senior Secretary to Financial Commissioner, Punjab.

WITH reference to your reminder No. 88 R., dated the 24th of January 1887, asking for a reply to your letter No. 967, dated 10th November last, regarding the proposed nomenclature for State forests and waste lands, I am desired to forward, for the information of the Financial Commissioner, a copy of the letter from this office to the Government of India, No. 503, dated the 17th of December 1886.

2. The original enclosures of your letter are returned herewith.

No 503, dated Lahore, 17th December 1886.

From—The Offg. Junior Secretary to Government, Punjab,

To—The Secretary to the Government of India, Revenue and Agricultural Department.

I AM directed to acknowledge the receipt of your Circular letter No. 14 F., dated 7th October 1886, requesting an expression of the opinion of the Lieutenant-Governor concerning a proposal that all forests and waste lands which belong to the State, but which have not yet been settled and classified under the Forest Act, should be called "Unclassed State Forests and Waste Lands" instead of "District Forests."

2. In reply I am to say that after consulting the Financial Commissioner the Lieutenant-Governor has no objection to the proposal, provided the change is merely one of name and not preliminary to the assertion by the Forest Department of more direct interest in these forests and lands than it has at present. But if the change foreshadows any such further control, then it is in the opinion of the Lieutenant-Governor most inexpedient.

NOTIFICATION.

The 20th June 1887.

The Representative of His Highness the Mahárája of Kashmir and Jummoo.
Ditto ditto Patiála.
Ditto ditto Rája of Jínd.
F. de H. Larpent, Esq., *Registrar.*

A statement showing the proxies received by the Registrar previously to and on the 25th instant in respect to the agenda of the present meeting from Fellows of the University who were unable to be present was laid upon the table before the Vice-Chancellor.

The proceedings noted below were also laid upon the table. They had already been printed and circulated among the members of Senate:—

Meeting of Syndicate, January 22, 1887.
Ditto ditto, February 9, 1887.
Ditto ditto, February 14, 1887.

1. The first proposal of the Syndicate—

That the cordial thanks of the University be accorded to Seth Rám Rattan, Rái Bahádur, for his munificent offer to present to the University a sum of money sufficient to produce an annual income of Rs. 1,000 for the purpose of founding scholarships in honor of Sir Charles U. Aitchison, K.C.S.I., Chancellor of the University, and that the rules framed by the Syndicate for the regulation of the endowment and the income derived from it and the scholarships founded thereby be approved—(*vide* Appendix I)—

was carried unanimously without discussion.

2. The second proposal having been read—

That the thanks of the University be conveyed to the Gurgaon District Board for the offer to subscribe annually a sum of Rs. 500 under the following rules:—

1. That a subscription, amounting to Rs. 500, be paid annually by the Gurgaon District Board to the Punjab University, in half-yearly instalments, on or about the 1st July and the 1st December;
2. That out of this subscription two scholarships be maintained tenable either at the Lahore Government College or at St. Stephen's College, Delhi, at an annual cost of not less than Rs. 250, and not more than Rs. 350;
3. That the scholarships shall be awarded to students who have passed the Entrance Examination of the Punjab University in order to enable them to read for the Intermediate or Degree Examination;
4. That the scholars shall be residents of the Gurgaon District, and that preference shall be given to agriculturists or to boys of good but impoverished families;
5. That the District Board shall appoint the scholars, and shall inform the Registrar of the University, from time to time, to whom the scholarship has been awarded;
6. That the scholarship shall be paid only on the certificate of the Principal of the College that the scholar has attended the College during the month for which the scholarship is paid, unless exempted from attendance by reason of a College vacation or for some reason considered valid by the Principal;
7. That the University be authorized to appropriate to its general purposes such a sum, not exceeding Rs. 250 per annum, as may remain unexpended upon the scholarships thus established, and that any sum unexpended in excess of Rs. 250 be invested and held by the University upon trust, either for the augmentation of the number of their scholarships, or for an increase to their value or otherwise, as may be determined by the University in communication with the District Board;
8. That these scholarships cannot be held in addition to or at the same time as any other scholarships granted either by Government or by the University;

and that these rules and conditions be approved.

Colonel Holroyd pointed out that in his opinion the rules proposed were not in accordance with the rules for the grant of scholarships by District Boards laid down in the Punjab Education Code. The rules in the Punjab Education Code laid down the principle that all scholarships granted by Local Bodies shall be awarded by merit and in accordance with the results of a public examination, and that if Local Bodies provide special scholarships and restrict them to certain classes, these restrictions require the sanction of the Government. Rule 4 of the proposed rules agreed upon with the Gurgaon District Board confines the award of these scholarships strictly to persons who "shall be residents of the Gurgaon District," and requires that preference shall be given in the award to agriculturists or to boys of good but impoverished families.

Dr. Slulpnagel asked if it was necessary for the University to accept these terms, and thought that the Gurgaon District Board had the power to dispose of their money as they thought best without any reference to the University whatever.

The Vice-Chancellor remarked that, although the University could not control the disposal of money by a District Board, he thought that no scholarship could be given by a District Board in connection with the University without the sanction of the University.

Colonel Holroyd contended that, as the Government had laid down in the Punjab Education Code certain rules under which District Boards could grant scholarships, the University could not assist the Board to carry out what was practically an evasion of those rules. He consequently moved an amendment, which was seconded by Mr. Lewis, *that for the words* "and that these rules and conditions be approved" *the following words be substituted* "but that with reference to the proposed rules, the attention of the Board be drawn to Articles 163 and 169 of the Punjab Education Code, and that they be requested to modify the proposed rules so as to bring them into conformity with the principles laid down by the Government as regards the nomination independently of competition and the preference accorded to boys of good family."

Dr. Center opposed the amendment on the ground that a large number of scholarships are already given by Local Bodies in the proposed manner to students in the Medical College without difficulty. It was a common practice for a Local Board to grant a scholarship to a particular student belonging to its own district in the Medical College, and thus pay his way all through his medical course, and the practice was natural and desirable, and so far as he could see unobjectionable.

The Registrar said that the adoption of Colonel Holroyd's amendment would be tantamount to a rejection of the scheme altogether, or at all events to its indefinite postponement. The scheme was simply this. The Gurgaon District Board proposed to pay to the University an annual subscription of Rs. 500, out of which the University shall be bound to expend or set aside every year at least Rs. 250, but never more than Rs. 350, for scholarships to agriculturists or to men of good but impoverished families who are residents of the Gurgaon District, such scholarship-holders being nominated by the District Board, whether after a competitive examination or not, or whether upon the results of the University Entrance Examination or not, is not declared. It is not pretended that the Punjab Education Code is in any way binding on the University, and he could not understand therefore why the University had not the power to dispose of such a *subscription* in any way that was thought desirable by the Senate. It was intended that the University, and not the District Board, should award the scholarship, the recipient being named by the District Board.

Colonel Holroyd denied that his amendment would necessarily reject the scheme: it simply required that the sanction of the Government should be obtained on one particular point in the scheme. He did not suppose that the sanction of Government to the scheme would be refused; and if the Government agreed to the first condition, the second point is simply that the scholarship should be conferred according to the results of an examination. If it was arranged that the scholarship should be confined to men of good but impoverished families, then all candidates who appear at the examination fulfilling that condition will be entitled to be reckoned as candidates for the scholarship. His only desire was to bring about an arrangement which would prevent any difficulty hereafter.

The Vice-Chancellor and Bábu Protul Chandra Chatterji both opposed the amendment which, after some further discussion, was rejected by a large majority.

Bábu Protul Chandra Chatterji then moved an amendment that *in Rule 5 the word* "nominate" *should be substituted for the word* "appoint," *and the words* "should be" *for the words* "has been," and explained that he did so in order that it might be made quite clear that the University, and not, as might be inferred from the present wording, the District Board, awarded the scholarship.

The amendment was seconded by Bábu Brij Lál Ghose, Rái Bahádur.

The Vice-Chancellor was of opinion that an alteration of the wording of the proposed rules would require the previous consent of the Gurgaon District Board, a measure which would delay the settlement of the question, whereupon Bábu Protul Chandra Chatterji, M.A., B.L., withdrew his amendment.

Dr. Stulpnagel then moved, and Dr. Dickson seconded, an amendment that *the proposals should be referred* to the Syndicate for further consideration in the light brought to bear upon them by the present discussion, and this amendment after a brief discussion passed in the affirmative.

3. The third proposal of the Syndicate was then read—

That the following rule be substituted for Rule 5 of the existing rules :—

All property belonging to the University shall be held under Section 2 (3) of the Act of Incorporation, No. XIX of 1882, in the name of the University of the Punjab, and for the purpose of drawing interest upon, or transferring any part of, such Government stock or Government Promissory Notes as is held in the name of the University of the Punjab the Vice-Chancellor and Registrar shall be jointly authorized to do all acts necessary for such purposes. A copy of this rule shall be sent to the Public Debt Office for record;

and the Financial Rules thus amended shall be sealed with the Common Seal of the University.

The Vice-Chancellor desired to explain to the Senate why this proposal was necessary. The necessity arose from a difficulty felt by the Public Debt Office in Calcutta in complying with the request preferred by the Registrar in accordance with the existing financial rules for the transfer of the Government Promissory Notes now held in his name to the official names of the Vice-Chancellor and Registrar. It was necessary to distribute the five Government Promissory Notes now held by the University into a number of small pieces in order that the portion belonging to each trust should be separately held and separately recorded, and the Public Debt Office had declined to permit these new securities to stand in the joint names of the Vice-Chancellor and Registrar. An appeal had been made by the Registrar to the Comptroller and Auditor General, who had, after taking the advice of the Government Solicitor, confirmed the decision of the Public Debt Office, and had intimated that, as the University was by Section 2 (3) of Act XIX of 1882 constituted a body corporate, the Government securities belonging to it should stand in the name of the University of the Punjab.

The existing Financial Rule 5 is as follows :—

5. All documents relating to the capital, and all shares, scrip or other securities, the property of the University, shall stand in the official titles of the Vice-Chancellor and the Registrar for the time being, and shall be deposited for safe custody in the Bank of Bengal, Lahore, or in other such place as the Senate shall direct. For the purpose of drawing interest, dividends and profits on such capital, shares, scrip or other securities, it shall be competent for the Vice-Chancellor and Registrar to give a power of attorney to the Agent, Bank of Bengal, Lahore;

and Statute V. 1 requires that the Registrar shall have the custody of all sums invested on account of the University and of all Government or other securities and documents relating to the funds or other property of the University and of all property of the University, that is to say, that the invested funds and other property of the University should be, as it has been heretofore, managed by the Registrar.

The proposed rule corrects a mistake which the framers of the new financial rule fell into in regard to the person who should be the registered proprietor of the University property in declaring that all property belonging to the University shall be held in the name of the University of the Punjab, and further proposes, in order to meet the wishes of the Senate as expressed in the new financial rules, that the Vice-Chancellor and Registrar shall jointly do all acts necessary for drawing interest upon or transferring any part of the Government securities so held.

The Registrar thought that the statute ought to be amended with the view of preventing any alienation of the University property except under the Common Seal of the University.

Mr. Lewis remarked that it was strange that the University should hand over all its property to the custody of a person who is not a member of the University.

The Vice-Chancellor said that the Statute V. 1 clearly required that the property should be left in the custody of the Registrar, though it is possible to place another interpretation upon it. You may require the Vice-Chancellor and Registrar to draw the interest, although, when it is drawn, the Registrar should have the custody of it, and it is possible to draw that distinction and pass this new rule without requiring an alteration of the Statute, which would involve considerable correspondence and cause much delay in the settlement of the question. Such delay was very undesirable, inasmuch as some of the securities have to be renewed and others must be divided.

The motion was then put and agreed to.

4. The next proposal having been read—

That Dr. Muhammad Hussain Khán, Khán Bahádur, Mr. F. C. Channing, Nawáb Násir Ali Khán, Kázilbásh, and Pandit Guru Prasád, be appointed members of the Punjab Text-Book Committee on behalf of the University;

the Registrar stated that he had been asked to read a protest from Pandit Navína Chandra Rái against the nomination of Pandit Guru Prasád on the ground that, though a distinguished Sanskrit Scholar, he cherished the exploded and superstitious notions upon Natural Sciences and Philosophy.

The motion was then agreed to.

5. The fifth proposal was read—

That the proposal of the Oriental College Committee for continuing after 31st January 1887 the existing arrangements for the performance of the duties of the Principal of the Oriental College be accepted for the present, and that the Senate trust the Oriental College Committee and the Syndicate will not lose sight of the advisability of eventually appointing a competent Oriental Scholar to the post.

N.B.—The existing arrangements are that Mr. T. C. Lewis, M.A., perform the duties of Principal on a salary of Rs. 200 a month, the Head Pandit and Head Maulvi receiving Rs. 30 per mensem each for the superintendence of the Sanskrit and Arabic Branches of the College.

The Registrar read as he had been requested the remarks in the proxy papers of the following Fellows of the University who were not present:—

Mr. Sime considered that the Syndicate should be specifically instructed to appoint as soon as possible an Orientalist who will *teach* as well as *supervise*.

Mr. Baden Powell held that the Senate can direct and resolve what it thinks right, and is not reduced to hope that bodies subordinate to itself will do this or that.

Sardár Amín Chand considered that the Syndicate should be directed to urge upon the Oriental College Committee the immediate appointment at the earliest opportunity of an Oriental Scholar to the post of Principal of the Oriental College.

Bábu Brij Lál Ghose, Rái Bahádur, proposed the amendment that *for the words* "will not lose sight of the advisability of eventually appointing" *the words* "shall as soon as possible appoint" shall be substituted, *and that for the word* "trust" *the word* "desire" shall be substituted.

Dr. Brij Lál Ghose urged that for the Oriental College a Superintendent or Principal thoroughly acquainted either with Sanskrit or Arabic should be appointed, as it would certainly be in keeping with the character and name of the College that its Principal should be a scholar learned or at least conversant with one of the Oriental Classical Languages.

The amendment was seconded by Dr. Rahím Khán, Khán Bahádur, who contended that a teacher who could also supervise the College classes was required and not a disciplinarian.

Dr. Stulpnagel enquired what steps the Syndicate had taken to secure the services of a competent Orientalist.

The Registrar replied that advertisements had been inserted in the leading Calcutta, Bombay, Madras and North of India newspapers during the months of September and October last. About forty replies had been received, which were placed before, but not very minutely considered by, the Oriental College Committee and the Syndicate. One of the applicants—and he had applied at the Registrar's direct invitation—was Bábu Rajendra Chandra Banarji, Shastri, M.A., who had been last year actually appointed to act for a short period as Principal of the College during the absence of Dr. Leitner, but who subsequently, when he found that it was proposed by the Syndicate contrary to the rules to place him under the supervision of Mr. Lewis, the Principal of the Government College, had declined the appointment.

The Registrar had also been in correspondence with Dr. Thibaut of Benares and Professor Buhler of Vienna. Both these gentlemen, admitted to be competent judges, had stated that there would be no difficulty in procuring the services of well-qualified Native Oriental Scholars upon the salary offered, or perhaps upon a small increase on that amount, but they had distinctly assured the Registrar that no qualified European Orientalist was obtainable on the rate of pay available or even upon double that rate.

At the suggestion of the Vice-Chancellor, Bábu Brij Lál Ghose consented to alter the wording of his amendment, which was then put to the Senate in the following form :—

> " *That the words* " and that the Senate trust the Oriental College Committee and the Syndicate will not lose sight of the advisability of eventually appointing a competent Oriental Scholar to the post" *be struck out and the following words substituted* " but that the Senate resolves that a competent Oriental Scholar should be appointed as soon as a suitable opportunity offers for doing so, and that the Syndicate be desired to give effect to this resolution." "

This amendment having been carried, the original proposal as amended was carried.

6. The next proposal having been read—

> That the proposals for the reorganization of the Oriental College Teaching Staff, prepared by Mr. T. C. Lewis, M.A., Principal of the College, and submitted by the Oriental College Committee, be approved—(Appendix II)—

the Registrar explained that the approval of the Senate to all the proposals contained in this scheme was not necessary, but as the sanction of the Senate to certain of them was necessary, the whole had been sent up for approval at the request of the late Vice-Chancellor.

The Vice-Chancellor did not understand why the responsibility for this reorganization of the teaching staff of the Oriental College should be thrown upon the Senate, as the Oriental College Committee were competent to deal with all such matters as the internal arrangements of the College, only a few specific points requiring the approval of the Senate, and suggested that the specific points which required the approval of the Senate should be detailed.

Mr. Channing, who remarked that it was not intended to carry out all these recommendations at once, and thought that it would be more advisable if each recommendation which required the approval of the Senate were sent up for sanction as it was carried out, moved an amendment, which was seconded by Colonel Holroyd—

> That with reference to the rules for the management of the Oriental College and School passed on the 6th May 1885, the Oriental College Committee through the Syndicate be requested to send up for the orders of the Senate only those particular proposals for which the sanction of the Senate is required.

And this amendment was carried without opposition.

The next two proposals of the Syndicate were carried with acclamation—

7. That His Honor Sir Charles Umpherston Aitchison, K.C.S.I., C.I.E., LL.D., Lieutenant-Governor of the Punjab and its Dependencies, Chancellor of the University of the Punjab, is, by reason of eminent position and attainments, a fit and proper person to receive the degree of Doctor of Oriental Learning, and that under the provisions of Section 16 of the Punjab University Act the said degree be conferred upon him *honoris causâ.*

8. That a cordial vote of thanks be passed to Mr. G. R. Elsmie, Commissioner of Lahore, for having discharged, with so much patience, judgment and ability, the difficult duties of Vice-Chancellor during a critical period of the history of the University.

9. The ninth proposal was then carried without discussion—

> That the list of Examiners in Classical and Vernacular Languages for the next Arts and Title Examinations of the University, as proposed by the Oriental Faculty and amended by the Syndicate, be approved—(*Vide* Appendix III).

10. The Registrar read the tenth proposal—

> That the Gold Medal offered by His Excellency the Earl of Dufferin in his address at the University Convocation on the 4th November 1886 for the period His Excellency remains in India be awarded to the student who passes the highest examination in Mathematics.

The Registrar read out, as he had been requested, the remarks on this proposal recorded in their proxies by two absent Fellows—

> Mr. Baden Powell grieved to see another of those useless and costly medals awarded, and suggested the gift of useful books of a standard character, nicely and solidly bound with the Arms of the University on one side and those of Lord Dufferin on the other.

> Sardár Amín Chand wrote that the Viceroy, having spoken so highly of the future researches to be made in the Oriental Languages of the country, should be urged to grant the medal to those who distinguished themselves in Sanskrit, and not to those who distinguished themselves in Mathematics.

The Oriental Faculty had recommended that the medal should be given in alternate years to the student who passed highest in Sanskrit and Arabic, while the Medical Faculty had suggested that it should be given to the student who passed highest at the final examination in Medicine. The medal will be granted for two years only, unless the Viceroy's term of office is extended beyond the ordinary period.

Colonel Holroyd explained that the Syndicate considered all the medals given at present and the encouragement afforded in the various branches of learning, and found that Mathematics was most entitled to the medal. The standard of Mathematics in this University is higher than in any other University in India, and it is desirable that the students should have some special inducement offered to them to take it up. Dr. Dickson thought that it would be more in keeping with the subject of the speech delivered by the Viceroy at the Convocation if his promised Gold Medal were awarded for proficiency in Persian or some other oriental language. He supported the proposal of the Oriental Faculty, and proposed an amendment that the proposal of the Oriental Faculty in regard to the disposal of the Viceroy's Gold Medal should be accepted, and that it should be awarded alternately to the graduate who stands highest in Sanskrit and Arabic.

The amendment having been seconded by the representative of His Highness the Mahárája of Patiála, the Vice-Chancellor thought it desirable that information regarding the present award of existing medals and prizes should be afforded to the Senate.

The Registrar stated that at present eleven endowed medals and prizes were in existence and four unendowed medals and prizes.

The endowed medals and prizes were—

1. The Brandreth (Registrar's) Prize for Oriental Literature.
2. ,, Maler Kotla-McLeod Medal for Arabic.
3. ,, Jaishi Rám Medal for Law.
4. ,, Maclagan Prize for Civil Engineering or Science.
5. ,, Ináyat Ali-Watson Prize for Political Economy.
6. ,, Ináyat Ali-Griffin Prize for Muhammadan Law.
7. ,, Alwar Medal for English and Sanskrit.
8. ,, Rái Kanhya Lál-Pollard Prize for Civil Engineering.
9. ,, Khalifa Muhammad Husain-Aitchison Medal for English and Arabic.
10. ,, Khalifa Muhammad Husain-Griffin Prize for English and Arabic.
11. ,, McLeod Medal and Prize for Arabic or Sanskrit.

And the unendowed medals and prizes were—

12. The Harbans-Aitchison Medal for Sanskrit.

13. ,, Harbans-Leitner Medal for Sanskrit.

14. ,, Stulpnagel Prize for Philosophy.

15. ,, Lewis Prize for Mathematics.

Some of these endowments were insolvent, but it would be observed that, while several prizes and medals existed for Arabic and Sanskrit, Medicine was wholly without any University encouragement at all in the shape of medals or prizes, and in consideration of the interest taken by His Excellency the Viceroy in the advancement and extension of Medical Science in India, the proposal of the Medical Faculty was deserving of support.

Dr. Dickson having thereupon withdrawn his amendment, Dr. Brij Lál Ghose, Rái Bahádur, then proposed, and Dr. Rahím Khán, Khán Bahádur, seconded, an amendment *that the medal should be awarded to the successful student who passes highest at the final examination for the diploma of Licentiate in Medicine.*

Dr. Stulpnagel's own wish would be to devote the medal to the special encouragement of Moral Science, but, as he did not anticipate much support to his views, he supported the present amendment with which he cordially sympathized.

The amendment was then put from the Chair and carried unanimously.

11. The eleventh proposal was read and agreed to without discussion—

That the Syndicate's action in presenting an address of congratulation to His Honor the Lieutenant-Governor on behalf of the Queen-Empress on the occasion of the celebration on the 16th and 17th February 1887 of the fiftieth anniversary of Her Majesty's accession to the throne be approved.

12. The twelfth proposal having been read—

That the action of the Syndicate in transmitting a copy of the report prepared by the Registrar on the Trust Funds of the University, together with a statement showing what portion of the total amount belonging to the Special Trusts was misapplied before the incorporation of the University and what portion after, to the Government, in reply to letters No. 26½, dated 21st February 1885, and No. 38, dated 19th March 1885, be approved—(*Vide* Appendix IV)—

the Registrar stated that two Fellows of the University had urged in their proxies and by special letter that this report, gravely reflecting as it did not only upon the administration of the University as well as of the Punjab University College by the Senate, but also upon the Government by which the proceedings of the Senate had been periodically sanctioned, should be kept strictly private.

The Vice-Chancellor considered that the letter which had been sent with the report to Government should be read in order that the Senate might know precisely what opinion the Syndicate had expressed.

The letter in Appendix IV was then read by the Registrar.

The motion having been unanimously agreed to, the Senate separated.

SENATE HALL,
LAHORE:
The 10th March 1887.

FREDERIC LARPENT,
Registrar.

APPENDIX I.

1. That the donation of Rs. 25,000, or such a sum as will produce an annual interest of Rs. 1,000 munificently offered to the University by Seth Rám Rattan, Rái Bahádur, of Mecan Meer, shall, together with the balance standing at credit of the Rám Rattan Fund on tha University books, be invested in Government Stock, which shall be held as a separate Trust.

2. That the income annually arising from this investment shall be expended in the establishment of four scholarships: two scholarships to be awarded, in order of merit, to those candidates who successfully pass in the First or Second Division of the B. O. L. Examination, and two scholarships to be awarded, in order of merit, to those candidates who successfully pass in the First or Second Division of the B. A. Examination.

3. That the scholarships shall be called the "Aitchison-Rám Rattan Scholarships," and that they shall be tenable for two years, either at the Lahore Government College, or at St. Stephen's College at Delhi, or at any College which may hereafter be founded in the Punjab or Bikaner.

4. That the value of the scholarships be the same as that fixed for ordinary College scholarships, under the rules framed by the University from time to time.

N.B.—At present the values of the scholarships are as follows:—

B. O. L. First Division,	Rs.	20	per mensem.
" Second "	"	16	"
B. A. First Division,	"	25	"
" Second "	"	20	"

5. That the unexpended portion of any income, arising from this investment shall be periodically invested in Government Stock, and that if there are sufficient funds, additional scholarships shall be established in the same names, and of the same nature, as the four original scholarships established by this Trust.

6. That at the close of every year, a copy of the separate account kept on the University books of the transactions of this Trust, shall be sent to the donor, his heirs, administrators and assigns.

7. That if the Punjab University shall at any time cease to exist or become unable to carry out the conditions of this Trust, as here described, the accumulated capital of the Trust shall be handed over to the Government for the use and benefit, in equal shares, of two orphanages, one for Europeans and one for Natives.

The Government shall retain such capital only until such time as it can be handed or paid over for the purposes of such orphanages.

8. The principal shall not be on any account used or expended by the University' nor shall the Government, if and when the accumulated capital is made over to Government, use or expend the whole or any portion of such capital or any income therefrom arising, save and except as provided above.

APPENDIX II.

PROPOSALS BY MR. T. C. LEWIS, M.A., PRINCIPAL OF THE ORIENTAL COLLEGE, ON THE REORGANIZATION OF THE TEACHING STAFF OF THE ORIENTAL COLLEGE, LAHORE.

That Mr. Lewis, Officiating Principal, Government College, be requested to submit proposals for reorganizing the Teaching Staff of the Oriental College with reference to para. 4 of the Sub-Committee's Report.—*Proceedings of the Oriental College Committee, 30th April 1886.*

The following proposals are made in answer to the above request. The Sub-Committee referred to was appointed to report on the reductions of the Budget and the revision of the College staff, and offered proposals in other paragraphs which cannot well be taken separately from paragraph 4. It will, therefore, be convenient to refer also to those portions of its report, chiefly in order to show how far they have been acted on up to the present time.

As regards the cost of superintendence, this was reduced from Rs. 500 to Rs. 160 per mensem when Dr. Leitner finally left the College; the Principal receiving Rs. 100, and the Head Pandit and Head Maulvi Rs. 30 each for assisting in the superintendence. From August 1st, the salary of the Principal was raised to Rs. 200, raising the whole cost to Rs. 260 per mensem, the excess above Rs. 250 being met by the savings of the previous months. From February 1st, 1887, the Principal is to receive a salary of Rs. 250 per mensem

In accordance with the recommendation contained in section 2 of the Report, the allowance to the Head Pandit and Head Maulvi for lectures in Hindu and Muhammadan Law which were not delivered, have been discontinued.

With regard to the statement that the Sub-Committee would approve of additional expenditure on the Engineering classes, I would point out that according to the Report of 1885-86 there were only nine students, and that they were all preparing for the First Examination in Civil Engineering. Two teachers are more than enough for nine students preparing for one examination. This department would, I believe, be improved if it were placed in the hands of one good teacher on Rs. 70 or Rs. 75 per mensem, this latter sum being the amount now spent on the two teachers employed.

As regards the classes in native systems of medicine, I find that the staff now consists of three teachers instead of two, Pandit Ganga Bishen receiving Rs. 10 per mensem from the Seth Rám Rattan subscription, to assist Pandit Janárdhan. The Sub-Committee expressed the opinion that the instruction given in these classes is useless; and one of its members on a former occasion stated in a meeting of the Senate that the maintenance of the classes for instruction in native systems of medicine upon their present footing was, in his opinion, discreditable alike to the Oriental College and to the University. The Sub-Committee recommended the abolition of these classes at a saving of Rs. 45 per mensem; but the Committee subsequently sanctioned their continuance for the present, provided the instruction be given only to students who have entered the Lahore Medical School. I propose that, in future, three lectures a week should be given, by each of the teachers, to students attending the Medical School, and that the attendance of a student at two-thirds of the lectures given by one of the teachers in any month must be certified by the teacher concerned before the student can draw his stipend for the month. It is quite unnecessary to provide Pandit Janárdhan with an Assistant.

Coming now to paragraph 4 of the Report, it is first necessary to give in detail the present staff of the Oriental College and School. Excluding the Principal this is composed as follows:

SANSKRIT ...	4 Pandits in Title Branch of College Department.	
	1 Pandit transferred from the Government College.	
	1 Pandit for Sanskrit Astrology, &c., in the College; he also teaches in the School Department.	
	1 Teacher in School Department.	
	1 Harbans Singh Scholar.	
HINDI ...	1 Teacher in School Department.	
GURMUKHI ...	3 Teachers.	
ARABIC AND PERSIAN ...	3 Maulvís.	in College Department.
	2 Munshís.	in College Department.
	1 Maulví (from Government College)	in College Department.
	4 Teachers in School Department.	
	1 Bahávalpur Scholar.	
PUSHTU ...	1 Teacher (now employed to teach Persian).	

GENERAL KNOWLEDGE...	Urdu side,	3	Teachers in	College Department.
	Ditto	3	,,	School ,,
	Hindi side	2	,,	College ,,
	Ditto	3	,,	School ,,
	Gurmukhi side	1	,,	School ,,

(Practically on the Hindi side, there being no Gurmukhi pupils in this class at present.)

SCIENCE ... 1 Lecturer.

NATIVE MEDICINE ... 2 Teachers, in addition to one who also teaches on the General Knowledge side.

ENGINEERING, &c. ... 2 Teachers.

The total number of teachers is thus 41. Omitting the teachers of Engineering and Native Medicine, we have a staff of 37 for the teaching of classical and vernacular languages, and for instruction in General Knowledge and Science through the medium of the vernaculars.

I. COLLEGE DEPARTMENT.

In Sanskrit there are four Pandits employed to instruct the Visharad and Shastri classes which contain respectively 5 and 22 students. There are four classes, *viz.*, a 1st and a 2nd year class in each of the two courses.

With a similar arrangement of classes preparing for the Maulvi Alim and Maulvi Fazil Examinations in Arabic, there are only two Maulvís employed.

So in Persian two teachers are found sufficient for the work.

If in the words of the Sub-Committee there is anywhere "an overgrown establishment" for instruction in the above subjects, it must be in Sanskrit; and I am of opinion that two Pandits could do all the work. The present Head Pandit (Pandit Guru Prasada) is a distinguished Grammarian, and is besides well able to lecture on Literature or Philosophy, or both. The 2nd and 3rd Pandits have both studied the whole range of subjects, and passed the Shastri Examination in them. There is, therefore, no difficulty in finding Pandits who can take charge of classes in more than one branch of the Sanskrit courses.

In addition to the four Pandits mentioned above there is the so-called teacher of Sanskrit Astronomy, who is paid out of the Seth Bansi Lál Rám Rattan subscription. He teaches Astrology (not Astronomy) to College students. He also teaches in the School Department.

The number of hours per diem required for the Oriental classics of the Government College classes is about 12; this would occupy three lecturers at four hours each. Thus, in addition to the two Professors paid from the special Government grant, a third is required on the staff of the Oriental College. The Government Professor of Sanskrit will take all the Sanskrit classes for the Intermediate and Degree Examination. The Government Professor of Arabic and Persian and the additional teacher provided by the Oriental College will divide the Arabic and Persian work between them.

A third Maulvi is now retained in the College Department to teach Arabic to Oriental College students on the Degree side. This is wholly unnecessary, and contrary to the intention of Government in transferring the Oriental Professors from the Government College,—the intention, namely, to economise teaching by amalgamating those classes in the two institutions which happened to be preparing the same classical courses. This appointment should therefore be abolished. The present Maulvi might take part in the instruction of the amalgamated classes.

In the Gurmukhi side of the College Department we have three teachers on Rs. 15, Rs. 15 and Rs. 10 respectively. The Budget sanctions two teachers in this Department at the same expenditure. The amount was, however, redistributed among the three teachers whom I found in the College in the manner proposed by Bhai Gurmukh Singh, and the College Committee was informed of the arrangements.

In the General Knowledge Department (where the students are prepared for Oriental Degrees) there are at most three subjects taught, *viz.*, Mathematics, Philosophy and History. Classics and Science are provided elsewhere. The number of pupils last year and this are given below :—

		Urdu side.	*Hindi side.*
1885-86	B. O. L. Class	4	0
	Intermediate	34	14
1886-87	B. O. L. Class	11	0
	Intermediate	22	11

The number of teachers for these classes is five, on salaries of Rs. 100, Rs. 80, Rs. 66, Rs. 50 and Rs. 30 per mensem. With three teachers this Department of the College would be well manned, at the rate of one teacher to each subject, unless it is deemed necessary to keep up a separate staff of teachers for each of the two sides, after taking the number of students on each side into consideration. Of the present teachers three are supposed to be attached to the Urdu side, and two to the Hindi side. But all the students on the Hindi side are capable of receiving instruction through the medium of English, and are so taught, a few explanations only being given to them from time to time in their vernacular. Further, two of the students on the Hindi side are Muhammadans! This being the case, it seems to me that the classes might very well be amalgamated without the slightest disadvantage to the students, and at a considerable saving. The task of the College, on the Degree side, is to give instruction through the medium of the vernaculars, and not through the medium of English. Further, if the lectures are to be all delivered in the vernacular of the students, it cannot be that separate lectures in History are required for students reading the same courses, and who are able to talk together on any common topic when they meet outside the College class-room. In other subjects it is stated that there is an obstacle to amalgamation in the fact that the Urdu and Hindi technical terms are not the same. But all the students are able to attend the lectures on Science together in the Oriental College, as they do in all subjects in the Medical College. Where differences in technical terms exist in other of the higher branches of Western education, they arise, I understand, from a recent mistaken policy and misapplied ingenuity, of which the object appears to have been to keep the classes distinct;

and also from a curious sentiment that every student should only use technical terms derived from the same classical language as his own vernacular. To me it seems in the highest degree pernicious, and a drag upon the educational progress of the people, to erect a barrier in the College between different classes of students where no such barrier exists, naturally or socially, to ordinary intercourse, or to zealous co-operation in any common work in life. Everywhere those whom we distinguish as Urdu and Hindi are found side by side in the same office, they work together on the same Municipal and District Committees, they talk together about public and private business of all kinds, without having had to learn each the language of the other as a foreign tongue. Yet we attempt to make them acquire knowledge in channels so different that it will be impossible for them to converse together on what they have studied. Quite apart from the question of economy and simplicity of arrangement in College work, I can imagine nothing more fatuous than a course like this. And I would therefore, urge that in the College Department, the Urdu and Hindi classes reading for degrees should be amalgamated. The difficulty due to different technical terms can be met, where it exists, by the teacher giving both terms when necessary; he could easily make a list of such terms in any subject, and acquaint himself with the second form required for part of his class, or place the list in the hands of the students for their use. Mr. Ibbetson suggested, when he was officiating as Director of Public Instruction, that the difficulty might be overcome by the use of the English technical terms in branches of study that have been introduced from Europe, instead of our being at the trouble of inventing two entirely new sets of different terms of Arabic and Sanskrit derivation respectively. About this I do not offer an opinion; but I may at least point out that technical terms frequently and naturally find their way from one language to another with the science in which they occur, a very large number of English scientific terms being thus derived from Arabic, and used by Englishmen without offending their national prejudices. An arbitrary attempt from outside to dictate different sets of technical terms with different derivations for the various classes of student is, however, much to be deprecated. As a former Lieutenant-Governor of Bengal said in his address at Birmingham this year as President of the Anthropological Section of the British Association—"Language tests of race are to be found in the few simple elementary words and forms which any observer can easily master and examine, and not in the higher developments of the language, which are generally much intermixed with and influenced by foreign elements." As a matter of fact, the English technical terms are now largely used in the Oriental College, the vernacular terms being learnt, but not generally used. The classes have been driven to this partly because the examinations are conducted by outsiders who frequently use the English terms. If this is the natural tendency, it must be considered unadvisable to interfere with it; while if it be allowed to manifest itself, the necessity for having separate Urdu and Hindi colleges on the general knowledge side disappears. What we really want to discover and use are not different sets of technical terms to suit different sections of the community, which seems to have been the object hitherto kept in view, but *one* set of terms that shall be universally acceptable.

II.—THE SCHOOL DEPARTMENT.

Sanskrit.—There are three teachers, one of whom is the Harbans Singh Scholar, and another is the teacher of Astronomy maintained by the Seth Rám Rattan subscription. As there are only two or three students of Sanskrit Astronomy, the latter teacher is partly employed in the school classes. Instead of these three teachers only one is required. The work is to teach for the Pragnya Examination.

Arabic.—Similarly there are three teachers, including the Baháwalpur Scholar, where one only is required, the work being to prepare classes for the lowest or Entrance Examination in Arabic.

Persian.—Here there are two teachers to prepare students for the Munshi Examination; one is all that is required.

Those who are preparing for the Entrance Examination (general knowledge side) in the above classical subjects read the same course as the Government College students preparing for the Intermediate Examination, and should therefore attend the same classes.

Pashtu.—The teacher of Pashtu should be retained for any boys who may wish to learn this language, or study through the medium of it. If unemployed in this way, he might take a part in teaching the Arabic classes, as he does now, or he might use his time to advantage in translating from Urdu into Pashtu.

Hindi.—We have one teacher, required for the Entrance Classes.

Urdu.—There is no teacher of Urdu in the College or School. Since Urdu is a recognised vernacular at the Entrance Examination, and taken by almost all the candidates, the appointment of an Urdu teacher is evidently needed. This is worthy of remark, as being the only case of a real deficiency in staff.

Gurmukhi.—This is taken when necessary, by the Gurmukhi teachers of the College Department, who have but little to do there.

General Knowledge.—There are 63 boys (about one-quarter of the total number on the rolls of the institution) in the Primary School. There are 40 in the Middle School, and 34 in the High School. This shows to what a large extent the work corresponds to that done in Primary Schools. The number of teachers is seven, merely for History, Geography and Mathematics. Before arriving at any decision about the staff it is necessary for the Committee to make up its mind on a question which was debated in the Sub-Committee, whether, or to what extent, the school could be separated from the College, so that we should have to deal with a collegiate institution, and not with a school also, where the usual instruction of primary schools is largely conducted. The Sub-Commiitee's report states that this would be impossible, because the class of students which enters School or College is required to have a knowledge of a classical language equivalent to the Entrance standard, while any be ignorant of the simplest elements of general knowledge. I find that the Sub-Committee must have been misinformed on these points. High classical attainments are not insisted on before entering School or College. Of the 63 boys in the Primary School at least 34 have not even passed the lowest of the classical examinations, and there are from 7 to 10 in the Middle School who are equally backward in their classical studies. The expenditure of funds, subscribed for the foundation of a University, upon elementary schools has characterised the University from the beginning ; and, as the Lieutenant-Governor pointed out in the Government Resolution No. 57 of the 14th April, the fact that the money collected w s being frittered away on schools and local institutions created much dissatisfaction, and was the main reason why the Ruling Chiefs of the Punjab held aloof from the movement in its early days. Some definite rule should therefore be formulated and enforced. We should not admit boys who are ignorant alike of a classical language and of the elements of general knowledge. The present rules practically admit every one who wants to get a free or assisted education, however ignorant he may be. Schools for such are useful, but they do not come up to a University standard, and should not constitute much of a drain on the University funds. It is expected that, under the grant-in-aid rates of the new Educational Code, Indigenous Schools will be much encouraged and improved, and they will naturally become the feeders of the Oriental College. We shall shortly be able to demand at least the low standard of general knowledge acquired in them, and shall thus be able to do away with our lowest classes. The ideal after which we should strive is to establish a high class college for Oriental classics and for high education through the medium of vernaculars, all lower work being done in other places. We cannot too often insist that the School Department is only temporary, and to be abolished as soon as we can get its work done elsewhere. It is easy for us, however, to compete with any other schools, and to hinder their formation, by using University funds to give a free education in our Primary Department, and to pay boys to come. As a step in the right direction, I would suggest to the Committee to consider whether it is desirable or not to require candidates for admission to have reached at least the Lower Primary standard.

The subjects taught on the general knowledge side are History, Geography and Mathematics. To these I have also added English, as requested by the Committee. Keeping the Hindi and Urdu sides distinct, except in English where they are at present united, the seven teachers now employed should be sufficient. I have therefore no alteration to propose as regards the teaching staff, so long as the present arrangement and variety of classes is left undisturbed. If we discontinue the Lower Primary Department, six teachers would probably be found sufficient.

I heartily agree with the suggestion of the Sub-Committee that while the overgrown and excessive staff is diminished, the salaries of those who are kept on should be increased, so that the appointments may be worth holding and attractive to competent men, instead of being a refuge for the destitute, whom we now get by offering salaries of Rs. 4, Rs. 6, or Rs. 8 per mensem. Before fixing the salaries anew, it would be well to enquire what salaries are given to native scholars for similar work in other Colleges and Schools, such as the Sanskrit Colleges at Calcutta and Benares, and the M. A. O. College at Aligarh. The following table exhibits the staff as it is, and as proposed by me, with the expenditure in both cases.

The proposals involve a saving of Rs. 171 per mensem, or Rs. 2,052 per annum.

Whenever an appointment on the staff is maintained by a special subscription, but is regarded by the Committee as unnecessary or objectionable, the subscriber will no doubt consent to the money being spent upon some more necessary or worthy object. If not, it is clearly within the province of the Committee to decline to receive subscriptions coupled with improper conditions, such as the dissemination of positive error. I refer particularly to the Seth Rám Rattan subscription, out of which there are now maintained (whether at the donor's express wish or not I do not know) a Sanskrit Lecturer on Astrology, and an Assistant Lecturer on Vaidyak Medicine who is not required in the College. I would point out that the private subscription from Seth Rám Rattan for the current year is estimated at Rs. 920 in the Budget, the actual amount realised or likely to be realised on this account being only Rs. 761.

The expenditure now being charged to this subscription, if continued at the present rate (for the most part sanctioned in this Budget), will amount to Rs. 1,262 in the year, or Rs. 342 more than we expected to receive, and some Rs. 500 more than we realise. The funds available are therefore not sufficient for the maintenance of the two lecturerships named above, which should be at once discontinued. A reduction in the stipends and scholarships chargeable to the same subscription also becomes necessary.

The proposals submitted in this paper are made primarily with a view to full discussion, and not with any re-commendation for immediate adoption *en bloc*. In some of them I have received valuable assistance from Pandit Guru Prasada, with whose suggestion I in the main agree. Some of the proposals should, however, be adopted without delay. Others, especially those that involve the abolition of posts, should not come into force until the present incumbents are otherwise provided for; and the increase of salaries should be carried out gradually, as funds become available by the abolition of unnecessary posts.

More sweeping proposals might easily have been brought forward, but I judged it best to be moderate in proposing changes in an institution with which my own connection will be brief; besides it must be recognised that the only way of making the Oriental College throughout efficient is by a long process of gradual improvement.

APPENDIX IV.

No. 379, dated Lahore 23rd February 1887.

From—F. LARPENT, Esquire Registrar, Punjab University,

To—The Under-Secretary to Government, Punjab, Home (Education) Department.

IN reply to your letters No. 26½, dated 21st February 1885, and No. 38, dated 19th March 1885, I am directed by the Syndicate, in anticipation of the approval of the Senate, to transmit a copy of the report prepared by myself on the special Trust Funds of the University, together with a statement showing in detail the total amount belonging to each special Trust which has been, according to the facts stated in that report, misapplied since the establishment of the Punjab University College. A further statement showing separately the portion of the total amount belonging to the special Trusts misapplied before and the portion misapplied after the incorporation of the University will follow.

2. I am also desired to say, with reference to this report, that a special Sub-Committee, consisting of the Vice-Chancellor, Mr. T. C. Lewis and myself, has been appointed by the Syndicate to make definite proposals with regard to the manner of meeting the obligations of the University in respect to each separate Trust, including the repayment of the moneys due to each Trust and the arrangements necessary for the furture due discharge of each. The proposals made by the Sub-Committee will in due course, if accepted by the Syndicate, be laid before the Senate, and if His Honor the Lieutenant-Governor so desires, I have no doubt that the Senate will direct me to communicate to you its final decisions upon the various questions arising out of the facts brought to light in this report.

3. It seems desirable, moreover, to explain that it has not been found possible to give a categorical answer to the demand communicated in your letter No. 30, dated 19th March 1885, for two statements—one showing the Trusts discharged from the interest and profits of separate investments, and the other showing those discharged from the interest and profits of the consolidated fund of the University.

By Section 3 of the Act of Incorporation the property held by or in trust for the Punjab University College became, on the 14th October 1882, the property of the University with the express condition that such property should be administered by the University for the purposes of the University, subject to all existing trusts as to the manner in which and the purposes to which that property or any part of it should be applied. Notwithstanding a special resolution passed at the meeting of the Senate, held on the 4th July 1870, that "it be a constant rule that donations and subscriptions be always dealt with according to the donor's wishes, if not inconsistent with the general principles of the institution," and that "the account of the interest of special donations be kept distinct and separate," no measures were taken by the Trustee of the Punjab University College either to invest separately each donation presented for a special purpose, or to keep a distinct and separate account of the interest arising from such investments as were purchased out of the donations presented for special purposes; and consequently at the date on which the University was incoporated no separate investments existed. After the incorporation of the University until 1st January 1886 the investments of the University remained undistributed and consolidated. The interest from this consolidated investment was annually credited to what was called the current account, to which account was also credited all the other income of the University, the expenditure upon the general purposes of the University and upon the objects of the special Trusts being charged to that same account; and the examination into the past account of the University College and of the University, the results of which are contained in the report now submitted, was undertaken with the object of compiling the separate account of each special Trust required by the new financial rules, which have received the approval of His Honor the Lieutenant-Governor. The Syndicate hope that all the information desired by His Honor the Lieutenant-Governor in your letter No. 30, dated 19th March 1885, is contained in the report now submitted, although it is not presented in the form annexed to that communication.

SPECIAL TRUSTS.

THE Special Trusts in the possession of, and connected with, the Punjab University on the 31st December 1885, were as below enumerated.

I append an explanation of the conditions, history, and present position of each Trust, compiled from the University accounts, and, so far as is possible, from original documents existing, either in the University office, in the office of the Secretary to the Punjab Government, or elsewhere. In every case, where original documents exist in the University, office, I have embodied with the explanation *literatim* copies of the documents on which the explanation is based.

No. 1.—Patiala Translator, also styled Patiala-Alfred Scholar.

On the 20th April 1870, a sum of Rs. 20,000 was paid into the Umballa Treasury, by H. H. the Mahárája of Patiála, for the purpose of founding a Scholarship or Fellowship, in connection with the Lahore University College, in the name of H. R. H. the Duke of Edinburgh. This money was paid to the Trustee of the Punjab University College on the 13th June 1870, and on the 5th July 1870 the Foreign Secretary to H. H. the Mahárája communicated the Mahárája's desire that out of this donation a Fellowship of Rs. 100 a month should be established and be designated the "Alfred-Patiála Fellowship."

2. Certified copies of the existing original papers on the subject are here recorded.

(No. 1.) No. 313, dated Murree, 13th June 1870.

From—T. H. THORNTON, Esquire, D.C.L., Secretary to Government, Punjab,

To—The Registrar, Lahore University College.

I AM desired by the Hon'ble the Lieutenant-Governor to forward translation of a *kharita* from His Highness the Mahárája of Patiála, enclosing a transfer receipt for Rs 20,000, which he has given for the purpose of founding a Scholarship or Fellowship in connection with the Lahore University College, in the name of His Royal Highness the Duke of Edinburgh. The amount has been made over to the Trustee of the University College.

2. The Hon'ble the Lieutenant-Governor will be glad if the Senate will report, for the information of Government, and for communication to His Royal Highness and His Highness the Mahárája, the manner in which they purpose to carry out the wishes of the donor.

(ENCLOSURE.)

Dated the 29th March 1870.

From—The Mahárája of Patiála,

To—General R. TAYLOR, Commissioner, Umballa Division.

After compliments.—You are aware that when on the occasion of the visit of His Royal Highness the Duke of Edinburgh to the Punjab I had the honor of an interview with His Royal Highness at Lahore, seeing that His Royal Highness was the first member of the Royal family who had visited this Province, and that I was also the first of my family who had the honor of meeting him, I asked his permission to be allowed to found a Scholarship or Fellowship in connection with the Lahore University College, in the name of His Royal Highness, both to mark my sense of the great honor which accrued to me from obtaining an interview with a son of Her Most Gracious Majesty, and to commemorate the Prince's visit by an endowment calculated to promote the welfare of the people. His Royal Highness gladly assented to my proposal. I send accordingly Rs. 20,000, and beg the favor of your causing (with the sanction of the Government, or in such other way as may appear suitable) the money to be invested in Government Promissory Notes, and the interest thereof to be appropriated in founding one or more scholarships to be called after the name of the Prince.

(No. 2.) No. 312, dated Murree, 13th June 1870.

From—T. H. THORNTON, Esquire, D.C.L., Secretary to Government, Punjab,

To—The Trustee, Lahore University College.

IN continuation of letter No. 308 of this date, I am desired to forward translation of a *kharita* from His Highness the Mahárája of Patiála, with its accompanying transfer receipt for Rs. 20,000, which His Highness has given for the purpose of founding a Scholarship or Fellowship in connection with the Lahore University College in the name of His Royal Highness the Duke of Edinburgh.

NOTE.—*Kharita as above.*

(No. 3.) Dated 5th May 1870.

From—Sayad MUHAMMAD HUSAIN, Foreign Minister to H. H. the Mahárája of Patiála,

To—Dr. G. W. LEITNER, Registrar, Punjab University College, Lahore.

IN reply to your letter of the 7th instant, I am directed by His Highness the Mahárája to state that the amount of Rs. 20,000 on account of the Duke of Edinburgh's Scholarship has been paid into the Umballa Treasury on the 20th of April last, and notice given to General Taylor. It will reach you, I hope, through that gentleman.

2. The amount of donation (Rs. 50,000) for the University promised in May 1868, and the amount of Rs. 6,000 on account of interest on the above sum for two years, together with Rs. 230 on account of interest on the Duke's Scholarship money has this day been sent to the above Treasury.

3. On the 8th July 1868 General Taylor was informed as usual of this promise, and requested to have this money sent to its proper place; but up to 10th March 1870, no answer having been received, he was again, on the same date, addressed by His Highness on the above subject, whereupon he has desired that the currency notes be obtained from the Umballa Treasury in exchange of the money and presented to him.

4. You may judge that the delay in remitting this amount was not on the part of the State. Six thousand rupees, which the State has to pay merely on account of the pendency of the promised money, was rather an unreasonable interest; but His Highness, having a choice to contribute to the University fund every way liberally, thought its payment expedient as well.

5. His Highness will arrange to induce the Rájas of Nábha and Jhínd to imitate this his liberal example.

6. As regards the Duke's Scholarship, I will let you know hereafter.

(No 4.) Dated Simla, 5th July 1870.

From—Sayad MUHAMMAD HUSAIN, Foreign Secretary to H. H. the Mahárája of Patiála,

To—Dr. G. W. LEITNER, Registrar, Punjab University College, Lahore.

WITH reference to the Executive Committee's proceedings of the 18th June last, I beg to inform you that His Highness the Mahárája is desirous that out of his donation of Rs. 20,000, a Fellowship of Rs. 100 a month should be established, and be designated the "Alfred-Patiála Fellowship."

Of course, the Rájas of Jhínd and Nábha should be consulted as to how their donations are to be disposed of, but in my opinion scholarships—to be called Jhínd and Nábha Scholarships—should be given to deserving students of the University College.

This arrangement, I think, will meet with the approval of these Chiefs; for in this way each of them wil be separately known as a friend of your University in the Punjab.

3. The Senate, at a meeting held on the 4th July 1870, proceeded to consider the proposal, and at that meeting the following proceedings were recorded :—

The Registrar submitted the printed paper of proposals which had been circulated among the members, and on which the absent members had sent in their written votes. The following resolutions were then passed :—

Proposal I.—That the Rs. 20,000 given by H. H. the Mahárája of Patiála, to endow a Scholarship or Fellowship in honor of the Duke of Edinburgh, be funded with the General University Trust Fund, and that the interest thereof, together with as much from the allowance sanctioned for "Rewards to Authors and Translators" as will make up the amount to Rs. 100 per mensem,* be devoted to an "Alfred-Patiála Fellowship," tenable for a certain number of years, as may be settled by Senate,—the Fellow being required to translate books of general literature and science from English into the vernacular, and to assist in vernacular compilations and editions, under the direction of the Senate. The Fellowship to be offered for public competition, of which details are to be settled by Senate. Candidates to be proficient in English, Urdu and Persian; and of two candidates of equal merit, the one possessing a knowledge of Arabic or Sanskrit to be preferred.

Proposal I, para. (a).—This is to be understood with the interpretation given by His Honor in his Secretary's No. 534, dated 23rd September 1870, para. 2.

(*a*) On this it was resolved that it be a constant rule that donations and subscriptions be always dealt with according to the donor's wishes, if not inconsistent with the general principles of the Institution. Further, that the account of the *interest* of special donations be kept distinct and separate.

(*b*) In this particular case it was therefore decided that no resolution be passed till the consent of the Mahárája of Patiála had been obtained to the proposal. It was also considered that if the donations of the Mahárája of Patiála and of the Rájás of Jínd and Nábha, for the foundation of a Duke of Edinburgh Fellowship, be formed into one common fund, a Fellowship of even greater value than Rs. 100 per mensem could be given without involving the necessity of taking any money from the allowance for "Rewards to Authors and Translators."

Then the Executive Committee in the report on the Budget proposals for 1871 advised

That this Scholarship be tenable for two years, and be given in the manner proposed by the Executive Committee to the Senate on the 4th of July last, approved by the Mahárája and the Senate, and accepted with the interpretation given to it by His Honor the Lieutenant-Governor in Secretary's No. 534, dated 23rd September 1870.

4. In the rules relating to Readers and Translators made by the Senate at the meeting held on the 23rd February 1884, and sanctioned by the Local Government in letter No. 182, dated 15th May 1884, the duties of the Alfred-Patiála Translator are defined to be to translate works into the vernacular under the supervision of the Syndicate and to teach in the general knowledge department of the Oriental College.

5. The Translatorship has been held by the following persons for the periods stated opposite each name :—

	From	To
Baij Náth ...	1st May 1873 ...	31st December 1874.
Pandit Kirpa Rám ...	1st January 1875 ...	15th March 1877.
Bhái Gurmukh Singh ...	19th March 1877 ...	31st December 1881.
Sheikh Umar Bakhsh ...	1st January 1882 ...	8th October 1882.
Pandit Harkishan Dás, M.A....	9th October 1882 ...	4th October 1885.
Maulvi Ghulám Mustafa ...	20th October 1885 ...	31st December 1885.

It should be noted that during the incumbency of Sheikh Umar Bakhsh, he drew a monthly salary only of Rs. 50, the remainder of the salary assigned to the Readership being distributed between three other persons attached to the Oriental College—Rám Kishan, Mir Muhammad Ghazanfar and Shah Chirágh. This arrangement was also continued during the period from 9th October to 30th November 1882, when Mr. Parker, who on the 1st December 1882 became Registrar, appears to have objected to it, and ordered that the Reader should receive the whole salary of the Readership.†

Bhái Gurmukh Singh, for the period from 19th March to 30th June 1877, received a salary of Rs. 50 per mensem only.

Pandit Harkishan Dás, who held this Readership from 9th October 1882 to 4th October 1885, received, from 16th October 1884 to 4th October 1885, the pay of the McLeod-Punjab Arabic Reader, while Maulvi Inám Ali, B.A., who was nominally the McLeod-Punjab Arabic Reader, received the pay of this Translatorship.

6. The money was invested by the Trustee on the 4th July 1870, when the Trustee purchased Government four per cent. paper to the nominal value of Rs. 75,000 at a cost of Rs. 73,395-9-0. The portion of the Government four per cent paper thus purchased belonging to this Trust consequently amounted to the nominal value of Rs. 20,400, the cost of which at the above stated rate was Rs. 19,963-9-6, a small balance uninvested of Rs. 36-6-6 remaining from the original donation in the Funded Account.

* This was not done. Salary fixed at Rs. 66.

† This was Rs. 66. See concluding and also top of next para.

7. The income arising from this investment has been credited from the commencement, year after year, to the Current Account, and therefore the Trust is obviously entitled to an augmentation in respect (1) to the interest from this investment from 5th July 1870 to 30th April 1873, the date preceding that on which the Trust commenced to be discharged (2) to the difference between the amount of the annual income derived from the investment and the amount of salary paid to the various incumbents of the Readership; (3) to the income from the investment during periods that the Readership was vacant; and (4) to the sum of Rs. 230 paid by the Mahárája as interest from the date of his promise to the date of payment, which was credited to the Current Account.

The annual income derived from the investment has been Rs. 816, while the monthly salary paid to the holder of the Translatorship has never exceeded Rs. 66 per mensem, or Rs. 792 per annum, and was occasionally less.

Thus, the Trust is entitled to an augmentation aggregating Rs. 2,986-0-8, of which Rs. 36-6-6 will be at the expense of the General Endowment Fund, and Rs. 2,949-10-2 at the expense of the Current Account.

No. 2.—The Alexandra Readership.

This Readership was endowed from the balance of a Fund raised by public subscription in the Punjab for the purpose of presenting H. R. H. the Prince of Wales with a gift on the occasion of his marriage on 10th March 1863. This Fund was called the Prince of Wales's Marriage Gift Fund, and was for many years in the charge of a committee of subscribers. On the 1st August 1870, the unexpended balance of the Fund, amounting to Rs. 10,334-2-11, was made over to the Trustee of the Punjab University College on behalf of the Committee of the Fund, by Lieutenant-Colonel J. W. Younghusband, C.S.I., the Secretary of the Committee.

2. A previous correspondence had passed between Colonel Younghusband and the Registrar, true or certified copies of which are recorded below:—

(No. 1.) No. 1109, dated Lahore, 18th April 1870.

From—Lieut.-Col. J. W. YOUNGHUSBAND, C.S.I., Secretary to Prince of Wales's Marriage Gift Fund.

To—Dr. G. W. LEITNER, M. A., Ph. D., Registrar, Punjab University College, Lahore.

I AM desired by the Committee of Marriage Gift Fund to Their Royal Highnesses the Prince and Princess of Wales to forward, for the consideration of the Senate of the Lahore University College, copy of a Resolution of the Committee regarding the disposal of the unexpended money belonging to the above Fund.

2. I request the favor of your informing me of the decision the Senate may arrive at on the above Resolution.

Extract from Resolution of the Committee of Their Royal Highnesses the Prince and Princess of Wales's Marriage Gift Fund, dated Lahore, 6th April 1870.

The members of the Committee present at the meeting were unanimous of opinion that the balance of the Prince and Princess of Wales's Marriage Gift Fund, amounting to Rs. 10,340, should be devoted towards the foundation of a Fellowship (to be called the Alexandra Fellowship) in connection with the Lahore University College, on condition that the College furnish such additional funds as will raise the amount to an income of at least Rs. 75 per mensem, the object of the Fellowship being the promotion of vernacular literature and science.

(No 2) No. 17, dated Lahore, 24th May 1870.

From—The Registrar, Punjab University College, Lahore,

To—Lt.-Col J. W. YOUNGHUSBAND, C.S.I., Secretary to Prince of Wales's Marriage Gift Fund.

I HAVE the honor to acknowledge receipt of your letter No. 1109, dated 18th April 1870, offering Rs. 10,340, the balance of the Prince and Princess of Wales's Marriage Gift Fund, to the Punjab University College, on condition that the College found a Fellowship, to be called the "Alexandra Fellowship," of the value of at lease Rs. 75 per mensem—the object of the Fellowship being the promotion of vernacular literature and science. This letter was put by me before the Senate at their meeting of the 16th May 1870. The amount has been thankfully accepted by them, and I am directed to forward to you a copy of the Resolution passed by them on the subject, rendering the College liable to the Committee of the Prince of Wales's Marriage Gift Fund for the perpetual payment of Rs. 75 on account of the Alexandra Fellowship.

3. This endowment was accepted by the Senate at the meeting held on the 16th May 1870 in a Resolution of which the following is a literal transcript:—

3. A letter from the Secretary to Prince of Wales's Marriage Gift Fund was read out, in which Rs. 10,340 were offered to the Punjab University College, on condition that the College found a Fellowship, to be called the "Alexandra Fellowship," of the value of at least Rs. 75 per mensem, the object of the Fellowship being the promotion of vernacular literature and science.

RESOLVED—That the amount be thankfully accepted, and that it be invested with the General Trust Fund of the Punjab University College, in which case it would be possible, by receiving the Government equivalent on the interest thereof, to found a Fellowship of the value stated, and that the College render itself liable to the Committee of the Prince of Wales's Marriage Gift Fund for the perpetual payment of the Alexandra Fellowship. It was also resolved that this be communicated to the Secretary of the Prince of Wales's Marriage Gift Fund.

4. The duties of the Reader were not specifically prescribed and determined by the Senate of the Punjab University College; but in a rough sketch of objects and reasons of proposed Budget for 1871, prepared by the Executive Committee, and laid before the Senate at the Meeting held on the 26th December 1870, his duties were defined to be the translation of elementary scientific books into the vernacular, and the compilation of useful elementary treatises in the vernacular, subject to the direction of the Senate.

The Executive Committee of the Punjab University College, in this report, suggested that this Fellowship would be tenable for three years; that its duty be the translation of elementary scientific books into the vernacular, and of compilation of useful elementary treatises in the vernacular, subject to the directions of the Senate; and that it be competed for among graduates of and above the degree of B. A. It is difficult to ascertain from the recorded proçeedings of this Meeting whether this proposal was passed or not.

5. According to the rules relating to Readers and Translators made by the Senate at Meeting held on the 23rd February 1884, and sanctioned by the Local Government in letter No. 182, dated 15th May 1884, his duties are to translate works of Science into the vernacular language under the supervision of the Syndicate, and to lecture in the General Knowledge Department of the Oriental College. The Readership is tenable for two years, the incumbent being eligible for re-election; but the incumbent is subject to the general rule (Rule 4) of the rules relating to Readers and Translators made by the Senate and sanctioned by the Government above referred to, that the outgoing incumbents may be re-appointed, provided that the endowed Readership shall not, except for special reasons, be held by the same person for more than five years in succession.

6. The Readership has been actually held by the following persons:—

	From	To
Kirpa Rám, B. A.	... 17th February 1874	30th June 1874.
Dina Náth	... 1st July 1874	16th February 1875.
Mul Ráj, M. A.	... 1st March 1875	14th March 1877.
Pandit Kirpa Rám	... 16th March 1877	16th October 1877.
Bábu Panchanan Mukerji Sheikh Umar Bakhsh, B. A.	1st April 1881	31st December 1881.
Bhái Gurmukh Singh	... 1st January 1882	31st December 1885.

7. No separate investment of this Trust was ever made, but it has been supposed, ever since the investment of this money, that the invested capital augmented by the addition of Rs. 1,383-5-0 appropriated to this Trust from the Fuller Trust (No. 10 of this Report) stood at such a sum as would produce with the Government equivalent, an annual income up to 30th November 1883 of Rs. 900, and thereafter of Rs. 960. This is clearly a mistake.

It was the practice of the Trustee to invest periodically, without discrimination, the sums standing at credit of the Funded Account. This donation of Rs. 10,334-2-11 was actually received by the Trustee on the 1st August 1870, and it was at once credited to the Funded Account. The whole balance of the Funded Account, including this sum, as it existed on the 13th September 1870, was invested on that day when Government stock to the nominal value of Rs. 20,000 was purchased at a cost of Rs. 19,474-2-4. The proportionate share of Government paper thus purchased belonging to the Alexandra Trust was consequently Rs. 10,600, which cost Rs. 10,321-4-9, and this quantity of Government paper should be considered to have been the invested capital of the Trust on the 13th September 1870.

The augmentation appropriated to this Trust by the Senate upon the suggestion of the donors of the Fuller Exhibition Trust amounted to the annual interest on Rs. 1,383-5-0 (*see* No. 10 of this Report).

The endowment of this Trust from 17th December 1874 consisted, therefore, and still consists, of 4 per cent. Government securities to the nominal value of Rs. 10,600, bearing an annual interest of Rs. 424, and to the annual interest at the rate of 4 per cent on the sum of Rs. 1,383-5-0, or Rs. 55-5-3, the whole producing an annual income of Rs. 479-5-3

The income derived from the investment of Rs. 10,600 has been year after year from the commencement credited to the Current Account.

8. I find that the incumbent of this Readership has been supposed to draw pay at the rate of Rs. 75 per mensem, from 17th February 1874 to 30th November 1883, after which the pay was raised to a salary of Rs. 80 per mensem. The University Accounts show that a salary of Rs. 75 per mensem, was paid to the Alexandra Reader from 17th February 1874 to 30th November 1883, but, as a matter of fact, the payment to the Reader ceased on the 16th October 1877, and then recommenced, as shown in paragraph 6 of this note, on the 1st April 1881. During this interval, the sum of Rs. 75 per mensem, drawn upon bills

signed by the Registrar, as the salary of the Alexandra Reader, and charged every month against the head of account "Alexandra Reader," was utilized partly in stipends or scholarships, to the students of the Oriental College, and partly in augmenting the salaries of certain teachers attached to that institution. From 1st April to 31st December 1881, the Readership was held conjointly by Babu Panchanan Mukerji and Sheikh Umar Bakhsh, B.A., the former receiving Rs. 50, the latter Rs. 25 per mensem.

The difference between the income derived from the endowment and the salary paid to the Reader has been a charge theoretically against the Government grant, which was formerly paid in the form of an equivalent to each specific item of receipt, but actually upon the General Current Account of the University, to which the Government grant is credited; and as the University, notwithstanding the misapplication of the income from 17th October 1877 to 31st March 1881, has obviously therefore exceeded the obligation thrown upon it by this Trust, there is no reason to augment the capital of the Trust by adding to it the interest upon the capital for the periods during which the Readership was vacant, and during which the income was misapplied.

9. It is now necessary that some definite resolution should be framed for the future discharge of this Trust, and presuming that there will be no desire to reduce the salary of the Reader to the amount which the University are bound by the original agreement to provide *viz.*, Rs. 75 per mensem, or Rs. 900 per annum, I submit two alternative proposals for the consideration of the Senate, either (1) that such a portion of the Government securities, standing at credit of the General Endowment Fund, as will suffice with the existing endowment to produce an annual income of Rs. 960, should be added to the existing endowment of the Trust; or (2) that an annual grant-in-aid equivalent to the difference between the salary fixed for the Reader, *viz.*, Rs. 960 per annum, and the income produced from the existing endowment, should be at the commencement of every year credited to the Trust, from the Current Account of the University.

If either alternative is sanctioned, it would be desirable to fix once for all the capital of the Trust.

It is also desirable that the interest upon the sum of Rs. 1,383-5-0 should be now capitalized at the expense of the Fuller Exhibition Trust and added to the existing Alexandra Trust investment.

If the former alternative is accepted, the invested capital of the Trust would stand at Rs. 24,000 of which Rs. 10,600 would be provided by the present Alexendra Trust, Rs. 1,400 by the Fuller Exhibition Trust, and Rs. 12,000 from the General Endowment Fund. If the latter alternative is accepted, the invested capital of the Trust would stand at Rs. 12,000, consisting of the existing capital, Rs. 10,600 and the Fuller Exhibition Trust contribution of Rs. 1,400. In this case the annual grant-in-aid from the Current Account would amount to Rs. 480.

No. 3—McLeod-Kashmir Sanskrit Readership.

On the 2nd March 1871, a sum of Rs. 30,978 was handed by the Government to the Trustee of the Punjab University College, which represented the realization at Lahore of certain hundís on Amritsar, remitting a donation of Rs. 50,000 Chilki or Srinagar coin, presented by H. H. the Maháraja of Jummoo and Kashmir for the purpose of founding an endowment which should connect the name of Sir Donald Friell McLeod, C.B., K.C.S.I., in the future with the Punjab. Sir D. F. McLeod expressed a wish on his own behalf and on behalf of the Maháraja that the endowment should take the form of a Fellowship in the Punjab University College connected with Sanskrit and the Vernaculars derived from it, and that the arrangement of details should be left to the Senate under the direction of the Punjab Government.

No. 89

COPY of above forwarded to Registrar, Punjab University College, with reference to this office Nos. 399, dated 23rd July, and 553, dated 27th September 1870.

3. A letter from the Secretary to Government, Punjab, No. 399, dated 23rd July 1870, to the Registrar of the Punjab University College, forwarded the copy of a letter, dated 11th July 1870, from Sir D. F. McLeod, suggesting the conditions on which the Trust should be discharged, and requested the Executive Committee to favor the Government with their opinion regarding the best mode of carrying out in detail the wishes of Sir D. F. McLeod as expressed in the letter forwarded.

Certified copies of these documents, together with translations of a letter from His Highness the Maháràja of Jummoo and Kashmir, to Sir Donald F. McLeod, without date, and of Sir D. F. McLeod's reply, dated 28th June 1870, are also appended.

(No. 2.) No. 399, dated Murree, 23rd July 1870.

From—L. H. GRIFFIN, Esquire, Under-Secretary to Government, Punjab,

To—G. W. LEITNER, Esquire, Ph.D., M.A., Registrar, Punjab University College.

I AM desired by the Hon'ble the Lieutenant-Governor to forward copy of a letter, dated the 11th July, from Sir D. F. McLeod, C.B., K.C.S.I., intimating that His Highness the Maháràja of Kashmir had placed at his disposal a sum of Rs. 31,000 for the purpose of founding an endowment that shall connect Sir Donald's name in the future with this Province. I am to request that the Executive Committee of the Punjab University College will be good enough to favor His Honor with their opinion regarding the best mode of carrying out in detail the wishes of Sir Donald McLeod as expressed in the accompanying letter.

(ENCLOSURE.) Dated Lahore, 11th July 1870.

From—Sir D. F. MCLEOD, C.B., K.C.S.I.

To—The Secretary to Government, Punjab.

I HAVE the honor to state that His Highness Maháràja Sir Ranbir Singh, Maháràja of Jammu and Kashmír has been pleased to intimate that on the occasion of my vacating the post of Lieutenant-Governor of the Punjab, he is desirous of founding an endowment of such a character, and bearing such designation, as shall connect my name in the future with this Province, and for this purpose has forwarded to me native bills on Amritsar, payable by the end of this month, for Rs 31,000 of the Government coinage as the equivalent of half a lakh of Kashmír or Chilki rupees.

Although embarrassed by the munificence of this gift, I have felt that I could not, under the circumstances, appropriately decline it. I have accordingly arranged to have the amount, when realized, deposited in the Lieutenant-Governor's treasure-chest at Lahore; and, being about to leave the country, solicit the aid of the Punjab Government to have it invested in a suitable manner in accordance with the wishes of the Maháràja. I submit herewith a translation of His Highness's letter to myself, and copy of my reply, and venture to ask that the Supreme Government may be solicited, in recognition of the great generosity evinced by the Maháràja on this as on former occasions, to allow the amount to be invested at par in Government Promissory Notes yielding 5 per cent. per annum.

As His Highnes has at all times evinced a lively interest in the cause of education and learning, as he has from time to time invited many learned men from Benares and elsewhere to be members of his Court, and as he has contributed munificently towards the endowment of the Punjab University College at Lahore, I believe that his gift could not be applied to securing any object which would be more acceptable to him than the endowment of a Fellowship in that institution, connected with Sanskrit and the Vernaculars derived from it, and this accordingly is the form which I would desire the endowment, if possible, to assume.

I wish to leave the arrangement of details to the Senate, under the direction of the Punjab Government, but it may not be out of place if I here state the terms which suggest themselves to me as appropriate for the incumbency of the proposed Fellowship, *viz.*, that it be tenable for ten years by a scholar of acknowledged merit, who, in addition to a well-grounded knowledge of Sanskrit and its literature, has acquired some familiarity with English and the literature or science of the West, and at the same time possesses qualifications for the authorship of works on such subjects in the Vernacular; that its amount be fixed so as to admit of periodical increase at suitable intervals; and that its incumbent be required to devote his time and talents, while holding it, to improving and adding to the Vernacular literature of the country, it being open to the Senate at the same time to confer honoraria upon him, independently of his stipend, for any works of special merit he may produce, and to provide or procure for him, if necessary, other suitable occupation, or some other Fellowship at the close of the ten years.

If the fund were invested at 5 per cent., it would yield Rs. 1,550 per annum, or Rs. 15,500 in ten years, exclusive of any interest accruing on saving; and this might perhaps be appropriately distributed as follows :—

	Rs.
Rs. 100 per mensem for 3 years	=3,600
,, 125 ,, ,, ,, 3 ,,	=4,500
,, 150 ,, ,, ,, 4 ,,	=7,200
Total 10 years	=15,300

leaving a small surplus which, with accruing interest and savings, might be devoted to the grant of medals for superior attainments in Sanskrit. Having thus offered the suggestions which have occurred to me, I would by no means bind the Government or the Senate as heretofore stated to their entire adoption. But in any case I think it indispensable that the designation attached to the Fellowship or medal, or whatever may be determined on, be such as shall connect with it the Maháràja of Kashmír as the founder.

In conclusion, I would name as a most suitable person to be the first incumbent of the Fellowship—if it can be made worth his while to accept the post—Pandit Bapu Deva, at present Professor of Natural Philosophy in the Sanskrit College, Benares. I have known him since his youth, when he was first being imbued with a love of, and admiration for, European science by the late Mr. Lancelot Wilkinson, Political Agent in Bhopal. He was even then an accomplished Sanskrit scholar, having studied that language in the Mahratta schools of Puna and Bombay and he has since then acquired a knowledge of the higher branches of European Mathematical science. He has attained to a European reputation by means of his translations of the Swaya Siddhánta and Siddhánta Shiromani with commentary. He was presented last year by Sir W. Muir with a reward of Rs. 2,000 for an admirable treatise on Algebra written by him, and he has been for some years past engaged in writing a comprehensive work on Astronomy, which I believe he has been prevented from completing only by occasional ill-health, and having constantly to attend to his professorial duties. I know of no one so likely to do honor to the post of Fellow, and to do justice to the task its tenure would impose upon him.

(ENCLOSURE.) From—His Highness the Maháràja of Kashmír,

To—Sir DONALD McLEOD, C.B., K.C.S.I., Lieutenant-Governor of the Punjab.

After compliments—States that he has no tongue to express his thanks for the obligation he has been under to His Honor since his accession to the office of Lieutenant-Governor of the Punjab, and he is not able to describe suitably the advantages which have accrued to the people of the Punjab generally from His Honor's Government. Now that His Honor is about to proceed to Europe, His Highness begs to express his thankfulness, and it is His Highness's prayer that His Honor may enjoy good health, and his hope that His Honor will not forget his old friends.

It is His Highness's desire that the memory of the benefits conferred by His Honor on the people of these Provinces may be perpetuated, and for this purpose His Highness forwards Rs. 50,000, Srinagar coin, through Díwán Nihál Chand.

The Maháràja trusts that His Honor will favor him occasionally with kind letters informing him of his good health.

(ENCLOSURE.) Translation of a letter, dated 28th June 1870.

From—Sir DONALD McLEOD, C.B., K.C.S.I.,

To—His Highness the Maháràja of Jammu and Kashmír.

I HAVE received your letter delivered by the hands of Díwán Nihál Chand, together with hundís on Amritsar for Rs 50,000 Srinagari, also your previous letter expressing regret at my approaching departure from the Punjab. The Díwán intimated that it was the wish of Your Highness that this money should be employed in such a way as permanently to connect my name with this Province. I cannot express the pleasure which the receipt of these two letters has afforded me.

I am extremely thankful to Your Highness for the munificence you have thus shown on my behalf; and I cannot better manifest my appreciation of Your Highness's rare liberality than by devoting this money to the cause of education in this Province in which you take so lively an interest.

From the first you have contributed to the advancement of the University College; and as I consider it essential that those who wish to make learning a profession should have sufficient emolument to enable them to devote their whole attention to literature and science. I purpose to apply to the Punjab Government to invest the money you have so generously given in the endowment of a Fellowship, to be called the "Kashmír-McLeod Fellowship," or by some similar designation in connection with the University College, in order that the names of both donor and donee may be jointly associated with the institution in the establishment of which both took part.

Be assured that I part with much regret from this country in which so large a portion of my life has been passed, and from such friends as Your Highness whose friendship has afforded me so much pleasure. You have from time to time done me many acts of kindness, but the present one surpasses all, and I shall ever bear it in lively remembrance. I leave with the conviction, which affords me much pleasure, that you entertain for me a personal regard. Be assured that, however far I may be removed, I shall to the end of my days continue to bear in recollection your friendship, and trust to hear from time to time of the advancing prosperity of yourself and country.

4. This request of the Government for a report from the Executive Committee regarding the best method of carrying out the wishes of Sir D. F. McLeod was apparently never complied with, and there seems no trace of any resolution of the Executive Committee or Senate on the subject, except that recorded in the proceedings of the Meeting of Senate held on the 30th November 1872, which I extract below :—

Extract from the Proceedings of Senate Meeting No. 5, held on the 30th November 1872.

It was resolved that Pandit Shiv Náth Bhattachariya, M.A., and Shastri, be elected and attached to the Oriental College; also that the Punjab-McLeod Arabic Fellowship be attached to the Oriental College.

It was resolved that the McLeod-Kashmír and McLeod-Punjab Fellows assist in teaching at the Oriental College, as well as in editing the Arabic and Sanskrit critical journals, in addition to such duties of compilation, edition, and translation as may be entrusted to them by the Executive Committee under the orders of the Senate.

5. The only other reference on record to the matter is in the report of the Executive Committee upon the Budget for 1871, which was laid before the Senate at the Meeting held on the 26th December 1870, on which occasion the Committee stated—

"*McLeod-Kashmír Fellowship of Rs. 103 per mensem.*—The Committee consider that they ought scrupulously to respect the wishes of Sir D. F. McLeod with regard to the manner of selecting a candidate, but they fear that the inducement offered will hardly suffice to attract a scholar of the standing and reputation desired by him. Pandit Bapu Deva, Shastri, will not leave Benares even for Rs. 250 per mensem. The Fellowship should be advertised at once for competition."

6. It will be seen that neither the donor nor the person in whose honor the donation was given made any express stipulations regarding the disposal of this Trust beyond the general condition that the Trust should be devoted to the endowment of a Fellowship in the Punjab University College at Lahore connected with the Sanskrit and the Vernaculars derived from it, the arrangement of details being expressly left to the Senate under the directions of the Punjab Government.

There is nothing in the original design of the founders, as expressed in the communications on record, to restrict the incumbency of this Readership to tutorial or professorial work in the Oriental College, and the restriction of the Reader to such work has never been formally authorized by the Senate. And, the rules relating to Readers and Translators, framed by the Senate at the Meeting held on the 23rd February 1884, and sanctioned by the Government in letter No. 182, dated 15th May 1884, expressly forbid this restriction. These rules prescribe that—

"The McLeod-Kashmír Sanskrit Reader shall be required to superintend the editing and compilation of Sanskrit books, published under the direction of the Senate, to translate English or Sanskrit books into Hindi under the supervision of the Syndicate, and to lecture in the Sanskrit Department of the Oriental College."

7. This Readership has been held by the following persons for the periods stated opposite each name, and is now, and has been since 1st January 1875, held in conjunction with the office of Head Pandit in the Oriental College :—

	From	*To*
Pandit Kamala Dat ...	18th December 1873 ...	31st December 1874,
Pandit Guru Prasad ...	1st January 1875 ...	31st December 1885.

It should be noted that Pandit Shiv Náth Bhattachariya, M.A., was elected to the Readership on the 30th November 1872, but he does not appear to have taken charge of the duties or to have received any salary.

8. The endowment consists of capital invested in 5 per cent. Government paper to the nominal value of Rs. 31,600. The donation of Rs. 30,978, from which this investment was purchased, was received by the Trustee on the 2nd March 1871. A portion of this donation was invested by the Trustee on the 29th March 1871—by the purchase for Rs. 30,340-3-7 of Government 4 cent. paper to the nominal value of Rs. 31,000—and on the 30th May 1871 a further investment in the same securities was made to the nominal value of Rs. 600 at a cost of Rs. 596-15-2. The investment therefore amounted to Rs. 31,600, purchased at a cost of Rs. 30,937-2-9.

The income derived from this endowment has been from the commencement credited to the Current Account, and therefore as no appointment of Reader was made until 18th December 1873, the interest arising from the investment from the dates of investment to 17th December 1873, which was credited to and expended in the Current Account, is now due to the Trust as well as the difference between the annual amount realized from the investment and the annual amount of salary paid to the Readers during the period during which the Readers have received pay.

No. 4—McLeod-Kapurthala Natural Science Readership.

The origin of this Trust was the donation of a sum of Rs. 25,000, presented by H. H. Kharrak Singh, Rája of Kapurthala, as a memorial gift to be applied to some benevolent object in honor of Sir Donald F. McLeod, K.C.S.I., C.B., who subsequently, on the 7th September 1870, with the approval of the Rája, expressed a wish that the donation should be devoted to the formation of a McLeod-Kapurthala Fund, which should be placed at the disposal of the

Senate of the Punjab University College for expenditure in rewards to the authors of valuable works on Natural Science, whether original works, compilations, or translations, in the vernacular languages of India, the needful details of this proposal being left to the determination of the Punjab Government in communication with the Senate.

2. A further sum of Rs. 25,000, presented to Sir Donald McLeod by His Highness Rája Kharrak Singh of Kapurthala as a memorial gift, will be remitted to you by the Deputy Commissioner of Jullundur, and I have to request that this amount may also be invested in Government securities as an endowment to the University College.

No. 89.

COPY of the foregoing forwarded to Dr. G. W. Leitner, Registrar, Punjab University College, with reference to this office No. 399, dated 23rd July, and No. 553, dated 27th September 1870.

(No. 2) No. 553, dated Lahore, 27th September 1870.

From—LEPEL H. GRIFFIN, Esquire, Under-Secretary to Government, Punjab,

To—Dr. G. W. LEITNER, Registrar, Punjab University College.

I AM directed by the Hon'ble the Lieutenant-Governor to forward to you correspondence relating to a grant of Rs. 25,000 presented to Sir Donald F. McLeod, K.C.S.I., C.B., by His Highness the Rája of Kapurthala, to found in the Punjab some memorial with which the name of Sir Donald McLeod might be connected permanently.

2. The wish of Sir Donald McLeod was to found an annual prize for Natural Science in connection with the Punjab University College; but the details of this scheme he left to be determined by the Punjab Government and the Senate of the University College.

3. The Hon'ble the Lieutenant-Governor, taking advantage of the presence of a large number of the Senate at Murree, requested them to form a Committee, with the Ven'ble Archdeacon Pratt, to consider the details of the scheme; and I have now the honor to forward a memorandum drawn up by myself and embodying generally the views expressed by the Committee, and the conclusions at which they arrived.

4. This memorandum, together with the original correspondence, I am to request you to lay before the Senate at Lahore, for the expression of their opinion on the points raised in the memorandum, or for any other suggestions which the Senate may be able to give.

(ENCLOSURE.) Dated Jubbulpore, 7th September 1870.

From—Sir DONALD F. MCLEOD, late Lieutenant-Governor of the Punjab,

To—The Secretary to Government, Punjab.

I HAVE the honor to submit herewith, for the consideration of the Punjab Government, copy of two letters, dated respectively the 7th July and 20th August, from His Highness Rája Kharrak Singh of Kapurthala, to my address, presenting as a memorial gift to be applied to some benevolent object, the sum of Rs. 25,000, which I have requested him to have paid into the Jullundur Treasury, as being the arrangement most convenient for him. From thence there will probably be no difficulty in having the amount transferred in account to the treasury at Lahore, where it is wished that the income derived from it shall, in future, be expended; and I venture to hope that in recognition of the great liberality and benevolent spirit evinced on this as on other occasions by the Rája and his lamented father, and with a view to promote the object to the attainment of which his gift is to be applied, the Government of India will allow the amount to be invested in its 5 per cent. loan at par. I have reason to believe that the gift was determined on by the late Rája, and that Rája Kharrak Singh in now presenting it is fulfilling the desire of his father.

I append also a memorandum drawn up by me, and forwarded for the Rája's approval, indicating generally the mode in which I proposed, in accordance with a suggestion of Sir Henry Durand, that the proceeds of the fund shall be expended, in returning which, after perusal, the Rája remarks as follows :—" The proposal suggested by Sir Henry Durand, and approved of by yourself, of applying the sum in rewarding works on the Natural Sciences in Vernacular in connection with the Punjab University, is in my humble opinion most useful for our countrymen." I propose, therefore, definitively to adopt the proposed arrangement so far as I am concerned, and have now to request of the Punjab Government the favor of seeing it carried into effect.

I am desirous, as indicated in the accompanying memorandum, that the fund be constituted an endowment in connection with the Punjab University College for the purpose of securing the object stated in that memorandum. But as that object is one of a special character, having reference to the present State requirements of India, the time may come when it will lose, at all events to some extent, its present importance, and I am accordingly anxious that when that time shall come it be left open to the Senate, acting in communication with the Government of the Punjab, and with the consent of the reigning Chief of Kapurthala, to divert the proceeds of the fund to such other object as shall then be deemed of most importance in the cause of education, and best calculated to advance the dignity and usefulness of the University. So long, however, as those proceeds continue to be devoted to the object now contemplated, its special character renders it desirable in my opinion that the Senate appoint a Sub-Committee of scientific men, or create a special Faculty of Natural Science, to whom their management shall be interested, on which body I consider that the Rája of Kapurthala for the time being should be a member.

In my memorandum I have specified the sciences which appear to me to be most worthy of consideration in connection with this fund as those for works upon which prizes should be awarded; but it is by no means intended that the list which I have given shall be regarded as exhaustive. For all of them a knowledge of Mathematics is more or less indispensable, though, as Mathematics do not possess that particular speciality which constitutes the basis of the present scheme, I have not included them. It may be feared, however, that some time will elapse before works on the Natural Sciences of sufficient excellence to merit reward will be offered, and in that case, seeing how great a dearth of Vernacular works on Mathematics at present exist, I am quite willing that rewards for meritorious mathematical works be given at the discretion of the Senate and Punjab Government, until works on the Natural Sciences shall be forthcoming. It may too, I think, be safely left to the discretion of the Senate to determine whether the income of one year shall be given in a single prize or divided into more than one, or whether the income of two or more years shall be husbanded to form a prize of greater value.

I have now touched upon all the points which appear to me to be most essential without attempting to draw up an explicit code of rules. I trust that my wishes and opinions generally may be gathered with sufficient clearness from what has been said, and for the rest it appears to me in every way most convenient and appropriate to leave it to the Punjab Government, in communication with the Senate, to determine all needful details.

(ENCLOSURE.) Dated Kapurthala, 7th July 1870.

From—His Highness Raja KHARRAK SINGH of Kapurthala,

To—Sir DONALD MCLEOD, K.C.S.I., C.B.

MY DEAR FRIEND,—I have the honor to depute Diwán Mathra Dás to wait on Your Honor to pay my respects, and bring it to Your Honor's kind notice that I have subscribed a sum of Rs. 25,000 for the memorial in memory of the peaceful and just government Your Honor has exercised over us all for such a long period, and I hope Your Honor will be pleased and kind enough to accept it.

We cannot find sufficient words to express our thanks and gratitude for the kindness Your Honor has treated us with throughout the whole time of Your Honor's ruling over the country, and at the same time Your Honor's separation from us has caused us the greatest sorrow, which we feel but cannot express. I shall have the honor to forward a public letter to you on my being informed of Your Honor's kindly accepting the amount, and I shall be most happy to know the manner in which Your Honor is desirous to spend the money in perpetuating Your Honor's respected name in the country, which has been raised to its prosperity, fertility and civilization under Your Honor's wise and good government.

Trusting Your Honor is enjoying good health, with respects, believe me, Your Honor's very sincere friend.

(ENCLOSURE.) Dated Ka urthala, 20th August 1870.

From—His Highness Rája KHARRAK SINGH of Kapurthala,

To—Sir DONALD MCLEOD, K.C.S.I., C.B.

MY DEAR SIR DONALD,—On my last farewell visit which you kindly gave me an opportunity of making with you here, I had the honor of presenting you a Vernacular address acknowledging the blessings we enjoyed during your honorable career as Lieutenant-Governor. Therewith I offered Your Honor Rs. 25,000 to perpetuate your memory in connection with some benevolent object, as a monument of the sincere friendship which has existed between yourself and my late much esteemed father, and of the warm interest which you have ever felt in the destinies of this principality.

Your Honor, with your usual kind regards, accorded your acceptance to my offer, and I have now to ask your instructions as to whom I should pay the aforesaid amount deposited here.

The utilization of the sum on any benevolent object stands entirely at Your Honor's disposal.

Wishing you a safe and prosperous voyage, with my best respects, I remain Your Honor's very sincere friend.

(ENCLOSURE.)

Memo. regarding the utilization of the gift of Rs. 25,000, *presented by* H. H. Rája KHARRAK SINGH, Ahluwália.

On the occasion of my visiting His Highness at Kapurthala, I intimated to him that I felt much inclined to devote his munificent gift, with approval, to the formation of a "McLeod-Kapurthala Fund," to be placed at the Punjab University College Senate for expenditure in rewards to the authors of valuable works in the Vernacular languages of India, whether original works, compilations, or translations; but that I had addressed Sir Henry Durand on the subject, and on the receipt of his reply, would definitively communicate my opinion as to the arrangements which it would be advisable to adopt.

Sir Henry Durand in his reply, now received, makes a very similar proposal, partly on the suggestion of Mr. Thornton, but suggests that the rewards be confined to works on Natural Sciences, such as those enumerated in the margin, and this proposal appears to me to be an eminently appropriate and valuable one. The vast progress made by the nations of Europe and America in all that relates to industrial economy, communications, and whatever is promotive of the physical interests of mankind,—the consolidation of power and the accumulation of wealth,—is dependent in fact on the cultivation of these sciences; while it is certain that little or no progress has been made in this direction by the people of India, and no means at present exist by which they can acquire a knowledge of them in their own languages. If this last great want can be supplied, a great benefit will have been conferred on India, and I know of no method so likely to secure this as the offer of rewards in the manner indicated.

Physical Astronomy.
Physical Geography.
Chemistry and its application to the Arts.
Botany in connection with Gardening and Husbandry.
Zoology and Palæontology.
Geology and Mineralogy.
Optics and the Theory of Sight.
Accoustics and the Theory of Sound.
Hydrostatics and Hydraulics, Electricity, Galvanism, &c.

If, then, His Highness the Rája concurs in this view, I purpose drawing up a paper on the subject, entering into such details as seem called for, and requesting the Punjab Government to have the arrangement carried into effect in the way it may seem most suitable. The portion of Sir Henry Durand's letter which refers to this matter is annexed.

(ENCLOSURE.)

Extract of letter, dated 8th August 1870, *from* Sir HENRY DURAND, *Lieutenant-Governor of the Punjab, to the late Lieutenant-Governor of the Punjab.*

He (Mr. Thornton) made a proposal, which I think good, *viz.*, that the "McLeod-Kapurthala Fund" should be devoted to one annual prize for some Vernacular paper, original or to be translated, on or connected with the third point, *viz.*, real progress in the Physical Sciences, and that you should sketch out a scheme and rules for this, which the Punjab Government or Trustees, official or non-official, should see carried out. The interest on Rs. 25,000 being a handsome sum, that would really stimulate exertion and turn the Native mind to Science.

When I think of the advance in the study of light, and the relations of the spectrum analysis, and how admirably in India such studies might be pursued ; when I think of the Botanical treasures and the Physiology of Indian plants ; when I think of our unworked, and as yet unexplored, field of Palæontology in connection with Geology ; and when I think of a hundred other subjects, all of which—such as Astronomy, the Pendulum, Astronomy in connection with the thickness of the earth's crust, and Phenomena, celestial and terrestrial—point at periodic changes, and greatly interest the Hindus, I feel that in starting such a prize your name would be associated with what no one has as yet done.

3. It appears that in September 1870 the members of the Senate of the Punjab University College who were residing at Murree, with the addition of the then Archdeacon of Calcutta (the Ven. J. H. Pratt, M. A.), were formed by orders of the Government into a Committee to consider the details of the scheme, and after much deliberation these details were settled at a meeting of this Committee held at Murree on the 14th September 1870.

I can find no trace of any final action being taken, either by the Government or the Senate, upon this detailed scheme ; nor can I find any evidence of this scheme having been laid before the Senate, although in letter No. 553, dated 27th September 1870, from the Secretary to Government, printed above, the Registrar was requested to bring before the Senate the memorandum explaining the scheme and the papers annexed thereto.

4. The Executive Committee, in the Budget Report for the year 1871, laid before the Senate at the meeting held on 26th December 1870, made the following remarks concerning this endowment :—

The Committee consider that, whilst concurring generally in the opinions of the members of the Senate who met at Murree, it would be better to fix *one* branch only of Natural Science for any particular year, in order to avoid the difficulty of award between books of equal merit on different subjects, and in order to direct the attention of the writers of the year to one subject only. It is doubtful whether it would not be better to appoint a Lecturer in Natural Science as the Kapurthala Fellow, especially if the Government take the endowment at par at 5 per cent,—a course which it is earnestly hoped will be adopted by Government with regard to the whole of the endowment of the Punjab University College. Indeed, this seems to be the only way, besides the grant of land applied for by the late Lieutenant-Governor, of putting the endowment of the Punjab University College on a permanently satisfactory basis. It will give a rate of interest considered a fair one by the native donors, and will save the premiums and trouble of re-investment in profitable securities at the expiration of the terms of those now held.

And the proceedings of the Senate at the meeting held on the 31st October 1874, of which an extract is subjoined, contain the only other record on the subject :—

Extract from Proceedings of Senate Meeting held on 31*st October* 1874.

8. Proposition VII was considered. It runs as follows :—

VII.—It having been found impossible to secure a person qualified for appointment to the *McLeod-Kapurthala Fellowship* which is at present restricted to the encouragement of Natural Sciences, and there being nothing in the original terms of the endowment to render it compulsory on the Senate to restrict it to this branch of knowledge, the Executive Committee beg to suggest that it be constituted a travelling Fellowship. The incumbent would be required to inspect and report periodically on all schools aided by the Punjab University College under the orders of the Executive Committee, and to compile or translate approved works.

Mr. Melvill thought that this proposition should be negatived, and that the McLeod-Kapurthala Fund should be, as at present, retained for the encouragement of Natural Sciences. It was not necessary to appoint a man to this Fellowship at once ; the Senate could wait until some qualified person presented himself.

Messrs. Gulliver and Rattigan supported the rejection of the proposition.

The Officiating Registrar thought that the endowment should be filled up. The donation on which it was founded was given on the understanding that the University College would expend the proceeds in founding a Fellowship, and it was a trust which should be discharged.

Mr. Probyn thought that until the University College possessed students of its own qualified to take up the Fellowship on its present conditions regarding Natural Sciences, there would be no objections to allowing the money to accumulate.

Mr. Boulnois, Rái Múl Singh, and other members agreed with Mr. Melvill.

The amendment was carried accordingly, and the original proposition submitted by the Executive Committee was lost.

5. It appears that Lála Raghúnath Dás, a Translator in the service of H. H. the Mahárája of Kashmír, sent in a work on electricity, magnetism, and galvanism, entitled "Principles of Electricity and Magnetism," which was approved by the Executive Committee at the meeting held on the 19th June 1873, and was rewarded with two prizes of Rs. 250 each—one paid on 20th December 1873 and the other paid on 3rd November 1874.

6. The Readership was constituted in March 1877, it is not known precisely under what authority, but apparently under the general direction to fill up all existing Fellowships granted at the meeting of the Senate held on the 24th February 1877, No. 9, and Sayad Amír Shah, Licentiate in Medicine, then appointed, has held the office continuously from 15th March 1877 to 31st December 1885.

7. The money was actually received by the Trustee on the 22nd April 1871, and being then credited to the funded account was partly invested on the 30th May 1871, when Government 4 per cent securities to the nominal value of Rs. 24,400 were purchased for this Trust at a cost of Rs. 24,194-10-10. A further investment was made on the 5th September 1871. Government 4 per cent paper to the nominal value of Rs. 800 having been then purchased at a cost of Rs. 795-15-8. The invested capital of the Trust amounting thus to Government paper of the nominal value of Rs. 25,200 was purchased at a cost of Rs. 24,990-10-6.

The income from this investment has been credited to the current account from the dates of investment to the 31st December 1885, but with the exception of the payment of Rs. 500 referred to in para. 5 no charge was incurred in respect of this Trust until the 15th March 1877, the date from which the first Reader was nominated, and from which his salary was paid. The Trust therefore has an equitable claim to a refund of the interest upon the investment from the dates of investment to 15th March 1877, less the amount paid in the years 1873 and 1874, in discharge of the Trust (*see* para. 5 above). This refund would amount to Rs. 5,293-3-7. And, as the Reader has received from the 16th March 1877 an annual salary of Rs. 1,000 only, whilst the income derived from the endowment amounted annually to Rs. 1,008, a refund of Rs. 8 per annum from 15th March 1877 up to 31st December 1885, or Rs. 70-6-4, is also necessary. An aggregate refund of Rs. 5,373-15-5 is requisite, of which Rs. 5,363-9-11 should come from the current account, and Rs. 9-5-6 from the funded account. In making these calculations, I have not thought it necessary to charge any interest on the amounts annually misapplied to the current account. It will be a question for the decision of the Senate whether the refund shall be made to the funded account with or without interest.

No 5.—Mayo-Patiala Engineering Readership.

I can find no original papers regarding this Trust.

At the meeting held on 30th March 1872, the Senate was informed that H. H. the Mahárája of Patiála had offered to the Senate the sum of Rs 15,000 to found a Scholarship or Fellowship, to be styled the "Patiála-Mayo Scholarship or Fellowship," in memory of His Excellency the Right Hon'ble Richard Southwell Bourke, Earl of Mayo, K.P., Viceroy and Governor-General of India, who was assassinated at Port Blair on the 8th February 1872, and to be awarded to students who have a competent knowledge of English and of Arabic or Sanskrit, or can translate from English into Urdu, or *vice versá*. The Senate unanimously resolved by a formal Resolution at that meeting that His Highness's magnificent donation for the purpose above recited should be accepted with the best thanks of the Senate.

At a subsequent meeting held on the 29th March 1873 it was decided that—

"A surveying class be started in connection with the Oriental College, and that the Mayo-Patiála Fellow be required, in addition to his other duties, to teach surveying and drawing in the Oriental College."

And at the meeting of the Senate held on the 24th February 1877 the following was also sanctioned:—

The Executive Committee request sanction to their having restored the Pátiala-Mayo Fellowship to its original function, that of teaching surveying and drawing from its present application to the tuition of History and Geography; they suggest that the present incumbent be placed on the permanent establishment, and that his salary in the meanwhile be paid from savings.

2. The rules relating to Readers and Translators passed by the Senate at the meeting held on the 23rd February 1884, and sanctioned by Government in letter No. 182, dated 15th May 1884, prescribed that this Reader shall be required to lecture in surveying and drawing in the Oriental College, and to translate books on these subjects into the Vernacular under the supervision of the Syndicate.

The present conditions of the Trust were thus laid down by the Senate, and do not coincide with the conditions alleged to have been prescribed by the donor in the original communication to the Senate, so far as those conditions can be interpreted from the recital laid before the Senate at the meeting held on the 30th March 1872.

3. The Readership has been held by the following persons for the periods recorded opposite their names :—

	From	*To*
Mubárik Beg	... 26th August 1874	... 30th November 1874.
Ganga Rám	... 19th April 1877	... 21st April 1884.

Bihári Lál	... 30th January 1885	... 23rd October 1885.
Bhái Guláb Singh	... 24th October 1885	... 31st December 1885.

4. The amount of the donation was received by the Trustee on the 24th July 1872, and was then credited to the Funded Account. It was not, however, invested until the 9th September 1872, when Government 4 per cent. paper to the nominal value of Rs. 14,500 was purchased at a cost of Rs. 14,909-7-4, leaving out of the original donation Rs. 90-8-8 as a cash balance uninvested, which remains in the present balance of the funded account.

The income derived from this investment has invariably year by year from the commencement been credited to the current account, to which account has been charged the sums payable to the Reader in discharge of the Trust.

It has always been supposed that the invested capital of the Trust amounted to Rs. 15,000 Government 4 per cent. paper, producing an annual income of Rs. 600, and consequently a salary of Rs. 50 per mensem has been paid to the incumbents of this Readership, noted in para. 3, with the exception of Pandit Kaka Rám, to whom a salary of Rs. 25 per mensem only was paid.

I append a memorandum of the account of this Trust as it ought to have been kept—

No. 6—McLeod-Punjab Arabic Readership.

A movement among the Chiefs and other native inhabitants of the Punjab, originating during the autumn of 1870 in Lahore, for the establishment of some permanent memorial to Sir Donald Friell McLeod, K.C.S.I., C.B., who had ceased to be Lieutenant-Governor of the Punjab on the 1st June 1870, resulted in the collection of subscriptions, amounting with interest from the Agra Bank, where they were deposited, for the period between the date of collections and the date the collections were paid over to the Trustee, to an aggregate of Rs. 24,920-15-6, which sum was paid over, on the 23rd December 1871, to the Trustee of the Punjab University College.

3. The Committee of subscribers to this movement having consulted Sir D. F. McLeod in regard to the disposal of the money thus collected, Sir Donald wrote, under date 10th November 1871, that he wished the fund subscribed in his honor to be devoted to the Lahore University College, and to be used by the Senate of that Institution in the establishment of a Fellowship tenable for a limited period by a really competent person, who would engage to devote himself to the promotion of a really intelligent study of the Eastern classical tongues and the transfusion into the vernacular languages of the knowledge of the West.

4. A certified copy of Sir Donald F. McLeod's letter referred to is subjoined, together with a copy of the Government letter transmitting this communication to the University.

No. 469, dated Lahore, 21st December 1871.

From—C. M. RIVAZ, Esq., Offg. Under-Secretary to Government, Punjab,

To—Dr. G. W. LEITNER, Registrar, Punjab University College.

I AM directed to forward the accompanying extracts of a letter addressed by Sir Donald McLeod to Colonel Eliott, Commissioner of Lahore, which contain an expression of his wishes regarding the application of the money subscribed to his memorial, and to request that you will communicate Sir Donald McLeod's wishes to the Senate of the Punjab University College.

Extracts from a demi-official letter, dated 10th November 1871.

From—Sir DONALD MCLEOD, K.C.S.I., C.B., late Lieutenant-Governor, Punjab,

To—Colonel W. R. ELIOTT, Offg. Commissioner and Superintendent, Lahore Division.

"The orphanage for native females of which you make mention has an object in view with which I cannot but warmly sympathise. But being of a general character, for which contributions are called for from the public at large, the addition to its funds of a subscription of a special character would hardly secure for the latter that speciality which its subscribers would probably desire, and which appears appropriate to the circumstances of the case.

"Those who, as you mention, have thought that I would wish the fund subscribed in my honor to be devoted to the Lahore University College have rightly interpreted my feelings on the object. My aim and desire is to promote to the utmost of my ability the cultivation of Eastern classical languages in combination with the learning and the ideas of the West, rather than to patronize any particular institution ; but as I believe the above institution to afford the best means available at the present time for the attainment of this object, and as it is one with which I have been earnestly associated from the time that the project of establishing a University was first broached, there is none other which I regard as having the same claim upon me.

"There may be other objects as deserving of favor, but this is one which I fear suffers from a great want of general favor and appreciation ; and it seems therefore all the more appropriate and right that the few who do regard it with deep interest should concentrate, as far as possible, all the means available to them for its promotion.
